BEARS PLENTIFUL.

A "Queens County" correspondent writes: "Bears are proving very distrustful this year. They raided several farms on the Caman a few nights ago and killed between thirty and forty sheep for the farmers. On account of the failure of the blueberry crop, the bears are in a state of starvation. They are reduced to such wraiths that they tear up the roots and stumps of trees in quest of black ants to satisfy their extreme hunger."

TWO NEW POLICEMEN
SWORN IN AND
JOIN FORCE TODAY

A. D. Gunter and Dell Hartt are the Men--Other Policemen Stay on Force.

Two new policemen joined the force today and were sworn in by the Police Magistrate this morning. The new men are Dell Hartt and A. D. Gunter. The latter was appointed as special Scott Act officer some time ago while the former as told by The Mail yesterday succeeds Sergeant George Foss who terminated his connection with the force last night. Mr. Hartt for some time past has been driver of one of the city watering-carts.

As far as is known Policemen Boulter and Sturgeon will remain on the police force in spite of the rumors that they would resign. It is persistently rumored that Special officer Gunter is slated for the position of Chief of Police but no official announcement has been made.

The new policemen for the present will serve without uniform and it is possible that Special Officer Gunter will remain a plain-clothes man. He has acted before in the capacity of special Scott Act agent. Policeman Hartt is a man of good physique and is expected to make an efficient officer of the law.

MUCH COUNTRY PRODUCE
WAS DISPOSED OF

There was an old fashioned fall market this morning, and a large quantity of produce changed hands. Farmers from the sections of the surrounding country were on hand, and the variety of produce offered for sale was large and the quality excellent. Spring lamb which has about reached the stage when it can be called mutton, was plentiful at 10 and 11 cents. Apples such as New Brunswickers, Wealthys and Alexanders brought from \$1 to \$1.25 per half barrel. Potatoes sold at \$1 per barrel, turnips at 40 cents and green tomatoes at 25 cents per peck. Chickens were a little at the scarce side and brought \$1 per pair. Butter sold at 25 cents per pound and eggs at 25 a dozen. Other prices were about as follows--onions 25 cents per peck, beef 7 and 8 cents per pound, pork 12 and 13 cents; cabbage 25 cents per dozen. The number of teams in the market was larger than last Saturday. They formed a cordon around the city hall and extended for some distance around Queen Street. As far as could be learned there was very little forestalling.

The company is headed by Miss Maisie Cecil and Harden Klark and are looked upon as being unusually clever. The following is a list of vaudeville introduced between the acts at each and every performance. DUMPING OF
SAWDUST IN STREAMS
TO BE STOPPED

Department of Fisheries Has Warned Mill-Owners--Latter Will to Build Incinerators.

Fisheries Inspector Harrison this week made a tour of inspection of King's County, in which he devoted particular attention to the sawmills, the owners of which have been dumping saw-dust in the streams, contrary to the provisions of the fisheries law. Complaints concerning the dumping of saw-dust in streams have been frequent during the past summer and the Department of Fisheries has determined to put a stop to the practice, which is ruining many fine fishing streams. Inspector Harrison warned the offenders in King's County and ordered that in the future the saw-dust and other mill refuse be burned.

The law is to be enforced in all parts of the province. Mill owners are to be given an opportunity of erecting incinerators, however, and to prepare for the proper disposal of the refuse.

It is understood that in the future permanent officials will be appointed who will devote their whole time to the enforcement of the fisheries law. Particular attention is to be devoted to the prevention of illegal netting, and drifting on rivers. During the season just past there were frequent breaches of the law in this regard, in the near vicinity of Fredericton, and several of the law-breakers were apprehended and punished.
