MUTINY HAS BROKEN OUT IN THE NAVY OF BRAZIL

London Cable From Rio Janeiro Says Firing is in Progress Between the Warships--An Officer Reported to Have Been Killed--Strict Censorship Being Maintained by the Government.

Rio Janeiro, Brazil, Nov. 24.—The crews of the two battleships of the Brazilian navy mutinied yesterday. They turned their guns upon the loyal ships and also threw a few shells into the city.

During the outbreak several officers were killed. The fighting ceased at night but the revolters remained in possession of the two vessels. Today the battleships with their mutinous crews were anchored outside the bar awaiting action by the government. Congress was summoned in session at 1 o'clock this afternoon to deal with the situation. The censorship is strict and details of the trouble is not of a political character and should be described as a mutiny among the sailors to enforce certain concessions from their officers, rather than a revolt against the administration of President Ponce de Alencar.

For some time the men of the navy had been agitating the matter of more pay. They also objected to the practice in the navy of inflicting corporal punishment upon insubordinate or disobedient sailors. The matter came to a head when the crews of two of the bigger warships turned upon their superiors. It is reported that the captain of the battleship Minas Geraes was killed. Following the fighting the mutineers made a formal demand for increased pay and the abolition of corporal punishment and then withdrew to the outer harbor.

The mutineers expect congress to pass a measure this afternoon granting them amnesty. It is believed that if this is done the trouble will be at an end. Should congress refuse amnesty to the revolters the subsequent attitude of the latter is in doubt. The situation is tense and there is considerable anxiety among the people of the city.

Rio de Janeiro Tramways, Light & Power Co., continues to make extraordinary gains in gross and net income.

In October the gross was \$965,265, an increase of \$320,070, or almost 50 percent. Net for October was \$470,845 or 30 percent over the net earnings for October 1909.

For the ten months ending October 31, the statement of increases makes a remarkable exhibit. Gross is given as \$8,999,034, an increase of \$2,746,344 or 43 percent over the corresponding period of 1909.

The net earnings for ten months were \$4,412,251, against \$2,504,518 in 1909, an increase of \$1,907,733, equal to 76 per cent. over the net of 1909.

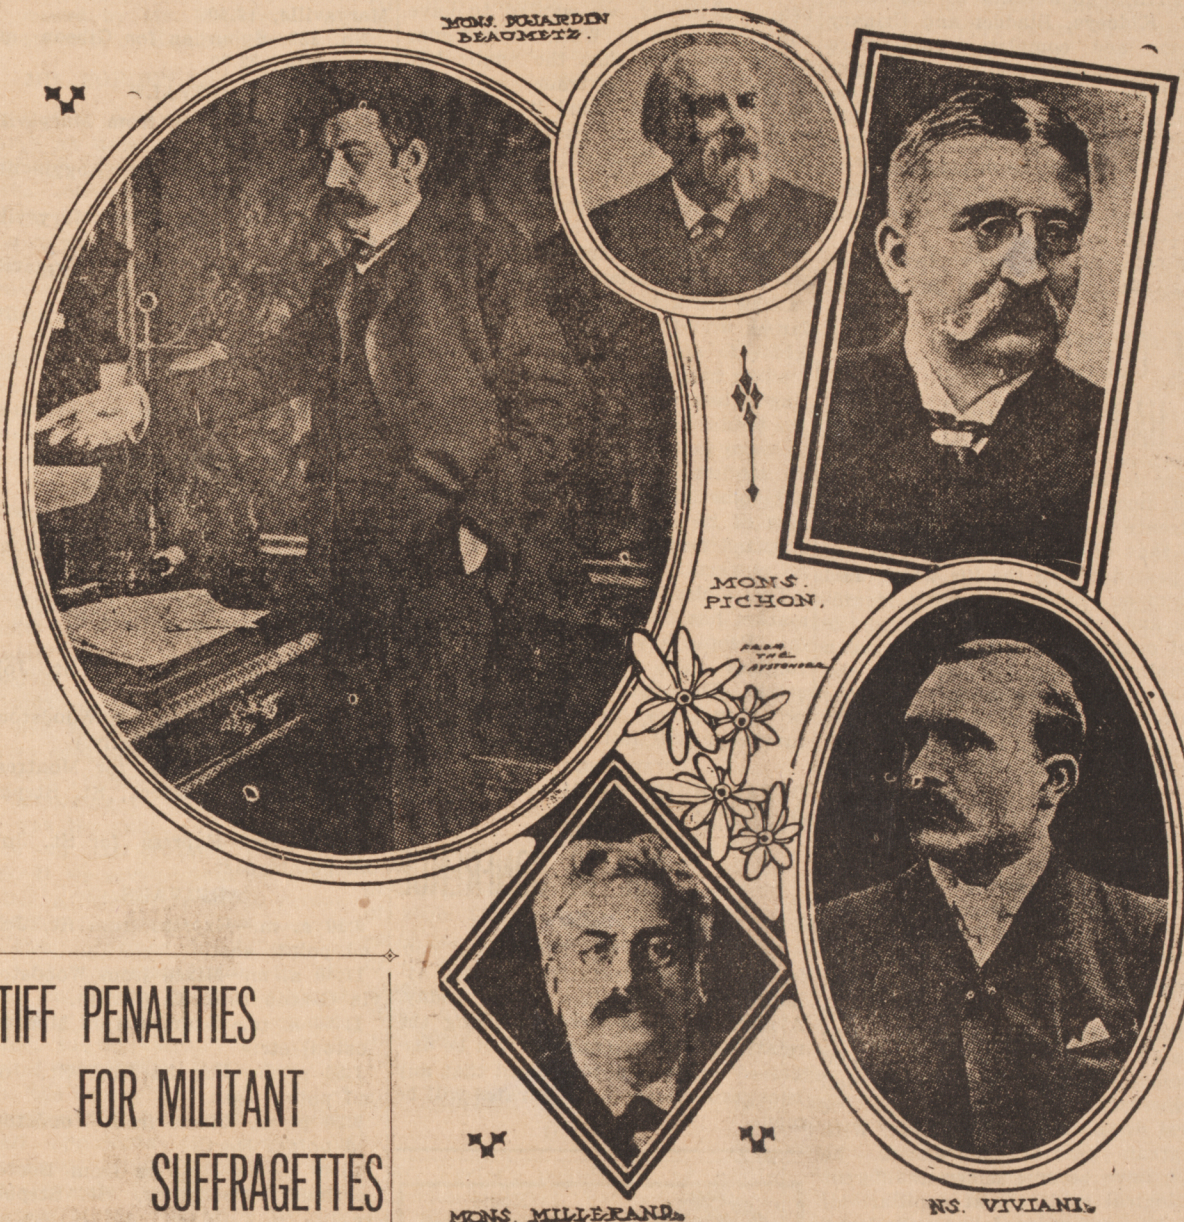

It is stated on good authority that the company will show earnings at the rate of 20 per cent. on the stock for the present fiscal year, which ends December 31, and the current report will amply endorse the statement.

For a long pull Rio at today's quotations should offer considerable attractions to investors.

COL. SAM HUGHES WANTS TO KNOW

Ottawa, Nov. 24.—Col. Sam Hughes has given notice of a question in the Commons in reference to a press despatch from Calgary stating that when the Technical Education Commission was there last week, Hon. Mr. Armstrong, one of the members of the Commission, said: "We want peace in Canada," apropos of its being called to the attention of the Commission that some of the American settlers in the west objected to the singing of patriotic British songs in the schools. "Is the proper and best way to preserve peace in Canada, to get under the bed or take to the cellar every time impudence, intolerance, effrontery and oppression show themselves?" is the way Col. Sam's question reads on the order-paper.

EMPERESS OF IRELAND SMASHED A RECORD

Halifax, N. S., Nov. 14.—(Special)—The C. P. R. Steamship Empress of Ireland arrived here this morning from Liverpool, making the trip in five days, sixteen hours and twenty-six minutes, or twelve hours less than the time of the big liner, Laurentic, which arrived last night. So far as known, the Empress of Ireland has broken the record between Halifax and Liverpool. She leaves this afternoon for St. John.

Briand's Cabinet was formed on July 23, 1909, as follows:—Premier and Minister of Interior and Public Works, Mons. Briand; Justice, Mons. Barthou; Foreign Affairs, Mons. Pichon; Finance, Mons. Georges Cochery; Education, Mons. Doumergue; Public Works, Posts and Telegraphs, Mons. Millerand; Commerce, Mons. Jean Dupuy; Colonies, Mons. Trouillot; Labor, Mons. Viviani; War, General Brun, and Navy, Admiral Boue de Lapeyere.

Mons. Briand was confronted on October 10 last by the railway strike on the Northern Railroad, which spread to other lines and threatened to paralyze traffic throughout the republic. He met the situation with a firmness that challenged the admiration of the world.

Asserting that the strike was a rebellious movement fomented by labor leaders at the very hour that the government was attempting to bring about concessions in their behalf by the railroad companies, he set about to crush the movement. He broke the backbone of the strike by calling to the colors the railway employees as reservists.

This action was bitterly criticized by the socialists, who attacked the Premier in the Chamber of Deputies. Mons. Briand defended his course and after a brilliant debate received an expression of confidence by a vote of 343 to 79.

GLENER MAN DECLINES TO ACCEPT MR. McLELLAN'S CHALLENGE

Registrar of Northumberland Probate Court Exposes the Falsity of Crocket's Statement About Records Having Disappeared.

It will be noted that the Gleaner Editor has so far not accepted the challenge to meet Mr. McLellan in the open. Providing he continues to take refuge and seek safety behind the columns of his paper, the Mail will afford Mr. McLellan an early opportunity to bring this paper's part of the newspaper discussion to a close.

The following telegram to the gentleman who has the official charge of the papers and proceedings which Crocket says have disappeared and the reply shows the unscrupulous and rumour manufacturing adversary one is up against in dealing with the Gleaner Editor.

THE SITUATION LOOKS BRIGHTER

Government Troops Thought to Have Mexican Trouble Under Control

No News of Serious Fighting Reported Today But The Military are on the Alert.

El Paso, Texas, Nov. 24.—While it is admitted that with the tightening of the censorship established by the Mexican government, only such information as is favorable to the government is being allowed to come through it is the general belief that the situation is now pretty well under control. Sympathizers of the revolutionists however, claim that the present lull merely marks the strengthening of the insurgent organization and that the real force of the uprising will be felt within a few days.

The most important development of the night was the report that disturbances had broken out in the territory of Tepic, on the west coast. This is a new field, no disturbances having been reported from any points in this section of the country before. A heavy force of troops has been sent to Tepic from Mexico City.

No fighting was reported last night from any of the revolutionists' strong holds. Farall, apparently affords the government the most anxiety and fully 1,000 federal troops were sent there yesterday.

All points along the line of the Mexican National Road, including Torreon and Chihuahua, were reported tranquil at 2 a. m., and the absence of further news from these places indicates that quiet still reigns.

It is declared that the insurgents still hold the Madeira branch of the Mexico Northwestern Railroad, running from Chihuahua to Madeira. Earlier reports last night stated that the government troops had recaptured the railroad.

Disturbances are reported this morning in the territory of Tepic, on the west coast, south of Sinaloa, and 5,000 troops have been dispatched there from the City of Mexico. These outbreaks are in a section which heretofore have been peaceful. The outbreaks are in several different localities.

Nothing can be heard from Yucatan and the great south country. Torreon and the surrounding country is quiet.

Washington, Nov. 24.—"Order has been re-established in all the republic with the exception of the district of Guerrero in Chihuahua, where a fraction of about 200 are not yet completely reduced."

The foregoing is the text of a telegram dated November 23rd, received today from Enrique C. Creel, the Mexican minister of foreign affairs by Ambassador De la Barra.

DOUBLE MURDER IN NEW JERSEY

Aged Presbyterian Minister and Wife Shot and Killed by Burglars

Their House Was Afterwards Ransacked and About Everything of Value Carried Away.

Trenton, N. J., Nov. 24.—The Rev. Andrew L. Armstrong, the 80 year old pastor of the Presbyterian church at Dutch Neck, ten miles east of here and his wife, were murdered last night at their home by burglars.

The aged couple were shot and it is believed they died instantly. The pastor and his wife had not retired when the burglars entered the house at about eleven o'clock last night, and that fact probably accounts for their having been murdered.

The custom of the couple to retire early probably led the burglars to expect that everybody in the house would be sleeping when they entered the place. The burglars, it is believed, being deterred, immediately shot the minister and his wife.

Mrs. John Sears, an aged woman, who had been for years housekeeper in the Armstrong family, was upstairs when the shooting occurred and was so afraid that she might be shot herself that she hid under a bed until the arrival of her son, who also lived in the house, but who had been spending the evening away.

Meanwhile the burglars ransacked the house and carried away jewelry, money and other articles.

Prosecutor Crossley and County Detective Kirkham left here for the scene of the murder this morning. It is not believed that the murderers left a clue behind.

St. John, Nov. 24.—(Special)—Jas. Ingraham, aged seven years and seven months, died this morning. The doctor states that tuberculosis was the cause of his death.
