NEWS OF SPORT

LANGFORD KNOCKS OUT JIM BARRY

Nova Scotia Negro put Opponent out in Sixteenth Round—Most Vicious Contest.

Los Angeles, Cal., April 14.—On a fight which demonstrated anew the powers of Sam Langford, of Boston, an added to the reputation of Jim Barry, of Chicago, only as to game-ness and ability to stand punishment the Boston "demon" sent his white antagonist to the mat for the final count in the sixteenth round at the Vernon arena today.

It was a vicious bout from start to finish, with the negro well in the lead after the first six rounds. From the tenth, in which Barry twice when a straight left to the chin ended the combat, it was one-sided. Langford landed almost at will and a knock-out appeared only a matter of time.

Barry surprised the ringside crowd with the strength he displayed, despite the punishment he suffered and a cally in the fifteenth inspired his backers with the hope that he might outlast Langford.

While the men did not weigh in before entering the ring, it was said there was a difference of 30 pounds in Barry's favor. Barry's weight was given as 196 and that of Langford as 165. In the clinch the white man was far the stronger of the two and he was cautioned by the referee several times for rough tactics at close range. The pugilists went at one another savagely at the sound of the gong for the first round. There was fist fighting at close range in the second and both men were bleeding at the mouth at the close.

In a clinch, near the end of the third round, Barry almost threw Langford through the ropes. From then until the eighth the bout was a mixture of slugging rallies and infighting. Barry used the negro roughly in the clinches and underwent severe punishment whenever they fought at long range.

Several times during the eighth and succeeding rounds the men were hooted for wrestling. Langford showed the utmost good nature. "Stop your tickling," he admonished during a clinch, "you can't win that way."

In the tenth, the negro executed a coup in ring tactics. He suddenly threw the white man against the ropes and catching him on the rebound, landed heavily flush on the jaw. Barry's left eye, cut open early in the fight, was almost closed by that time and his cheeks were puffed. Blood flowed in streams from his nose and mouth.

The last four rounds were marked by a succession of punching matches. It was during one of these hard rushes in the sixteenth round that Langford caught his almost exhausted opponent a straight left on the chin and ended the fight.

BASEBALL SEASON STARTS

Washington, April 14.—Perfect weather and perfect grounds for the opening game here between Washington and Philadelphia (American) today. With slight changes the Washington team is nearly the same as that which ended the race for the pennant last season.

Philadelphia, April 14.—With new owners, a directing head, a new manager and practically new stands seating 30,000 persons, the Philadelphia National League Baseball Club opened the season here today with the Brooklyn team. Weather conditions were ideal.

OPENING LEAGUE GAME

Boston, April 14.—Strengthened by young but tried players, and with a new manager, Fred Lake, the Boston National baseball team today faced the New York Nationals in the opening game for the league championship in this city.

It was the fourth anniversary of the Major League baseball inauguration in Boston and the management had assigned an elaborate program. Besides Gov. Draper, Mayor Fitzgerald who tossed the first ball, and other dignitaries. President Thomas J. Thomas and Secretary John A. Heydler of the National League, were among the guests.

PATTERSON IN BOSTON

Charles A. Patterson, the marathon runner of Dartmouth, N. S., has arrived in Boston, April 14, and with Bob Warner today looked over part of the course over which the B. A. A. run is to be raced April 19. Patterson looks as if he had been training for the event, and though he has never engaged in a race of more than 15 miles he feels confident that he can go the marathon distance. His sole ambition, outside of winning the big event, is to defeat Cameron, his rival from Canada.

MACDOUGALL, CAPTAIN, MT. ALLISON BALL TEAM

Sackville College will have Nine on Diamond—Looking for Games with Other Colleges.

At a recent meeting of the Mount Allison A. A. A., Mr. C. G. McDougall, '11, of Moncton, was elected captain of the University baseball team. At the meeting Mr. Ferguson, '11, another Moncton boy, was chosen to manage the team. The probability is, moreover, that there will be several other Moncton boys on the team, so it will be seen that the Railway City is quite an important factor in some ways after all.

So far the team has not arranged any games. In all likelihood, however, there will be a couple of games with St. Joseph's College. The Acadia and U. N. B. students are talking of playing a baseball game at the time of the track and field sports in St. Stephen. It might be that Mr. A. would arrange a game with one or other of these teams.—Sackville Tribune.

RED SOX AND HIGHLANDERS

New York, April 14.—It is "play ball" today and the opening of the baseball season, was a magnet to draw thousands to the American league park to see the Boston "Red Sox" and the Highlanders engage in the initial fray. The Bostons have pennant hopes and Manager Donovan said this morning that ever member of his team was fit.

"My club will make more runs than in 1909," was Manager Stallings only prophesy.

GOES TO EASTPORT

George Nedoff, the Syrian wrestler, who has spent a good part of the winter in the Maritime Provinces, leaves today for his home in Eastport, Maine, where he will spend the summer. Nedoff has had a dozen matches in Canada, mostly in New Brunswick and Nova Scotia, winning 11 and losing but one, to Eugene Tremblay, the French Canadian, the welterweight champion of the world. Nedoff will take it easy during the summer and may return to the provinces next winter if the opportunity offers.—Moncton Times.

ABOUT THE BOXERS.

Leach Cross and Joe Bedell will meet in Brooklyn next Monday night.

Young Loughrey and Leo Houck have been matched to box in Wilmington, Del., May 4.

Harry Lewis and Willie Lewis are going to do their favorite stunt before the Parisian sports again on April 23.

Monte Attell, the California bantam, has arrived in New York and is to meet Digger Stanley in that city the latter part of this month.

The game must still be on the boom in Australia when 17,000 persons go to see a bout, that many having attended the Lang-Burns battle Monday.

Pal Moore, the clever Philadelphia bantam, and Jimmy Walsh have been matched to box in New York April 21. This is the bout that the fans have been waiting patiently to see.

After his bout with Morris Harris, Sandy Ferguson will take on Porky Flynn at the Armory A. A., Boston. While the match has not been officially announced, it is known that he will get the chance, and it was with the view of matching with Flynn that Sandy has been in strict training for so long. There is some talk of the bout taking place April 19.

Chicago, Ill., April 14.—(Special)—Jos. Choynski the Chicago fighter has accepted the offer to help train Jeffries for his fight with Johnson on July 4th. Choynski has received his transportation and will start for the Pacific coast on Saturday.

Baltimore Md., April 14.—(Special) The fourth annual tournament of the National Bowling Association will be opened here tonight at the Garage and will continue until the 25th instant. The competition of the entries shows there will be 153 five-men teams, 362 two-men teams and 745 individuals participating coming from all parts of the Eastern half of the country as far South as Richmond, Va.

The championship bowling will begin tomorrow evening when several out of town teams and some local teams will start the balls rolling for the five-man prizes and the championship honors.

HOBBS WOULD LOWER

THE COST OF LIVING

Advocates Slaughter of Dogs and Raising of Sheep—Wool and Mutton Useful Commodities.

Worcester, April 14.—Representative Clarence W. Hobbs, Jr., has a plan for reducing the high cost of living.

Representative Hobbs' scheme is to kill off all the naughty dogs, whose chief delight is to annoy sheep; and when the dogs are killed off to begin raising thousands upon thousands of sheep on the land and intervals of the Bay State.

As a matter of fact, explains Representative Hobbs, sheep do not need fertile land on which to graze. They can thrust their flexible muzzles into a stony corner and wrench out a tiny grass blade whose existence would have been unknown in the natural course of events. They can almost get sustenance from the surface of a rock.

"The first thing to do in raising sheep" says Representative Hobbs "is to get rid of the dogs. If the dogs were killed big flocks of sheep could be raised on Massachusetts pasture land that is good for nothing at present. And flocks of sheep on pasture land that is now useless would result in increasing the value of the land.

"Just at present wool is quite high. If we could raise sheep here in large quantities we would not have to get it from the Argentine Republic.

"Herds of sheep would furnish a good livelihood for many of our people and at the same time they would materially cheapen the price of wool. This would result in cheaper cloth, and cheaper cloth would result in cheaper clothes. Just at present the high cost of clothes is one of the principal features of the high cost of living."

BASEBALL BRIEFS.

The New York Nationals worked a double squeeze play against Jersey City men on second and third scoring while the batter laid down a bunt. Montreal executed the same play in Buffalo season before last.

Montreal ball team play their first Eastern League game a week from Thursday. They play Jersey City the opening game.
