Give your servants **GOLD DUST** to clean with, treat them rightly and you will have few occasions to insert a "help wanted" ad

They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without **GOLD DUST** is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—**GOLD DUST** is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

Your servant can do more and better work and keep sweet with the aid of **GOLD DUST** in all household cleaning.

MIX UP IN TOPSHAM

RACES; DIMPLE K. WINS

Topsham, Me., Oct. 11.—In the second heat of the 2:27 trot and pace class here this afternoon, Harry Leclair, a horse owned by C. Burrill, fell just after rounding into the quarter stretch and Ma Wanda, Maine Pointer, Matthew Vassar and Emily Gale, with their drivers, were piled on top. W. E. Perry, of Union, driver of Emily Gale, in being thrown from his sulky, landed on his head and was unconscious for several

hours. The extent of his injuries is not yet known. Howard Small, of Augusta, driver of Maine Pointer, was slightly injured. In the mix-up all of the drivers were unseated, and Ma Wanda, extricating herself from the mix-up, trotted around to the judges' stand, and awaited a new driver. The other horses were led up to the wire and given their positions.

There were three events on the racing card for the day, all of which were won in straight heats. Dimple K. won the 2:17 trot and pace; Col. Direct the 2:40 trot and pace, and Steele the 2:27 trot and pace.

BENDER ENDED SEASON AS LEADING AMERICAN TWIRLER

Ford of Highlanders Good Second--Philippe of Pittsburg Leading National League--Cole Also Well Up.

Following are the records of the pitchers of the American League who have taken part in five or more games, including the games on Saturday. Bender, the Italian pitcher of the Athletics, occupies first place as a result of a steady winning season. He is followed by Ford, of New York, who has proven a gem of the first water. To him will go the brunt of the boxwork in the Giants-Highlander series next week.

Several new men were tried out this fall and of the various newcomers Nelson and R. Mitchell of the St. Louis Browns have shown the best form. They are fixtures for next year and are hailed by St. Louis baseball rooters as wonders.

Connie Mack's pitchers did excellent work this year and are all in prime condition for the battle with the Cubs. Plank, Bender and Coombs are looked on for all the heavy work, although Morgan and Krause may get a chance. Mack's pitchers, more than his star hitters, were responsible for the Athletics' winning this year's American league flag.

Lange of the White Sox, has proved his claim to be rated as one of the crack pitchers for 1910. He finishes the season well at the top and next year he will be given regular work in the box. Olmstead, too, will be used as a regular next season.

Walter Johnson proved to be the king pitcher for 1910. He exceeded Waddell's strikeout record of a few years ago and materially helped to pull Washington out of the mire, where they have been floundering for several years. Next year he is looked on for ever better work, and possibly with some new recruits, the Senators may prove contenders for next year's pennant.

NATIONAL LEAGUE.

Following are the records of the leading boxmen of the National League who have taken part in five or more games. To Charley Phillippe of the Pittsburg Pirates, goes the honor of leading the pitchers of the National League in points won. In 17 games he was returned a victor 14 times, a grand showing for a veteran. Leonard Cole, who may be pitted against one of Connie Mack's stars, finishes No. 2, and his work this year has been phenomenal. He came from a class C league, and, except for a few games last fall, is a new man to the league. He has managed to battle every club with the exception of Brooklyn, which has handled him roughly all season.

The Cub pitchers show up strongly in the records, nearly all of them holding high places. Brown is booked for some hard work against the Cubs. Of late he has been pitching strongly, and with his great command, brain and arm is bound to prove bothersome to the Athletics' star hitters. Reulbach and Overall, according to reports, are in none too good shape for the big series. McIntire and Richie will probably be used as fillers-in, to relieve a pitcher if he is getting his bumps.

PUNTS AND DROPS

Those who have been following football at St. Francis Xavier's college predict that the University will have one of the strongest teams in its history. "Hump" Campbell, the great college champion runner, is the captain of the football squad. In 1907, St. Francis Xavier won the football championship of the Maritime Provinces by defeating Dalhousie 9-3. If the team this fall is anything like the championship aggregation of '07, St. Francis Xavier will make a determined effort to win back the coveted championship.

Rugby results in Great Britain on Saturday were:

Leath, 10; Aberavon, 0
Llanelli, 3; Swansea, 16
Vaughn Black, the old Mt. Allison half-back, refereed the Argonaut-Montreal game at Montreal Saturday.

Acadia plays her first game of the season against the Halifax Wanderers at Halifax this afternoon. Here is a good chance to size up the Garret and Blue team. It is reported to be strong.

Most American college coaches are doing away with the tackling dummy. The men are tackling a real runner, who is specially protected against injury.

SIX TEAMS TO FORM PRO. HOCKEY LEAGUE

Montreal, Oct. 11.—There will be a six-team professional hockey league in this part of the country this year, if things go well. The plans matured thus far call for a combination of the following clubs:

The Wanderers, the Ottawas, the Renfrew, the Shamrocks, the Quebecs and the Club Canadien.

There seems to be a feeling amongst a great number of the prominent men in the Shamrock association that they should try another flutter in professional ranks, while it is understood that a syndicate is prepared in Quebec to back a team there to the limit.

The Wanderer team, or at least the most important portion of it, will be prepared to play in the Arena.

The Cobalt and Haldibur teams will be counted out of any further combination, it is stated.

At Chicago—St. Louis, 3; Chicago, 4—ten innings.

FREDERICTON

AND U. N. B. PLAY

AGAIN SATURDAY

Capt. Kinghorn of U. N. B. Back From West and Will Take Hold of Team.

Fredricton City and U. N. B. will clash on Saturday next on the second game of the series for the city championship. The game will be played on College Field and should be a better game and much more closely contested than that of Saturday last. There will be some changes on the City team. Stephens has artially recovered from the effects of the accident which prevented him from playing on last Saturday and is expected to be in the forward line. Clynick is also expected to be at quarter and Hazlett and Baird are possibilities for the half-line.

The U. N. B. team is likely to be considerably changed. Capt. Kinghorn is back from the West and should figure on the half-line. It is probable that there will be other new faces on the team and that the latter will be much stronger than it was in the opening game.

KINGHORN HERE.

Capt. Kinghorn was out at the practice yesterday afternoon, although not in his football gear. He, Deedes and Prof. Stephens formed a species of advisory committee for the conducting. The practice was one of the best of the year and there were indications that there is good stuff in the Red and Black squad and that it can be brought out if proper methods are adopted. The complaint that there is no good material on hand can be met by the objection that the best use of the available material has not been made. A feature of yesterday's practice that was open to criticism was the tendency to let too many men get on the field with the result that they got in one another's way.

A big improvement in the U. N. B. squad may be expected under the coaching of Prof. Stephens and Captain Kinghorn, assisted by "Cap" Deedes.

The Fredricton City team has been taking things rather easy so far this week. Several members of the team have been out with the College team, and it is probable that a couple of hard team work-outs will be held before Saturday. Bahatt did some good work last night and Hazlett, who was also out, showed some of his old-time speed.

DAN McDONALD

THREW JOHN KILONIS

Moncton, Oct. 11.—Dan McDonald, champion wrestler, Cape Breton, tonight defeated John Kilonis, of Chicago, for the middleweight championship of America. The match was best two in three. McDonald got the first fall in 58 minutes, Kilonis the second in 30 minutes, and McDonald the third in 1 hour and 1 minute. The contest was the hardest ever seen here.

EARL JR. WON 2.06

PAGE AT LEXINGTON

Lexington, Ky., Oct. 11.—Earl, jr., today, in straight heats, won the 2:06 pace, the feature of the card offered by the Kentucky trotting horse breeders' association.

The Plunger took the 2:13 trot, winning three heats after Major Wellington, the favorite, had captured the first. The Plunger afterwards was sold to Isadore Schlenger, of Vienna, for \$6,000.

Don Muskorite fell in the second heat of the 2:13 trot and was run into by Senator Hale, whose driver was thrown out and his sulky smashed. Neither driver was hurt, but Don Muskorite was declared distanced.

RING NOTES

Bob Moha has been matched to box Dick Nelson at Buffalo next Monday night.

Jeff Doherty and Andy Parker will meet in New Haven Oct. 18.

Mike Glover and Ted Nelson, the Australian, have been signed to box in New York Oct. 21.

Promoter Griffin of San Francisco, does not consider Battling Nelson as good a drawing card as he was before he was defeated by Wolgast. The Battler thinks he is and for that reason they could not come to terms about Nelson meeting "One-Round Hogan." The Battler wants a few thousand dollars, with the privilege of 50 per cent., but Griffin offers him 35 per cent.

HOOF BEATS

There is a weanling by the Harvest er down in Tennessee that is a trotting wonder.

Ben Kenny has resigned as trainer for Hudson River farm, the home of Oakland Farm.

Bob Douglas, 2:04 1/2 has been retired from the turf and will go into the stud standing at the Johnson farm.

The followers of the grand circuit are still wondering why no effort was made to win the Horse Review futurity with Grace.

The new 2:10 trotters for the year total up 45, a new record for one season. Of this number 15 are not over four years old.

Africander, a handsome 4-year-old stallion by Moko out of a producing daughter of Simmons has been bought by Walter Cox.

Ben Whitehead who has been racing a stable over Tennessee tracks this season, has won 43 races.

MONTENEGRO THE LAND

OF HONEST MEN

Perhaps the only country where you can occasionally see a King leaning out of a window of the royal palace and passing the time of day with his subjects is Montenegro, whose popular ruler has celebrated the completion of fifty years' reign by assuming kingly rank and title, says the European correspondent of The New York Sun.

Normally the population of Cetinje the capital, is 3,500, but for the festivities 20,000 Montenegrins from all over the country assembled, decked out in their best multi-colored clothes, each man a small armory of knives and pistols, most of them a foot and a half long. It mattered little to the mountaineers that there was no sleeping accommodation in the town they made themselves comfortable on the bare hillside.

There is a beautiful simplicity of manners among the Montenegrin folk. Two American women managed to get a room to themselves. When they asked for a door key their host answered with a beaming smile.

"We don't keep them. We only shut our doors because of the cold and to keep the dogs out."

The next morning their host, the pink of courtesy, presented them with a rare luxury, an ancient toothbrush, to use between them.

Mirrors there are none in Montenegro, neither are there any trains or street cars. What seemed to impress the people vastly, says a correspondent, was the first water-curtain seen in the kingdom—a queer tin boiler affair brought for the festive occasion. It was drawn by two bullocks and filled by six men using old petrol cans. Afterwards a bemedalled official walked in front of it through the town, directing the men where to water the roads.

For six years there has not been a single case of robbery or burglary in Montenegro. There are at present only eight convicts in the Cetinje jail, all young men who have killed or maimed somebody in accordance with the Montenegrin vendetta. It is a queer sight to see them calmly strolling about the streets smoking cigarettes. They are let out for exercise every morning and afternoon, accompanied by one warder.

Each of them drags an iron chain by his feet. The size of the chain varies according to the gravity of the offence. A man who has killed someone has a chain on each ankle. It makes a loud noise on the cobblestones, but the prisoners are quite unconcerned. They buy their own food, munch it calmly as they promenade along and stroll back into prison again when their time is up.

A BRAZILIAN GOVERNOR

HAS BEEN TURNED OUT

Rio Janeiro, Oct. 11.—The governor of the State of Amazon, Colonel Ribairo Bittencourt, has been overthrown by the opposition, aided by federal forces. Serious disturbances followed the governor's removal and the federal fleet bombarded the town of Manaus, which is the capital of the State. President Picanha has ordered the immediate re-instatement of Governor Bittencourt.
