Give your servants **GOLD DUST** to clean with, treat them rightly and you will have few occasions to insert a "help wanted" ad

They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without **GOLD DUST** is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—**GOLD DUST** is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

Your servant can do more and better work and keep sweet with the aid of **GOLD DUST** in all household cleaning.

Makers of FAIRY SOAP, the oval cake.

HOOF BEATS

Aileen Wilson, 2:02½, is rounding to, but will not be in shape to leave Hills Grove before the last of the week.

The veteran Henry Pope has had a pretty fair sort of pacer at the races this year in Buster Brown, 2:11½.

Sir R. 2:12½, lately paced a half over the Cleveland track in 59½. A mile in 2:03½ is also charged up against him.

Ruby Lacy, who has a pacing record of 2:07½, has shown as fast on the trot and will be campaigned next season.

The game is pretty severe when they race better than 2:09 over a twice-around here in New England late in October.

Jack Hill is at Walnut Hall farm, helping John Duncan get the youngsters in shape for the midwinter sale in New York.

Achille, the Great, a 2-year-old by Achille, 2:15½, has placed the record for a trotter of his age bred in the Maritime provinces at 2:30.

Kilpatrick, 2:21½, the two-year-old brother to Grace 2:08 and Czareona, 2:07½, will be in stud at Patchen Secley's American Star.

AthleticsINJURIES OF U. N. B. PLAYERS
NOT AS SERIOUS AS SUPPOSED

Red and Black Expected to Adopt New Tactics in Game Against Acadia on Monday—Fredericton City Unable to go to St. John Tomorrow.

The U. N. B. football team arrived here last night somewhat dispirited from its severe defeat at Sackville, yet determined to do its best against Acadia on Monday. The cripples are not in as bad condition as was supposed. Machum appears to be the one who is most seriously injured. The muscles above one of his knees are severely bruised and it is doubtful if he will be able to play again this season.

McGibbon's injuries, which were at first thought to be very serious, are not expected to keep him out of the game. He has been examined by a physician and pronounced fit to play. Kuhring, whose weak knee was injured in the game at Sackville, will be able to get into the game again, but will be liable to be injured.

The other cripples including McNair and Alexander are expected to be on hand for Monday's game with Acadia.

MAKE NO PROPHECIES.

"We will do our best against Acadia here next week," said Capt. Kinghorn to a representative of the Mail last night.

"You're not making any prophecies concerning the result of the game," was remarked to the U. N. B. leader. "No," was the reply, "not after yesterday's game."

MT. ALLISON PICKED.

The U. N. B. men pick Mt. Allison to win the Intercollegiate Championship and the King-Richardson trophy. "It looks that way now," remarked

Capt. Kinghorn yesterday. "However we will be able to tell later, after the game with Acadia."

There was no U. N. B.—Moncton game yesterday at Moncton, the Red and Black squad being so badly crippled that a full XV. could not be put on the field. Moncton would have had a financial loss had the game been played however, and was rather pleased that the college team did not play.

CHANGE IN TACTICS.

It is but a short time before the Acadia game, but the U. N. B. squad will do what work it can in the meantime. It is quite likely that Monday's game will see a marked change in the style of game played by the Red and Black, as many things were learned in the game at Sackville. So far it is not known who will referee the game. U. N. B. has heard nothing from Acadia on the subject.

ST. JOHN GAME OFF.

The Fredericton City-Algonquin game, which was to have been played in St. John on Saturday, was called off last night, several members of the Fredericton team not being able to get away. Fredericton has offered to play in St. John on the 12th instant. The Algonquins are trying to get Moncton to play at the winterport tomorrow.

The U. N. B. second team was scheduled to play the Provincial Normal School at College Field yesterday, but the game was called off, the P. N. S. being unable to play.

SUMMER BASEBALL

FOR COLLEGIANS TO
BE UNDER CONTROL

New York, Nov. 3.—New football, summer baseball for collegians, track athletics, basketball and the advisability of forming leagues of the colleges and universities in certain sections of the country will come up for discussion at the fifth annual convention of the intercollegiate athletic association of the United States in this city, Dec. 29.

A proposition to change the name of the body to the National collegiate athletic association also may be considered. This is because the influence of the association has become so extended. Seventy-one universities and colleges, representing more than 100,000 students, are members of the body.

Capt. Pierce, president of the association, says: "It is proposed to change the constitution so as to give representation on the executive committee to leagues, such as that of the New England states, the Western Pennsylvania and West Virginia league, the Ohio valley, the Southern intercollegiate, and the Missouri valley conferences and the Chicago association. It is thought a greater working interest in the affairs of the national organization can thus be fostered."

U. N. B. COEDS PLAYED

GOOD COMBINATION
GAME AT SACKVILLE

An account of the basketball game at Sackville, in which Mt. Allison Ladies' College defeated the U. N. B. Co-eds 19 to 4, says the following: "A unique feature of the game was contributed in the fact that it was played under two codes of rules, the first half under those governing the game at U. N. B. and the latter under those of Mount A.

"Under their own rules, the U. N. B. girls showed up splendidly and play ran even, this half ending with the score tied at 4-4. The visitors showed nice combination and if anything had more shots at the basket than the girls of the home college. Their shooting was not so accurate.

"From the toot of the whistle in the second installment, it was nothing but Mt. A. Under their own rules, they simply walked away with their opponents and a steady rain of shots bombarded the U. N. B. basket, the half and game ending with the score standing, as before stated, 19 to 4.

"Mr. Adam McKean acted as referee."

Wilkes Farm next spring. It is stated on good authority that Roy Miller's father, Guy Miller, is the only gentleman living that has driven both Hambletonian 10 and

ACADIA FACULTY

OBJECT TO TEAM
PLAYING HERE TUESDAY

The Acadia-Fredericton City football match which it was hoped to arrange for Tuesday has fallen through. The manager of the Acadia team has written that the second offer of the City team was placed before the Acadia A. A. A. and the latter accepted it on condition that the consent of the faculty be obtained. The faculty, however, did not see fit to grant that consent and the Acadia team will leave Fredericton on the evening of the game with U. N. B. The objection of the powers that be was that the Wolfville team would be away four days to make the trip here to play U. N. B., and that an extra day could not be allowed.

The Fredericton team is disappointed as it was expected that Acadia would put up a rattling good game with the City.

PLEASING RECEPTION FOR

U. N. B. FOOTBALL TEAM

Sackville, Nov. 3.—Old Mount A was en fete last night and the reception given in honor of the visiting U. N. B. football team, proved an unequalled success from every standpoint. More so, however, by virtue of numbers, it being one of the largest of such functions in the history of the University. Nothing was left undone that would make for an enjoyable evening for all visitors and a right good time was the result.

Contrary to custom the reception was held in the University Residence and not at the Ladies College, as on former occasions. This arises from the fact that the Athletic Association "At Home," October 14, was being held in the latter rooms, owing to the illness of certain members of the Athletic squad, and last night's reception was thus arranged to sort of even up, so to speak.

The programme for the evening consisted of six "topics" with a pleasing musical selection marking each.

The programme rendered was as follows:

Vocal Solo, (selected)—Mr. E. E. Spicer

Violin Solo, "Rosini's Tell"—Mr. E. C. Ross.

Vocal Solo, "The Brave Sentinel"—Paul Rodney, Mr. C. H. Cochrane.

Reading, "Gentlemen, the King!"—Miss H. Kingston.

Pianoforte Solo, "Concert Study of Leylach," Miss Louise Bennett.

Vocal Solo, (Selected).

Owing to the unavoidable absence of Miss H. Kingston, the reading down on the programme to be given by her, had to be omitted, and Mr. Cochrane, who was down for a solo as the third number, delayed its rendition until the fourth topic was on.

This left the programme a purely musical one, and every number was listened to with rapt attention.

DR. CUTTEN THINKS

TOO MUCH PROMINENCE
IS GIVEN ATHLETICS

Too Much Ill-Feeling Among Colleges on Account of Athletics—Self-Control Needed.

Wolfville, Nov. 3.—President Cutten gave an interesting address on athletics to the students of Acadia College yesterday morning. He showed how athletics are abused and made evil when it is entirely unnecessary that such should be the case.

"Every person should be sanely fond of athletics," said he. "The evil in athletics it when they are carried to extremes. Lots of people condemn football who have never even witnessed a game and they do not know why.

The president continued with emphasis: "No one has ever accused me of being unfavorable to athletics. I agree with athletics when they are kept in the proper sphere. These are such a thing, however, as over-valuation of athletics, that is when the physical rather than the intellectual is admired.

In speaking of college athletics in particular, he remarked: "All of the students of the college cannot be on the various athletic teams, this only the choicest athletes are chosen to represent the institutions, and this does not give the other students a fair show. We are waiting for some man of brains to invent a game that will include one hundred or two hundred students giving them all exercise and an equal chance.

ATHLETICS TO BLAME

"There is too much ill feeling among the colleges because one institution has better athletes than the other; The emphasis should be laid on the intellectual rather than the physical. Athletics have always been highly esteemed by all civilized people. They have a right to be admired too, providing the intellectual is admired more.

"Man must be master of his own body. Athletics teach this. Quick thinking is adopted on the football field, it is not habitual.

"College athletes can keep up their studies as successfully as other students. I will never take for an excuse the plea that a student was so busily engaged in athletics that he could not attend to his studies," the president remarked emphatically.

"Team work counts more than any thing else in a game. It isn't a question of rather one man does the work of the whole team. Players are taught to rely on one another. Cooperation, self control and unselfishness are all valuable lessons which are taught by athletics. They also teach patriotism and the players go into a game determined to win glory for their respective teams."

BOXING NOTES

Arthur Cote and Kid Mercier will clash in Lawrence Nov. 10.

Jimmy Moriarty will meet Maurice Lemoine in Webster Nov. 9.

Patsy Kline is ill with pneumonia and has canceled all his bouts.

Bert Keyes will meet Jack Britton at Savannah Nov. 11.

Jack Redmond of Milwaukee, has been signed to box Lew Powell at Fort Wayne, Ind., Nov. 21.

Ed. McGorty, the Oshkosh middleweight, will make another trip to England, where he has been promised three matches.

If Sailor Burke should defeat Klaus at the Armory A. A. next Tuesday night, McIntosh is likely to cancel his offer to Klaus.

Jim Barry has been matched to box Joe Jeannette at the Armory A. A. Nov. 15. On the previous night Jeannette will box Al Kubiak in Brooklyn, and on Nov. 24 Jeannette will meet Black Bill in Brooklyn.

Frank Klaus, the Pittsburgh middleweight, has accepted Promoter McIntosh's offer of three bouts in London, but will not stand for Papke as one of the three men he will meet. He wants a special match with Papke, and he wants as much money as Papke received, figuring that his services are worth just as much as Papke's receives. No time has been set for Klaus to go to England.

Mrs. Alfred Merrithew, Woodstock, and Miss Pickhard, visited Miss Ebbett last week.

The topic card was a neat and attractive little affair, having the colors of both Universities on the cover with the inscription "In Honor of The U. N. B. Fifteen," together with the programme before mentioned, six blank lines for the reception of the autographs of a corresponding number of fair "topicers," and on the back, the lineup of each team, all contributing to make a neat little souvenir.

Several visitors from outside points attended the reception.

SANS SOUCI MEETS

QUEEN HOTEL TEAM

NEXT MONDAY

Arrangements were made yesterday for a series of five games between the Sans Souci and Queen Hotel bowling teams. Two games will be bowled on the Arctic Rink alleys and two at the Queen Hotel. There will be a toss up for the deciding game. The first game will be rolled on the Arctic Rink alleys on Monday night.

The teams will be as follows:—
Queen Hotel. Sans Souci.
D. B. Winslow F. P. Hatt
Harold Colwell Alex. Staples
J. E. Giles Frank Lingley
Chas FitzRandolph Frank Vanwart
J. E. Sullivan N. Dougherty

Y.M.C.A. CONVENTION

ANOTABLE GATHERING

(Toronto Globe.)

The Young Men's Christian Association Convention, which closed its proceedings yesterday in Toronto, was second in interest to no other in the lengthening series of international gatherings of the last half century. The earliest of the kind was the one held in Buffalo in 1854, just three years after the first Associations on this continent were organized almost simultaneously in Montreal and Boston, and seven years after the original Association was organized in London, England, by Geo. Williams, and his eleven associates. Though the local societies were multiplied in number with great rapidity on both sides of the Atlantic, the phenomenal expansion of their work may be said to date from the commencement of these international gatherings, which have tended to keep the institution, if it may be so called, not merely non-denominational, but cosmopolitan. The advantages thus afforded has been made clearly apparent by the varied proceedings of the Toronto convention and by the character of its services.

It would be out of place in any mere notice of the meeting to attempt the most attenuated summary of its program; it must suffice to call attention to a few outstanding features of the great function. Perhaps the most obvious was the intense earnestness with which the whole atmosphere was charged, and which found prompt and varied expression at every favorable opportunity. This may be most pitifully defined by saying that the convention was in spirit and outcome not merely evangelical but evangelistic.

It may seem odd to superficial observers of such movements to say that closely and inseparably associated with this feature was another that to some people may seem incongruous with it; exceptional business capacity on the part of the organized convention. In this respect it will compare favorably with any convention that has ever been held in Toronto for any purpose or to promote any interest. Some of the "young men" who are prominent in the management are now well up in years, but they have been too much interested in the work to remember that they are growing old, and they are so young in spirit that the really young men about them never seem to feel the obvious disparity in years. The epithet "young" in the title of the Association is not merely fortunate but important.

The third notable feature was the conspicuous absence of every trace of nationalism. The great majority of the members were from the United States, of course, but they seemed to be more deeply interested in the work of the Association in other lands than in its work in their own. This was manifestly due to the fact that the needs of these other countries were unspeakably greater. The most forceful pleadings and the most pathetic descriptions were uttered in connection with the work in half-civilized countries, where the Young Men's Christian Association has rendered an immense service to the cause of missions by doing auxiliary work which the missionaries are not equipped to perform.

Socially the gathering was conspicuously successful. It will remain long in the memory of the people of Toronto in this regard. The leading men have been so much accustomed to such gatherings that they easily accommodate themselves to each new place of meeting; being very much at ease themselves, they soon put others at ease also, and matters go on in a way that closely resembles normal routine. The Spirit was from first to last singularly fraternal.

VALUE OF UNITED STATES
FARM PRODUCTS

The head of a large United States corporation making farming machinery is authority for the statement that at present prices the value of the agricultural production of that country for this year will not be under \$9,500,000,000. Of this \$2,000,000,000 represents the profit to farmers, which is within \$350,000,000 of the estimated net value of the production of all the mines during the current year. Since 1900 American farmers have produced \$78,000,000,000 and have discharged mortgages on their farms amounting to \$6,000,000,000. Holdings of the farmers are \$3,500,000,000 greater than the capitalization of the steam and electric railroads, and the manufacturing of the country.
