Miss Julia Mix

New York, June 9.—A special effort by the Executive Committee to round up the sluggards resulted in one of the largest fields that have graced the event in years turning up at the links of the Montclair Golf Club for the eleventh annual championship tournament of the Women's Metropolitan Golf Association. Miss Georgiana Bishop, of Brooklawn, and

Miss L.B. Hyde.

Mrs. C. T. Stout, Richmond County Country Club, both of them previous holders of the title, were notable absentees, but to offset this there was a new star in the field, in the person of Miss L. B. Hyde, of the South Shore Field Club, of Baysboro, L. I., the runner-up for the Southern Florida championship, who was making her debut in a metropolitan gathering. Miss Julia Mix, Englewood, was

also forward to defend the title she won last year at the Nassau Country Club links, and she and Miss Hyde as it turned out, were the players on whom devolved the pacemaking for the field. Both returned cards of ninety, which tied them for the medal, one stroke ahead of Mrs. W. Fellowes-Morgan, Baltusrot, who succeeded in covering the second part of the course in 42.

NATIONAL LEAGUE.

Boston, June 9.—By winning a very exciting game from Boston 7 to 6 today, Pittsburgh made it two consecutive eleven inning wins over the locals. Wagner regained some of his lost batting prestige by making a home run in the seventh inning with one on base, tying the score. Each team scored twice in the ninth on clean hitting and errors. Byrne's two banger in the 11th sent in the winning run. Manager Lake of Boston, was put off the field for disputing a decision. The score by innings:

IMPERIALS WON FROM NASHWAAKSIS 8 TO 3

Rain Fell During Five Inning Game
Last Night—Good Game Under
Existing Conditions.

The Imperials got away with the Nashwaaksis Shadows at Scully's grove last night in a five inning game. The score was 8 to 3 considering the fact that rain fell heavily during the first part of the match and that the ball was wet and slippery the game was a good one. McLean pitched a remarkably good game under the conditions and controlled the slippery sphere well.

Nashwaaksis started well but timely hitting by the Imperials coupled with errors by the Shadows melted the Fredericton team four runs in the third inning. The visiting nine did not score after the second inning.

The line-up was as follows:
ImperialsNashwaaksis
McLean,pitcherGreen
Dolan,catcherF. Hughes
R. Chappell,1st basePugh
Ryan,2nd baseH. Bailey
Walker,3rd baseC. Willis
Burgoyne,short stopO. Bailey

Umpire—R. Brewer.

Score by innings:
Imperials2 1 4 1 x—8
Nashwaaksis2 1 0 0—3
A feature of the game was Ryan's single which he stretched to a home run when the ball was lost behind first base.

Tanker Hughes did the catching for Nashwaaksis and also displayed his usual tendency to kill the ball when he was at the bat.

O. Bailey at short-stop for the Shadows handed the ball in good shape.

P. E. I. WON MARITIME PROVINCES RIFLE MATCH

St. John, June 10.—The Maritime Rifle Match, which was shot on the local rifle range yesterday was won by the Prince Edward Island team with a score of 739. The Nova Scotia team also made a total of 739, but as the Island team made the highest score at the 600 yards' range, they were awarded the championship. The Nova Scotia men, however, came within one point of tying the Island riflemen at the 600 yards' range. The New Brunswick marksmen did not appear to be in their usual form, and could only aggregate 722 points at all three distances. Generally speaking, the day was an ideal one for the match, there being little or no wind throughout the entire shoot. However, the 600 yard match was not completed until late in the afternoon, and as a consequence some of the men were compelled to shoot in a heavy downpour of rain, which interfered somewhat with their scoring.

Jim Howard has called off his match with Bill Papke which was to take place in Kansas City next week. Joe Geary of Roxbury and Tug Kennedy of Northampton have been matched to box in Ware, Mass. June 16.

WHERE CANADA LEADS

Leading American Journal Refers in Appreciative Manner to Certain Policies Pursued in Canada Which Have Proven of Much Advantage

(Halifax Chronicle.)

The Boston Transcript, one of the ablest and most influential newspapers in the United States, frankly concedes that on certain broad matters of public policy Canada has pursued a course the results of which are more satisfactory than has been the case in the United States. Among these, the Transcript mentions our disposition of the Indian problem, our regulation of immigration and our conservation methods. Special reference is made to the Canadian Industrial Disputes Act of 1897, which has now been in operation for two and a half years—a period sufficiently long to afford a reasonable test of its efficiency and value.

The scope and working of the Act are reviewed in the latest quarterly publication of the United States National Bureau of Labor, by Dr. Victor S. Clark, who explains the purpose of the Lemieux Act and states some of the things it has accomplished. Dr. Clark, who is associated with the Bureau of Labor, spent several months in Canada last year, studying the operation of the Act. He notes that it applies to all public utilities, including municipal service corporations, transportation companies of all kinds and occupations subsidiary to transportation; also coal and metal mines.

The application of the law to railway disputes, he says, "covers what would be the chief field of jurisdiction of a similar Federal Statute, should one ever be enacted in the United States." Under its provision with respect to those industries where it is operative, Dr. Clark goes on to say, it becomes unlawful for employers to lock out their workmen or for employees to strike until an investigation of the causes of the dispute has been made by a Government Board appointed for each particular case, and its report made public. It usually tries by conciliation to bring the differing parties to an agreement.

Each Board controls its own procedure. It has no power to force men to work against their will, or employers to give them work. It is in no sense a scheme of compulsory arbitration. After the Board has made its report the strike or the lockout can proceed as if no action had been taken, though the public is more likely to be informed as to the merits of the dispute, and the force of public opinion becomes more potent accordingly. If drastic action is taken by either parties before the Board has acted, the employer is liable to a fine of from one hundred to a thousand dollars and each striker to one varying from ten to fifty dollars.

During the last session Bills embodying some of the provisions of the Canadian legislation were introduced in the Legislature of New York and Wisconsin. In the former State it has never emerged from the committee. In the latter it has received somewhat extended consideration, though not yet enacted into a law. It has been opposed there by organized labor on the ground that it would weaken the unions, but in Canada, Dr. Clark notes, the law has been found difficult of application only in those cases where labor was not well organized.

Commenting upon Dr. Clark's admirable review of Canadian effort to minimize the evils of industrial troubles, the Boston Transcript emphasizes that "the most apparent value of the Lemieux Act is in giving opportunity for the sober second thought which frequently counts a good deal. It is a frequent declaration of one side or the other in a labor controversy that 'there is nothing to arbitrate.' Under the provisions of this Act, that question is determined by a more impartial tribunal than the parties interested, and the public is not left so much in the dark as on this side of the border, with respect to matters that affect its welfare."

EDDIE RAMSEY MAY GO TO WOODSTOCK

St. John, June 10.—Eddie Ramsey, the crack second sacker in the All-St. Johns, may leave the city shortly to join the Woodstock team in the Northern Maine-New Brunswick League. Eddie, it is said, has received a flattering offer for his services and the speedy little infielder is said to be seriously considering the matter.
