The deceased was formerly a Miss Dunphy and was a native of Kingsclear where she resided all her life. She was a lady of most kindly disposition and was beloved by all who knew her. Deceased, who was aged 66 years, was formerly employed here as a patent leather worker, and later resided at St. John, returning some years ago to Lower St. Mary's. At one time he conducted a public boat livery in this city. One son, Charles, who resides at Plaster Rock, and a widow, survive. The funeral will take place tomorrow afternoon at 2.30 o'clock. Rev. Dr. W. H. Smith will conduct the service. Interment will be made at Sunny Bank Cemetery.

The Royal Black Knights, Scarlet Chapter and Orangemen were also in attendance. The deceased was chaplain of Wilmot Lodge, P. A. P. B.

The funeral procession, headed by the 71st Regt. Band, left the late residence of the deceased, Saunders St., at 3.30 and proceeded to the Rural Cemetery, via Westmorland and Brunswick Streets, and Woodstock Road. Service at the house was conducted by Rev. Neil McLaughlan, assisted by Rev. J. J. Colter. At the graveside the funeral service of the "Prentice Boys" was held.

JUNIORS WON DEBATE.

The final debate in the inter-class series at the U. N. B. took place on Saturday night when the Junior team won the decision over the Freshmen. This gives the class of 1912 team the championship of the league. The Juniors argued for the affirmative and the Freshmen for the negative. Dr. Carson and Professor Day acted as judges. The teams were as follows: Juniors.—J. T. Hebert (leader), G. H. Cockburn, Floyd, H. F. Barnes, E. R. Macnutt. Freshmen.—H. Somers (leader), Bowes, Flett, K. Baird and Laughlin.

CHANGES IN CITY HALL HEATING SYSTEM THOUGHT NECESSARY

Blind Piping Makes Cost of Heating Building About Double What it Should Be.

Extensive alterations in the heating apparatus of the City Buildings are proposed and it is likely that City Engineer Feeney will make a thorough inspection of the steam heating system and report to the City Council on its condition.

An examination of the boiler at the City Hall has been made and it has been found to be in first class condition in spite of upwards of twenty-five years service. The defects of the heating system lies in the piping, however, and not in the boiler. Blind-piping was adopted throughout the building at the time of its construction and the result has been that much more fuel than necessary has been used in heating the building. The steam pipes in all parts of the building are laid next to the brick-work with the result that much of the heat is lost. It is estimated that if the heating system were modernized, the cost of heating the building would be reduced by one half.

FOUND NO SCALE.

When the boiler at the City Hall was cleaned on Saturday, it was found that there was not a vestige of scale on the inside. This fact disproves the story that the filtered water used in the city as a result of the admixture of chemicals in the process of filtration, produced scale on boilers.

An estimate of the cost of alteration of the heating system has not yet been made, but will be prepared as soon as possible. It is expected that the cost will be considerable.

POLICE SEARCHED FOR LIQUOR BUT WITHOUT SUCCESS

Offense of Keeping Disorderly House Acknowledged and Fines Imposed—Private Hearing Tomorrow.

Armed with a search warrant the police on Saturday night visited a residence on Regent Street and searched for liquor. None was found on the premises. Some empty barrels which might have contained liquor at one time were discovered in an adjoining barn but did not belong to the owner of the premises.

Those who made the search were the Chief of Police and Policemen Gunter and Hartt. The search was made on account of a report that three barrels of liquor had been taken to the place in question at five o'clock Saturday morning.

RUMOR OF ANOTHER CASE.

It was reported today that a local druggist who has recently been charged with violation of the Canada Temperance Act had been reported for still another similar offence. Papers had not been made out, however at noon.

HEARING WILL BE PRIVATE

The hearing in the case against a woman and a man charged with being inmates of a disorderly house in Kingsclear on the Woodstock Road will take place tomorrow morning but will be private. City Marshal Roberts will be the principal witness for the prosecution. It is understood that his information was obtained in the latter part of October.

OFFENCE ACKNOWLEDGED

Daisy Wilson, charged with keeping a disorderly house on the Woodstock Road, appeared before the Police Magistrate this afternoon and acknowledged the offence. A fine of one hundred dollars was imposed and paid. A man charged with a similar offense was fined fifty dollars.

SCOTT ACT CASES

In the police court this afternoon a local druggist was fined for a first and third offense against the Canada Temperance Act. A first offense case of similar nature against a restaurant keeper was dismissed for lack of evidence.
