**PETER FARRELL & CO.****Campbelltonians Busy Making Preparations For Rebuilding**

Shives' Lumber Mills will not However Remain in the Town, But the Industry will be Taken Elsewhere--Religious Services Held in the Open Air Yesterday--Provincial Health Officers Arrive--Several Committees Appointed to Take Charge of Affairs.

Campbellton, N.B., July 17--It seems barely possible, almost incredible, that only last Sunday night thousands of people, happy and contented, inhabitants of the busy, thriving town of Campbellton were comfortably seated in pretty, cosy, little churches, while tonight only about 500 of the populace remain to gaze reminiscently upon a pile of ashes, all that remains in the path of the fire of the following evening.

Tonight there was no church and the good people, who were present at the worship of their God last Sunday are now widely scattered in various sections of the country. Some of them have even gone as far as the western coast of the continent while others have but crossed the home river, but at all events it would be impossible to assemble tonight even one-fifth of the congregations of a week ago.

**GREEN SWARD AS CHURCH; SKY FOR ROOF.**

The handful of fire sufferers still remaining in the desolate forsaken town, however, did not forget their faith today, but in the open air gathered in fairly large numbers to worship the God of all. Service was held both by the Catholics and Protestants, the former on the site of their Church of Our Lady of the Snows, and the latter in the school grounds.

With a few rough boards, on which placed a draping of white to serve as an altar, with the canopy of a cloudy threatening sky above him, Rev. Father Wallace solemnized holy mass this morning and spoke to the faithful on the goodness of God in being so merciful to the people of Campbellton that no fatalities had occurred in addition to the horror of the fire.

The service was most impressive. At the front of the crude altar knelt the nuns of the Hotel Dieu, and behind them knelt the Catholics among the townspeople, the men with heads uncovered in the presence of their Master.

The service conducted by Rev. Mr. Schurman and Rev. Mr. Drumm, was also very impressive, and was well attended. It had been planned to hold it in a large marquee but this was blown down a short time before and so the greensward served as church, and the sky for a roof. The clergymen spoke of God's mercy, and asked the people assembled to have faith in their town, as it would surely be rebuilt.

**ORGANIZATION NEEDED AMONG THE FARMERS**

Competition which has always been the promoter of success in all business is practically a thing of the past except with farmers. Standing in a provision store the other day, a farmer came in and asked "what are you paying for strawberries?" Before replying the trader stepped to the phone and called up the local wholesale or commission dealer and asked the price, and, getting his reply, was then ready to do business. Later he admitted that this was the daily practice "so that there would be uniformity of price throughout the locality, also to protect the commission merchant." The thought of protecting the farmer never is allowed a place, but "our interests" must be looked after. When will the time come when the producers will be equally as well organized as the combination of dealers? When that day arrives a fairer per cent. of the final price realized for his products will go into the pocket of the man who makes all this trade possible.

Sergt. Arthur Furlong, of the 71st York Regt., and Bugler Slope of the 67th Regt., Carleton Light Infantry, have left No. 3 Regimental Depot, where they were taking courses of instruction.

Mr. L. J. Owens, of Halifax, is in the city today.

**CAR OF LIQUOR SEIZED**

The militia were given no rest today, but were kept busy in protecting the interests of the fire victims. Some of them watched a car of liquor consigned to a man named McIntyre, which they seized and placed in custody. It is useless to try to sell the stuff in Campbellton, openly, as all licenses have been cancelled by Premier Hazen at the request of Mayor Murray.

The destitute people, as usual thronged the supply depots and ate long and hearty. There seems to be plenty of provisions on hand for present consumption. Yesterday women aided in the distribution of the clothing donated by the Women's Council of St. John, they being given out by Mrs. Dr. P. H. Murray and Mrs. G. G. McKenzie.

The relief work is being well conducted. Lt. Col. Mersereau, of Doaktown, high chief ranger of the Foresters, arrived in town yesterday and began to give assistance to the destitute members of the order of whom he found among the sufferers. The colonel also talked of matters in connection with the schools, in his capacity of inspector, and to a Telegraph reporter said that he would advise the use of marquees until a building could be erected, and the employment of four teachers to carry on the work. It was hardly likely that any more than this number of instructors would be necessary for a time, as there would be few children about.

The inspector said that he would recommend that the new school building to be erected be made of concrete. Taking the insurance into consideration, there is a loss of about \$1,600 on the schoolhouse, which was valued at about \$3,000.

**SHIVES CO. WILL NOT REBUILD**

The work of permanent rebuilding on the part of many merchants will in many cases not be decided upon until the problem of the bonded indebtedness is disposed of. F. M. Anderson, superintendent of the Shives Lumber Co., said today that that concern would not rebuild in Campbellton.

Wm. Murray, judge of probate, started the re-building of his office on Saturday. J. R. McKenzie, who lost about \$5,000 in the fire, will re-open his tailor shop as soon as possible. A restaurant has been opened by Gray Bros., and is known as "The Last Chance Restaurant." Outside of the relief stations this is about the only place where food may be procured by strangers or citizens. Wm. Kerr has opened a tent as barber and has been kept very busy.

**BOARD \$4 TO \$5 A DAY**

A boarding house has been established on the steamer Senlac and the rates range from \$4 to \$5 a day, or from \$28 to \$35 a week. Up to yesterday supplies have been furnished this steamer by the relief stations, but now she will be placed on the no-supply list. In spite of these figures there are several people boarding on the steamer, as they have no place else to go.

**PROVINCIAL HEALTH MEN ARRIVE**

The health station at Campbellton remains unchanged, but efforts are being made to prevent another outbreak of contagious disease, and for this purpose two members of the provincial board of health, Dr. E. B. Fisher, of Marysville, and Col. Maltby, of Newcastle, arrived in town this morning. This is the first step taken by the provincial board, and it will carry its work to the fullest extent in every detail. It is said that at Jacquet River, about thirty-six miles below Campbellton, small-pox has developed in a family of six and that, while this would not directly affect the people of this town, perhaps it is feared that danger is attached to the outbreak, because of the report that one of the household has been in contact with some of the Campbellton inhabitants.

Real estate in the town, despite the conditions, has taken a boom, seemingly. The lot owned and occupied formerly by the Baptist congregation has been reported sold to the Lonsbury Company of Newcastle. The transfer has not been completed, but a letter of the church people said that negotiations were about finished, and the land was about to change owners for \$5,000. Two other offers were made for the lot. Land about the corner near the I. C. R. station is said to have increased in value, owing to rumors in connection with the railroad's plans.

Rev. Mr. Drumm, pastor of the Presbyterian church, returned yesterday from Montreal, where he was successful in collecting more than \$1,500 for the fire sufferers.

**CITIZENS' MEETING.**

On Saturday afternoon a general meeting of the citizens was held and preliminary plans were laid for the administration of certain regulations which will have to be carried out. A nomination committee of twenty-five was appointed, and the following committees selected in connection with the relief work:

Finance--H. F. McLeod, F. E. Blackall, and Oswald Smith.

Emergency--A. G. Adams, F. H. Kerr and Dr. Lunan.

Benefit--John Harquail, Judge F.H. Matheson and E. A. Legallais.

Poor Committee--Dr. Martin, Edward Alexander and Bliss Leutz.

George G. McKenzie was appointed permanent chairman, and he and the convenors of the committees will constitute the executive. Mayor Murray presided at the meeting, and at his request, none of the town councillors or officers was appointed to act on any of the committees, as they will have a great amount of business to attend to in a legislative capacity. Several important topics were discussed, including the proper distribution of the funds and it is thought that a part of the money donated will be allotted to the poor for the purpose of building again.

Another meeting has been scheduled for tomorrow morning, when Lieut.-Gov. Tweedie and Premier Hazen are expected.

**UPPER MAUGERVILLE.**

July 13.--The weather for the past week has been very warm, and the farmers are getting ready for haying. The Orangemen of L. O. L. 127, of this place, attended the celebration at St. Andrews, and report a good time.

The Orangemen of Magundy Lodge attended the dinner held at Mr. Gilbert Graham's, and the young people attended the ball held at Lake George.

Mrs. Walker and her three children, of Boston, are visiting her father, Mr. Jos. McCutcheon.

Mr. Robert McCutcheon, of California, is visiting his brother, Mr. Jos. McCutcheon, and on Thursday they start for Boston, accompanied by Misses Clara and Lila.

Mrs. Henry, of Vermont, is visiting her sister, Mrs. Wm. Hamilton.

Mrs. Gordon Phinney has gone for a visit to Fredericton.

Mrs. Miller has returned home, after visiting her daughter, Mrs. Brown.

Mr. Fred Grieve and wife, of Harvey Station, spent Sunday at Mr. Roy McMullin's.

The Presbyterians of this place have repaired the interior of their church, which adds very much to the appearance.

Coun. Wm. McMullin has returned from Fredericton, where he was attending a meeting of the Council.

Mrs. Henry Davis has returned from St. Stephen.

Mrs. Amos Hood and daughter, Marion, spent two days in Fredericton last week.

Hostess--It is beginning to rain. I think you'd better stay to dinner.

Departing Guest--Oh, dear no! It's not raining so badly as all that.
