Give your servants **GOLD DUST** to clean with, treat them rightly and you will have few occasions to insert a "help wanted" ad

They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without **GOLD DUST** is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—**GOLD DUST** is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

Your servant can do more and better work and keep sweet with the aid of **GOLD DUST** in all household cleaning.

A statistician announces that 30 of the 57 new 2:10 trotters of the past season trace directly in the paternal line to George Wilkes 2:22, and 12, to Electioneer. All except three are direct descendants in the sire line of Hambletonian 10. The other three trace to Governor Sprague, 2:20; Mambrino Pilot and Woodford Mambrino, 2:21.

C. A. McCully manager of the Grand Circuit trotting meetings held at Brighton Beach a few years ago is now the editor of Sports of the try.

Times a weekly journal established on the ruins of the old Spirit of the Times. Mr. McCully has lately been associate editor of the Trotter and Pacer, and his "Metropolitan News and Views" will be missed from that paper.

H. C. Reigels, who was born in Denmark, predicts that the latter country will furnish an excellent market for our trotters. Mr. Reigels, states that a great deal of interest in harness racing is being taken in Denmark, and that American trotters are being given preference over Orloffs from Russia, which was the stock originally taken to that country.

STRONGEST TEAM

WON AT TRURO
SAYS TRIBUNE

Acadia's Halves Did Not Work Together Smoothly But Forwards Outthelmed Opponents.

The Sackville Tribune, commenting on the Mt. Allison-Acadia game at Truro Wednesday, says:

Mount Allison footballists won the King-Richardson trophy and the championship of the Intercollegiate Football League at Truro on Wednesday when they defeated the Acadia fifteen by a score of 3 to 0. This victory gives Mt. A. the possession of the trophy for the third year. Acadia has won it twice and the University of New Brunswick once.

Yesterday's game was a magnificent struggle. Certainly, as the Acadia men themselves said, the team which showed the better all round form won out but the victory came only after seventy minutes of the hardest battling that has been seen on a Maritime Province gridiron in recent years. There was never a dull minute in the game. Long runs were not numerous but there were plenty of short dashes with dribbles and punts thrown in and the excitement had no chance to die away. Taking the game as a whole, Mt. A. had quite a bit the better of the territory play, but there were ten minutes in the second half when the Wolfville players certainly had the Garnet and Gold boys on the run and again and again started plays which looked dangerous for Mt. A. But it was at such times that one saw just where one of Mt. A.'s chief points of superiority lay. The local collegians had a team which was much stronger in tackling than the Acadia fifteen. Many a promising play was smothered before it became really dangerous by the snappy tackling of the wingers.

In following on the teams were pretty evenly matched though Mt. A. gained a bit by breaking from the scrim a bit quicker than the other fellows. This made their scrim less effective but it bothered the Acadia backs. The Wolfville forwards played mighty good ball and outthelmed Mt. A. somewhat. Mt. A.'s quarters were superior to the Garnet and Blue trio. In the half field Acadia had a very strong individual man but the line did not work together quite as smoothly as it might have done. The Mt. A. halves played together well and were responsible for some nice hits of work. Full back was Acadia's strongest point and all that need be said is that Reid is one of the best full backs in the business, a fact chiefly due to his exceptional kicking ability.

FOUR THOUSAND

PAID AT NEW YORK FOR
MORGAN AXWORTHY

New York, Nov. 24.—Senator Bailey of Texas, owner of the Fairland farm of Lexington, Ky., was the biggest individual purchaser at the Old Glory horse sale today. He bought six horses for \$11,100. He paid the top price of the sale, \$4,000 for Morgan Axworthy, a 3-year-old bay colt with a record of 2:06.

Morgan Axworthy was originally knocked down to F. H. Jackson of Narbertha, Penn., for \$4,100. Later Jackson said that he had been acting as an agent for another man, and had bid more money for the horse than he was authorized. Morgan Axworthy was then offered for sale a second time and Senator Bailey purchased him for \$4,000.

The horses from the farm of John H. Fehultz of Porchester, N. J., caused a great demand and bidding was lively. Sixty-one head brought \$55,880, an average price of \$558 per head.

During the day 137 horses were sold for the total of \$70,200. In the three days that the sale has been in progress 395 horses were sold and brought \$143,425, an average of \$363.

Among the sales was the following: Toxwitch, brf, 2, by Bartolo, dam Text Book, by Expedition; Danial Boyce, St. John, N. B., \$170.

PENNSYLVANIA WON

FROM CORNELL TEAM

Philadelphia, Nov. 24.—In a hard and fast game in which there was a mixture of good and bad playing, the University of Pennsylvania football team defeated Cornell on Franklin Field today, 12 to 6. The Quakers' score was made on two touchdowns and goals and Cornell's on two goals from placement by Quarterback Butler.

SOPHOMORES WON

FROM JUNIORS,
SCORE 53 TO 13

One More Game in Present Round of U. N. B. Inter-Class Basketball League.

The Sophomores ran away with the Juniors at basketball at the U.N.B. gymnasium yesterday afternoon the score at the end of the game standing 53 to 13 in favor of the Sops. The latter were evidently thinking how they were going to get even with the Seniors for certain things and took it out of the Juniors.

The 4 am lined up as follows:—

Referee, G. P. Rigby '11

The class of 1912 was completely outclassed by the opposing team every shot of which seemed to find the basket. Alexander, Murray and McKay were the men who did the bulk of scoring for 1913. Gillis played a star game for the losers. There is but one more match in the present round.

McLEOD LOST MATCH AT CHARLOTTETOWN

Charlottetown, P. E. I., Nov. 24.—Eight hundred people witnessed the wrestling match in the People's Theatre tonight. Harry Lewis won. McLeod got the first throw. Lewis was awarded a throw by default of McLeod. Lewis then threw McLeod. There were sixty-nine minutes of mat work. Sam Anderson, world's champion middleweight wrestler, refereed.

Rumor has it that Jack Feney and "Tid" Babbitt will both be back at U. N. B. after the Christmas vacation. With "Bunny" Stephenson that will be enough of the old guard to build a fast hockey septette around.

Mt. Allison started out last year with the intention of getting a Rugby XV together which would rank high among the teams Sackville College has had. Before the opening of the season the Garnet and Gold felt confident and one of the Mount A. halves informed a representative of The Mail that the team of 1910 would be one of the best the college ever had. He was pretty near right.

Mr. G. W. Farrell who captained the All Canadian Rugby team which toured the British Isles in 1903 and who played left outside-half on the Fredericton City XV of 1900 which defeated Dalhousie, was referee at the match played on Saturday between the McGill and Montreal English Rugby teams. McGill won. While in Fredericton Mr. Farrell was an attached officer at the military depot.

J. G. MERRICK WILL BE PRESIDENT OF A. A. U. OF C.

Toronto, Ont., Nov. 24.—The annual meeting of the Amateur Athletic Union of Canada at the King Edward Hotel here, on Saturday night, has not anything alarming to consider.

The mixing of pros and amateurs in all but N. L. U. lacrosse has ceased and there will be no renewal. The C. W. A. it is understood, is applying for affiliation, and after a process of house cleaning which has been going on for some time, will be taken in.

J. G. Merrick will again be elected president.

BILL KOLB STILL LOOKING FOR BOUT

Bill Kolb has still trouble in getting a bout at Chatham. The Chatham Gazette says:—"Bill Kolb and Joe Mapone are still in town, though the wrestling bout for Thursday night is practically knocked in the head. The boxers are anxious however to have a bout here, and in Newcastle as well, and are endeavoring to make arrangements to bring these bouts off."

FAST TEN MILES

Waltham, Mass., Nov. 24.—John J. Cook, jr., of the Brookline gymnasium, won the annual ten-mile New England amateur cross country championship run today in 4 minutes, 49 seconds. Clarence De Mar, of North Dorchester A. A., who ran Cook neck and neck for the first nine miles, finished second. P. R. Withington, of Warvard, was seventh.

RECORD PRICES FOR

TICKETS FOR VARSITY
HAMILTON GAME

Speculators Making Money—Biggest Crowd in History of Canadian Football Expected.

Hamilton, Nov. 24.—The most acute disappointment reigns in this city over the sale of tickets in connection with the Varsity-Tigers game on Saturday. The sale opened Monday for club members, and 500 people were admitted as members, and on payment of the \$5 fee. By the time the sale to members had been completed over five thousand of the best seats had been sold, and all that was left for the general public was the bleachers and standing room.

FANCY PRICES

The sale of seats to non-members of the H. A. A. A. for the big game on Saturday opened this morning at 9 o'clock and within a very short time the supply was cleared out and fancy prices were being offered for late arrivals. As early as 6 o'clock boys and old men began to gather on King street in front of the Stanley Mills store, and before midnight the line extended down to Hughson street. Camp stools, biscuit boxes and orange cases were used as seats and the big gathering passed the cold dreary night as best they could cracking jokes and comforted by the hope that when morning came they would be well rewarded. And they were. Many who had commissions in addition to being furnished with coffee and sandwiches, received from \$1 to \$3 for their long wait, while many boys entered the line with a view to selling their places in the morning, and they were not disappointed. Some late arrivals this morning paid as much as \$2 for a place to secure a 50-cent bleacher ticket when they reached the place of sale. Grand stand tickets brought \$5 during the morning and some who were anxious to witness the game paid as much as \$15 for a pair. No person was allowed to buy more than four seats but as the best seats were to be had for \$1.50 each, the boys who bought up even four will be able to make a handsome rake-off on their deal.

THE CANADIAN PACIFIC'S UP TO DATE METHODS

(Halifax Chronicle)
A typical illustration of the up-to-date methods of a live railway corporation is afforded by the recent visit of Mr. T. P. O'Connor to Canada.

The C. P. R., Canada's greatest railway and one of the world's biggest corporations was fully alive to the great, to put it plainly advertising possibilities which would ensue if a favorable impression of the country was carried away by such an eminent British publicist and journalist.

No sooner had Mr. O'Connor landed at Quebec than a representative of the President of the C. P. R. called upon him and after welcoming him to Canada placed a private car at his disposal, enquired what places he desired to visit and when he desired to leave. An itinerary was planned and when regular trains would not serve special trains were run to enable "Tay Pay" to fill his engagements. The result was that Mr. O'Connor travelled over the entire Northwest in daylight, an obliging representative of the C. P. R. over at his elbow pointing out the principal points of interest and pumping him full of facts and statistics of the wonderful possibilities of the formidable West. There thirty to fifty bushels of wheat to the acre free land for the asking, ready-made farms for the immigrants of means, there irrigated farms, experimental orchards and boundless opportunity for the merchant. It is no wonder that in his farewell message to the people of Canada through the columns of The Morning Chronicle his first words should be of the West.

"And, first," he writes, "I had the opportunity of seeing the great West and all I heard and read of that wonderful region fell infinitely below what I found there. The boundless ocean prairie of the best wheat land in the world, through which I passed for days, revealed to me the notable fact that in Canada you have the greatest possession yet unexploited by the people and the land."

bor of the world. It is a veritable Eldorado not requiring toil or peril or the ordinary experiences of the pioneering settlement and cultivation but just holding out its precious and boundless bosom to all in the world who have courage, enterprise and hands willing to pick up its treasures. Such a land throws into insignificance and makes merely transient even those great mining lands to which the allurements of gold have drawn so many adventurous spirits in the history of the world. The gold is in the soil of a settled order of London and Liverpool life."

Can anyone doubt that this message will be repeated and amplified and repeated again through the columns of his journal in the Old Country? Is there any sane person who does not believe that it will influence many of the most desirable class of immigrants to venture forth to seek their fortunes in this "veritable Eldorado," so picturesquely described by the facile pen of this great English statesman? And think what it means to the C. P. R.—more settlers, more passengers; more wheat, more traffic over their system in the North west. And that only at the price of common courtesy to a distinguished visitor and a little expert assistance to "pump in" the facts. This C.P.R. is not only a great railway corporation, but it is one of Canada's best and most expert colorizing agents.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Public Building, Grand Falls," will be received at this office until 4.00 P. M. on Wednesday, November 30, 1910, for the erection of a Public Building at Grand Falls, N. B.

Plans, specifications and form of contract can be seen and forms of tender obtained at this Department, on application to Mr. D. H. Waterbury, Supt. of Public Buildings, Public Works Department, St. John, N. B., and at the Post Office at Grand Falls.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature and the nature of the occupation and places of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent., (10 p. c.), of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

R. C. DESROCHERS,

Secretary.

Department of Public Works,

Ottawa, November 4, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.
