International Horse Show Opens Today in London

This Year's Show, will be Shorne of Some of its Accustomed Brilliance Owing to the Public Mourning in Great Britain.

American Breeders are Well Represented Although Not in Such Numbers as on Previous Occasions.

London, June 6.—The International horse show opened at Olympia this afternoon. It will continue through ten days. Although lacking the royal patronage to which it has owed so much in the past it has been anticipated with peculiar interest as one of the few events of a season that has been robbed of the usual gaiety because of the mourning for the late King. A large crowd was at the opening to see the wonderfully decorated hall which is a rare spectacle in itself and the horses housed in stalls lined with varicolored cloths and embellished with the prizes won at former shows.

The Americans have not sent as many horses as they did last year, but they are well represented. Walter Winans again heads the list in the number and variety of entries, his exhibits appearing in almost every class from Shetland ponies to hunters. Judge Moore, who made such a splendid record last year, capturing many of the big prizes, is a good second, having entered forty horses, chiefly in the harness class, including two coaching teams. C. W. Watson has twenty horses entered, Xavier Ryant has again entered Jubilee, the

hunter holding the Olympia record, Paul Gravath will compete in the jumping events, Miss L. Tong of Kansas has entered a trotter and Edwin H. Weatherbes has a team of five American bred hunters, Messrs. Alfred Vanderbilt and Paul Sorg will take part in the coaching events.

It had been hoped that an American team of cavalry officers would enter for the Edward VII gold cup for jumping, a contest open to the armies of the world, but only one officer, Lieutenant E. J. Barrett has sent in his name and as the contest is for teams he will have to content himself with taking part in the individual jumping contest. The two big coaching races are the Marathon on June 11 from Rushey Park to London on which a time limit has been placed, but in which the condition of the horses and appearance of the coaches will count in the awarding of the prize and the Corinthian on the evening of June 13 from Olympia to Wimbledon, and Richmond Park and return. Twenty coaches have been entered for each event. The royal box, occupied at successive shows by the late King and members of the royal family, is closed and draped in purple.

WHITNEY PREPARES TO LEAVE FOR THE NORTH

New Haven Conn. June 6.—Harry Whitney, the hunter of this city and Paul J. Rainey of Cleveland Ohio, left New Haven today for Sydney C. B., where they will join the Arctic ship Beothic, which they have chartered for a hunting trip in the northern latitudes. The two men spent the night at Mr. Whitney's home here, coming from New York last evening.

Before leaving Mr. Whitney said there had been no change in the plans as previously announced and reiterated that the trip was absolutely for hunting purposes. The men expect to be in the Arctic regions about three months. They will take no one with them aside from the crew of the Beothic, which will be commanded by Captain Bartlett who was with Peary in his North Pole expedition.

Whitney was today on his way to Sydney, N. S., where he will meet Capt. Robert Bartlett, and they will take charge of the sealing vessel Beothic and bring her to Boston, arriving there about June 15.

Mr. Whitney set June 25 as the latest day he would be at Boston before starting for the far north.

BANKING HOUSES AND BILLS OF LADING

Liverpool, June 6.—With a view of determining in the courts the responsibility of banking houses in connection with the defective bills of lading alleged to have been issued by Knight Yancey & Co. of Decatur Alabama, some of local cotton firms refused to meet their acceptances which fell due on Saturday on the ground that the collateral security was fraudulent.

St. John N.B., June 6.—The board of trade at a meeting today decided to send its report on telephones to the public utility commission for investigation.

WILL WED JUNE 15TH
The marriage of Miss Mary Edna Hamming, daughter of Mrs. James Bird of this city to Capt. James Pringle also of this city will take place on Wednesday, June 15th at the home of Mrs. Bird, 217 St. John street. After the ceremony the principals will leave on a wedding tour which will include Montreal and upper Canadian cities.

Mr. J. H. Loggie, of Chatham is registered at the Queen.

THE STOCK MARKET SHOWS HEALTHIER TONE

New York, N. Y., June 6.—Wall Street—Led by the early advance in London, stocks in New York opened at material gains over the closing level of Saturday. There was an active demand in all directions and practically all of the prominent speculative stocks rose as much as 3-4 to 1-4. Union Pacific shot up 1 3-4 for the preferred, Great Northern Ore certificates and Consolidated Gas 1-2 and International Harvester and Utah Copper 1 3-4. Prices yielded a fraction on the secondary quotations.

Dec. Corn, 57½.
July Oats, 37½; Sept. Oats, 35½;
Dec. Oats, 36½.

HAGUE TRIBUNAL HOLDS ITS OPENING SESSION TODAY

Sir Robert Finlay the British Counsel Opens His Case
—The Matter Relates to Newfoundland Fisheries.

The Hague, June 6.—The business session of the arbitration tribunal which is to decide the Newfoundland fisheries question between Great Britain and United States was held in a chamber of the historic Bennehof today. The president of the court is Professor Heinrich Lamash of Austria.

The proceedings opened with the presentation of the British case by Sir Robert B. Finlay.

The international dispute grew out of the opposing interpretations of the Newfoundland Fisheries Treaty of 1818.

THE NEW GOLD FIELDS RAPIDLY DRAWING A LARGE POPULATION

Iditarod City Alaska, June 1, via Kaltag, Alaska, June 6.—Three hundred and fifty prospectors, the first party of stampedeers to reach the new Iditarod gold fields, have arrived from Fairbanks after a three weeks trip down the Yupon River.

All say that the stampede will be the greatest since the famous rush to the Klondyke, thirteen years ago, but many old time gold seekers are pessimistic over the prospects for getting sudden wealth from the gravel along the banks of the Innoko and Iditarod Rivers. Estimates place the number of prospectors who will arrive during the early summer at five thousand. Many say that the summer camp will not support more than one thousand miners, as only seven miles of pay dirt has been found, and that none is extraordinary.

It is believed that at least half of those in the main camp Iditarod City, will turn back to the Kuskokwam, where they expect to build a camp, fifty miles across the divide.

At present Iditarod City consists of a few cabins. No wharf has been built and freight is dumped on the ground.

HIGHER EDUCATION FOR WOMEN

Philadelphia, June 5.—President Taft told the graduating class of young women at Bryn Mawr College yesterday that he favored the higher education of women and said that he utterly dissented from the suggestion that higher education unfits them for the duties of a wife and mother.

The President further told them that he was ready to concede that marriage and motherhood are a normal status for woman, and other things being equal, she is happier in that condition than in any other. But Mr. Taft added, life is not a failure because a woman has not married. One of the great advantages of the higher education for a woman, he said, is the independence that it gives her in the choice of a kind of life which she is to lead.

is expected to be about the same. This is considerably in excess of the output as reported for the first three months of the year, which was 1,189,013 ounces, or at the rate of 396,339 ounces per month.

The work of developing the different properties under the control of the La Rose Consolidated is proceeding steadily with splendid results. The general manager, Mr. Watson, will visit Montreal shortly to consult with the directors, when it is expected that an important announcement regarding La Rose will be made which will be of a pleasing character for shareholders. The output for the last month was large, while the financial position is continually improving.

Nipissing on the present rate of production is earning about \$170,000 per month net, or \$20,000 per month excess of dividend requirements, the company now paying dividends at the rate of \$1.50 per share per annum on 1,200,000 shares outstanding. Nipissing's output of silver for April was 455,086 ounces, and that of May

GEORGE G. SCOVIL CHARGES AN ATTEMPT TO BLACKMAIL HIM

Allegations Made That He Trafficked in Public Matters and Threats of Exposure were Made.

Hampton, N. B., June 6.—A preliminary enquiry was held at the County Court house Hampton, on Saturday afternoon, June 4, before Stipendiary Magistrate John March into a charge made by George G. Scovil, Dominion Superintendent of dredges at St. John, against Francis H. McNair of the Parish of Norton of an intent to extort money by threatening to accuse him of an offence unless certain matters were adjusted by June 4th, and that if this was not done he would send the whole proceedings to the press and ask the general public how it is that G. G. Scovil can sell and lease post offices and if he had not in the past received revenue therefrom, with a further intimation that the services of Dr. Daniel, M. P., of St. John might be utilized to ask questions in parliament about the matter. The evidence clearly showed that the defendant, McNair was the author of the letters of March 29th, and May 17th in which the offence was charged, and threat made. The magistrate allowed a lease made in May 1909 between Scovil and McNair to be put in evidence as showing the nature of the matters referred to in McNair's letters as well as a store account, showing a credit for the amount of rental in dispute. This last item McNair based on a clause in the lease which provided that if he was removed from the office of post master at Belle Isle, station located in the store leased from Scovil to McNair and formerly in charge of Scovil's daughter, the rent should be reduced from \$200 to \$100. McNair was not removed, but resigned, because the income was greatly reduced, and he removed to Norton. Scovil resists the claim to reduce and held McNair to the terms of the lease. The stipendiary found sufficient evidence to send the case up for trial at the next term of the Kings County Court and bound all parties over to appear.

N. M. Sproule appeared for the complainant and W. B. Jonah for the defendant.

ROOSEVELT AND WIFE LUNCH WITH THE KING AND QUEEN

London, June 6.—Former President Theodore Roosevelt and Mrs. Roosevelt were entertained at luncheon today by King George and Queen Mary at Marlborough House.

Mr. R. R. Reid and wife of St. John, and Miss Dickie, of Gagetown, are at the Queen.

Mr. G. F. Burt, of Hartland, is registered at the Barker House.

Mr. Andrew Myles, of St. John, arrived in the city this morning.

Mr. D. S. Betts, Miss Beatrice Betts and Miss Gladys Purdy arrived from Chatham at noon today.

Mr. Geo. P. Hamm of St. John, is at the Barker House.

Mr. J. J. McCaffrey of the Queen Hotel, who is leaving tomorrow for Prince Rupert to be absent the greater part of the summer, was a passenger to St. John by this morning's train.

USEFUL HINTS FOR THE WORKERS IN HOUSEHOLD

Underwear discarded by the grown ups can frequently be cut over for the younger members of the family, thus saving quite an item in the household expenditures.

Curtains or portieres made of coarse Russian linen, such as kitchen towels are made of, are really stunning. Of course, as the material is narrow, several widths are needed, but a clever needlewoman here has opportunity for displaying her handiwork.

TWO FIREMEN LOSE THEIR LIVES IN NEW YORK FIRE

Large Warehouse Which Caught Fire Proved a Veritable Death Trap, and Many Other Persons Barely Escaped Being Suffocated by Fumes—Damage Occasioned Estimated at \$75,000.

New York, June 6.—Two firemen were killed and more than a score were overcome by stifling fumes in fighting a stubborn warehouse fire near the Hudson River front today.

Ten of the firemen overcome were caught in a back draught on the fourth floor of the building. Two men who managed to avoid the worst of the burst of flame and dense smoke, screamed from the window for help. Ladders were raised and the unconscious men carried down. Fireman Timothy Coter died on the sidewalk after having been carried from an upper floor where he had lain unconscious for more than an hour in a pool of water. Fireman William Healy was taken out of the building dead. Three of the injured firemen are in a hospital in a serious condition.

The fire was in the five-story building at 110 to 116 Washington Street, occupied by the Free Storage Bonded Warehouse. The loss is estimated at \$75,000. Adjoining tenement buildings were hurriedly emptied as the fire assumed a dangerous aspect but the flames were confined to the warehouse structure. Fire boats on the river hurried to the scene and their crews gave material aid in fighting the blaze. The dangerous character of the fire became apparent when the first men entered it with hose. A large part of the contents of the warehouse consisted of liquors, aniline dyes and twine and the noxious fumes from these burning substances caused the fire fighters to drop by the dozen. It was only by heroic work that their companions saved the unconscious men.

GENERAL ASSEMBLY IS CONFRONTED WITH SOME HARD PROBLEMS

Church Union One of Them; Separation From Queen's College is Another; And Both will be Thrashed Out this Week.

Halifax, June 5.—The Presbyterian general assembly is not half through with its business and the knotty questions are yet to come up. Among those are the future relations of Queen's College, Kingston, with the church. This will be decided tomorrow forenoon, or early in the afternoon, for the assembly will start at 4 o'clock on Monday afternoon for an ocean excursion on board the government steamer Lady Laurier.

The other question, a much greater one, is that of union with the Methodist and Congregational churches. The opinion is that no final action will be taken this year, but that in some form will be remitted back to the Presbyterians.

A question that raised the fighting blood of the men from the west was up on Saturday forenoon, when one of the influential committees recommended that minister evangelists do not have the right to vote at meetings of the Presbytery. Dr. Somerville, of Toronto, and Dr. Campbell, of Montreal, were strongly in favor of the proposed taking away of the franchise, but Professor Bryce, Professor Baird and a long succession of western men would not stand for it, and when the vote was taken they carried the assembly by a great majority.

A feature of Saturday's session was an official visit to the assembly from J. A. Chisholm, K.C., mayor of Halifax. The mayor is a Roman Catholic and, as he entered, the assembly rose to welcome him. He made a good speech. Bishop Worrell and Archdeacon Armitage from the Anglican church were afterwards received by the assembly.

This afternoon the general assembly took the Holy Communion together. All the pulpits of the Methodist, Presbyterian and Baptist churches were occupied by members of the assembly today, morning and evening.

CASE DISMISSED

The case against a hotel keeper for violation of the Scott Act was heard this morning by Police Magistrate Marsh. After four witnesses had been examined, the case was dismissed for lack of evidence. The case against Joel Scott was resumed at 2 p. m.

PERSONAL.

Lieut. W. E. Trueman of Campbellton, 73rd Northumberland Regt., is at present taking a course of instruction at No. 3 Regimental Depot.

Mrs. L. J. Tweedie arrived from Chatham by Intercolonial at noon today.

CARLETON COUNTY MAN ARRESTED ON SERIOUS CHARGE

Charles Watson, of Salmon River, Alleged to Have Cut Loose Eleven Rafts of Logs; Tramps Get Bath They Didn't Want.

Hartland, N. B., June 5.—Two tramps sailing down the river on a catamaran this afternoon fouled on one of the log jams on the bridge piers and their craft was capsized. One man clung to the raft and was safe but the other was rescued with difficulty, parties going out from the shore just as he was being drawn under the jam.

Last evening a young girl, well known in the vicinity, was arrested, charged with vagrancy. She was found lying around a number of Italian boarding cars. Justice Barnett remanded her to the care of Officer A. R. Foster until Monday, when she will be taken to the home of her parents at the Tobique River. She is just fifteen years old.

Charles Watson of Salmon River, was arrested last week charged with cutting loose eleven rafts belonging to the Peel Lumber Company. Before Justice McQuarrie he was sent up for trial at the July term of the court. Some of the rafts were saved before they passed the mill, nevertheless the charge is serious.

BUILDING COLLAPSES ONE KILLED AND THREE INJURED

Buffalo, N.Y., June 6.—By the collapse today of a two story building at 541 Sycamore street on which wreckers were working, one man was killed and three injured, one seriously. The dead man is Wilbert Shualc, a laborer.

LOWER HAYNESVILLE.

May 10.—It has rained almost incessantly for a week. The farmers are getting pretty well discouraged, trying to get their crops in.

Mr. James Patterson, an aged resident of this place, died at his home here on Monday. He has been in failing health for a long time and, as the end drew near, he suffered intensely. He leaves a widow and a large circle of friends to mourn their loss. The funeral will be on Wednesday.

Mr. and Mrs. M. S. Elliott are rejoicing over the arrival of a young daughter.

A daughter has also come to the home of Mr. and Mrs. W. B. Haines.

Mrs. E. R. Haines was visiting Mrs. Ern. McCulloch, of Harvey, but returned home today.
