Give your servants GOLD DUST to clean with, treat them rightly and you will have few occasions to insert a "help wanted" ad

They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without GOLD DUST is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—GOLD DUST is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

Your servant can do more and better work and keep sweet with the aid of GOLD DUST in all household cleaning.

### "BIG CHIEF" BENDER MAINTAINS GREAT PITCHING STANDARD

Phillips of Pittsburg Leads National Twirlers—Cole Fell Back Last Week.

Following are the records of the boxmen of the National League, leading. The figures include the games of Saturday. The defeat of Cole, star pitcher of the Cubs, at the hands of the New York Giants, cost him first place in the standing of the pitchers. Phillips, the hero of many grueling contests, supplanted him and it would not be at all surprising if the Pittsburgher finished ahead of the young Chicago artist. Phillips won a game last week from the Phillies.

The records:

Following are the records of the boxmen of the American League, leading. The records include the games of Saturday. No change was made in the standing of Bender and Coombs of the Athletics last week. Coombs alone pitched a game. He held Cleveland to no runs, but Fawell of the Naps was equally as successful. Bender is not being worked by the astute Connie Mack, but is being reserved for the world's series.

### HILLIARD LANG WAS

#### EASY FOR BOB MOHA

Buffalo, Sept. 27.—Wild Bob Moha of Milwaukee, conqueror of Jimmy Clabby and challenger for the welterweight championship, last night made short work of Hilliard Lang, the aspiring Canadian welterweight, beating him decisively in one round before the members of the Buffalo S. C.

Lang landed about three short punches on Moha in the first minute before Moha started. Rushing into a clinch Moha landed a terrible right jab on Lang's jaw, sending him to the canvas. Lang rolled over and rose with a dazed look and utterly oblivious of where he was.

Moha stepped in with two crashing punches with either hand, and again Lang went to the canvas. He was up at seven, and Moha walked coolly over and dropped him again with a right-hand blow on the jaw. Lang's seconds crept across the ring to him but the Canadian champion had had enough and tried to crawl through the ropes, disqualifying him self before the referee had a chance to count the full ten.

In justice to Long the charge of quitting must be tempered with the admission that he had no idea of what he was doing and was practically out after the first punch although he managed to keep his feet. Moha amazed the spectators by his terrific punching powers and he is hailed here as a coming champion. He is cool, fast, has a puzzling defence and hits like a young battering ram.

He challenged Mike ("Twin") Sullivan and Harry Lewis and is willing to bet several hundred he can beat either. He may be matched with Mike ("Twin") here.

### FREDERICTON SPRINTER

#### WON IN ENGLAND

London, Sept. 27.—Elbridge Eatman beat Major Taylor of Tasmania in a race of 130 yards at Pontypriid for £100, by a foot. The time returned was 12 4-5 seconds.

The St. John newspapers claim Eatman as a Carleton man. As a matter of fact he lived in Fredericton for years before going to St. John. He is a member of a colored family well known here. He has been running in England for some years.

#### AT ROCHESTER RACES

Rochester, N.Y., Sept. 27.—With the Wright Bos. aeroplane as the chief attraction and scores of other features more common to county fairs and cattle shows, the 35th annual Rochester fair was opened today, and in spite of the disagreeable weather conditions, more than six thousand persons passed through the turnstiles.

Three races were on the card, and two of them, the 2.25 pace and 2.29 trot were won in straight heats, although not without a contest. The third event, the 2.21 trot, went five heats without a winner and will be completed tomorrow. Ben Como was the winner in the 2.25 class, and Hazelwood in the 2.29.

### HAL CHASE BECOMES

#### MANAGER FOR FARRELL

New York, Sept. 27.—Hal Chase has been appointed manager of the New York Americans by Pres. Frank J. Farrell today, to succeed George T. Stallings, deceased.

Mr. Farrell will Chase to take charge of the team yesterday after Stallings had been paid up in full to the date of the expiration of his contract. Stallings has nothing to say regarding his removal from the management of the team and has no immediate plans for the future.

Chase, the club's new manager has been with it since 1905. He is the fourth man to be entrusted with the management of the club, his predecessors having been Clark Griffith, Norman Elberfeld and Stallings.

The announcement of the change was made following a conference between Stallings and Farrell on the owner's return from Cleveland to say Pres. Farrell would not say today whether the appointment meant any more than that Chase would manage the team for the remainder of the present season. It is believed, however, that he will be in control in 1911.

Stallings would not talk of the trouble between him and Chase, which has led to his deposition.

Bonvola, 2:09 1/4 is lame and has been shipped home to Maple Valley farm.

Fred Hyde has already booked 31 mares to Scientia 2:14 for next season.

The people looking for racing material let a good trotter get away when Major Wellington was offered at the Readville sale last spring.

### SALVATION ARMY

#### OFFICIALS WILL WORK FOR C. N. R.

Col. Howell Will Take Charge of Great Railway Immigration Scheme—Southall will Assist.

Toronto, Sept. 26.—Lieut. Col. T. Howell, head of the immigration department of the Salvation Army, in Toronto, has resigned and will take charge of the big immigration scheme of the Canadian Northern Railway Company. G. F. Southall, who has been working for the Salvation Army under Lieut. Col. Howell, follows his chief to the railway company.

While the head offices of the new department will be in the Canadian Northern offices in this city, Messrs. Howell and Southall will do a great deal of their work in Britain.

The intention of the company is to bring out farmers and farm laborers from the old land and settle them on farms in Manitoba, Saskatchewan, Alberta and British Columbia, or in Ontario if newcomers desire.

Plans for assisting those who desire to take up land by loans, for the purchase of stock and implements, and instructing them for the first year or so in Canadian farming, are under consideration.

### PHOSPHORUS SMOKED

#### PUPILS OUT OF SCHOOL

Somersworth, N. H., Sept. 26.—Five pieces of phosphorus placed in some unexplained manner on a pile of cordwood, smoked the ninety students out of the high school this afternoon and started a fire which, if it had broken out at night, probably would have destroyed the building. When the school was closed for the summer recess, there were five jars containing phosphorus in the laboratory.

All except one jar had disappeared when the school was re-opened two weeks ago. How it disappeared and by what means the pieces reached the wood are mysterious.

The acting janitor saw smoke pouring from the basement but could find no fires. Fearing the 40 tons of soft coal were burning, the school was dismissed. After water and chemicals had been poured upon the coal, the source of the smoke was discovered. No damage was done.

Mottled gray, hard finished material, exactly like men's suiting, is used for the severely tailored coat and skirt costumes by women who have a prejudice against the fashionable rough fabrics.

### THE NEW HOUSEHOLDER.

Who sits under my roof-tree?  
One whom I have not known;  
He dug not the old foundations,  
He laid not a single stone;  
Where a thousand echoes greet me,  
He hears no word nor breath,  
And the walls that to me are lettered,  
To him are as blank as death.

Here I come as a stranger,  
Faring at his behest;  
Here he rules as the master,  
Greeting a haunted guest;  
For, as I sit by his fireside,  
Faintly I see and hear  
The light of a bygone presence,  
The call of an old-time cheer.

Here I weep in the darkness,  
(Hark, how the old griefs cry!)  
Here she lay in her beauty,  
She who can never die.  
Aye, tho he pay the purchase,  
I have the right divine!  
His is the shell—the shadow—  
The soul of the house is mine!  
Marion Couthouy Smith, in The Literary Digest.
