## GAME LICENSE RECEIPTS.

Although the returns from vendors are not yet all in, it is believed that the government's receipts from the sale of game licenses this year will go close to the \$40,000 mark. Last year the total was \$35,000, but it is said that that amount has already been exceeded this year.

## SCORED A SUCCESS

The Young-Adams Company in "The Frozen Trail" scored even a greater success than on Monday night Miss Adams played the part of Alaska, the daughter of Cross Fox, chief of the Beothics in an excellent manner, and Mr. Young as Dr. Jack Moore, was as good as ever. The rest of the company gave excellent support. As usual the specialties between the acts were a feature. There will be another good bill tonight.

## CHEAP EXCURSIONS.

For Thanksgiving Day, Oct. 31st a first class one way fare will prevail over the Intercolonial Railway for a period sufficiently long to enable persons desirous of spending the week end and the holiday at home, the opportunity to do so. Between all stations on the line and to points on connecting lines round trip tickets will be sold, good going October 28, 29, 30 and 31; good for return on November 2nd.

## WANT SUITABLE BUILDING.

The Farmers and Dairymen's Association of the province has sent a communication to His Worship the Mayor, asking that as in the past, the city furnish a suitable building for the judging of cattle. The communication states that the Arctic Rink is not suitable but that some correspondence had been carried on with the Department of Militia and Defence concerning the use of the drill hall for the purpose named.

## FOUNDED ON FACT.

In a thrilling story by Jack London, dealing with the early days of the Yukon, which is being published in the St. John Telegraph, the following passage appears:

"But further down Bonanza were four men, who had drifted in from the up river, Dan McGilvary, Dave McKay, Dave Edwards and Harry Waugh. They were a quiet party, neither asking nor giving confidences and were herded by themselves."

(The Harry Waugh referred to undoubtedly means a former resident of Douglas, who died recently in Chicago. He was a Yukon pioneer and picked up a fortune in that country, but got rid of it before his death.)

Mr. F. H. Bailey, an English sports man, who was taken ill in the Miramichi woods, is steadily improving at the Victoria Hospital.

SCHOOL INSPECTORS  
WANT TRAVELLING  
EXPENSES PAID

Asked Government For Fixed Salaries in Place of Present Arrangement—Pension Applications Numerous.

A delegation of school inspectors waited upon the provincial government last night and asked that a re-arrangement be made with regard to their salaries and expense allowances. The delegation was composed of Inspector Mersereau of Doaktown, Inspector Hanson of Fredericton, Inspector Steeves of Sussex, Inspector McLean of St. John, and Inspector O'Blens, of Moncton.

The delegation asked that the salary of each inspector be \$1200 per year and that the government pay all travelling expenses. At the present time the salary and allowance of a school inspector amounts to \$1550 per year, but that amount the inspector pays his own expenses. The argument was advanced that the proposed system would be fairer. Consideration was promised.

The government dealt also with some routine business. The applications of several companies seeking incorporation were received. These had already received the flat of the Premier and were passed.

## BOARD OF EDUCATION.

The Board of Education met this morning. Some business in connection with the applications for teachers' pensions was transacted. A large amount of clerical work has to be done in connection with this matter and it will be some time before the total number of pensions will be known. The number, however, will be greater than estimated by the teachers themselves or expected by the government.

The board also transacted some routine business, which included the changing of the boundaries of some school districts.

HEAVY RAIN CAUSED  
SHORT SESSION IN SCHOOLS

Today's heavy rain has not caused any change in the level of the river. Mr. J. Fraser Gregory of St. John, president of the St. John River Log Driving Company, who is in the city stated today that nothing had been heard from up river concerning the extent of the rain, however it will take a heavy rain to bring the stranded logs out this fall.

The rain in the city was so heavy this morning that a short session was granted the schools.

## NEW CULVERTS

The new culvert which the city has put in on York street where the "back drain" crosses the street, has been completed. Work on the new culvert on Regent street south of the C. P. R. track has been begun by the city employees. Work on the new C. P. R. culvert at the rear of Queen's Square has also been begun but has been held up by delay in the forwarding of gravel for the concretework. Work on the enlargement of the "back drain" has been about finished.

## MARKET BY-LAW.

The Administration of Justice Committee at a meeting held yesterday considered the Market By-law and instructed the City Clerk to draft a new one. Dissatisfaction with the existing by-law was expressed and the opinion was also expressed that a suitable market building should be erected and market tolls charged. The police are to be instructed to enforce existing market regulations, which have been rather a dead letter for some years past.

## INTERFERED WITH POLICE.

Two young men whom the police thought were a little fresh were arrested last evening, but were afterward let go on the instructions of the Police Magistrate. The police were notified that a party of boys were throwing stones at a lantern placed on a sewerage excavation and went to the place to disperse them. The young men in question proceeded to make some remarks to the police which were calculated to encourage the boys and the arrest followed. The young men were in custody but a short time.

Lieut. Col. Mersereau, school inspector of Doaktown is in the city.

INMATE OF ROAD HOUSE IN  
KINGSCLEAR BURNED BY ACID

Woman Known as "Frankie" Took Carbolic-Acid at Early Hour This Morning—Was Seriously Burned About Mouth—Was Intoxicated.

One of the female inmates of a resort on the Woodstock Road known as "The Farm," was severely burned about the mouth by carbolic acid at an early hour this morning. The acid, as far as can be ascertained, was taken intentionally. The woman was in a state of intoxication at the time she took the poison. She came from Halifax about a month ago and is known by the name of "Frankie." As soon as it was learned by those who were in the house that the woman had taken carbolic acid, medical assistance was obtained from the city and a coroner notified in case she should die. A sufficient quantity of the acid had not been taken, however, to cause more than very serious burns about the mouth.

## IN CITY LAST NIGHT.

The injured woman and another from the same place attended a performance given at the Opera House last night by the Adams-Young Com-

pany. At the close of the performance the woman who is known as "Frankie" met two men and remained with them in the city for some time. It is said they drank heavily and when they reached the resort mentioned before were in an advanced state of intoxication. Little attention was paid to them, however, as it was thought they were merely drunk.

## LOCKED HERSELF IN.

The woman went to her room and locked the door. Shortly afterward cries were heard from the room and the proprietor, breaking down the door, found the woman on the floor. At first it was thought that her cries were due to liquor, but it was soon learned that she had taken carbolic acid. A horse was harnessed and driven to this city and a doctor obtained. Before he reached the place, however, the woman had partially recovered. It was said this morning that her injuries were not as serious as was thought at first.
