## LABORITES WON IN AUSTRALIAN CONTEST

Have Forty-five Seats to Others' Thirty--Women Voted in Large Numbers.

Sydney, Australia, April 14.—The following are complete results in the general elections yesterday: Labor, 45; Fusionists, 27; Independent, 1; Independent Liberals, 2.

At dissolution the Fusionists numbered 44, Labor and Independent Liberals, 31.

The Laborites captured nine seats in Victoria, five in New South Wales, two in Tasmania and one each in Queensland and Southwestern Australia.

The Fusionists captured a seat in West Australia.

In the senatorial elections the Labor candidates are leading in all states except Victoria.

Women polled largely everywhere. The unpopularity of the Fusionists in the industrial centres was demonstrated. The Laborites also polled well for the senate.

The Labor party's program includes protection and state-regulated wages; compulsory military service, Australian navy built out of revenue; nationalization of monopolies; graduated land tax; restriction of public borrowing; insurance against unemployment.

The Fusionists in their program announced their intention to uphold federal union; maintain a policy of protection; amend the electoral roll; establish a white Australia; develop Australian naval and military forces; assumption by the commonwealth of the state's debts; promotion of economy in public expenditure and assertion of the principle of the members should be directly responsible to the people for their votes and actions.

The great question between the two parties is the government's proposal, which is bitterly condemned by the Laborites to embody in the constitution a provision for annual payment by the commonwealth to the states of 25 shillings per head of the latter's population.

## THE MEAT BOYCOTT SHOPS SHUTTING DOWN

New York, April 13.—More than half a million residents of the East Side and Brooklyn, it is estimated, are engaged in the war started by women several days ago against the Kosher butcher shops because of the high price of meat. Hundreds of shops have closed and volunteers among the women were out in a today as pickets to give warning if any dealer opened his store. Threats of magistrates to send women arrested for rioting to the workhouse had little effect in checking disturbances, which were reported from all parts of the affected districts.

Many gentiles who had been purchasing meat from the Kosher shops because it was cheaper, joined their Hebrew neighbors today in the boycott movement.

## TWENTY MILLION LUMBER DEAL

Toronto, April 13.—The Fraser Lumber Company, whose mills at New Westminster, B. C., are said to be the largest in the world, have sold all their holdings to the Canada Western Lumber Company, which recently secured incorporation at Ottawa. The deal, involving \$17,000,000 to \$20,000,000, was closed in Toronto today.

Beyond the statement that the personnel of the purchasing company would be Canadian, A. D. MacRae, of Vancouver, manager of the Fraser River Lumber Company, who conducted the negotiations, declined to make public the names of the incorporators. It is understood, however, that D. D. Mann, vice-president of the Canadian Northern Railway, will be interested in the buying company.

## WESTERLY WHISKEY KILLS ANOTHER

Westerly, R. I., April 13.—Another name was added this evening to the list of those persons believed to have died during the past week in Westerly and nearby towns from drinking whiskey containing poison.

Daniel T. Sullivan, 67 years old, of White Rock, a suburb of Westerly, is the latest victim. Sullivan was taken suddenly ill late this afternoon and died about three hours later. During the day he appeared to be in good health. It is known, however, that last evening he drank nearly a pint of whiskey. The symptoms in his case resembled those in the other fatal cases.

## BANK GOT JUDGMENT

New York, April 13.—Judgment by default for \$217,849 against the United States Banking Company, a Mexican concern which suspended two months ago, was entered here today in favor of the Bank of Montreal. The suit was based on a draft said to have been made by the defendant on January 18.

## SIX FIREMEN KILLED AT NEW HAVEN FIRE

Workshops of Jail Destroyed--Other Firemen Seriously Injured--Gasoline Explosion Penned Them in.

New Haven Conn., April 13.—Six men were burned to death in a fire which destroyed the workshops of the county jail here today. Three of their comrades were saved through the heroism of other firemen who were outside. The bodies of the six men were found late today after the debris had cooled. Many other firemen were fearfully burned but remained at work.

## THE DEAD

Captain C. L. Chapman, of Truck 1 Lieut. Wm. J. Doherty, of Truck 1, Ladderman John Buckley of Truck 1 Hosemen James T. Cullen, James Mortell and Thomas J. McGrath, of Engine No. 4.

## SERIOUSLY INJURED.

Ladderman A. E. Wilcox, Thomas J. Vaughn, of Truck 1, and Hosemen John Hussey, Captain Charles H. O'Neill, of Engine No. 4, and Cornelius Shugrue, ladderman of Truck No. 1.

Six men from Truck No. 1, were fighting their way through the cell room of the jail into the workshop when an explosion of a gasoline tank caused a back draft and slammed behind them the iron doors separating the two buildings. Three of the men were hemmed in a corner and burned to death, while the other three made their way to a barred window to which they clung with streams of water playing on them from the outside. Soon after reaching the window the roof fell in and ladders were put up from the outside and down the inside and the men were taken out. The other dead firemen were caught by the same back draft as they were working at the other end of the building and were carried down by the roof when it fell in.

## SENATE AMENDS

## I. C. R. BRANCH BILL

Ottawa, April 13.—The senate had the Intercolonial branch lines before it again today, this time in committee. Several amendments were made and one of those, the most important was reconsidered and killed before the sitting ended.

This amendment was by Senator Power, that "interest on any outlay incurred in putting the road into condition be deducted from the rental."

Senator Cloran said that would be proper for expenditure on capital account, but not for ordinary expenditure.

Senator Wood said the amendment would prevent any branch being leased. Owners of roads would not lease them to the government and give it the right to make any improvements it pleased, whether necessary or not, and charge the interest on the cost of such improvements against the rent. In many cases this might entirely wipe out the rent.

Senator Power said the fear that this clause would prevent the leasing of any branch would not prevent him from moving it. The Intercolonial had not promoted the interests of the country through which it ran as would have been the case if the Intercolonial were in the hands of an active private corporation. He would not like to see it sold but would like to see it leased by such a corporation.

The amendment was declared lost.

## COMET SEEN AT OTTAWA

Ottawa, April 13.—Halley's comet was seen for the first time at 4.20 this morning by the dominion observatory astronomers, who have been watching for it through the observatory telescope for the past two weeks. It was visible for about half an hour and as yet is distinguishable from an ordinary star only by its size and disc-like shape.

As yet it is not visible to the naked eye and according to the observatory men will not be within the range of vision by the general public for at least a week or so yet.

## GUILTY OF POISONING HUSBAND

Rockland, Me., April 13.—Guilt of the murder of her invalid husband, Fremont Newbert, who died Nov. 15 from the effects of strychnine poisoning, according to medical testimony, was the verdict found by the jury in supreme court late today against Mrs. Sadie F. Newbert, the middle-aged Thomaston woman who for fifteen years had been his sole support. This decision was reached at 4.15 p. m., after the jury had deliberated four and a half hours.

## \$9,000,000 IN NUGGETS

Seattle, Wash., April 14.—(Special) The first estimate received of the spring gold clean-up in the neighborhood of Fairbanks Alaska is \$9,000,000.
