

LOCAL NEWS

GOVERNMENT MEETING.

The members of the local government are here to attend a meeting this evening.

BIG FEATURES AT THE BIJOU.

The features at the Bijou today include Beatrice Turner's new act, a Bull Fight in Mexico, the Call of the Heart, The Captive, and the Foragers, a thrilling Kalen feature. Matinees daily. Go early. Admission 5 and 10 cents.—d.

USING DYNAMITE

The search for the body of George Lounsbury drowned near Oromocto on Friday night, has so far been unsuccessful. A party of men went down river again this morning to continue the search. They took along a quantity of dynamite, which they will explode with the hope that the detonation will bring the body to the surface.

THE GLORIOUS FOURTH

The Fredericton Firemen have decided to run an excursion to Houlton Me., on July 4th. A special train will leave here in the morning by the Gibson branch, arriving in Houlton in ample time to allow the excursionists to witness the celebration of the glorious fourth. Fredericton people are always well treated in Houlton and no doubt a large number will patronize this excursion.

A DROP IN FLOUR

Householders will be glad to learn that there has been quite a sharp decline in the price of flour. In brands made from Manitoba hard wheat, such as Five Roses, Purity and Royal Household, the price has dropped twenty cents per barrel, and they now retail at \$6.40. In the case of Star flour and brands of equality, the retail price has gone down to \$5.90 per barrel.

"ENGAGEMENT ANNOUNCED."

Of course our Celestial ladies will not forget that they have an engagement for tomorrow, Thursday, to attend the Big White Wear Sale at Edgcombe's. The announcement of this Sale has caused quite a flutter of the feminine wings, which are supposed to be sprouting and growing under the "White Robes." No other function could possibly interest Fredericton people to the same extent that Edgcombe's sale of under muslins does.

A BEAR STORY.

A letter recently received from Mr. David Cremin of this city, who with his cousin, Mr. Fred Edwards, of Sadick Lake, is trapping on the headwaters of the Tobique, tells a bear story which is a little out of the ordinary. A short time ago they caught a large bear in a trap, but before they could secure the animal, it managed to break the spring and escape. They reset the trap in another place, and according to Mr. Cremin, a few days later, caught the same identical bear. The skin of the animal measures seven feet.

ST. JOHN NEWSPAPER CHANGES

Mr. John Russell, jr., has severed his connection with the Telegraph Publishing Company, of which he has been managing director for a number of years and succeeds Mr. Thomas Gibbard as manager of the Canadian Drug Company, Ltd. The duties which have heretofore been performed by Mr. Russell will be divided between Mr. E. W. McCready, editor of the Telegraph, who will exercise general supervision of the business and Mr. A. C. L. Tapley, who continues as office manager.—St. John Globe.

NOT EVEN "HALF SHOT."

The following telegram from Saskatoon has been received by The Globe:

"The report emanating from St. John, N. B., to the effect that I have been shot and killed is greatly exaggerated," replied Adam H. Bell formerly of that city, now a resident here, when told by a Capital reporter this morning that this paper had received an inquiry from St. John, asking if he was still alive. "There has been no trouble, so far as I am concerned, in any shape or form," he said. "I have not been shot, half shot or injured in any other way, and I am at a loss to understand how such a report reached that city."

BIG TROUT CATCHES.

Chatham World: Several big trout catches have been claimed of late. They have told us of bringing home hundreds of these aristocrats of the brooks, and described how they have grown satisfied with eating them. One person says he fed part of his catch to the cat. We have forgotten the names of these successful fishermen. Not one of them displayed a trout in confirmation of his story, and his name was not noted. One wants to forget, as soon as possible, the name and face of the man who tells you of having caught hundreds of trout, when you can't catch one trout nor get a chance to buy one, without asking you to share even the small ones with the cat. Gentleman, keep your fish, and relate your fish stories to others.

PRIZE WINNERS AND ORDER OF GRADUATION ANNOUNCED

Results at U. N. B. Made Known --- H. G. Patterson wins Ketchum Medal --- Miss Amy L. Sharpe Takes Governor General's Medal --- Double Honors for Miss Margaret M. Belyea.

The prize winners and medalists at the University of New Brunswick, together with the order of graduation and the class distinction lists were announced by Prof. W. T. Raymond, acting Chancellor, this morning.

MEDALS AND PRIZES

The medals and prizes have been awarded as follows:— Douglas Gold Medal, for English essay—George N. Belyea.

Governor General's Gold Medal, for proficiency in Physics and Mathematical Physics—Miss Amy L. Sharpe, Brydson-Jack Scholarship for proficiency in third year Physics—C. Perley Steeves, recommended to Alumni Society by Prof. Cartmel. Ketchum Silver Medal, for proficiency in Civil Engineering—Harold G. Patterson.

Lieutenant Governor Tweedie's cash prize of Fifty Dollars for highest standing in required subjects of senior year—Miss Margaret M. Belyea. City of Fredericton Gold Medal for thesis on Forestry subject—G. S. Grimmer.

Montgomery-Campbell Prize for highest marks in Classical Honor and Distinction examinations—Miss Frances L. Fish.

The winner of the Alumni Gold medal for Latin Composition will be announced tonight.

ORDER OF GRADUATION.

The order of graduation and honor list is as follows:—

BACHELORS OF ARTS WITH HONORS.

Frances L. Fish, Class I, Latin and Greek.

Amy L. Sharpe, Class I, Mathematical Physics.

Isaac S. Spicer, Class I, Mathematical and Mathematical Physics.

Margaret M. Belyea, Class I, Natural Science and Chemistry, and also English and French.

James W. Estey, Class I, Philosophy and Economics.

Hazel L. Stothard, Class I, English and French.

George N. Belyea, Class I, Philosophy and English.

M. R. C. Smith, Class II, Philosophy and Economics.

FIRST DIVISION.

Elsie V. Vanwart, Chas. J. Jones, Allain J. Landry, Barbara K. Dobson, Emma D. Estabrooke, Alfred J. Brooks, Frances I. Steeves.

BACHELORS OF SCIENCE IN CIVIL ENGINEERING.

FIRST DIVISION

Harold G. Patterson, Fred J. Graham, John B. Alexander, Fred S. Baird, John L. Feeney, D. R. Smith.

SECOND DIVISION

R. Fraser Armstrong, Norman E. Cook, Frank H. Tingley, Archibald R. Babbitt, Raymond R. Stevenson, Wm. I. Young, Joseph C. Dever, Henry E. McNair.

THIRD DIVISION.

John I. Gibson.

BACHELOR OF SCIENCE IN ELECTRICAL ENGINEERING

FIRST DIVISION.

Clarence H. Lank.

BACHELORS OF SCIENCE IN FORESTRY.

FIRST DIVISION

Peter F. Caverhill, John W. Currier, G. Percy Burchill, G. S. Grimmer.

DISTINCTION SELDOM WON.

Miss Belyea has obtained the distinction of being graduated with honors in two departments.

By a few students have graduated with honors. Miss Francis L. Fish, by winning the Montgomery-Campbell prize this year has achieved the distinction of winning the prize two years in succession. The medal has not been won two years by the same person since 1890-91, when Miss Robina N. Henry was the winner.

HIGHER DEGREES.

There are three candidates for M. A. degree:—Edna B. Bell of Vancouver, Doris R. Sharpe and G. Fred Baird.

There are two candidates for the degree of M. Sc. in Civil Engineering:—Walter C. Gillis of Ottawa, and Joseph P. Wood of Chatham.

Class distinctions are as follows:—

DISTINCTIONS, SENIOR YEAR.

Latin and Greek; Class I—Elsie V. Vanwart.

Mathematics; Class I—John B. Alexander.

Geology; Class I—Alfred J. Brooks, Emma D. Estabrooke, Frances L. Fish, Elsie V. Vanwart.

Chemistry; Class I—Allain J. Landry, Amy L. Sharpe.

English; Class I—Alfred J. Brooks.

DISTINCTIONS, JUNIOR YEAR.

Latin and Greek; Class I—Ruth E. Everett, Isabel F. A. Thomas.

Natural Science and Chemistry; Class I—Pauline P. Fox, Marianne G. Otty.

Philosophy and Economics; Class I—John B. McNair, E. Aubrey Rideout, Sydney B. Smith.

English and French; Class I—Lillian K. Corbett, Pauline P. Fox, Marianne G. Otty.

Physics; Class I—William H. Hoyt, C. Perley Steeves.

English; Class I—Isabel F. A. Thomas, Sydney B. Smith.

French; Class I—John B. McNair.

DISTINCTIONS, SOPHOMORE YEAR.

Latin; Class I—Jessie Currie, J. Thaddeus Hebert, Anna C. Kelley, William H. Teed.

Greek; Class I—Jessie Currie, Anna C. Kelley, William H. Teed.

Mathematics; Class I—Harry F. Barnes, Robt. F. Eastman, Elizabeth W. Macintosh, Henry F. Morris, William H. Teed.

Class II—M. Louise Crocker.

Physics; Class I—Harry F. Barnes, M. Louise Crocker, Robert F. Eastman, Guy A. FitzRandolph, Warren P. Loggie, Elizabeth W. Macintosh, Gilbert H. Prince, William H. Teed.

Natural Science; Class I—Warren P. Loggie, Elizabeth W. Macintosh, W. Harrington Nugent, Ralph A. Tapley.

Economics; Class I—J. Thaddeus Hebert, Earle R. Macnutt, Ralph A. Tapley.

English; Class I—Grace L. Aiton, Sadie W. Fish, J. Thaddeus Hebert, Earle R. Macnutt, Greta M. Robinson.

French; Class I—Sadie W. Fish, J. Thaddeus Hebert, Greta M. Robinson.

DISTINCTIONS, FRESHMAN YEAR.

Mathematics; Class I—Arthur N. Carter.

ENCOURAGING REPORTS FROM LUMBER DRIVES

Telegram From St. John Headwaters Says River Fose Ten Inches in Twelve Hours—Corporation Drive In

The wet weather which this city has been experiencing for the past few days has at last extended to the head of the river and there is every prospect now that the drives abandoned at Black River Rapids a fortnight ago will be got into the corporation limits. The drives were abandoned by Mr. John Kilburn who operates for Murray and Gregory, Limited, Mr. John A. Morrison, who operates for Mr. John G. Murchie, and Mr. F. Choinard, who operates for the St. John Lumber Company. This morning Mr. Kilburn received a telegram from Mr. Choinard, who is at St. Jean Port Joli, which brought most encouraging news. It stated that it was raining heavily there, and that the river had risen ten inches during the last twelve hours; also that a crew of men had been despatched to Black River Rapids to work on the drives.

Mr. Kilburn states that his drive and that of Messrs. Morrison and Choinard are in the jam, and a good raise of water will send them into the corporation limits.

The first section of the corporation drive, reached the boom limits at Macnaquac this afternoon. It contained upwards of twenty million feet. Contractor Scott will start his crew up river tomorrow for bringing out another section of the drive.

Reports on the state of the river received over Western Union wires today are as follows:

Grand Falls, N. B.—Raining hard—River rising, not many logs running.

Woodstock.—River rose about three inches. Quite a few logs running. Cloudy weather.

Edmundston.—Southerly winds showery. River at standstill. Few logs running.

FORTY HOURS DEVOTION.

The Forty Hours Devotion is to open in St. Anthony's church next Sunday.
