ST. JOHN COUNTY COUNCIL MEETING

New County Secretary to be Appointed and Council may Recommend Appointment of Health Officer.

St. John, N. B., May 10.—(Special.)—A feature of the meeting of the Municipality of St. John County this afternoon will be the consideration of a recommendation from the finance committee for the appointment, by the government, of a health officer for the county at a salary of \$1,500 a year. A successor is to be appointed to the late G. R. Vincent, and J. A. Sinclair, Ald. J. King Kelly and L. A. Currey are in the running. Each of them claim to have the promise of the majority of the councillors.

JEFFRIES IS CUT UP, JOHNSON LOSING FLESH

Ben Lomond, Cal., May 10.—Jim Jeffries is nursing a black eye today as a result of his unsatisfactory mill with Bob Armstrong yesterday. Twice his negro opponent's glove marked the fighter's face. An upper cut scraped the skin from Jeffries' forehead in a spot which had been discolored by a blow from Billy Papke's mit last Saturday. His lip was also slightly split and bled continually, while he and his black sparring partner were pummeling each other. It was a rough bout throughout and none of the cleverness the big fellow displayed in his boxing with Choynski and Papke Saturday was revealed.

San Francisco, Cal., May 10.—Jack Johnson's followers are well pleased today with the result of his opening workout yesterday. They saw him stripped following his twelve mile road jog and many professed to be agreeably surprised over his condition. All were agreed that the negro should have little difficulty in removing surplus weight during the long training interval before the fight and Johnson's announced intention of taking things comparatively easy for a while is generally commended.

Jack says buttermilk is a good thing to train on.

"I. R." ARRIVES AT GERMAN CAPITAL

Berlin, May 10.—Colonel Roosevelt arrived in this city this forenoon, from Sweden. He was met at the railroad station by Secretary of Foreign Affairs on behalf of the emperor, the staff of the American embassy and members of the American colony.

Berlin, May 10.—Former President Roosevelt, Mrs. Roosevelt, Miss Roosevelt and Kermit arrived from Stockholm, Sweden, this morning. They are guests at the American Embassy.

As a result of a series of misunderstandings the official receiving party at the railway station was not complete.

American Ambassador Hill was late in reaching the station, while the Royal carriages intended for the use of the party did not arrive until the Roosevelts had been driven in other conveyances to the Embassy. Some one had told Mr. Hill that the special train carrying the Roosevelts would be a half hour late in reaching Berlin. This did not prove to be the case.

A POLITICAL RIOT IN HUNGARY

Budapest, May 10.—Two persons were killed and two seriously injured in a political riot at Verseiz yesterday. A part of the population held a demonstration against the candidate of the national labor party and the gendarmes fired on the mob.

The Ex-Premier Count Tissa, while returning from a political meeting at Satoralja Ujhely, was stoned. One of his companions, State Secretary Kozy, was knocked unconscious, and several others were severely injured.

TORONTO Y. M. C. A. WHIRLWIND CAMPAIGN

No Less a Sum than \$685,803 Raised Towards Building Fund in Nine Days, Break- ing all Records.

Toronto, Ont., May 10.—(Special.)—The Toronto Young Men's Christian Association building fund campaigners have broken all previous records in their whirlwind campaign. The grand total for nine days canvassing now stands at \$685,803. \$25,000 of the money subscribed beyond \$600,000 will be used to pay off the mortgage on Broadview Boys' Institute, which is being transferred to the Y. M. C. A., and \$25,000 will be held to cover all possible shrinkage in subscriptions, which are extended over a period of eighteen months. The \$35,000 remaining, it has been decided, shall form an initial contribution to the fund for the benefit of Young Women's Christian Association of Toronto, in whose behalf the committee will continue its organization and work for three days more to secure \$150,000.

MEMORIAL SERVICES ON FRIDAY, MAY 20th

Arrangements for a memorial service at Christ Church Cathedral and at the Methodist Church, on Friday, May 20th, have been made. The service at the Methodist Church will be a union service in which the congregations of St. Paul's Presbyterian Church, George Street Baptist Church, Brunswick Street Baptist Church and the Methodist Church will take part. At the time of the death of Queen Victoria a service of this kind was held in St. Paul's Church. The programme for this union memorial service has not been arranged. Invitations to attend will be extended to all civic officials and also to fraternal societies.

The service at the Cathedral is expected will be of a provincial nature. Invitations to attend will be extended to His Honor the Lieutenant Governor, Premier Hazen, members of the government, supreme court judges, and other public officials. It is also probable that the military forces will be represented.

May 20th will be declared a public holiday in this city.

RAILWAYS PREPARE TO HANDLE CROPS

Some evidence of what great things are expected for the crops of this year may be adduced from the activity which the railways are already showing and the work of preparation for handling western grain next fall.

Up to last year there had been much complaint on this score, but the 1909 crop was handled with smoothness and despatch, and as a result there has been in the West less talk of Government ownership of railways than there was when the big companies were really put to it to get rolling stock turned out fast enough to meet rapidly increasing requirements.

To meet this year's needs the C. P. R. has placed orders for over two million dollars worth of box cars alone, and is doing a great deal of new trackwork to provide new districts with shipping facilities and to increase the present service.

A new double track between Winnipeg and Portage la Prairie comes under this head and constitutes a great addition to the railway service of the West. At the present rate of progress this railway will soon have its main line double tracked across the entire length of the prairie provinces.

SEEDING GOES ON VERY SATISFACTORILY

Winnipeg, May 10.—(Special.)—The Canadian Northern Railway crop report shows that all the wheat is in and oats and barley seeding is proceeding under favorable conditions. Some districts, especially Edmonton require rain as this spring is the driest in years.

CONDITIONS IN BRITAIN BECOMING NORMAL AGAIN

The New Monarch Desires that there Shall be as Little Interruption in the Ordinary Programme of Affairs as Pos- sible---Theatres Re-open.

London, May 10.—The country is now beginning to resume its normal life, the king's earnest desire being that except on the day of the funeral of the king which is now formally fixed for May 20, the national mourning should inflict no unnecessary sacrifices upon the people.

The International Horse Show will be held upon the dates originally settled June 6-16.

This is in accordance with wishes of King George who desires that there shall be no interruption in the programme of public affairs except as planned events may appear inconsistent with the official and popular mourning. The king having notified the Earl of Lonsdale of his attitude, the Board of Managers met today and later issued a notification that the horse show would be opened as originally announced. The King Ed-

ward challenge cup now held in France will be competed for under the conditions that governed the contest a year ago.

King George in a letter to the managers, expressed the wish that the theatres re-open until the day of the funeral, on account of the number of people that would be thrown out of work by the closing of the houses and this will be carried out. The King issued another letter in which he said:

"Knowing so well the feelings of my beloved father, I am sure that it would be contrary to his wishes that there should be any interruption to the enjoyment of the public during the Whitsuntide holiday. I therefore hope that the general mourning will not prevent my people from taking the usual advantages of the various opportunities afforded them for the coming days."

MANY WANT SEATS AT MEMORIAL SERVICE

New York, N. Y., May 10.—The British consul general's office is flooded with applications for tickets to the memorial service for King Edward to be held in Trinity Church, and if all the applicants received responses an "overflow meeting" would be necessary. No tickets will be issued until a few days before the service which will probably be held about the time of the King's funeral.

BOY FALLS FROM THIRD STOREY WINDOW

St. John, May 10.—The three year old Frank McLean, son of B. C. McLean, Street Railway motorman, fell from a third story window in his home today and struck on the plank walk in the yard. Three doctors are with him. He is thought to be badly hurt.

Dr. J. W. Inches of St. Clair, Mich., a son of the late Mr. Andrew Inches of this city, is a guest at the Queen.

POLICE UNABLE TO LOCATE MURDERERS

New York, May 10.—The burglars who murdered Dr. Mott Cannon's housekeeper, Miss Margaret Meehan, and his butler, Chas. Beman, have slipped through the hands of the police for the time at least. Police Captain Arthur Carr said today that he believed the robbers were known to both the housekeeper and the butler and that they committed the murders when in the act of robbery, so as to cover their tracks. The hints that they had gathered the doctor's money, then that they were discovered by the housekeeper, whom they shot. The sound of the shot evidently brought the butler. His body was found at the foot of the basement stairs. It is the theory of the police that he had started from the basement when the burglars shot him and he pitched down the stairs dead.

Mr. F. W. Hoyt of Edmundston, arrived in the city last night.

Hon. J. K. Flemming came down from Hartland last evening.

Mr. F. B. Eston of Halifax, is registered at the Queen Hotel.

The many friends of ex-Ald. Edward Moore are pleased to see him around again after his recent severe illness.

Stocks Have Upward Tendency But Little Activity Shown

New York, N. Y., May 10.—Wall Street—Stocks opened at higher price on active trading, but without any conspicuous feature in the dealings. There were slight declines in a few stocks including Steel, N. Y. Central and Canadian Pacific, the last named falling $\frac{3}{4}$. Brooklyn Union Gas sold at an advance of $\frac{1}{2}$; Louisville and Nashville and General Elec., $\frac{1}{4}$; American Malt, $\frac{1}{4}$; International Harvester 1, and Wabash Pfd., and Utah Copper large fractions.

Wall Street—Noon—The extreme dullness and heaviness of the market was ascribed to withdrawal of supporting measures which were thought advisable on account of the death of King Edward and which no longer seemed necessary today, some selling of stocks bought on that account was supposed to be going on. Strength in the New York public utilities rallied the market at noon. Brooklyn Union Gas rose $\frac{1}{4}$, Consolidated Gas $\frac{1}{4}$, Interborough Metropolitan Pfd one, Canadian Pacific and American Sugar declined $\frac{1}{4}$; Bonds were firmer.

THE KING'S HOLDINGS.

It was said that the late King Edward was a shareholder in United States Steel, Union Pacific and Pennsylvania.

The King was a large holder as well in several standard British industrial issues.

C. P. R. BUOYANT.

Montreal, May 10.—C. P. R.'s great strength in London and New York has been one of the chief features of the market lately, and yesterday it crossed 189.

It is just possible that there has been a short interest in this stock, which is being pinched by purchases on the part of people who are impressed with the road's wonderful showing in the matter of earnings.

"Soo" was a little better in sympathy with the parent stock.

EMIGRATION LARGER EXCEEDS IMMIGRATION

U. S. Officials Considering Statistics which show that Twice Number of People Enter Canada.

Washington, May 10.—That systematic advocacy of the country in the interests of immigration is carried on by Canada is shown by official reports received at the office of Daniel J. Keefe, commissioner general of immigration for the United States. The result is that the Dominion gets a number of farmers from the western prairies. The farmer is followed by the merchant, then by the manufacturer. For the year ended March 31, 1910, 103,769 people from the United States emigrated to Canada and 57,930 came from that country. During the preceding year 146,908 emigrated to Canada from all countries, of whom 42,865 were farmers and farm laborers from the United States. Only 3,268 persons of the same class came from Canada to this country. During the same period 9,066 clerks and merchants and 22,230 persons with occupations not classified came from Canada. Thirty per cent of the immigration into Canada during the last eight years was English, 8 per cent Scotch 33 per cent from the United States and 4 per cent Italian.

The general estimate is that each immigrant going to Canada from the United States has about \$1,000 in money and chattels.

WOMAN KILLED BY PARTY OF JOY RIDERS

Chicago, Ill., May 10.—Before the eyes of her husband and two sons, Mrs. Albert Behr, wife of Albert Behr, wealthy contractor, was run down by a party of "joy riders" in a large touring car and instantly killed. The woman's head was severed from her body by the wheels.

The machine, which was running 40 miles an hour, dashed northward at an increased speed following the tragedy. No clue to the identity of the occupants of the machine had been obtained by the police.

TORONTO'S ROYAL SALUTE RATHER A FIASCO

Toronto, May 9.—In firing a salute to the new King today the Toronto field artillery were five or six minutes late in arriving at the Parliament Buildings and then the guns were placed in such a position that the fine beds of flowers were damaged, the heads of the tulips and other plain flowers being blown off when the guns were discharged.

At St. Catherine's the field battery was unable to fire a salute of twenty-one guns because they had no blank ammunition. In sending over the new guns this was overlooked, with the result that the battery found itself in a most unpleasant predicament. "We have plenty of real ammunition," said the officer, "in case we needed it for any purpose, but no blank stuff at all."

RECOVERS SIGHT ON 85th BIRTHDAY

San Francisco, Calif., May 10.—Coincident with the celebration of his 85th birthday, Prof. George Davidson, well known scientist and author recovered his sight. For almost a year, Prof. Davidson has been totally blind because of a cataract. Two operations performed in the last six months proved their success yesterday when the clouds that obscured the aged scientist's vision were partially lifted.

Mr. James Palmer, son of Mr. John Palmer, left this morning for Edmundston to take a position on the St. John River International Survey.

Senator Thompson returned from Ottawa last week.

QUEBEC LICENSE HOLDERS PROTEST

Against the New Early Closing Movement now Sweeping the Province and will In- terview Lt. Governor.

Montreal, May 10.—(Special.)—Over a thousand liquor men of the province will meet in convention at Quebec on Wednesday in order to formally protest against the early closing movement now sweeping the province. Delegates will interview Sir Lomer Gouin on the subject. A large delegation will leave Montreal today, headed by L. A. Wilson, president of the Licensed Victuallers Association.

MEDUCTIC YOUNG MAN DROWNED IN MAINE

A young man named Bliss Colter, belonging to Meductic, lost his life by drowning in Pleasant River, Me., one day last week. He was engaged in stream driving and was swept over a dam. At last accounts his body had not been recovered. The deceased was an industrious young man and news of his tragic death has occasioned much regret at Meductic. He was about twenty years of age and the sole support of a widowed mother. For the past two seasons he had worked on the corporation drive for Mr. J. S. Scott and had an engagement with him for this season.

COL. DENISON WAXES SARCASTIC

Toronto, Ont., May 10.—(Special.)—Police Magistrate Denison in police court yesterday commented caustically on the refusal of the Board of Control to grant his request that the police court should be closed, out of respect to the late King Edward, as was done when Queen Victoria died. "I hope this refusal is not on account of parsimony or want of respect to the late king" said the magistrate. "It might have been want of respect for me, but that is of no moment. I regret that the late king's memory is not to be treated with the same respect as that of his mother."

EXPIRED FROM GRIEF AT KING'S DEATH

Minneapolis, Minn., May 10.—With a paper in her hand relating the details of the death of King Edward, Mrs. Sarah J. P. Mobley, aged 70, was found here dead at her home. The coroner attributed her death to heart failure brought on by reading of the King's death.

Mrs. Mobley was an ardent admirer of the late King and on the walls of her rooms were hung portraits of Edward, picturing his life from boyhood to manhood.

"King Edward is my ideal of a man," she often said to her neighbors.

BOARD OF REVIEW, NATIONAL TROTTING ASSOC., IN SESSION

New York, N. Y., May 10.—Action on several important cases is expected today by the Board of Review of the National Trotting Association in session here. Reinstatement applications comprised the greater number of these. The leading one was that concerning Thomas Nolan and Thomas Murphy, trainers, and the judges of the Lexington meeting. The trainers were fined \$250 each during the progress of a race. Afterwards it appeared the judges decided that there had been error in imposing the fines and they were remitted.

Mr. W. T. Whitehead, who has been ill for several weeks is also being congratulated on the improvement in his health.

Dr. and Mrs. Atherton left last evening for Chicago, to be absent about four weeks. It is the doctor's intention to visit the leading hospitals of the middle west.
