## FREDERICTON MOURNS DEATH OF JAMES FARRELL

Well Known and Esteemed Citizen Died Early Today--Filled Many Public Positions.

Fredericton lost a most worthy citizen and a most useful public official this morning in the death of Mr. James Farrell, principal assessor of rates and taxes, who passed away at his home on King street shortly after four o'clock.

Mr. Farrell was stricken with paralysis on the afternoon of the 7th inst., while sitting in his home conversing with his brother, Mr. Patrick Farrell. He immediately became unconscious and while there were times during his illness that he brightened up and seemed to recognize those about him, he never rallied from the attack and from the moment he was stricken until the angel of death entered his bed chamber he never gave utterance to a single word.

The news of his death, although it called forth expressions of regret on all sides, did not come as a surprise to the public.

The deceased gentleman was a native of Ireland, and came to New Brunswick with his parents, Mr. and Mrs. Patrick Farrell, when four years of age. The family remained for a time in St. John, and then removed to the Nashwaak. Mr. Farrell came to this city when twenty years of age and resided here continuously up to the time of his death. The only capital he possessed when starting life in this city was a rugged constitution, a good name and a desire to get along in the world. In his early years he found the struggle an uphill one, but by steady perseverance and hard work, he overcame all difficulties and steadily worked his way up to a position of great usefulness in the community and won the esteem and confidence of his fellow citizens.

### HIS OFFICIAL CAREER.

Mr. Farrell was elected assessor of rates and taxes in 1871 and was re-elected on the two following years. When the act was amended in 1874, and elections for the office of assessor abolished he received an appointment. Soon afterwards he became principal assessor and held the office down to 1893, when he resigned. In March of last year he was reappointed principal assessor and held the office at the time of his death. He gave the most careful attention to the discharge of his duties and was regarded as the best posted man in the city on property values.

Mr. Farrell served as a member of the board which made a revaluation of city property about ten years ago under authority of an act of the assembly.

In addition to his duties as assessor Mr. Farrell for twenty years filled in a most satisfactory manner the important position of inspector for the Local Board of Health, and was

a member of that body at the time of his death.

In 1884 Mr. Farrell was appointed Indian agent by the Dominion government for the St. John River district, and held the office until March of last year, when he resigned. The duties of this office were often very exacting and called for the exercise of great patience and tact, but Mr. Farrell proved himself the right man in the right place. He was firm yet just in his dealings with the Indians and always did his utmost to promote sobriety and morality on the reserves. His annual reports to the department were prepared with extraordinary care and the work of his office was done in the most methodical and painstaking manner. Indeed, this was characteristic of all work which he performed.

Mr. Farrell was for many years secretary of Forest Hill Cemetery Co.; he was also employed as forest ranger for the U. N. B., and he at one time filled the office of fire inspector.

In religion Mr. Farrell was a devout Roman Catholic, and he was recognized as one of the most prominent laymen of that denomination in New Brunswick. He was a generous contributor to the funds of the church and was always willing to serve on a committee or perform any duties likely to help along the cause. For over fifty years he was connected with St. Vincent de Paul Society, a charitable organization of the R. C. Church, and was active in promoting its work among the poor and needy. He has served as trustee or executor for many estates, including that of the late Rev. Father McDevitt for many years parish priest of Fredericton. Many unostentatious deeds of charity stand to the credit of Mr. Farrell, and in many homes in this city and vicinity his death will be regarded in the light of a personal loss.

The late Mr. Farrell was in his 76th year and a widower, his wife, whose maiden name was Miss Mary McGowan, having predeceased him by nineteen years. He is survived by a family of two daughters, Mrs. James E. Barry, of Fredericton, and Sister Mary Joseph, of St. Vincent's convent, St. John, and six sons, viz., Peter Farrell, head of the firm of Peter Farrell & Co., and Andrew Farrell, of this city; John, Joseph and Patrick, of Butte, Mont., and James of Boston. Ex-Ald. Patrick Farrell, of this city, is a brother of the deceased.

The funeral will take place on Wednesday morning at nine o'clock, with services at St. Dunstan's church. The mayor and members of the city corporation will attend in a body. Friends are requested to omit flowers.

## TO LENGTHEN PERIOD OF NAVIGATION

Major Stephens Talks of Ambitious Scheme of Montreal Harbor Development--To cost \$6,000,000.

Montreal, April 17.—Major George W. Stephens, who returned today from Europe, announces that work on the great Montreal harbor scheme will be begun tomorrow and that an expenditure of \$1,500,000 annually will be made for about four years.

The commissioners working harmoniously with the government will produce results that will give Montreal an open port eight instead of six months in the year.

The section to be started this year, will be the raising of the Victoria from a low to a high level wharf, giving accommodation for twenty-five instead of twenty large ocean steamers in the port proper; the construction on a high level double track railway from Victoria pier eastward seven miles, to be eventually taken round the island, besides dredging a good portion of the harbor.

The chairman says that there is no doubt whatever with improved ice breakers that the announcement can be made to the world that two months more of navigation can be added to the present time.

Two new steamship lines, the Canadian Northern and the Italian line from Naples, will send their boats to Montreal this year.

Speaking of Montreal's importance as a shipping point, he says that the terminals here of the C. P. R., G. T. R., and C. N. R., embrace 1,800 acres.

"How do you explain this charge that beef magnates sell their product abroad cheaper than at home?"

"Patriotism," replied Mr. Dustin Stax. "They believe that the nation of meat-eaters is likely to be at a disadvantage in the event of any conflict."

## QUEBEC VILLAGE DESTROYED BY FIRE

Cigarette Stub Causes Disastrous Blaze--Loss Estimated at \$40,000--Protestant Church Burned.

St. Eustache, Que., April 17.—Fire today swept through the centre of the village here, completely destroying sixteen houses and the Protestant church, and causing damage estimated at more than \$40,000.

The fire started in the centre of the village, and was swept northwards by a strong wind. For a time it looked as though the entire north end of the village would be destroyed, the efforts of a volunteer fire brigade with a hand pump proving almost useless.

Aid from Montreal was telephoned for, and a detachment of firemen were sent from there by special train, who speedily got it under control with an ample supply of water from the river. The fire was started in the centre of the village, in a wood yard, being started by a stranger, who threw a cigarette stub into a pile of rubbish. The wood yard burned fiercely, and the flames were soon beyond the control of the local authorities, and swept down the main street of the village, burning a number of small business places.

Most of the houses burnt were frame, but the Protestant church was a stone edifice. All were completely destroyed and the sixteen homeless families are now being taken care of by their more fortunate neighbors. Few of the people had any insurance the total amounting to only \$5,000 or \$6,000.

Paris, April 18.—The extensive manoeuvres of the French fleet which will begin May 15 will be based on the assumption that France is about to be attacked. In addition to all the ships of the navy the forts will participate in the manoeuvres.
