The drawing room was tastefully decorated for the occasion with palms, ferns and cut flowers. Only immediate relatives were present. The popularity of the young couple was shown by the numerous wedding gifts received.

BODY OF JOSEPH METHOT FOUND TODAY

Coroner Mullin Decides Inquest Unnecessary—Arrangements For Military Funeral not Complete.

The body of Joseph Methot, private in "H" Company, R. C. R., who was drowned a short distance below the mouth of the Nashwaakiss on the afternoon of May 23rd, was discovered at noon today a few yards below the Highway Bridge. The body was floating on the surface when observed by Indians, who went out and towed it ashore.

NO INQUEST

Coroner B. M. Mullin of St. Mary's was notified. After viewing the body he summoned those who had been with Methot at the time he was drowned and held an inquiry. Coroner Mullin decided that an inquest would not be necessary. From what he learned it appeared that the drowning had been entirely accidental.

THE DROWNING

Joseph Methot met his death late in the afternoon of Monday, May 23rd, when a boat in which he and three other soldiers, Corp. Galloway, Private Hazelhurst and Private Balsier were returning from a fishing excursion, capsized and sank. Methot was unable to swim and in his frantic struggles almost drowned Galloway who went to his rescue.

Search for the body was made for some time after the accident but without success. Today is the twenty-first day since the drowning and the body has evidently been floating for some days. As there is little current along the St. Mary's shore the body had not floated far from the scene of the accident.

The drowned man belonged to Montreal where his relatives now reside. He enlisted in "H" Company at St. John's, P. Q., about four years ago.

CONTINUED RAINS HELPING LUMBER DRIVES

Contractor Scott Making Satisfactory Progress—Last of Kilburn Drives Nearing Corporation Limits.

Contractor John S. Scott brought in another big drive for the St. John River Log Driving Company on Friday and left this morning for Grand Falls to bring out a second instalment. Mr. Scott says that the recent rains have facilitated his work very much and he is hopeful of clearing everything up in the course of a few weeks. In the last drive, he says were a lot of logs which came out with the Black River jam about ten days ago. They were put through the sorting works at Van-Burn and Grand Isle in record time.

It rained here very heavily on Sunday afternoon and evening, but so far there has been no material change in the condition of the river. Mr. John Kilburn had word on Saturday, evening from manager Brown of the St. John Lumber Company to the effect that a big crew of men were at work on the drives which became stranded in the Main river near Seven Islands a few weeks ago. He estimated that at the rate of progress being made they should be now about seven miles from the upper corporation limits.

Reports by Western Union this morning were as follows: Woodstock N.B.—Partly clearing. Warmer. Began at 4 a.m. and rained hard in the night.

Grand Falls N.B.—Weather cloudy and rainy, Sunday, rained all day.

ADDRESS PRESENTED TO CHAS. K. HOWARD

Popular Railway Official Honored by Rector and Corporation of the Parish Church.

The residence of Mr. C. K. Howard Regent street, was the scene of a pleasant incident on Saturday evening when he was waited upon by the rector and wardens of Christ Church and presented with a farewell address. Mr. Howard recently resigned his position in the C.N.R. service, and is now manager of the Aroostock Valley Railway. He arrived here Saturday evening to spend Sunday with his family, and the address which was presented soon after his arrival was as follows: To Our Beloved Brother

CHARLES KETCHUM HOWARD

We, The Rector, Church and Vestrymen of the Parish of Christ Church Fredericton, and Province of New Brunswick, having learned with deep regret of your intended removal from our midst, and therefore of your necessary retirement from our parochial corporation, desire to place upon our minutes and to present to you some record and token of our appreciation of your practical interests in, and loyal efforts on behalf of our parish affairs ever since you came to dwell among us.

By your wide outlook towards the future in the making of present day plans; your business like habit of mind in always anticipating results; your encouragement to courageous action, in carrying out what seemed to be the wisest and best; your loyal readiness to devote time and talent to the Church's cause; your natural courteousness and genial manner; by all these qualities, the outcome of a steadfast and methodical, though unostentatious religious life, you have not only greatly aided the Rector and Corporation to attain to the measure of success, which, under God the Parish is enjoying, but you have endeared yourself to each individual of the Corporation to every parishioner and to the community at large.

Your removal is therefore a real loss to us, and we shall miss you sadly.

In selecting you to fill the important position for which you have chosen, those interested have shown a wise discernment. We shall follow your future course with the deepest interest, and sincerely pray that the Giver of all good things, may grant you wisdom, guidance and the right judgment in all things, that in all your undertakings, you may reap great success.

In the name of the Parishioners, we extend to Mrs. Howard and your

NORMAL STUDENTS BEING PROSECUTED

Case in Police Court This Morning Adjourned Until Friday When Settlement May Be Made.

A settlement in the matter of the damage done by the Normal students on Friday night is expected to be reached. This morning the names of three students were called in the Police Court. They did not appear but were represented by counsel, Mr. P. A. Guthrie. The latter asked for adjournment until Friday. The counsel for the prosecution, City Clerk McCready, consented to the adjournment which was granted.

"I grant this adjournment," said Magistrate Marsh, "because it is asked by counsel. Personally I would prefer to go on with the case. When young men have resided in Fredericton as long as the students of the Normal School have and repay the hospitality of the city by destroying public property some punishment should be meted out."

Mr. McCready said that the opinion of His Honor were concurred with by the mayor and aldermen. He had agreed to adjournment but there was no intention of dropping the case. The prosecution would be continued on Friday.

Mr. Guthrie explained that adjournment was necessary as examinations would begin at the Normal School on Tuesday. As far as making examples of the students was concerned it should be remembered that the parents and relatives of some of them were making sacrifices to send them to Normal School and would be injured more by such action than the students themselves. He felt that he could offer assurance that the damage done on Friday night would be made good.

It is understood that on Saturday representatives of the City Council, the faculty of the Normal School and the students conferred and an agreement concerning the settlement of the damage made.

boys our kindest regards and good wishes for health and happiness in the future.

With sincere appreciation, we remain, Faithfully yours, Signed on behalf of Christ Church Corporation,

J. R. deWOLFE COWIE

Rector.
