### HOME SEEKERS ATTENTION

The Grand Trunk Railway are planning Excursions to the Canadian North West. These have been christened Home Seekers' Excursions, and bring to mind the thought that there are thousands of new homes yet to be found in this ever-growing country—particularly along the line of the Grand Trunk Pacific.

The Grand Trunk Pacific has acquired sufficient land to make nearly 100 towns, cities, between Winnipeg and Edmonton. The lots are now placed on the market for sale, and are being rapidly picked up.

Since last September between Winnipeg and Edmonton, the G. T. R. have been operating passenger and freight service. This is a distance of 703 miles, and all along the line there are villages and towns springing up with surprising activity.

There are four or five divisional points within this mileage that are showing marked development, and would well engage the special attention of those seeking a home or an improvement of their financial condition.

These excursions will run on April 5th, 19th, May 3, 17, 31, June 14, 18, July 12, 26, August 9, 23, September 6, 20. Good for return within two months of date of issue.

Other and full particulars may be obtained on application to J. Quinlan, District Passenger Agent, Montreal, or any other G. T. Representative. d&wt-26.
