Give your servants GOLD DUST to clean with, treat them rightly and you will have few occasions to insert a "help wanted" ad

They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without GOLD DUST is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—GOLD DUST is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

Your servant can do more and better work and keep sweet with the aid of GOLD DUST in all household cleaning.

PHILLIPPE AND BENDER ARE THE LEADING PITCHERS

Steele of St. Louis Third in National League—
Russell Ford of the Highlanders Climbing Steadily.

Following are the records of the two men of the American league who have taken part in five or more games, including those of Sturday. By losing a game a week ago Sunday to the White Sox, Jack Coombs was forced out of second place by Russell Ford of the Highlanders.

Lang of the White Sox is proving that he is able to keep up with the rest of the star pitchers in the American league. He has been doing some grand work of late and his opponents are not getting many hits off him. In addition he manages to count a large number of strikeouts victims in each game.

Though the Detroit will not win the pennant, its pitchers show up well in the records. From their work it can readily be seen that the failure of the Tigers to win the flag is not due to them, for Willett, Donovan and Mullin all have good records.

O'Connor of the St. Louis has un-

earthed two young pitchers, who have rendered an excellent account of themselves this fall. They are Nelson, who has a clean record with four wins, and Mitchell who has landed three out of five, Malloy a third newcomer, has held his opponents down to a few hits, but his team-mates have bungled at critical moments, returning him a loser. The records:

BIG LEAGUE RESULTS

Following are the records of the boxmen of the National League who have taken part in five or more games. The records include the games of Saturday. Steele of St. Louis, a new man, occupies third place, ousting Otis Crandall, who has held the position for several weeks. The newcomer has met with pronounced success since he joined the Cardinals. He came from Altoona in the Tri-State league, where he did much to land that team the pennant.

Adams, of Pittsburg, hasn't lost a game in three weeks and at present there isn't any pitcher in the country going any better than he. He and Philippe are the only Pirate boxmen that can be relied upon for victories.

Scanlon has been doing some beautiful pitching of late for the Brooklyn, and last week added two victories. Knetzer, the former Lawrence pitcher, continues to do good work for Brooklyn.

PRACTICE GAME BETWEEN COLLEGE AND CITY TODAY

Rugby Squads Will Be Tried Out This Afternoon—City Backs are Plentiful.

The U. N. B. and Fredericton City football teams are booked to play a practice game at College Field this afternoon, the game to begin at 4:30. The game will be for the purpose of trying out the available material of the two teams. Twenty minute halves are to be played.

CITY MATERIAL.

The City back-division for today's game will be picked from the following: McKnight, McKee, Dolan, McGibbon, Babbitt, Rutter, Burns, Clynick, Roberts, McFadden, Sadler. The forwards will be chosen from the following: Day, Stephens, Clark, Christie, Bekling, Barker, Chappell, Brewer, Cass.

U. N. B. PRACTICE.

The college team held another practice yesterday afternoon. "Cap" Deedes got after the forwards for not following up fast enough. Among the spectators was Harry Hayward, formerly full-back for U. N. B., but now living in Ottawa. Hayward is not in the game this year.

ZIMMERMAN WHO IS TO FILL EVERS' SHOES

Henry Zimmerman, who is booked to fill the shoes of Johnny Evers in the world's series and whose batting yesterday bordered on the phenomenal, has been a member of the Chicago Cubs since 1907. Since he has been a member of the Cubs he has played wherever needed and has always shown to good advantage.

This season has been really his best and he is now batting about .235

and his fielding has been good. He has filled in at shortstop and third base, and in each position has been at home. After Sunday's game at Cincinnati, in which Zimmerman got three singles, Chance said of him:

"Zimmerman will play second base in the big series, and mark my word he will acquire himself well."

In yesterday's game he slashed on two home runs and a triple, fielding perfectly.

Zimmerman is a native of New York and was born 25 years ago. He started in as a professional in 1906 with the Wilkes-Barre team of the New York state league, and made such a good showing that manager Chance didn't wait until the fall drafting period as several clubs were seeking the services of the young man, but bought him earlier.

In one of his early games as a member of the Cubs he made four errors at shortstop and cost his team a game. Nevertheless Chance declared after that game that he had another star in tow, as his errors proved that he was a player that would go after everything.

Zimmerman weighs 180 pounds and is 5 feet 10 inches in height. He bats and throws right-handed. He is a patient waiter, a hard hitter, speedy on the bases and above all a runner.

PUNTS AND DROPS

The Toronto Globe says:—

"Fleming, the ex-Dalhousie half, was tried out by Toronto A. A. C. in their junior game with Parkdale on Saturday, and will figure on the senior team in their opening senior O. R. F. U. game with St. Michael's College on October 8. He looks like the find of the season. Allan Powell will also be playing against St. Mike's."

Fleming made the only point T. A. A. C. scored against Parkdale and looks good for senior company.

Rugby results in the Old Country on Saturday were as follows:—

Harlequins 38, Richmond 0.

United Service 11, Blackheath 0.

Rosslyn Park 8, London Scots 8.

Newport 6, Merchant Tailors 3.

London Welsh 0, Torquay 0.

Leicester 9, Devonport 6.

Bristol 9, Cardiff 3.

Swansea 12, Gloucester 0.

Neath 11, Pill Harriers 0.

Llanelli 24, Bridgend 3.

Pontypool 3, Cheltenham 0.

Fredericton City always had difficulty in getting forwards and is experiencing the same difficulty this year.

Dave McCann of the Ottawa Rough Riders who is expected here to attend U. N. B. about the middle of the month had his knee wrenched in a practice game at Ottawa Saturday.

He will be around again in a few days.

KING GEORGE

An English correspondent who accompanied the King, when Prince of Wales, on his Colonial and Indian tours, contributes an article to the current number of the "Revue de Paris," on the monarch, his methods, and his travels. Of his methods the writer says:

"To see everything, to study everything, to understand everything, to know about everything—there is the object which King George has constantly in view, when travelling or at home. Nothing escapes him."

"This visit to the Colonies brought him face to face with all the problems, all the interests, political, social, commercial, maritime, military, of that which is now his Empire, and he missed no opportunity to inform himself. These travels have had an influence on him and on his subjects which it would be difficult to exaggerate. He has been able to take stock of the most notable factors in the greatness of the British Empire."

.....

The following is a vivid appreciation of the King as an orator:

"He speaks admirably. His voice is clear, resonant and sympathetic. He addresses himself to his hearer's frankly, directly, and convincingly. His Colonial audiences listened to him with delight, never missing a word. Accustomed as they are, for the most part, especially in aristocratic and official circles, to an English which they understand with difficulty—drawing, affected, half-swallowed,—they were agreeably surprised to hear the pure, robust and perfectly articulated English of the Prince."

.....

"Why," exclaimed the Canadians, "he speaks Canadian!" And they asked themselves, "Why have we been sending our daughters at great expense to boarding schools in London and Brighton to acquire the right accent when our future King speaks with none of those affectations which we have always imagined to be the hall-marks of good breeding?"

"If King Edward was almost everywhere regarded as the arbiter of style, King George has already become for his subjects the arbiter of diction. His eloquence owes nothing to the arts of the demagogic rhetorician. It commands by its vigor, its sincerity, and its simplicity."

.....

An interesting story is told of a great hand-shaking feat which rivals the record of the most strenuous of American Presidents:

"In the course of a single morning at Melbourne he shook hands with 4,000 citizens of Victoria. And it was not a case of those casual, lackadaisical greetings, which do duty for hand-shakes in our old civilization, but of hearty, vigorous grasps, now and then even somewhat indiscreetly accentuated, administered by the sturdy sons of a nation specially gifted in this form of salutation."

.....

"Only once did the Prince pause for an instant to rub his hand. It was suggested that the presentation should be suspended to allow him a short rest, but he replied, 'Oh, no, I'll see it through.'"

"Next day a member of his suite asked if his arm were not tired after such an ordeal. His Royal Highness answered that he felt no discomfort at all in his right arm, but that his left was quite numb."

The writer concludes with a sketch of the King in which the following passage occurs:

"For his subjects beyond the seas he is not a mere name but a real personality known and loved. . . . while between him and his subjects at home a perfect understanding becomes every day more apparent."

CENTRAL KINGSCLEAR

The weather has been very favorable for harvesting.

Mr. and Mrs. Charles Poor are receiving congratulations on the arrival of a baby girl.

A pie social was held in Temperance Hall on Thursday evening. It was largely attended and every one present thoroughly enjoyed themselves. The proceeds go towards the building of a new fence around the grave-yard.

Miss Bailey has just returned from Europe where she spent July and August and was one of the Manito Teachers party who were on an official visit to Great Britain, Ireland and the continent. While there the party was entertained by some of the noblest families in the motherland at receptions, teas and garden parties. Among the hostesses were Lord and Lady Aberdeen, Lady St. Heber, Lord and Lady Middleton, Countess of Warwick, Archbishop of Canterbury and Mrs. Davidson, Mrs. Alfred Emmott, Sir Isaac Pitman & sons, Lady Clementine Waring, Rev. the Hon. E. Lyttleton (Head master at Eton College) Mrs. Austin Chamberlain and members of the House Commons. Miss Bailey is the daughter of Mr. and Mrs. Geo. H. Bailey of Calgary but formerly of Kingsclear and Miss Bailey is a graduate of Alma College St. Thomas.
