

QUEBEC LUMBER TO BE MANUFACTURED AT HOME

New Regulations Which Require all Timber Cut from Crown Lands to be Manufactured in Province.

"All timber cut on Crown lands after May 1, 1910, must be manufactured in Canada, that is to say, converted into pulp or paper, into deals or boards, or into any other articles of commerce or merchandise as distinguished from such timber in its raw or unmanufactured state."

This is the clause in the new Quebec timber regulations which prohibits the exportation of pulpwood to the United States. The new law was signed by the Lieutenant Governor on Saturday, and has now been published in the official Gazette. The exportation clause continues:—"Shall not be considered as manufactured within the meaning of the present regulations, timber merely cut into lengths, or logs piled up, barked or otherwise worked preliminary to the fabrication of pulp or paper, of deals or boards or any other articles of commerce, nor any timber or poles but actual square timber and railway ties are considered as manufactured."

Any "time that, on satisfactory information supported by an affidavit, the Minister or authorized officer has reason to believe that timber cut in virtue of a license on public lands is not to be manufactured in Canada, in whole or in part, this timber may be seized and placed under custody by an agent of the department."

"The Minister or his representative gives notice of the seizure to the interested parties and requests them to give two good and sufficient securities that the timber seized will be manufactured in Canada. If within a month after such notice and request, the required securities have not been given, the timber shall be sold at public auction, after a notice of at least fifteen days. The purchaser at said sale must himself give good and sufficient security that the timber will be manufactured in Canada, and the proceeds of the sale paid over to the Crown, after a deduction of cost of seizure and sale, and any sum due the Crown by the license holder or by any other person who has cut, or caused to be cut, such timber, or who is the owner or holder of the same."

"After the seizure, the burden of

providing that the timber is to be manufactured in Canada lies on the owner of such timber.

"Where the timber to be seized is made up with other timber the whole of the timber may be seized and dealt with accordingly, until satisfactorily separated."

Details of the rent and license conditions of timber limits are given in the regulations. The ground rent is increased from three to five dollars, and there is a general increase in the stumpage dues of 60 per cent.

A feature of the regulations is an agreement that the ground rent for licenses to cut timber shall not be increased before September, 1920. The old ten-year agreement expires in September next, when the new regulations respecting rents and stumpage dues will come into force. The exportation prohibition comes into force at once, and affects all lumber cut after May 1 next.

Washington, D. C., April 27.—There is no surprise here at the action of the Lieut.-Governor of Quebec in signing the proclamation prohibiting the exportation of pulp wood from the Crown lands of Quebec, and it likewise is clear that the action will have no disturbing effect on the present amicable relations between Canada and the United States.

The only difficulty for the State Department is that there are some important interests which probably will protest. They already had asked that everything be done to delay the Quebec proclamation. Out of one million cords of pulp wood exported from Quebec only 165,000 cords came from Crown lands, and these alone are affected. But the International Paper Co. has leased much Crown lands and has upwards of \$7,000,000 invested in such lands.

Small paper concerns also feel that the proclamation will result to their disadvantage. The fear of the State Department has been that Quebec's action would offend these interests and that it may stir up a miniature cloud of Anti-Canadian sentiment which will be in evidence when the negotiations for closer trade relations and reciprocity are taken up.

LABRADOR TIMBER AREAS TO BE DEVELOPED

American Concern Acquires Vast Tract of Spruce Lands, but Must Not Export Unmanufactured Lumber.

Banor, Me., April 27.—Details of the Anglo-American Development Company's recent deal in Labrador timber lands were made public here today by Chas. D. Stanford and R. H. Wing, of Bangor, who are members of the syndicate that has acquired the rights obtained by the Anglo-American Company from the Newfoundland government. The tract comprises 13,853 square miles, or 8,865,000 acres, densely covered with spruce, the present stand being estimated conservatively at thirty billion feet, equal to 50,000,000 cords of pulpwood.

For the right to cut over this territory for the period of fifty years, with the privilege of forty-nine years' renewal, the Anglo-American Company, organized last August at St.

John's, Nfld., contracted to pay to the Newfoundland government a rental amounting to \$4 per square mile for the first year and \$2 per square mile for each subsequent year, and the syndicate which has taken over the lease has just paid the first year's rental, amounting to \$55,412.

The syndicate, comprised of twenty-four New York capitalists, and Messrs. Stanford and Wing, of Bangor, will develop the tract as soon as surveys can be made and water powers improved, the purpose being to manufacture the timber into pulp, as the export of pulpwood is prohibited. The tract acquired is about equal in extent to the state of Massachusetts, or to the entire area of Maine's timber lands, and the supply of timber thereon is practically inexhaustible.

ABOUT THE BOXERS.

Eddie Murphy and Jeff Doherty will box at the Bay State A.C., Lawrence next Thursday night.

Jim Flynn, the Pueblo heavyweight has arrived in Philadelphia, looking for matches.

Al Kubiak, although defeated by Andrew Morris several weeks ago, must still think Morris is easy, for he has signed to meet Morris at Lymanville, R. I., next Friday night. Kubiak has also agreed to box Sam Langford in Pittsburgh next Saturday night.

Jack Sheehan has become manager of a big colored heavyweight named Bill Lewis. He weighs 250 pounds, stands 6 ft 5 in high and claims the championship of Honolulu. Sheehan believes that Lewis will become champion, and the sports who have seen him box figure him a promising aspirant for fistic honors.

Goodness does not consist in greatness but greatness in goodness.

DIAMOND GLINTS.

Robert Addy, who played right field for the Boston champions in the early '70s, died at Pocatillo, Id., April 10. Mr. Addy was one of the first players to slide to base head first.

Charley Lavis of the Providence club had a conference with Elmer Steele Monday at Boston. Steele agreed to terms, and will leave to join the Providence club at once.

Bill O'Hara is in the game regularly for St. Louis. His sprained ankle has rounded into shape again, but the Torontonians' daring base-running will doubtless be affected by the consciousness that a twice-sprained ankle is apt to turn again at any time.

When it comes to a weather question in the big leagues you have to dip your Kelly to Chicago. It's not every major league town that can show six inches of snow on April 23. Wonder if C. W. Murphy will scream as loud as ever for 168 games next year.

FROM THE RURAL DISTRICTS

DOWVILLE.

April 22.—Mr. Wilmet Dow received a telegram this morning conveying the sad news of the sudden death of his brother, Conductor Robert Dow, which took place at Presque Isle yesterday.

Mrs. Millegre Hall left for her home in Millinocket today after spending the winter with her parents, Mr. and Mrs. Abram Hillman.

Percy Shaw and family and Mrs. Shaw's sister, Miss Ella Patterson, left on Monday for Edmundston, where they intend conducting a boarding house.

Sandy Grant was seriously hurt while engaged in rafting logs by being struck in the side by a rolling log. He is resting quite easy today and his friends are hopeful of his recovery. Dr. Turner is in attendance.

Mrs. I. Brown is suffering from a severe attack of la grippe.

H. C. Grant of Grand View was calling on friends in this village on Sunday last.

The remains of the late Mrs. Elsha Cronkite were interred in River View Cemetery beside those of her late husband on Wednesday, she having passed away at the residence of her son, John Cronkite in Northampton.

Mr. and Mrs. LeBaron Ingram are receiving congratulations on the arrival of a son and heir at their residence on the 6th inst.

Arlington Way and family will leave on Monday for Montello, Maine, to reside. Miss Annie McLaughlin will accompany them.

W. T. Hatfield has bought the farm recently occupied by A. Way.

Mr. and Mrs. McLaughlin of Dan-

forth, Me., were recent visitors in the village.

MAPLEWOOD.

April 27.—The weather keeps rainy and unsettled, and the roads are in a desperate condition. Many old people say they are the worst they have been in years.

Our school has closed for the present, the teacher, Miss Parks, being called home on account of the illness of her mother.

Miss Mary Nevers of Clarksville, is the guest of her aunt, Miss Louise Kelly.

Mr. Shepherd sr., is somewhat improving in health.

Mr. Chas. Slipp had the misfortune to cut his arm on the saw while sawing wood.

Flocks of wild geese keep going over almost every day.

Mr. J. Warnick is kept busy pruning apple trees in the surrounding districts.

Mr. Howard Wallace is busy hauling potatoes in spite of the bad roads.

THE BARONY.

April 25.—Mr. and Mrs. Charles Roach intend moving next week to their new home which they have purchased from Mr. Ross at Douglas.

Miss Margaret Charters has returned from Fredericton after an absence of some weeks.

J. H. Gerow and son accompanied by Russel McClusky of Meductic were calling on friends last week.

Joseph Roshorough and his mother are making a short visit in Fredericton this week.

TROUBLE IN SIGHT FOR THE STANDARD

That Journal Dares Publish Views of Defenders of "Yankee Horses"—Fears Less Interest Will Result.

The St. John Standard has had the boldness to suggest by an article on its sporting page that there actually are horsemen in St. John and other parts who think that the exclusion of American horses from Maritime Province tracks will result in dwindling interest in horse racing. It is now up to The Gleaner to rebuke its morning edition for the expression of such an opinion.

The Standard's article is published under this caption, Another Side to Barring of Yankee Horses, Some Horsemen Fear That Interest in the Racing Game Will Dwindle With Merely Provincial Entries. The article is as follows:

"With the approach of the racing season followers of the turf throughout the Maritime Provinces are beginning to size up the actual conditions and to conjecture what effect the barring of American trotters and other regulations adopted by the Maritime Association will have upon the sport.

"Although many prominent horsemen and breeders throughout New Brunswick and Nova Scotia have repeatedly given it as their opinion that the exclusion of the fast Yankee horses would materially benefit the game, there are, nevertheless, a large number of track followers, especially in St. John and throughout New Brunswick who regret that the Maritime Association took such action. They insist and present strong argument to show that at least for some years to come until Maritime stables can put upon the track horses as fast as those which were brought over from Maine and New England, the attendance and interest in the game will be seriously affected. They point out as an example that the races during exhibition week here will be devoid of a great deal of interest which they would otherwise incite if St. John people were to witness the fast Yankee pacers. Several prominent St. John horsemen refuse to discuss the question, preferring to await developments before making any prediction. The local outlook is much the same as last season.

"It was currently reported that Mr. F. Duncanson, the well known Fairville breeder, would import two fast trotters from New England, but when asked about the matter last evening Mr. Duncanson stated that the report was without foundation. He had negotiated with a well known Maine stable, for the purchase of a horse, he said, but the price demanded was too high, and the negotiation were off. He did not think that he would have any new horses on the track this summer. It is said that Fredericton stables are importing fast horses and several other Maritime stables will enter some fast ones heretofore unheard of."
