KETCHELL AND LANGFORD WILL DRAW BIG CROWD

Philadelphia, April 27.—One of the largest crowds that ever wedged its way into the National Athletic Club in this city will be on hand tonight to witness the six round fight between Sam Langford, the Boston negro, and Stanley Ketchell. So great is the interest that only a few of the least desirable seats, the management announces are available for the late comers.

There is practically no betting on the outcome, as under the law, prize fighting is prohibited and decisions are not given by the referees. Both fighters with their retinue of trainers are on the ground. They are declared to be in fit condition to go any distance, were more than six rounds allowed. Added interest is lent because it is the winner of tonight's contest who will probably be looked upon as the man to meet the fighter who will win the world's championship at Emeryville on July fourth.

Ketchell and Langford are scheduled to enter the ring about 10.15 o'clock.

FIRST LOCAL BALL GAME ON SATURDAY

Captain Fred Baird, of the U. N. B. baseball team, is endeavoring to arrange a game with the bankers for Saturday afternoon. It is understood that the bankers want to play with a battery picked from the city. It is likely that the game will be arranged satisfactorily.

The line-up of the college nine is not yet known definitely. Baird, of course, will pitch, with John Dolan at the receiving end. Archie Babbitt will cover the first sack. Balkam will very likely be at second base, and Porter at the difficult corner at third. Charlie Jones has been playing shortstop in practices and handling himself in a way that has shown that he is the man for the position. There are several candidates for outfield positions. Among the number are McKeen, White, Jennings, McKay, Duke, Rigby and Shives.

Johnny Glover and Jack Langdon of Philadelphia will meet in the University A. and T. C. at Lawrence next Friday night.

U. N. B. BASKETBALL TEAM, CHAMPIONS OF MARITIME PROVINCES, SEASON 1910

Five of Local College Ready to Defend Title Against Any Senior Team---Season's Record and Brief Sketches of Men Composing Team---Three Fredericton Boys on Red and Black Quintette.

The University of New Brunswick basketball team, a picture of which appears on this page, claims the title of champions of the Maritime Provinces, and has ambitions of holding the basketball championship of the Dominion. The Maritime Provinces title the U. N. B. five is prepared to defend against any team at any time. The Canadian title the team may go after next winter.

The U. N. B. bases its claim to the championship of this part of Canada not only on the record made during the season just passed, but also upon the work done by five wearing the Red and Black of the local college for several years past. However, during the season of 1910 the team made a record which clearly shows that it contains championship timber.

THE SEASON'S RECORD.

The record made during the present year is as follows:

Feb. 9—U. N. B., 76; Acadia 9; at Fredericton.

March 22—U. N. B., 49; Shamrocks, 4; at Fredericton.

March 25—U. N. B., 54; McAdam, 14 at McAdam.

March 26—U. N. B., 42; Crescents, 17; at Grand Manan.

March 28—U. N. B., 49; Shamrocks, 18, at St. Andrews.

March 29—U. N. B., 49; Unions, 18, at Milltown, N. B.

Besides the games mentioned the college team also played three games with the Provincial Normal School team. All these games were won by large scores by the U. N. B. The scores were 133 to 2, 118 to 4, 148 to 4. These games were all played in Fredericton.

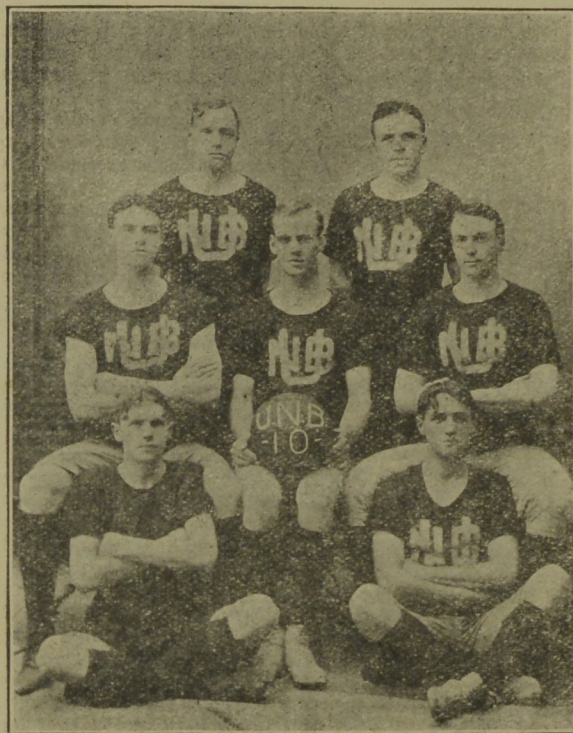

It will be observed that no St. John team was met by the college team this year. This was no fault of the local five as repeated efforts were made to arrange matches with both senior teams at the winter port. Exclusive of the Portlands and Algonquins of St. John every senior team of prominence in New Brunswick was met and defeated. If the other maritime provinces have produced teams with championship aspirations they have not yet been heard of. If such exist they should remember that the motto of the local college as far as basketball is concerned is "Let 'em all come."

CANADIAN CHAMPIONSHIP

When the U. N. B. is mentioned in connection with the Dominion championship it should be remembered that the Ottawa Y. M. C. A. five which played off with the West End Y. M. C. A. of Toronto for the Canadian championship was defeated in easy style here by the U. N. B. last year. In fact the Ottawa team made a very poor showing against the teams which it met during its tour of the Maritime Provinces. Fall River Y. M. C. A. amateur champions of New England, last year was defeated by the Shamrocks of St. Andrews, a team which the U. N. B. had little trouble in beating on its own floor. The Red and Black has certainly some class and can hold up its end with the best of them.

FASTEST TEAM.

The basketball team which represented during the present year is represented the University of New Brunswick. It is the fastest and the one most capable of playing the most modern and scientific game of any five which the college has turned

H. C. Kinghorn, '11 D. R. Smith, '10
J. B. Alexander, '10 I. C. Spicer, '10
G. P. Rigby, '11, (Capt.),
R. R. Stevenson, '10 J. F. Dolan, '12

out and it has turned out men who in this line of sport have made a name for themselves not only in the various parts of this province but also in other sections of Canada.

The team of 1910 was composed of the following players: Forwards, H. C. Kinghorn, R. R. Stevenson; Centre J. B. Alexander; Guards, J. F. Dolan G. P. Rigby; Substitute forward, D. R. Smith. Substitute Guard, I. C. Spicer.

THE PLAYERS.

Kinghorn is a student in Forestry. He hails from Fredericton. He played basketball for three years while at Fredericton High School. He made the second U. N. B. team in his Freshman year. Since that time he has made the first team two years. Kinghorn is a fast tricky forward and is able to mix things up. He will be at college another year.

Stevenson is taking the civil engineering course. He belongs to this city and learned to play basketball at Fredericton High School, where he played one year. During the first three years he was at college, Stevenson played on his class team. This has been his first season in senior company but he has made good. He will get his degree this spring. Stevenson is a sure shot at the basket and is noted for the work he can do underneath the goal.

Alexander is another civil engineer and like Stevenson will leave college this spring. He comes from Fredericton Junction. He played on his class team when a Freshman and as a Sophomore was a sub on the first team. During the last two years he has been the regular centre. Alexander is called the best man in that position the college ever had. He is a good defensive player and a hard worker.

Dolan is a civil engineer. Before going to U. N. B. he had played basketball for three years at the Freder-

icton High School. He made his class team in his first year at college and has played two years with the first team. He will be at college again next year. Dolan is inclined to be a little rough when on the floor, but is an excellent defensive player, being able to mark two forwards while Rigby goes down the floor to aid in the attack. Another fault which Dolan has is a tendency to talk too much while playing.

Rigby hails from St. Andrews. He is another engineer. Before entering U. N. B. he played one season with the Canucks of Campbellville. In his first year at college Rigby was a substitute on the first team. For three years since that time he has played as guard on the first team. He is acknowledged to be one of the best basketball players in the Maritime Provinces and is an exceptionally good shot. He filled the position of captain most acceptably this season and may hold the same office next season.

Smith has the distinction of being about to complete his sixth year at the U. N. B., having taken both the Arts and engineering courses. He played on his class team for three years. In his junior year he was a sub, and in his senior year manager of the first team. On coming back to college as an engineer he made the team in 1908 and during the present year was substitute. He is a fast forward and a most unselfish player. His forte is short passing.

Spicer is the only member of the 1910 team who is not a New Brunswicker. He hails from Spencer's Island, N. S. He is an Arts man and will be graduated this year. While at Rothesay he played no basketball. In 1909 he took the game up and made his class team and also played as a sub, on the first team. This year he did the same. He is a hard player with lots of weight and height.

SAM LANGFORD HAD SLIGHTLY BETTER OF LAST NIGHT'S BOUT WITH KETCHEL

Philadelphia, April 27.—Sam Langford, of Boston, and Stanley Ketchell of Michigan, two of the best middle-weight fighters in the country, met tonight in the arena of the National Athletic Club in a six-round bout and at the end there was little to choose between the men. If anything Langford had a slight advantage, but a draw would have been a fair decision.

FIGHT BY ROUNDS.

Round 1—The men advanced cautiously. Ketchell was the first to lead with a light left for the wind. Langford missed left and right and Ketchell tapped the colored man on the head. They clinched and in the break Langford landed light left on the

wind. Langford missed repeatedly. Ketchell was forcing the fighting. He landed a left on the wind and a right to the same place as the bell rang. Not a solid blow was struck.

Round 2—Both advanced quickly to the centre. Langford tried a left for the head. In a hot mix-up Langford sent two good lefts to wind and head. Ketchell drove a right to head and again to wind. Langford sent a left to head. Each landed lefts to head and Ketchell sent a right to wind. Another mix-up and clinch and Ketchell sent a right to wind. In another mix-up and clinch, the referee had to pull the men apart. Ketchell landed left to wind as the bell rang. As in round one, Ketchell did the forcing.

Round 3—Ketchell started with a left lead for the head, but was blocked. Langford jabbed two lefts to the face and then sent Ketchell's head back with a straight right. Both landed lefts on the wind. Langford jabbed left to mouth and drove a hard right to wind and Ketchell sent left to face as they clinched. Ketchell sent Langford's head back with a hard left and repeated the blow a second later. Langford missed a left uppercut and Ketchell drove a hard left to the face. They were clinched at the bell.

Round 4.—Up to this time Ketchell was doing all the forcing. He did not let the colored man get set. Ketchell led left to wind and they clinched. Langford sent two hard lefts to the

jaw and Ketchell was more careful. Ketchell drove a hard right to wind. Langford brought the blood from Ketchell's nose with a stiff left. Langford chopped a hard left to the nose and the blood came from the injured member in a stream. Ketchell sent a hard right to the wind and Langford uppercut a hard one to the chin. This was Langford's round by a good margin.

Round 5—Ketchell led light left to face and then sent a hard right to jaw. Langford again punched the damaged nose, starting the blood afresh. Langford sent left to face and Ketchell right to the body. Both drove lefts to face and Ketchell sent a hard right to the nose. Ketchell missed a hard uppercut and they clinched. Ketchell landed right on wind and Langford uppercut to chin. Langford swung a right as the bell rang, but fell to the floor.

Round 6.—Langford lifted Ketchell off the floor with an uppercut. Both drove hard lefts to the head and in a clinch Ketchell pounded Langford's stomach and Langford again started the blood flowing and he slugged Ketchell with a right to wind. Ketchell was weak on his legs and they clinched repeatedly. Langford played for the damaged nose and had Ketchell covered with blood when the bell rang.

FRED CAMERON MAY

RUN IN TORONTO

Toronto, April 27.—During the first week in July, Fowler, of Cambridge, and Cameron, of Amherst, N. S., the Boston Marathon winner, will be brought to Toronto for a ten mile race with Jim Corkery. This event will be an invitation race. Jim Corkery will run no more Marathons, but will confine his attention to the ten mile distance, and it is expected that by July 1 he will be in the grandest of shape to trim the best in the land.

CANADIAN CHAMPIONS

Toronto boxers "hogged" the championships in the Canadian finals, capturing all but one of the eight gold medals hung up for the winners. The new champions are:

105-pound class—H. Hamilton, Woodbine, Beach.

115-pound class—F. Lansdowne, British United.

115-pound class—J. G. Moore, Montreal.

135-pound class—A. Tuckwell, I. C. A. C.

145-pound class—H. Lang, Toronto, R. C.

158-pound class—H. Lang, Toronto R. C.

Heavyweight—R. Day, I. C. A. C.
