

JOE GANS, FORMER LIGHT WEIGHT BOXER, DEAD AT LAST

After Putting up a Good Fight Against Consumption which Attacked Him a Year Ago

Baltimore, Md., Aug. 10.—Joe Gans former lightweight champion pugilist, died this morning of consumption, which manifested itself about a year ago. Late last spring he went to Arizona with the hope of restoring his health, but the disease had been too deeply seated and he declined rapidly. He was brought here last week to die. He was 34 years old.

Joe Gans true name was Gant, the name Gans having been fastened upon him early in his ring career by a mistake of a referee. He began his ring career in 1894, but prior to that time he had made a name for himself as a fighter about a fish market in this city, where he was employed. His first fight for money is said to have brought him \$4. The largest purse for which he ever fought was \$33,000 in his first bout with Nelson. Of this Gans received but \$11,000, he having agreed to give Nelson the remainder, win, lose or draw.

Gans won the title of lightweight champion from Frank Erne, at Fort Erie, Ont., in one round in 1902 and lost it to "Battling" Nelson in 1908 in the 17th round.

PARTRIDGE—NASE WEDDING TODAY AT WOODMAN'S POINT

St. John, N. B., Aug. 10.—Miss Anne Louise Nase, daughter of Mrs. I. N. Nase, of this city, was married to Harold Dover Partridge, of Rochester, Mass., son of the late Dean Partridge, of Fredericton, this afternoon at four o'clock by the Rev. W. B. Belliss, rector of Westfield. The ceremony took place in the grove adjoining the residence of the bride's sister, Mrs. A. M. Woodman, at Woodman's Point. The wedding march from Lohengrin was played by Mrs. W. B. Belliss. The bride was given away by her brother, J. H. Nase, and was attired in white crepe de chene, with trimmings of rose point lace, and wore a veil and orange blossoms. She carried a shower bouquet of bride roses. Little Miss Frances Tilton, daughter of Mr. and Mrs. J. F. Tilton, acted as flower girl and looked very sweet in a gown of pink mill. She carried a bunch of sweet peas.

After the ceremony a reception was held at the house. Among the guests were Mrs. Frances Partridge and Miss Charlotte G. Partridge, of Rochester, N. Y.; Mrs. B. R. Lippincott, of Webster Groves, Mo.; Miss E. S. Tilton, of Boston; R. T. Nase, of New York; Mr. and Mrs. S. A. R. McDonald, Mrs. C. G. D. Roberts, Miss Edith A. B. Roberts, Douglas H. B. Roberts, Laurence S. Sherman, of Fredericton.

Mr. and Mrs. Partridge left on a canoeing trip on the Upper St. John, after which they will leave for their future home in Rochester, where Mr. Partridge is connected with the editorial staff of The Rochester Herald.

The bride was the recipient of many beautiful gifts. Mrs. Partridge was for several years the leading soprano of St. Stephen's Church.

CHOLERA OUTBREAK IN RUSSIA DESCRIBED AS AN IMPERIAL DANGER

St. Petersburg, Aug. 10.—Professor Rein, of the medical faculty of the University, who is an authority on infectious disease, describes the present outbreak of cholera in Russia as an imperial danger. He estimates that the death list for 1910 already numbers 57,000, as compared with 28,000 in 1908. The danger is intensified he says, by the fact that the disease has spread from the towns to remote rural districts where it is difficult to combat.

Prof. Stafford, of Queen's University, Kingston, is the guest of Dr. L. W. Bailey.

Mayor Gaynor's Condition Considered to Be Most Hopeful

Rested Easily Through the Night and Enjoyed the Nourishment Administered to Him Today—Physicians Have Not Yet Decided Whether an Operation will be Necessary to Remove the Bullet.

New York, Aug. 10.—The following bulletin on the condition of Mayor William J. Gaynor who was shot and dangerously wounded yesterday by Jas. J. Gallagher on the steamer Kaiser Wilhelm Der Crosse was issued at 7.30 o'clock this morning.

"The mayor has rested comfortably since 5 o'clock. He has taken nourishment and at the present time his condition in the opinion of the attending physicians is satisfactory.

(Sgd.) E. J. LEDERLE

An encouraging symptom displayed by the stricken executive was the development of a pronounced appetite. The nourishment mentioned in the official bulletin was chicken broth which the mayor took about 7.15 o'clock. The mayor's secretary Robert Adamson who was with the chief at the time said that the mayor relished greatly the limited quantity of the broth which the doctors allowed him, saying that it tasted fine.

"I am going to have more of that later because I'm hungry," the mayor confidently told his secretary. The patient had some difficulty in swallowing the broth owing to soreness of the muscles of deglutition at the point where the bullet entered, but this seemed to interfere little with his enjoyment of the food.

It is said that shortly before ten o'clock this morning Mayor Gaynor was allowed a little more nourishment in the form of chicken broth and was likewise permitted a taste of coffee. The mayor's appetite was by no means satisfied, however. He said he was very hungry yet and laughingly suggested to Secretary Adamson that the latter smuggle in a little more broth for him.

While no official statement as to the mayor's pulse and temperature was made, Secretary Adamson brought out word that the patient's temperature was one hundred and a fraction degrees. The mayor was in no pain and continued talking freely on various subjects.

PHYSICIANS RETIRED.

While the mayor's condition is admittedly still very serious, the physicians would not commit themselves on any statement as to the outcome. Secretary Adamson, who was one of those who remained all night with the mayor, said that he considered the outlook very hopeful. Mr. Adamson, however, was careful to impress the possibilities of danger from infection of the wound, which will remain until the bullet is removed. There was also the danger, it was indicated by those who had watched the case closely, that the shot from Gallagher's revolver had passed so close to an artery that hemorrhages might be brought on from an attenuated artery wall.

The passage of time lessens the probability of this however. Mayor Gaynor has not been afflicted with an attack of hemorrhage since yesterday, shortly after he was first brought to the hospital.

One of the first announcements made by the physicians today was that there would be a consultation of all the medical men in attendance upon the mayor at 10.30 o'clock this morning when it would be decided whether or not an operation to remove the bullet should be attempted in the immediate future.

THE BULLET LOCATED.

The X ray examination last night showed that the bullet had been split shortly after it entered the head just below the right ear. One section apparently lay in the floor of the mouth near the left wing of the jaw bone while the other remains near the entrance point of the wound behind the ear. The mayor's physicians showed by their course through the night that they considered him to be in no immediate danger.

Those who spent the night near the mayor's bedside were Mrs. Gaynor, and their son Rufus, Dr. E. J. Lederle, Dr. W. J. Arlitz, Dr. Charles N. Dowd and Secretary Adamson.

The mayor's condition seemed to the physicians so satisfactory that Dr. Dowd retired early in the evening to a nearby room, while Drs. Arlitz and Lederle, who were sitting up with Secretary Adamson until after midnight, also took occasion then to get some rest, leaving the patient in the immediate care of the nurses. The physicians remained all through the latter part of the night within call but there was no emergency that demanded their ministrations.

The mayor slept intermittently and when questioned as to his feeling, declared that he was feeling fine.

WOUNDED MAN NOT SUFFERING.

The mayor's sufferings thus far have been slight. He has not been unconscious at any time and is allowed to talk all he cares to. He is not likely to averdo his privileges in that respect, however, for, according to the attendants, he realizes that he may have to put up a good fight for recovery and is content to husband his resources. In a talk with Dr. Arlitz, this morning, after a sound sleep of about four hours, the mayor spoke of the many pleasant outings he had had in the Maine and Quebec woods, and said that his unexpected decision to go to Europe rather than to his old hunting grounds in the north this year, had led to this trouble.

"I had anticipated much pleasure from this vacation," said the mayor. "This whole thing is all wrong. I have only tried to do my duty. This strife and responsibility were forced upon me and this is what has come of it."

The fine condition of the mayor is expected to be of material aid to nature and the surgeons in their fight for recovery. The most optimistic words which those attending him utter are their hopes that the vigorous constitution which the mayor has gained by reason of his outward life and fondness for walking, will enable him to make a speedy recovery.

MUST WAIT DEVELOPMENTS.

There must be a little time of waiting for developments, said Prof. Simon Baruch, of the College of Physicians and Surgeons. Unless complications set in the mayor's chances of recovery are of course, good. A rifle bullet in the same place might have done great damage. This bullet seems to have been a small one and it did not touch any important veins or arteries. The bullet is lodged in muscular structure, from which it ought to be possible to extract it with little danger.

The Hoboken police today assigned a squad of patrolmen to duty at the hospital on Willow Avenue, on which the hospital is located is blocked off by the policemen and no traffic will be allowed.

James J. Gallagher, the assassin, was carefully guarded in his cell in the Hoboken jail all night to prevent him making any possible attempt at self-destruction. Gallagher shows no remorse for his attempt on the life of Mayor Gaynor and in fact the brutish ego of the man is so intense that he fairly regards himself as a hero. It is not unlikely that the grand jury of Hudson County may meet today, and draw an indictment against Gallagher for the atrocious assault, on the event of the mayor's death the indictment would be changed to a charge of homicide.

Prosecutor Garven of Hudson County, N. J., began the preparation of his case against Gallagher today. Mr. Garven said:

"The grand jury fortunately has not wound up its current session, or I would have to wait until the last of September to ask for Gallagher's indictment. There will be no trouble indicting Gallagher as we have plenty of witnesses and the man's own confession.

"According to my hastily formed plan, Gallagher will be on trial not later than the first of next week. The trial will be short and the verdict will be reached by the jury in record time.

"Gallagher will probably be tried on a charge of assault with attempt to kill. The penalty for this is a maximum of twenty years. Under our commutation rule this practically means a sentence of twelve years.

"Of course the condition of Mayor Gaynor may prevent too hasty action but from the encouraging reports I have received, the mayor will be spared."

There were reports about the hospital this morning that there was a slight possibility that no operation would be performed upon Mayor Gaynor, and that the two fragments of the bullet would be left in the mayor's flesh. The decision not to operate would probably not come definitely until it was seen there was absolutely no danger of infection.

"There are many men with bullets in their bodies, and they suffer no inconvenience from it," said Dr. Lederle.

COUNT DE LESSEPS THE NOTED AVIATOR

COMTE DE LESSEPS

DIPHTHERIA CASES ON THE INCREASE IN CAMPBELLTON

Tent Catches Fire From Stove Pipe and Causes Some Little Stir—Total Aid to Date is \$65,000.

Campbellton, N.B., Aug. 10.—(Special)—Two additional cases of diphtheria developed yesterday and were immediately isolated, both cases are of a very mild type and patients are comfortably settled. Col. Malby of Newcastle arrived here last night and is looking into health matters in the interest of the provincial Board of Health. Excitement was created yesterday in the tented city when one of the large square tents caught fire from a stove pipe. The fire department speedily put the fire out and saved the contents of the tent.

Notices have been posted forbidding

the erection of temporary or permanent building without a permit from the inspector and that official has been busy issuing permits. The total amount of subscriptions received up to this morning is about \$65,000. Many applications have been received for assistance to build but as yet no definite action has been taken in this matter.

Jos. E. Adamson architect of Montreal has been commissioned to prepare plans and specifications for the new Methodist Church. Beside this he has several other buildings to prepare plans for.

THE DEMAND FOR STOCKS CONTINUES QUITE ACTIVE

New York, Aug. 10.—Wall Street—Opening prices of stocks showed general advances over last night's closing with the demand active and quite diversified. Delaware and Hudson rose 1½, International Harvester 1 and Union Pacific, Can. Pac. U.S. Steel, Pressed Steel Car and Sloss Sheffield Steel large fractions.

C.P.R. DIVIDEND

New York, August 9.—The New York Herald says: Among the favorable incidents in Wall Street yesterday were the engagement of \$2,000,000 gold in London for import and replacing of Canadian Pacific on an 8 per cent. basis.

"Some men who kicked themselves yesterday were those who, lacking faith, released their grip on Canadian Pacific, though they knew its earnings were on the increase with every increase with every prospect of an increased dividend rate. Those who held their stock have no fault to find.

"The news of the dividend increase came after the Stock Exchange had closed last evening."

All the other papers comment favorably upon the increase and marvel at the Canadian road's unbounded prosperity.

Rev. J. H. McDonald and Mrs. McDonald are enjoying an outing at Brown's Flats.

ENGLISH AVIATOR MAKES RECORD FLIGHT OVER THE IRISH SEA

Flew Fifty Miles Over Sea in 'Aeroplane—Reaching Destination Without a Hitch

London, Aug. 10.—Robert Loraine, the actor, qualified as a star aviator by making a splendid flight across the Irish Sea, a distance of more than 50 miles, from Blackpool, Eng., to Llanudno, on the coast of North Wales. Loraine had already attracted some attention by daring exhibitions in the air and last spring at Pau fell from a height of thirty feet and was painfully injured.

In July he attempted a flight from Bournemouth to the Needles and return, when he was caught in a storm and lost his bearings. He nearly missed the Isle of Wight altogether, and was a mile south of the Needles Lightship and heading over the open sea when by a lucky chance he caught sight of the Cliffs and by skillful manoeuvring effected a landing.

Today's feat was accomplished without a hitch.

PRIZE WINNERS AT P.R.A. MATCHES AT SUSSEX TODAY

Sussex, N. B., Aug. 10.—The weather here this morning was far from being favorable to the riflemen. A tricky fish tail wind was blowing all the morning, which prevented very good scores being made. However, the competition was keen, there being three men tie for first place with scores of 96. One St. John man, Sgt. I. F. Archibald, of the 3rd R. C. A., captured fourth place with a score of 95. Capt. Forbes, of the 75th Regt., and F. Price, of Grand Falls, both made possible at the 500 yard range. Although there were three ties for first place, one of them, L. P. Clark, gets first money, \$10. The Association Cup will have to be shot for later.

The match was not finished at half past one. It was impossible to get the individual scores. The following are the scores so far obtained:

200 500 600 Tt
Capt. Forbes, 73rd Rgt., 31 35 30 96
F. Price, Grand Falls, 33 35 28 96
L. P. Clark, of the 67th also made 96 and likewise the highest score at the 600 yard range.
Sgt. I. F. Archibald got 33 at 200, 32 at 500 and 30 at 600, making a total of 95.
A.B. Maggs, of Sussex, made a score of 89. The McLean Cup is being shot far this afternoon.
Sgt. I. L. Archibald, 3rd R. C. A., of St. John, came fourth in competition for the Association Cup, making 95 points.
Major Arnold's score was 31, 28, 23, total 82.
Messrs. Clark, Forbes, and Price will shoot off the Association Cup. The prizes are 1st, \$10; 2nd, \$8; 3rd, \$7. The average total score is about 80.

"CORRUGATED SIDEWALK"

Some one has been trying to be funny at the expense of the Roads and Streets Department. Recently a neatly painted sign has been attached to an elm tree on the Brunswick Street side of the Old Burying Ground. The sign bears the following inscription:

THE NEW CORRUGATED SIDEWALK.

(Experimental.)

NOT FOR PEDESTRIANS.

The inscription evidently refers to the sidewalk on the southern side of Brunswick Street, which was built up last spring but never levelled. This walk contains deep ruts and has been the subject of numerous complaints on the part of residents of Brunswick Street.

MURDERER HANGS HIMSELF

Millbank S. D. Aug. 10.—John Vanash who killed John Roem, a farmer by giving him a drink of whiskey containing strychnine on July 1, hanged himself in jail. He used strips from a blanket on his bed. His body was discovered by the sheriff.

GREAT TREK OF HINDOOS IN CALIFORNIA

Calcutta, Aug. 10.—A remarkable emigration of Punjabs, Mohammedans and Sikhs who are leaving for Hong Kong with the avowed intention of proceeding to California is engaging the official attention of the United States Consul General.

Some of these who are turning their faces to the New World are taking their families with them but the greater number belong to the fighting castes and are under the impression that they get on the American Police force. They are confident that they can at least secure posts as watchmen. The emigrants explain that they have written them saying that they have found a good land and urging those addressed to join them. Fifteen hundred natives sailed for the east on five ships during the month past and many more are preparing to follow.

The consul general said today that none of the emigrants had visited the American Consulate and that probably they would not be permitted to land in the United States. He expects that Washington will make representations on the subject.

WHITE STAR LINE NEATLY OUTWITS STRIKING FIREMEN

Southampton, Eng., Aug. 10.—The steamer Adriatic sailed for New York punctually at noon today, somewhat to the surprise of the striking firemen, who were confident that the company would be unable to secure stokers. The White Star Line officials used a bit of strategy. Office clerks and other shore employees were put aboard to help get up steam, after which the Adriatic quietly dropped down the Solent and picked one hundred firemen, who had been hid in waiting off the Isle of Wight. The stoke hold complement was thus made complete and the steamer continued under normal conditions.

Since the strike began on Monday when the men demanded an increase of wages, up to the hour of sailing today, the White Star piers were guarded by a large police force but there was no trouble.

FOREST FIRES RAGING YELLOWSTONE PARK

Livingston, Mont., Aug. 10.—Three forest fires are raging in the Yellowstone park, according to reports received here. It is believed, however, that the fires will be brought under control before great damage is done. The fires are fought by 200 regular troops. The Yellowstone park is heavily timbered. A serious loss will occur if the fire is not overcome quickly.

FRANCE TO TAKE UP ELECTRIC RAILWAYS

Paris, Aug. 10.—As a means of relieving the congestion of traffic a problem of constantly increasing difficulty, the government today decided to electrify the Bell railroad of this city and the railway service out of St. Lazarus station. The estimated expenditure is \$40,000,000.

Mr. E. B. Marshall, of Windsor, is at the Queen.
