## GIRL ENDS HER LIFE WHEN EX-ADMIRER WOOS SISTER

Brooklyn Teacher Inhales Gas and Dies After Man She Had Quarrelled With Turns His Attentions Toward Another

COMMITTS SUICIDE AS TWO ARE OUT ON HOLIDAY OUTING

Brooklyn, N.Y., June 1—Miss Julia Hortel, a teacher in Public School No. 46, Union and Henry streets, committed suicide yesterday by inhaling illuminating gas in the bathroom of her home, No. 427 Union street. Mrs. Anton Hortel, the young woman's mother, says she believes her daughter was despondent because a young man who had been attentive to her and with whom she had quarrelled, had transferred his attentions to Miss Barbara Hortel, a sister.

Anton Hortel is a retired business man and is well to do. Two summers ago he took his family to the Adirondacks, and there Miss Julia Hortel and her sister Barbara, also a teacher, met a young man. The members of the family refuse to give his name.

The man later became a frequent caller at the Hortel home in Brooklyn. He took the sisters out many times, but eventually, Mrs. Hortel says, settled his attentions on Julia. A year ago Julia quarrelled with the man and she refused thereafter to see him.

The man continued to call at the Hortel home and showered attentions on Barbara. Julia asked her mother to request her sister not to encourage the man's advances, but, the mother says, Barbara refused the advice.

Barbara and the man went on an excursion yesterday, starting at 9 a.m., Mrs. Hortel and her husband went to Greenwood Cemetery to visit the grave of a son.

When Mr. and Mrs. Hortel arrived home at 5 o'clock yesterday afternoon they smelled gas. Mr. Hortel traced the smell to the bathroom, and there found his daughter dead with a gas tube in her mouth. Dr. John J. Carey, No. 287 Hoyt street who was summoned, said the young woman had been dead several hours.

Up to a late hour last night Barbara Hortel and the young man had not returned from the excursion.

## GOTCH WILL MEET ZYBYSZKO TONIGHT

Chicago, Ill., June 1—Frank Gotch and Zybyzsko will battle for the wrestling championship of the world at the coliseum tonight. Critics predict that Gotch will have a hard fight to pin the giant Pole's shoulders to the mat.

Zybyzsko is admittedly the logical opponent of Gotch as he has emerged successfully from the formal elimination contest. He has defeated Yussouf Mahmoud, the Challenger against Gotch last year and practically all of the important wrestlers of the country.

Gotch and his opponent tonight have met once before in a handicap match. It was in Buffalo and the terms of the match called the American to throw the Pole twice in an hour.

Gotch failed to get even one fall in the allotted time.

Dick Fleming of Chicago has been chosen as referee. Zybyzsko made an effort to have a Pole in that capacity but his demands were refused. He will be allowed, however to have a committee of his countrymen at the ringside and they will prepare a report of the match for general circulation throughout Europe, where Zybyzsko is better known than in this country. The men are scheduled to enter the ring about 9.30 p. m.

## LARGE REWARDS OFFERED FOR ARREST OF MURDERER

The Murder of Little Alma Kellner has Stirred Society to Its Very Depths, and No Expense Will be Spared to Secure the Arrest of the Fiend Who Committed the Crime.

Louisville, Ky., June 1—Rewards aggregating two thousand dollars have been offered for the arrest and conviction of the murderer of Alma Kellner, and tonight the city council will be asked by Mayor Head to add another thousand. Governor Wilson is expected to increase these sums as soon as request is made upon him by the county judge. The board of public safety has instructed the police and detective departments to spare no expense in the pursuit of the murderer. The police do not believe that Joseph Wendling, the missing French janitor has returned to France and think he may be found in some French settlement in the United States or Canada. His wife held under a charge of accessory to the murder, still insists that she knows nothing about the crime.

Every mother and father in Louisville, grieved and infuriated almost whole city is aroused. Chief of Detectives Carney has wired the police equally with Alma's parents and uncle, are clamorous that her murderer be caught and punished. The all over the country to arrest Joseph Wendling, who was janitor of St. John's Parochial School when small Alma vanished. Wendling himself disappeared from the school and from Louisville on Jan. 12. He gave the Father Schubmann, pastor of St. John's, not a moment's warning. The good priest says that since then he has learned that Wendling had left suddenly other places of employment. The police describe Wendling as twenty-seven years old, about five feet ten inches tall, weighing about 160 pounds and having a small black mustache and dark hair and eyes.

## ROOSEVELT'S SPEECH IS THE SUBJECT OF MUCH CRITICISM

That it was Scarcely in Good Taste to so Freely Discuss the Policy of his Hosts

IS THE OPINION OF LIBERALS AND CONSERVATIVES ALIKE

Though it is Admitted that as he Agreed with Britain's Policy, no Great Harm was done.

London, June 1—Theodore Roosevelt's speech at Guild Hall yesterday continued to be discussed today by the newspapers throughout the country. The editorial comments upon his utterances concerning British rule in Egypt, were influenced as a rule by partisanship. The Conservative press defends the conclusions drawn by the former president while the Liberal papers oppose his deductions with equal strenuousness. But outside the questions of fact set forth, the newspapers almost without exception challenge the propriety of a foreign guest of the city criticizing the colonial policy of the Empire.

Of the comments of the Conservative press the following are samples. The Globe—It was not the time nor the place, nor was the ex-president the person to display this particular form of interest in the business of his hosts.

The Pall Mall Gazette—"The unconventional is justified only by success. If he prefers realities to the proprieties where civil interests are concerned, so does the judgment of the British people."

The Standard—"That he should lay hands on one of the nations private and particular political subjects seemed a social crime not far from sacrilege, but in reading the speech carefully there is found nothing of which to complain."

Of the Liberal papers the Westminster Gazette questions the necessity and disagrees with the conclusions of the speech. The Star says that "Mr. Roosevelt should learn that he is not exempt from the customs of civilized nations."

## GERMAN ROYALTIES SCARED BY SUPPOSED BOMB THROWER

## REPORTS OF NEW GOLD FIELDS DRAW LARGE CROWDS NORTH

It is Estimated that at Least Fifteen Thousand People will Shortly Leave for Alaska—Nothing Like Such a Rush Since the Advent of the Klondyke Fever Thirteen Years Ago.

Seattle, June 1—Officials of the companies operating steamships to Alaska points on the Behring Sea estimate that 15,000 people will leave Seattle for Nome and St. Michaels on the early sailings, drawn to the far north by the reports of rich gold discoveries in the Iditarod Gold Fields. The first regular liner to leave for Nome will sail from Seattle tomorrow, and every berth was sold weeks in advance. Wealthy men

have been compelled to take accommodations in the steerage and there is a waiting list in the steamship offices larger than the combined capacity of the north bound steamers. So great is the rush to the north that passengers and freight officers of Alaska steamship lines say that the movement which amounts to a stampede has been equalled by, but one in the history of the north and that, during the Klondyke rush thirteen years ago.

PROVES TO BE NOTHING WORSE THAN A CAN OF BEANS

Berlin, June 1—There was a commotion among the royal party returning from the annual joint review of the Berlin and Potsdam garrisons at temple of field today when a man who had followed at a distance hurled a missile at crown prince Frederick William. The object missed its mark and fell harmlessly at the foot of a policeman. Upon investigating it was found to be an ordinary tin can such as used for the preservation of fruit and vegetables and was filled with uncooked beans. The party was about the enter the palace when the incident occurred and for a moment it was believed that a bomb had been thrown.

The police seized the assailant who proved to be a Russian named Abraham Eirwiss, a resident of this city. It is thought that he is not responsible for his act.

## TO ACT AS MEDIATORS BETWEEN PERU—ECUADOR

Washington, June 1—Acting on the assumption that the governments of Peru and Ecuador intend to carry out in good faith their acceptance of the offer of the United States, Brazil and Argentina, to act as mediators in the settlement of the boundary dispute between them, the three governments through their respective representatives at Quito Ecuador and Lima Peru today recommended June 4th as the date for the withdrawal of the armies from the common frontier.

The state department has heard nothing during the last several days from authoritative sources as to whether or not the governments of Peru and Ecuador were taking steps for the withdrawal of their armies, although the press despatches have indicated that conditions remain quite as warlike as before the offer of mediation was made. In any event the recommendations of the three governments will serve to recall to their minds the fact that the first and indispensable condition imposed in the offer was the simultaneous withdrawal of two armies.
