## WOMEN'S WOES

Fredericton Women are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

T. E. Foster of St. John Street, Fredericton, N. B., says: "I have found more actual relief from Booth's Kidney Pills than in all else I have ever tried for rheumatism. The pains in my limbs have lessened greatly and I am better and stronger than in years previous. The pains that had centered across my back and extended into my sides and hips have almost entirely gone. My appetite has built up and I eat and sleep better than I have in over three years. My general health is greatly improved and I can credit this only to Booth's Kidney Pills which I obtained at A. J. Ryan's Pharmacy. I have also tried Booth's Laxatives and believe them the best constipation remedy on the market."

Converse of the United States Public Health and Marine Hospital Service, the sewers are being poisoned and the rats are being caught in cages and snap traps at the rate of 5,600 monthly.
