DR. PUGSLEY'S VISIT WILL NOT TAKE PLACE TILL TOMORROW

Some Practical Advantage is Expected to Accrue From the Minister's Personal Inspection of the Misfortunes of the Stricken People of Campbellton--Improvements in the Weather Conditions Have Cheered the Spirits of the People.

Campbellton, N. B., July 27.—(Special)—All interest in Campbellton now is centred in the visit to be paid by Dr. Pugsley, minister of public works, who is expected to arrive here today or tomorrow. Should Dr. Pugsley come today he will arrive on the Ocean Limited, due here at 10.30 a. m. The executive committee of which G. G. McKenzie is chairman, has been delegated to meet the minister and assist him in making a personal inspection of the ruins. The extreme sufferings which are being endured by the stricken populace dwelling in the tented city is one of the many things which will be brought to Dr. Pugsley's attention.

LABOR PLENTIFUL
Notwithstanding the fact that labor is plentiful here and over a thousand are being employed there has

MARKET HAS STRONGER TONE AFTER YESTERDAY'S BREAK

New York, July 27.—The stock market today showed the after effects of the demoralization of yesterday. An upward rush of prices accompanied an opening scramble amongst shorts to cover. The whole started 1 to 2 points higher from the opening yesterday with Westinghouse Electric up 4, Missouri Pacific, 1, Great Northern Pfd. and American Locomotive, 2, and Minneapolis, St. Paul and Sault Ste Marie, 2.

A slump of six points in Rock Island Pfd., caused fears of a renewal of forced liquidation like yesterday, and the general list ran off, but with a rally of 4 in that stock, the whole market came up again and the tone became quieter.

New York, July 27.—Wall Street, Noon.—The good absorption of stocks offered increased confidence. The market threw off its hesitation and started upwards again. Prices rose above the high level of the opening, with gains of over 2 points in the Pacifics and Transcontinentals, Illinois Central, Norfolk and Western, U. S. Steel Amalgamated Copper, Central Leather and others. Canadian Pacific rose 3. Feverish fluctuations in Rock Island, pfd., were disregarded. Bonds were stronger.

New York, July 27.—Money on call easy at 2 per cent. Prime Mercantile Paper, 5 to 6 per cent. Exchanges \$302,076,621. Balances \$8,882,244.

NEARLY A CALAMITY

U. S. SUBMARINE BONITA.

Provincetown, Mass., July 24.—The gubboat Castine, in a submarine boat attack drill was damaged by the submarine Bonita, her plates pounded in, and was forced to make all speed to shore to prevent her from sinking in deep water. She was beached off North Truro, just as her boiler and dynamo compartment was flooded, extinguishing her fires. Although all damage and movable equipment was carried on deck during the race to the beach, it was decided to keep the men aboard.

LATER
The submarine boat, which was leading the attack on the Castine, had made a deep dive, through a misjudgment of distance the boat, while going at full speed under water, crashed into the bottom of the Castine, glancing down and passing completely under the gunboat, scraping her length along the keel of the Castine.

By almost a miracle the submarine was uninjured. One of the plates of her armor forward was dented, but

not enough to start a leak, and some of the guard rails on deck were carried away. She came to the surface immediately after passing under the

CONDITIONS ON G. T. NOW ALMOST NORMAL

Chicago, July 27.—Accumulations of freight in local Grand Trunk freight trains were sent out during the day bound for eastern and Canadian points. Only a few guards were sent out with each train. Officials said normal conditions would be re-established within a few hours.

MAY INITIATE THE DUKE OF NORFOLK

Sydney, N. S., July 26.—Among the visitors in Sydney, today were Rev. Fathers Ashley and Whelan and other members of the Knights of Columbus of St. John's, Nfld., who are en route to Quebec, where they will attend the annual convention of the Knights, on Aug. 2.

It is understood that at this convention the Duke of Norfolk will be present and will be initiated as a member of the Grand Council of Knights, and will receive power to organize councils in London and other cities in the old country.

AUTO OVERTURNED, CHAFFEUR KILLED, OTHERS BADLY HURT

Rochester N.Y. July 27.—A special despatch from Angola, near Buffalo, this morning says that F. J. Thomas, a chauffeur, driving the car of Andre Haag, of this city, was killed late yesterday afternoon when the Haag car plunged off a bridge a short distance from Angola. The party was made up of Mr. and Mrs. Haag and son Roy, besides Thomas. They left Rochester in the morning for Lillyville N.Y., where Mrs. Haag and son expected to spend a few days. Mr. Haag returning to this city with the chauffeur in three days' time. The rest of the party were not seriously except for some bruises which Mr. and Mrs. Haag sustained.

HELP THE GOOD WORK
The Ladies Aid of St. Paul's Church are getting up another contribution to send to the fire sufferers at Campbellton. Any parties wishing to contribute anything will kindly send to the Old Kirk tomorrow. This is undenominational. Articles in the line of bedding and clothing for women and children are especially asked for.

BOARD OF HEALTH TO TAKE ACTION RE PRIVATE SEWERS

County Sewer One of These--Municipality Not Prepared to Act in Matter at Present.

The Board of Health at its regular monthly meeting yesterday afternoon passed a resolution to the effect that the board's inspector take measures to compel all property owners with sewers entering directly into the river, to enter the city sewers. This resolution if carried out will force a large number of property owners to make changes. One sewer to which considerable objection is made is the property of the Municipality of York and extends from the gaol on Brunswick street to the river by way of St. John St. It is understood the County is not prepared to make a change at the present time. Several private parties enter this sewer. Church street contains a similar sewer and there are others properties near the river which are not connected with the city sewerage system but have private sewers.

APPLICATIONS GRANTED
Eight applications for the right to enter the city sewers were received. The inspector reported favorably on these and the connection will be made as soon as possible.

HOUSES REPORTED
Five houses were reported for having defective sewerage. The inspector was instructed to take action with regard to these.

The rest of the business was of a routine nature.

NO MUTINY ON CRUISER

Berlin, July 27.—It was officially denied today that a mutiny growing out of dissatisfaction when the mess had occurred on the German armored cruiser Bluecher during the cruise to Norway was reported in a despatch from Kiel.

TECHNICAL EDUCATION.
It is expected that the meeting called for eight o'clock this evening for the purpose of arranging for the visit of the Commission on Technical Education next month, will be largely attended. The Labor Council will co-operate with the Board of Trade in making the necessary arrangements. The manufacturers of the city are also interested. The meeting will be held in the council chamber.

THE FIGHT PICTURES MAY FIGURE IN THE LAW COURTS

If the Mayor of Chicago Refuses to Permit Their Exhibition in that City, Recourse will be Had to the Courts to Test His Powers.

Chicago, July 27.—Unless Mayor Busse today consents to the exhibition of the Jeffries-Johnson fight pictures in Chicago, Aaron J. Jones will institute mandamus proceedings in the courts against the Mayor and Chief of Police Steward, in order to compel the issuance of the necessary permit. Jones, who has paid \$60,000 for the exclusive rights to the Reno fight pictures in Illinois, reached his decision to take the matter into the courts after making a formal application yesterday, first to the chief and then to the mayor for the required permit.

PHYSICIAN DIES FROM OVERDOSE OF MORPHINE

Bridgeport, Conn., July 27.—Dr. F. C. Graves one of the prominent physicians of this city is dead in a private hospital here from the effects of an overdose of morphine taken at his summer home. Efforts were made to restore him to consciousness but without result. How the physician came to take the overdose of that drug is not known. He was 45 years of age and married.

JOHNSON REFUSED PERMISSION TO RUN AUTO ON SPEEDWAY

Indianapolis Ind., July 27.—Jack Johnson, the negro puglist was turned down yesterday by the Indianapolis motor speedway management when they refused to let him appear on the speedway at the coming automobile races in his high power car. Johnson made application some time ago for a place in the racing programme and his request was refused. He then asked for the privilege of giving an exhibition race during the September meeting. The directors of the speedway took the matter under advisement and president Fisher announced that this request had been refused.

THE PICNIC OF THE SEASON

The Kirk people are planning for a picnic to be held at Pleasant August 10th on the Nashwaak on August 10th. Particulars later.

A SACKVILLE MYSTERY.

Sackville Tribune:—Are burglars at work in Sackville? A few evenings ago a light was seen in the house on College street, owned and formerly occupied by Mr. Fred Ryan. On Saturday night Marshal Sullivan and Constable John O'Brien spent some time watching the house but nothing suspicious attracted their attention. On Saturday evening a lad saw a light in Mr. Ryan's York street house. Knowing that the family were away he told a York street lady of what he had seen and she went with him down York street to see whether or not he was mistaken. The light was found to be burning and word was sent to Marshal Sullivan and others. The house was searched but no one was found although the boy who first saw the light declared that he had seen a man looking out of one of the windows of the house. Certainly, however, the light was burning and someone must have been in the building. (Mr. and Mrs. Ryan were in Fredericton this week and are now in Woodstock.)

MEMBERS OF RAILWAY COMMISSION HAVE ARRIVED AT ST. JOHN

Bound on a Tour of Inspection of Various Points in Maritime Provinces--Conditions Found to be Generally Good.

St. John, July 27.—(Special).—The members of the railway commission of Canada arrived in the city in their private car Acadia, attached to the Montreal train at noon. The commissioners are J. P. Mabee, chairman; A. J. Nixon, R. Richardson and G. G. McPherson. They came by the I. C. R. train to River du Loup and over the Temiscouata Railway, connecting with the C. P. R. by way of Woodstock. They are bound for Moncton and from there will go to Nova Scotia, connecting with the D. A. R. to Yarmouth and from thence over the Halifax and Southwestern to Halifax. They will also make a trip over the Prince Edward Island Railway and will return over the I. C. R. to Moncton.

Chairman Mabee said that the purpose of their trip was merely for investigating conditions, and that they would hold no public meetings. Of the more important matters at present occupying the attention of the commission were the express company rates and also the Pullman rates. The whole system of express rates was receiving the most minute attention. As to the matter of Pullman rates, Chairman Mabee said that there had been a reduction made in the United States, but that did not necessarily follow that it should be done this side of the line as conditions would govern.

"We do not hear many complaints from your part of the country," said the chairman, "though," he added, "I've seen conditions that the people west would be kicking about." So far they have found the state of things very good, though there was some room for improvement in the matter of crossings, ballasting, etc., but he found that these were being remedied as fast as possible.
