DECEPTIVE PITCHER, PENETRATING BATSMAN

Hugh Fullerton, Well-Known Student of Scientific Baseball Talks of Batters, Their Styles and Superstitions.

Take twenty-five coppers; distribute them among a number of ball players and tell them to match, odd and even, for keeps. The game will not have progressed very far until the players will be limited to two, the pitcher and the best batter, who will have all the coppers between them.

Try this experiment over and over again. It will always come out the same way.

Mysterious but true. So, at least, say Hugh S. Fullerton, that well-known student of the scientific points of base ball, in an article in the American magazine, out today, entitled "Batting."

The reason that the good batters and the pitchers are the masters of the game of matching coppers is because the pitcher is a born student at deceiving, while the good batters are close students of the wiles developed by the pitchers.

TWO CLASSES

"There are two classes of batters," says Fullerton in this instructing expose of the batting art. "The first are the 'natural hitters,' men with quick eyes and quick, accurate swing of the bat, combined with immense driving power. The second class, however, the students of the 'push, poke, bunt and chop' style of hitting, is taking first rank from the lunging swinging batter, and the heavy hitters are discarded unless they can mix up their system of attack.

"The batter who goes to the plate now has in mind the ultimate result of the game, rather than the immediate desire to reach first base. He may be sent there with orders to force the pitcher to throw as many balls as possible without striking out, and if he succeeds in drawing a large number of balls he may then strike out, but perhaps has accomplished as much toward the ultimate result of the game as he would have done if he had made a base hit off the first pitched ball. If nine batters succeed

in drawing a large number of balls from the pitcher in the early innings of the game, hardly a pitcher in the country could stand the strain without letting down in speed before the end of the contest.

ATTACK VARIES

"When runners are on the bases the scheme of attack varies greatly, and each manager has different views as to what should be done. The widest difference between the styles of games is in this particular. The American league is the advocate of doing the unexpected, and its attack is more varied and sensational. The National league plays the 'safe' game. It is this difference between the leagues that makes the world's series so uncertain."

SUPERSTITIONS

Speaking of the superstitions of players regarding their batting, Mr. Fullerton cites these instances:

"The Chicago Cubs have a red-headed youth on pay whose duty it is to spit on the end of the bat as each player goes to the plate, to bring him luck. Jimmy Sheppard sticks his chewing gum on a certain lucky spot on top of his cap when he needs a hit badly. Roger Connor, one of the great hitters of the game, took his favorite bat to bed with him, and oiled and polished his substitute bats and hung them outside of the window. Jimmy Ryan spent three days searching for a bat with just three worm holes and a red band. He found one in a little school store in Boston, and made three home runs with it the same afternoon.

"Batting is a matter of confidence and courage, and these childish superstitions undoubtedly inspire some batters with courage and enable them to hit hard for a time. But modern batters realize that brains, coolness and constant practice will do more than fetishes, and the constant increase in scientific hitting is due to practice and the study of angles."

PIRATES GO UP TO THIRD PLACE IN NATIONAL LEAGUE

HARRINGTON MAKES BIG HIT IN ST. JOHN

Harrington, the college pitcher imported by the St. Peter's Y. M. A. of St. John won his first game last evening when St. Peter's beat St. Joseph's 1 to 0 in a seven-inning game. Harrington made a great impression. The Telegraph concerning his performance says:

"He was an absolute puzzle for St. Joseph's' hitters at almost every stage of the game. He struck out thirteen men in the seven innings to which the game extended, and victimized every one of those who faced him with the exception of Mills. He struck out four of the purple suits every time they came to the bat. In three out of seven innings he fanned all three batsmen. In another he struck out two and retired the third himself on a hold of a fly ball."

This classy artist emanates from the Bay State League, but is ultimately a Holy Cross man. He is now in attendance at Boston University, where he is taking the arts degree. During the college ball season, he pitched for the team of the latter institution, and has since commenced men with the Milford, N. H., team of the Bay State League. Harrington has the splendid record of only one lost game during the present season. His stay here is not definite, as yet. He is now visiting Wm. Harrington, of Douglas avenue, to whom he is related."

MONTREAL CLUB LEASES MOOSEPATH

Maritime Circuit Races Declared Off--Running Races in July and September.

St. John, June 21.--Arrangements were definitely completed yesterday by the Montreal Driving Club for the leasing of the Moosepath trotting park for the purpose of holding a programme of running horse races here this season. A. Scott Ives, honorary secretary treasurer of the Montreal club, was in the city, and looked over Moosepath in company with James Ross and H. J. Fleming of the local club. Mr. Ives found everything satisfactory. It is planned to hold the first meeting from July 9 to 16, six races being held each day. About 125 horses will be brought here directly after the meet at Sherbrooke, Que., on June 30. Extra stables will be built to accommodate these horses. There will be a special race for provincial owned horses, for the Dufferin Hotel stake. John Boden, a former St. John and New York newspaper man, is the judge of the races, and W. H. Murray acts as starter. It was also decided to hold a meet during exhibition week.

TROTTER RACES OFF.
In view of the track being leased for the running events, the trotting races in the Maritime circuit scheduled for July 21, 22 and 23, have been declared off. Running races will also take the place of the races scheduled for exhibition week.

PALMER'S WON GREAT GAME FROM ST. MARY'S

The Palmer's Tannery nine won a hard fought game at St. Mary's last evening, when they defeated the Stars by a score of 8 to 7. In the Tannery's half of the last inning, the score being tie and two men out, Burgoyne got in with the winning run by stealing home. It was the best piece of base running that has been seen for a long while. Burgoyne again saved the game by getting Malloy out at first on what looked to be a sure hit, in the Stars last inning with two men on basis. The Tannery nine showed that they could field the ball in good shape, but were very weak at the bat, most of their runs being made on errors.

The Stars landed on McLean in good shape the third inning, when they scored five runs by hard hitting, but lost the game by errors and wild throwing. This is the first game that the Stars have lost on their own diamond. A. Boone's umpiring was very satisfactory.

TANNERY		STARS	
H. McDonald	Catcher	R. Brewer

SATURDAY
Jimmy vs Tom Sawyer, Portland, Me.
Medicine Hat, a pacer who will be raced in the provinces this summer, stands less than 14 hands and weighs only a trifle more than 700 pounds.--Boston Globe.

LONGBOAT RUNNING IN OLD-TIME FORM

Tom Longboat, running in his old-time form, ran rings around Frank Nebrich in a 15-mile race at Buffalo Friday, defeating the Buffalo boy by over five laps in fourteen miles of the race, at which time Nebrich was ordered from the track by Dr. Hall, a physician, who acted as referee of the race. An examination showed that Nebrich was suffering from acute indigestion, which, he said, attacked him after the fifth mile.

It looked as if Longboat could have carried a load and beaten Nebrich. He indulged Nebrich with the lead for five miles, then, in happy mood and with a broad grin, passed him easily, and continually lengthened the space between them. He lapped him at the ninth mile, and gained additional laps in the tenth, eleventh, twelfth and thirteenth miles, showing speed and the form that made him famous.

He ran the fifteenth mile faster than the first and seemed just full of running, sprinting a full three laps at the close. The track was ten laps to the mile, and Longboat's time was 1.26-08 3-5.

Johnny Hayes was a spectator, and challenged the winner to a 25-mile race for \$500 a side.

WOODSTOCK TOOK TWO FROM HOULTON

Woodstock, N.B., June 20--Houlton lost two games to Woodstock today in Connell Park before a large crowd of base ball fans. The locals won the afternoon game by 13 to 3, and the evening game by 13 to 0. Batteries, afternoon game, Peasley, Milmore and Payson for Woodstock; Cassidy, Monahan and Deasy for Houlton. Evening game, Peasley, Dow and Payson for Woodstock; Estey and Deasy for Houlton. Umpires--Donnelly and Glew.

On Wednesday morning the town team leaves for a trip. On Wednesday afternoon it will play Calais; Thursday St. Stephen; Friday, Woodlawn. Peasley, Dow, Clark and Milmore go as pitchers; Al Payson, catcher; Nevers, 1st; Hughes, 2nd; McRae, 3rd; Dalling, McLaughlin, Peckel, fielders. Return games will commence at home next week with the above teams to be followed by teams from St. John, Grand Falls, Fort Fairfield, Presque Isle and Caribou.

SANDY FERGUSON WON FROM JIM BARRY

Los Angeles, Cal., June 20--Sandy Ferguson, the former Moncton N.B., lad, won a newspaper decision over Jim Barry of Chicago in a ten-round boxing contest Friday night at the Naud Junction pavilion of the Pacific Athletic Club. It was a slow affair. An officer of police at the ring side during the six short preliminaries watched closely to see that the milling did not become so unfriendly as to be classed as real prize fighting. Two of the bouts were stopped as soon as a little blood was shed. This did not please the crowd and the police were hooted at intervals throughout the evening.

PAPKE AND JACK TWIN SULLIVAN TONIGHT

The twisting and turning that the big bout is getting does not make the fans overlook the meeting of Jack (Twin) Sullivan and Bill Papke at the Boston Armory A. A. tonight. It has been one of the twin's ambitions to have a meeting with Papke, feeling confident he would surprise the fans with the showing he would make against the Illinois boy. Papke is also well pleased with the opportunity of facing the big twin, for Sullivan has been persistently after him for a contest, and he wanted to get Sullivan of his way to the title held by Ketchel.

The big twin will be in good shape and there is no question that Papke will be in fine trim also. It will be a warm bout.

HORSE NOTES

Dan McEwen is at Detroit with The Eel.
Billy Andrews is to have Margin, 2:05 1/2.
Icon, 2:10, has been bred to Silko, 2:11 1/2.
Graymore, 2:20 1/2, has been sent to Lon McDonald.
Jan Bar, 2:13 1/2, will be raced by Jack Rombaugh.
Walter Cox is riding miles around 2:12 at Dover.
Geers has shipped from Memphis to Grand Rapids.
Frank Fox plans to spend the summer on Vermont tracks.
Todd Mac, 2:07 1/2, has been priced to the Austrians at \$30,000.
The year book shows that upwards of 10,000 trotters and pacers were out racing in 1909.
There is a 3-year-old by Todd in Eldora, Ia., that stands 16.2 hands and weighs 1370 pounds.
The Broncho, 2:00 1/2, will make an attempt to lower the track record at Winnipeg, her home, July 20.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

Any person who is the sole head of a family, or any male over 18 years old may homestead a quarter-section available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district of his or her residence, be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties--Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties--Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties--Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.

W. W. CORY,
Deputy Minister of the Interior.
