Give your servants GOLD DUST to clean with, treat them rightly and you will have few occasions to insert a "help wanted" ad

They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without GOLD DUST is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—GOLD DUST is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

Your servant can do more and better work and keep sweet with the aid of GOLD DUST in all household cleaning.

PUNTS AND DROPS

Our old friend, "Tanker" McMinna-min performed at quarter for the Glace Bay Rugby team on Friday last when Glace Bay played a XV from H. M. S. Cornwall at Sydney. The Sailors won 5 to 0. Siderski formerly of Dalhousie was on Glace Bay's half-line.

The Halifax Rugby season opened on Saturday with a game between Dalhousie and Crescents. Dalhousie won 8 to 0. Ralston was the victor's

star scoring both tries and putting up a great game at quarter. Both teams had a large number of new men playing and neither was in good condition. Scrimmaging was constant.

U. N. B. has lost two games, score 14 to 0 and 6 to 3. Acadia has won one game 8 to 0. When the result of Wednesday's Mt. Allison-Wanderers game at Halifax is known the merits of the three intercollegiate league teams may be pretty well judged.

Mt. Allison is slated to play at Moncton on Saturday.

PHILADELPHIA WON FIRST GAME FROM CUBS, SCORE 4 TO 1

Crowd Was Not a Record One For World's Championship Series—Bender Did Great Work—Overall Batted Hard by Athletics.

Philadelphia, Oct. 17.—In a clean and sharply played game the Philadelphia American League base ball champions defeated the Chicago Cubs the premier team of the National League, at Shibe Park this afternoon by the score of 4 to 1 in the first contest of the series to decide the world's championship. Nearly 30,000 persons saw the game.

To Charles Albert Bender, the Chip pewa Indian pitcher, and to Frank Baker the third baseman, the Philadelphia team largely owes its victory. The "Chief" never showed better form than he did when he faced the Chicago men this afternoon. Baker's valuable contribution was his hard and timely hitting.

On the other hand the American champions found Overall rather easy and after the third inning Manager Chance was compelled to retire the star pitcher and send McIntyre into the box. The latter promptly stopped the Athletics and held them with out a hit until the eighth inning, when Baker landed one of his curves for a terrific smash to right field wall for two bases.

BENDER'S GREAT WORK

Bender, who won the only game the Athletics took from New York Nationals in the world series in 1905 allowed the Chicago men but three hits, one in the first inning by Shulte, two in the ninth and not one Cub reached second base until the final inning. If it had not been for the muffing of Tinker's foul fly in the ninth inning the Chicago would have been disposed of with but two hits, as the little shortstop hit the ball for a clean single and took second Strunk's fumble. The big Indian was as steady as a clock and appeared to be master at every stage of the game. Besides getting only three hits, the National Leaguers were able to work him for only two bases on balls, and Shulte got both of these, one in the fourth inning and the other in the ninth.

OVERALL IN TROUBLE.

Overall, who was elected by Captain Chance to win the first game, got away with the first inning in fine shape, though Collins, the star second baseman of the Athletics, hit a single but he got into deep trouble in the second when the home team batted him for three hits, one a double. He also gave a base on balls in this inning. In the third he was touched up for a single and a double. Third Baseman Baker was the only man on either team to get more than one hit. He landed on the ball for two doubles and a single, scoring one run himself and sending home two others of the total of four. Lord was the only other man to hit for an extra base.

ONE STOLEN BASE.

Except for a hard running catch by Sheppard of a long fly off Murphy's bat in the seventh inning, and several hard stops by Baker and Barry, the fielding was not sensational. The only base stolen was by Murphy, who reached second base on a high pitched ball which Kling could not bring down in time for a try to the centre bag. The Athletics' much discussed weakness behind the bat did not show itself, as Thomas had the ball down

to second ahead of the runner each time. Two attempts were made, both by Schulte.

NOT A RECORD CROWD.

The crowd that saw the game was not the largest that ever attended a base ball game in this city. The official count of the attendance is 36,891, and the total receipts \$37,424.50. Of this amount the players will receive \$20,202.23, the club owners \$13,472.82 and the National Commission \$3,742.25.

The failure of a record crowd to attend was due partly to the inability of thousands to obtain reserved seat tickets and to the fact that the police department would not permit any one to stand in the aisles of the grandstand. The National Commission had arranged to sell several thousand standing room tickets in the big pavilion, but after eighty-eight of them had been disposed of, the police shut down on the sale.

The bleacher seats were packed and there were several thousand persons crowded behind the ropes in right and left fields. The bleachers were filled two hours before the game began, several thousand of the rooters having spent most of the night at the gates of Shibe Park in order to get good seats. Outside the grounds enterprising householders whose homes overlooked the playing field, erected bleacher seats on the roofs and sold them at from \$3 to \$5 each.

Brown probably will pitch for Chicago tomorrow, and Coombs for Philadelphia.

MONCTON NOT LIKELY TO PLAY FREDERICTON CITY

Negotiations have been on for a game between the Moncton and Fredericton City football teams here this week. Manager N. R. Normen telegraphed this morning that owing to a game scheduled with Mt. Allison for Saturday his team could not play Fredericton City here.

The Moncton Times says:—"The Moncton football team which has been practicing, has arranged games with the U. N. B. at Fredericton and also with Mount Allison. The team goes to Fredericton on Thursday morning and will play in the afternoon against the college cracker. On next Saturday Mount Allison will journey to Moncton to form up against the local team and this will no doubt be a warm engagement. On the trip to Fredericton the locals will have the assistance of a fast college crack. On Saturday the locals had a good work-out on the M. A. A. field; almost 25 members turned out. The team is fast rounding into condition and by the time they depart for the capital they will be in good shape."

GIANTS AND HIGHLANDERS IN TEN-INNING TIE

New York, Oct. 17.—The Giants and Highlanders battled ten innings today and when darkness stopped the saw-saw conflict the score stood five and five. Sparkling plays time and again saved the game for both teams, a one hand catch of Devore's spoiling home run for Cree with two men on bases. Ford, the American's star slaban, came to grief in the seventh inning when the Giants touched up his delivery for extra base drives, scoring two runs.

The post season games thus far have resulted in two victories for the Nationals and one for the Americans, with one game tied. The Americans drove in three runs in the eighth on smart hitting and the Nationals tied the score in the ninth on singles by Devlin, Myers and Devore. The Americans used three pitchers and the Giants had to call a second pitcher, Ames, to relieve the fast-tiring Randall. The crowd at the American league park was larger than last Friday when the second contest of the series was played.

MT. ALLISON OPENS HER RUGBY SEASON IN HALIFAX TOMORROW

Buckley the Crack Quarter Not Expected to Play—Mt. A. Has Big Hospital List.

The Mt. Allison XV plays its first game against the Wanderers in Halifax tomorrow afternoon. The Wanderers will give Mt. A. a return game in Sackville.

Concerning the Mt. Allison team, The Sackville Tribune says:—"The Mt. A. team for this year has not yet been chosen. It is certain, however, that the boys will have to do without the services of Lou Buckley, their star quarter-back, who is at present nursing an injured hand. It may be, too, that they will be without Milford, a Charlottetown Freshman, who was shaping up as a probable candidate for she back line. Milford has been out of the game for ten days or so. Woodman, a forward, has also been on the hospital list of late but he will probably be a member of the team alright. Dickinson, one of the likely candidates for quarter back, is another fellow who has been forced out of the game for several days by an injury. Bell and Thompson, the former a Moncton Sophomore and the latter an Island Freshman, are in the running for quarter-back jobs.

"Trapnell will be at full back and Smith and McDougall are sure to be two of the halves. McKean will be one quarter back. Lawrence, Cochran and Moore are sure to be in the forward line. Parker, however, an old player, may be absent. Woodman, Glendenning, Kirk, Lewis and White are in the running for positions in the scrim."

PLANK

Jimmy Sheppard and Eddie Plank are expected to do much for their respective teams in the world's series. Sheppard is in great shape, and Plank is the same old reliable.

STRENUOUS PRACTICE AT COLLEGE FIELD

The U. N. B. Rugby squad had another work-out yesterday. Frank McGibbon was tried-out as full-back, the position that he is evidently intended to fill and did his work in good style. Howe was used on the half-line. He tackled hard through the practice. One of his tackles was hard enough to put Gilbert out of business. He went off the field with a very sore shoulder, but it is not thought that any bones are broken. Kinghorn and Kuhring were both out in football togs and played as though it would not take them long to get into the game.

FREDERICTON LOSES MEN

Fredericton City has lost a good man in McGibbon, who has decided to go to U. N. B. Fred Baird is also likely to be among the missing as his business will call him away from Fredericton about the middle of the week. Jardine, Roberts and Mc Knight are available for the back-division however. Ashley Colter who was with U. N. B. a few years ago will be out with Fredericton City and is expected to figure on the forward-line. He is in good condition and weighs over two hundred pounds.

HIGH SCHOOL AT WORK

The High School team is getting right down to business and is determined to turn the tables on Rothery and St. John High School when those teams play return games here. Rothery is expected on November 9th and St. John High School on October 31st. Mr. Chas. M. Lawson one of the teachers at the local high school is coaching the team.

The Fredericton City team will practice at Scully's Grove tonight.

SIR WILFRID LAURIER AND THE NAVAL POLICY

(Montreal Herald.)

What one could not help feeling in the presence of Sir Wilfrid Laurier, as he spoke on Monday evening that this entry upon a naval program was inevitable; that it followed in its natural order after a long series of other events similar in tendency; and that there is the element of permanence about it to precisely the same extent that there is the element of permanence about the country itself.

The beginnings of it are not of 1909; they go back to 1849. The sixty years interval since the winning of Responsible Government by Baldwin and Lafontaine represented no more than a trifling delay, necessary while the growing nation found a physical strength, a strength in numbers, in wealth and in revenue it did not then possess. It was nearly twenty years after Baldwin and Lafontaine had succeeded before Canada undertook the formation of a militia service. Looking forward, instead of backward, it takes no effort to picture Canada a country of twenty-five millions within a period men of middle age are fairly entitled to contemplate. Younger men can expect to see a population ever larger than that. Twist and tease how one will the proposals as they come fresh from the designers' hands, there can be no possible getting away from the foreknowledge that the twenty, or thirty or fifty millions of Canadians who inhabit this country in that day will be the actual masters of their own destiny, fashioning all instruments of government and of defence in conformity with their own best interests. Nothing inside or outside the statute book can prevent that. Since 1849 it has been admitted. Since 1849 there has been no looking back. And looking as far ahead as one can with the knowledge open to him, there is no prospect whatever that the course then entered upon will ever be abandoned. Therein lies the great security. The statutes as they are written may be open to this interpretation or to that, about things whose bearing is temporary and whose aspects are subject to change. The great fact is that Canada, growing, developing, expanding, has made a beginning upon an institution that cannot help being charged with the very spirit of the Canadian people for all time to come.

NEW YORK POLICE CANNOT FIND SHELDON

New York, Oct. 17.—Did Sheldon the fugitive from Montreal pay a flying trip to New York and remain under cover in a haunt near the Hudson while getting his future bearings? The information that Sheldon mailed letters to Montreal from Postal Station 6 in New York stirred up extra enthusiastic efforts to locate the man so eagerly wanted by his Montreal creditors.

Postal station 6, New York, where Sheldon is reported to have deposited mail, is at the corner of Hudson and West 13th streets. It is within easy distance of small west side haunts which a press representative had carefully searched yesterday. There was, however, no indication that the expert "get-away" man had stopped at any of them. He did not, moreover, put in an appearance around the station itself yesterday.

The theory of officials is that with extra precautions he had a messenger deposit the mail for him. The district around the postal station comprises about twenty blocks including some very low resorts. It does not follow that Sheldon remained in the district at all. It is thought likely that he eluded at Albany, taking a steamer to New York, plunging in to the west side district, mailing his letters and getting away again. What puzzles New York people interested in the case is the difficulty of securing any definite clue.

That Sheldon should make New York the centre of his communications is likely because New York is one of the safest places to stay in for a short time, even when the entire New York police force is after a man. There is also the difficulty of unearthing Sheldon's past owing to the constantly shifting names he evidently worked under from place to place and to the fact that they have been so many more Sheldons in the same game.
