## AVIATION NOTES

London, Sept. 25.—Despite official reticence, the actual experiments with real strapping fire, against dummy aeroplanes and dirigibles at Plymouth have convinced the British Army experts of the great difficulty of hitting aerial war craft with direct fire from quick-firing field guns or a high-angle fire from howitzers. Only one shell hit the flying mark.

## INSURANCE RESCINDED FOR RISK.

New York, Sept. 26.—Allan Ryan, general manager of the International Aviation meet, complained Tuesday that his connection with the tournament has caused him trouble with his insurance policies.

More than \$250,000 worth was rescinded because of this association. The insurance companies claim Ryan will be required on the field a great deal and that his position will be extremely hazardous.

## GRAHAME-WHITE IN ENGINE CAB

New York, Sept. 26.—Claude M. Grahame-White left off winning prizes at Boston long enough the other day to pay his first visit to this city. In accord with a suggestion of Chas. S. Meilen, president of the New York, New Haven & Hartford Railroad, and the Boston and Maine, the aviator

## FRENCH AVIATOR MET DEATH

Charles, France, Sept. 25.—The aviator Poillot, was killed today while making a flight with a passenger. The latter escaped with slight injuries. The machine had reached a height of ninety feet and seemed to be going well when a piece of canvas ripped out from the wing. The aeroplane fell backwards, turning completely over, and burying the two men under the wreckage.

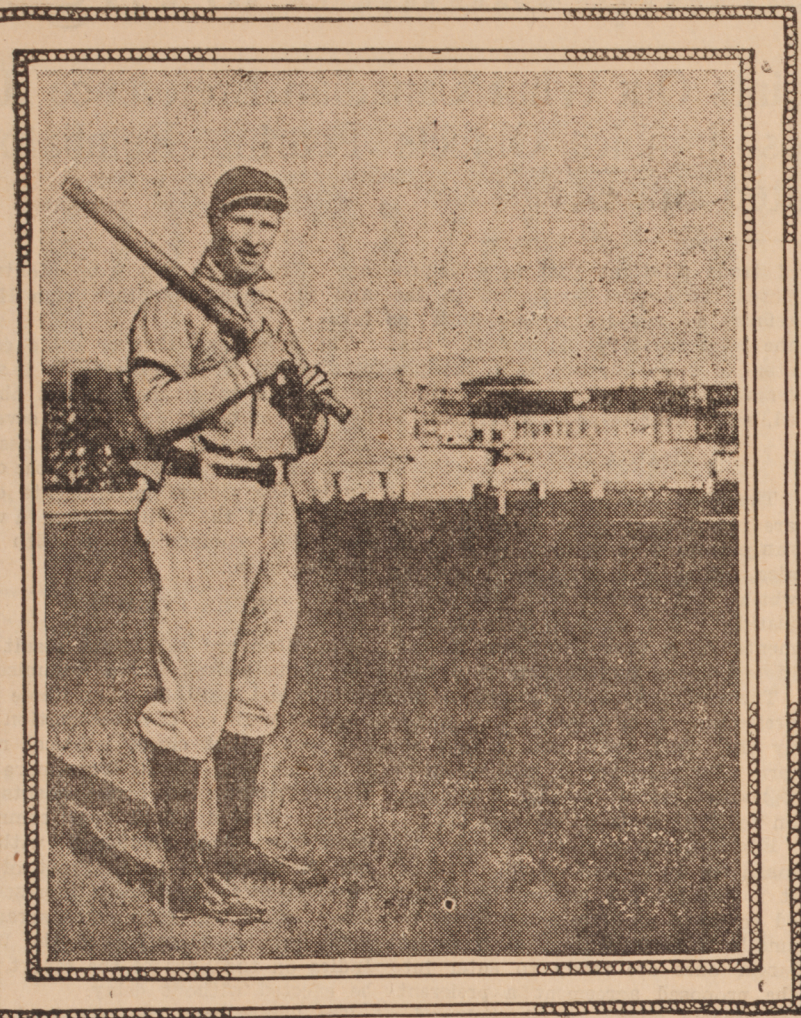

Paris, Sept. 25.—Two biplanists, Mahieu and Lorian, each with a passenger started on a flight to Brussels for the auto club prize of \$30,000 which will be open until Dec. 31, and the prize of \$5,000 offered by the municipality of Paris. Both the aviators met with misfortune. Mahieu was forced to descend at the Bois de Boulogne because of trouble with his engine. While engaged in testing it a dog ran into the whirling propeller, smashing it. Lorian got as far as Saint Quentin, but his gasoline gave out and he was forced to descend. His aeroplane stuck in the branches of a tall tree, but was not damaged. Both aviators expect to continue their flight tomorrow.

made the entire trip in the cab of a locomotive. Grahame-White will go to Belmont Park today.

# LAJOIE STILL LEADS IN IN RACE FOR BATTING HONORS

Campbell of Pittsburg is Pressing Magee Hard in National—Jack McLean is at the 300 Mark—Wagner in the Running.

Following are the averages of the leading batsmen of the American league who have taken part in 15 or more games. The figures include the games of Saturday. A few weeks ago Ty Cobb counted that automobile as good as won, but now he is nine points behind Lajoie. The odds are slightly in favor of the Cleveland, and Ty will have to do some batting this week or be counted out of the race.

Eddie Collins of the Athletics kept up his good work with the stick last week, but his late start has kept him from fighting with the three leaders. His other teammates Murphy and Oldring, still hold above the 300 mark and will give the club pitchers much cause for worry when they appear next month. McInnis frequently used this season as a pinch hitter by Connie Mack, has a good average, and only Barry's fast work at short has prevented the former Haverhill player from securing a regular berth on the team.

McGuire of Cleveland has unearthed three clever men in Hornhurst, Callahan and Jackson, all three hitting better than 300 in the games they have played. It is said that first baseman Stovall will be let out to Washington as Hornhurst has come up to all expectations. Easterly is another Cleveland who is meeting the ball well and lacks only nine points to boast of a 300 average. The averages:

## LUKEMAN PROMISED TO GO TO OTTAWA

Montreal, September 26.—After over a month's negotiations, Frank Lukeman, the crack M. A. A. sprinter, rated as one of the fastest men in Canada today, is going to Ottawa to reside, and will in future run under the colors of the Ottawa Amateur Athletic Association.

Coming as the surprise of the athletic season, the announcement that Lukeman is to leave Montreal will undoubtedly cause consternation here, but all arrangements have been completed, and the brilliant blue and red

Following are the averages of the leading batsmen of the National league who have taken part in 15 or more games. The figures include the games of Saturday. Campbell of the Pirates now seems to have a fine chance of nosing out Sherwood Magee for the batting supremacy of the National league. The fact that he will not have been 350 times at bat for the season's work excludes him as a possible candidate for the auto. Since he took Fred Clarke's place on the Pittsburg team a few weeks ago Campbell has done exceptional work at the bat and in the field and his membership on the Pirate team is assured for next year. Clarke is particularly proud of his understudy and predicts a brilliant season for him next year.

Snodgrass of the Giants is continually tumbling and last week he was counted out of the race. He will, however, undoubtedly finish among the honor men. Lohert and McLean of the Cincinnati team are among the honor men and Paskert is close to the mark. Bescher has lived up to his past reputation as a base-runner, but his stickwork this year has been several chips shy of his usual work. The averages:

flyer is added to the many great athletes residents of the Capital.

Dr. D. H. Baird, president of the Ottawa Football Club, has been in touch with the Montrealer for the last six weeks, but the matter has been kept quiet until everything had been settled. Now, however, Lukeman has accepted the position offered him and will leave shortly for Ottawa. He will be warmly welcomed there by a host of friends, and his athletic abilities also place him high in the estimation of Ottawa's sports-loving population. It is stated that he will turn out with the interprovincial champions, but he, like Bobby Kerr, may not risk his wonderful limbs on the gridiron, preferring to confine his efforts to the cinder path.

# ROSS K. MADE NEW RECORD FOR COLUMBUS TRACK

Covered Mile For King Stake in 2.05 —Track Softened by Rain Storm.

Columbus, Ohio, Sept. 26.—Ross K. on a track softened by rain on Saturday, gave the King stake of five thousand dollars, for 2.05 pacers a new record today, when he made the first heat in 2.031. He won without effort and the next two heats came easily.

By the conditions of the event six horses shared in the money division. Ross K. won \$2,000 and Bland S. sixth, \$400. T. W. Murphy, who drove in each of the fifteen heats on the programme, rode six of them back of Dirl and won two seconds. One heat was necessary to settle the 2.13 pace that came over from Friday, and it gave Fred F. a decision over Dirl, which later was selected to win the 2.18 pace. Two heats of this race were taken by the favorite. Then he tired and Bird Grattan got the race by winning the next three tiames.

Bervado of the Murphy stable, made it one, two, three in the 2.13 trot being able to outbrush Olive F. in the stretch. Major Wellington, the first choice was twice third and once last because of a break.

To handle the 2.19 trotters it was necessary to cut the event into divisions. The first started with Creighton as the favorite. He won the first heat in slow time, but was second to Admiral Red in the next heat when the time dropped to 2.091. A third heat was won easily by Admiral Red and then the race was postponed until tomorrow to be resumed just before the second division is taken up.

# ANOTHER CANARD ABOUT JACK JOHNSON

Boston, Sept. 26.—A rumor that "Jack" Johnson, the heavyweight champion pugilist, had been shot while performing at a local theatre, which spread like wild fire through this city late this afternoon, was found to be untrue. Charles St. Clair of North Weymouth, while watching Johnson's exhibition from a front seat, dropped a revolver he was carrying and one of the cartridges was discharged. No one was injured. St. Clair was arrested, charged with carrying a loaded weapon.

# CHATHAM WON FROM MONCTON 9 TO 2

Chatham, Sept. 26.—The Chatham Stars defeated the All Moncton baseball nine here this afternoon, 9 to 2. Moncton had Steeves, a pitcher, and a fairly strong lineup but the visitors could not touch Handley, who was between the points for Chatham and the fielders gave him gilt edge support.

Chatham scored five runs in the second and four in the seventh inning. The batteries were: Moncton—Steeves and McAlesse. Chatham—Handley and Watling. Chatham would like a game with St. Peters.

# REG. WALKER IS TO JOIN THE PROS. \$30,000 REFUSED FOR APPLE TREE

London, Sept. 24.—R. E. Walker, the Olympic sprint champion, has decided to go over to the professional ranks. He has challenged J. Donaldson for a match over a distance of 100 yards for £100 aside, to take place in South Africa at about Christmas tide. Provided Walker will deposit £100 with the editor of the Rand Daily Mail at Johannesburg, Donaldson will accept this challenge.

## HOOF BEATS

Four 3-year-old trots have been decided on the Pacific coast this season and these four youngsters have headed summaries: Bon Guy, 2:13, Donsham, 2:13, Trathboule, 2:13, and Expedio, 2:14.

Colorado E. has won \$13,000 and is the second largest money-winning trotter of the year. Dudie Archdale is first with \$23,150 to her credit. Hailworthy comes third with \$12,500 and Billy Burke fourth with \$8500.

Last season three-year-old fillies trotted to records of 2:10, Baroness Virginia, Czarevina and Soprano. The campaign of 1910 has developed three 2:10 stallions, Colorado E., George Todd and J. Malcolm Forbes.

The blood of grand old Nancy Hanks goes marching on. Nancy Bingen, 2:23, a trotter that is winning races for C. C. Mayberry down in Maine, is by Bingen out of Princess of Monaco, the daughter of the former queen by imp. Meddler.

The nursery company has for several years taken grafts from the tree, and now has enough young trees to set one thousand acres.

Great precaution has been taken to prevent the theft of the young trees or the grafts or buds from the old one. The nursery is surrounded by a high fence and closely guarded at night by dogs and men.

Belts have lost none of their popularity. The leather still leads in favor and new designs are constantly appearing.
