BIG LEAGUE PARKS

FOR HIPPODROME

Baseball Magnates Have Idea of Using
Idle Grounds on Great Amusement
Circuits.

Pittsburg, June 2—The National and American League baseball parks are to be turned into money-makers when the national game is not played on them. At a meeting here on Monday of men who are well known in amusement enterprises an organization was formed with a big capitalization, which is the culmination of a protest that was started more than a year ago.

Garry Herrmann, of Cincinnati, Max C. Anderson and Henry M. Seigler of New York, and Harry Davis and John P. Harris of Pittsburg, are the active heads of the enterprise.

Last night hippodromes were opened simultaneously in the National League ball grounds at Cincinnati and in this city. Next Monday the grounds of the American Association at Indianapolis will be opened. The following week the St. Louis league ground will be turned into circus grounds after the games, and at the same time the Boston National League grounds will be turned into a hippodrome.

Davis and Harris, who tried the scheme here a year ago, have interested others in the idea, with the result that all the ball parks have been engaged and will be opened as fast as men can be instructed in the idea of the originator.

That not only the American and National League baseball parks are to be used nightly for hippodrome performances, but practically all the Eastern League grounds as well, is stated.

Oriole Park the home grounds of the Baltimore Eastern League team, it is understood, will be early next month under the management of the International Hippodrome Company, which is said to have secured also all the other Eastern League grounds, the location of which makes them desirable for night performances.

It is understood that Providence and Toronto are about the only Eastern League cities left out of the circuit.

BIG FIGHT DOPE

Who is Jeffries?

A.—Jeffries is the retired champion of the world, and the hope of the Caucasian race. He is also the gigantic boiler-maker and the grizzly bear of the ring.

Q.—Who is Johnson?

A.—The burly negro, the black Colossus and the evasive Ethiopian.

Q.—Upon what do you base these replies?

A.—Upon a diligent study of the sporting records.

Q.—Your information does you credit. And now can you tell me whether all roads lead?

A.—On the opening of the baseball season all roads lead to the grounds; and on July 4 all roads will lead to the fist arena at Frisco, where the question of pugilistic supremacy will be settled.

Q.—Who will win the pugilistic contest between the persons we have discussed above?

A.—Jeffries will batter down the burly negro's defence and will hand him the sleep pill before the sixth round. Johnson will outbox the boiler-maker and will wear him down, until, between the fifteenth and twentieth round he gives the alfalfa king a pass to dreamland.

Q.—What is the effect of a slumber punch?

A.—It brings Halley's comet nearer than a telescope can.

Q.—What is the present condition of Jeffries?

A.—Jeffries will not disclose his present weight. When weighed in public yesterday he tipped the beam at 297 pounds. He weighs about 221 pounds. He is fat, slow and listless. He is drawn, full of nervous energy, and hustles his training along at a pace that makes his handlers fear he will grow stale. He does no boxing but when he does, shows no speed. He boxes every day and is as fast now as when he beat Jim Corbett.

Q.—Very good, indeed. You have studied the subject attentively. And what is the other man's condition?

A.—He is fit to enter the ring now. It will take him two months to get into any kind of shape.

Good. You are awarded 99 per cent.

DIAMOND DUST

Eastern Leaguers who have broken into the big leagues are showing their class again this season.

The hammer-wielders who have been on Jim McGinley's trail will soon have to take to cover. "Mac" has shut out the champion Rochester and the would-be champion Newark. And he is a warm weather pitcher at that.

SANDY FERGUSON TO

MEET LANGFORD

His Win Over Jack Burns on Tuesday
Entitles Him to Match With Tar-Baby.

Well, what do you know about our old friend, Sandy Ferguson?

Sandy actually beat Jack Burns at Los Angeles Tuesday night and beat him without fouling him, too. This Burns is supposed to be some fighter, too, yet Ferguson outclassed him from start to finish, and if Sandy had exerted himself in the eighth round he could have put Burns away. The fans were amazed at the speed of the "Stubborn Child" and every newspaper in Los Angeles handed him the decision without a question of doubt.

Ferguson will now be matched with Langford at one of McCarey's clubs at Los Angeles. Whether it will be for 10 or 25 rounds has not yet been determined, but the match is made and will take place late this month.

Sandy has really been taking care of himself for the last six months. The fans are loath to believe anything good of the "Chelsea Strong Boy," but they will have to admit that when Sandy is right he's a very dangerous customer for any of the heavies. Langford knows that!

JEFF'S PHYSICIAN SAYS HE IS IN GREAT SHAPE

Ben Lomond, Cal., June 2—"Jim Jeffries is now in magnificent condition and if no accident or sudden illness befalls him he will enter the ring July 4th for his championship battle with Jack Johnson in perfect physical trim." This is the gist of a statement issued by Dr. Charles V. Cross, United States examining physician of San Francisco, who yesterday made the most complete and painstaking examination Jeffries has had since he began training for his coming battle. For nearly two hours the physician watched and worked over Jeffries in his rubbing room at the local camp and he gave out this statement:

"In the course of my practice I have examined fifteen or twenty thousand men and I have never seen anything as wonderful as the strength, power and perfect condition of this man. His eye is clear and steady, indicating a cool and well-balanced judgment. His heart's action surprised me, for after his vigorous exercise, and while he was being rubbed and kneaded by four pairs of hands, his heart pulse was only 68. In the average man it would have been 80 or over.

"I was especially careful to search his lungs for any trace of pneumonia, with which he was seriously afflicted some years ago. The lungs showed absolutely no evidence of pneumonia, and his respiratory organs are entirely free and normal. His breathing machinery is excellent too. Six parts of the physical man must be right for him to be strong enough to enter a strenuous athletic contest, his brain, heart, lungs, stomach, kidneys, and liver, every one of these organs in Jeffries is perfectly sound and free from flaw. I found nothing in my searching examination to indicate that the stories of hidden disease in Jeffries are true."

Dr. Cross, who recently attended Johnson, took occasion to compare the former champion with the negro. As to a comparison of the physique of Johnson and Jeffries, he said:

"There is not a large margin of difference, both men are in fine bodily trim. Johnson, like Jeffries, is sound throughout. He has considerably more fat on his body, but when the pair step into the ring I believe that they will be almost an even match, so far as condition goes. I am convinced that Jeffries' great reduction in weight, he must have rid himself of at least fifty pounds, has not impaired his stamina." The physician noted that Jeffries' muscles had been massaged and handled with scientific care, and he said that the fighter's muscles are little short of marvellous. Dr. Cross concluded: "He is practically in fighting condition now, and needs only to watch with extreme care that he does not overreach himself before the day of the battle."

On the steamer Kaiser Wilhelm II., which reached New York Tuesday, was the body of George Stegmaler, once of the Wilkesbarre, Pa., Baseball Club, who died at Carlsbad, were on board.

Mrs. Stegmaler and her two sons were on board.

The report comes from Jersey City that George Stallings, leader of the Highlanders, has again promised the Skeeters a short stop. The Big Chief is a good promiser.

The reported death of Pierpont Morgan and lies about the comet had dead heat in Wall street.

INTERPROVINCIAL RIFLE

MATCH NEXT WEEK

The Inter-maritime match for rifle-men between New Brunswick, Nova Scotia and Prince Edward Island, will be shot at St. John next week. Five of the eight members of the team from the Island are: Major J. M. Jones, Capt. D. A. McKinnon, Sergt. E. McInnis, Sergt. J. A. Moore and Mr. A. W. Seaman.

In the competition at Truro, Saturday, O. G. Heard and W. S. Peel, made possibles at 600 yards. Peel's total for the three ranges was 100 and in the three days' competition 281. W. H. Semple, 283; R. H. Kennedy, 280; P. A. Steck, 279; J. C. Creelman and F. L. Snook, 278.

BOSTON RUNNERS TO

GO TO AMHERST

A Boston paper says: John Cooke and John Robertson, long distance runners of the Brookline gymnasium, have been invited to compete in a ten mile race at Amherst, N. S., the week of July 10, "Old Home Week." Among the starters will be Cameron and Corkery. Cooke and Robertson defeated Cameron on April 9th, in the 10 mile race of the Cathedral A. C., at Boston. They will leave in June for Canada, and are being trained by Dick Adler.

NEW ANTI-BETTING LAW ALREADY CAUSING ABANDONMENT OF FIXTURES

New York, June 2—The American says this morning that immediately after Governor Hughes attaches his signature to the racing bills which passed the last legislature, an announcement will be made by the management of the Coney Island Jockey Club that the spring meeting which is scheduled to begin on June 17, and the fall meeting opening in August 29, are to be abandoned. Although Oral betting would be permissible during that period, the meeting would probably be run at a loss, with no opportunity to recoup in the fall of next year.

The American continues:—"That no announcement of the plans has yet been made is owing to the fact that Governor Hughes has promised not to act on the bill until Mr. Belmont and other members of the Jockey Club have had an opportunity to present their side of the case to him. This hearing has been set for tomorrow but not a single member of the club has the slightest hope that the arguments presented will have any effect on the Governor's action on his own pet legislation.

Of the many rich stake events planned for the two meetings at Sheepshead Bay, but two are so drawn in their terms that the club will have to run them off in order to keep up the contract with the horse men. These are the Lawrence Realization, worth \$16,000, and the Futurity, which is run in the fall and has a value of \$30,000.

It has been suggested to the management of the Coney Island Jockey Club that when these races are run the tract to be opened to the public if for no other reason than to show Governor Hughes how much genuine love for sport there is in the city. It is believed 100,000 people would travel to the track to see the races if no admission were charged. The Governors are said to have the proposition under consideration. Just what action the governors of the other clubs will take is promulgated. After the spring meeting at Sheepshead Bay, the racing programme calls for meetings at Brighton Beach, the Empire City Track at Yonkers and Saratoga. These meetings can be held prior to the date when the new laws become operative. The fall meetings at Sheepshead Bay, Gravesend, Belmont Park, and Aqueduct, however, come after September 1st.

ANOTHER MCFARLAND-WALSH BOUT IN SIGHT

London, June 2—Owing to the dissatisfaction with which the decision of Referee Scott in the fight of McFarland and Welsh at the National Sporting Club, a purse of \$7,500 has been offered for a similar contest within a month. The referee must be either Mr. Angle, John Douglas, Mr. Court, Mr. Bettinson or be nominated by Lord Lonsdale.

Jimmy Britt today said: "The fight was full of action from beginning to end, and both men showed remarkable pluck and ability. That a case of this kind should arise, from true sportsman's point of view, must always be the cause of regret, either to one or other. I suppose the referee bore this in mind in giving the decision."

A boy who had been going to one of the public schools in Buffalo left school to go to work for a small manufacturer. The boy was dull, and his stupidity annoyed the manufacturer greatly. After two weeks of trial the manufacturer discharged the boy at the end of the week on Saturday night. "You're discharged," the manufacturer said. "Go and get your pay, and let that be the last of you. You're discharged."

On Monday morning the manufacturer was much surprised to see the boy in his former place at work. "Here!" he shouted. "What are you doing in this shop? I discharged you Saturday night."

"Yes," said the boy, "and don't you do it again. When I told my mother she licked me."

MY NEMESIS

She is not old, she is not young. The woman with the serpent's tongue.

She's deep of voice and stout of lung. The woman with the serpent's tongue.

Her angry words are sharply flung. She really has a serpent's tongue.

She vows that she will not be stung. And to my baggage she has clung.

Why is her wrath upon me poured? Because I owe her five weeks' board.

When angry, count four; when very angry, swear.
