Republicans Were Routed In Yesterday's Election

An Emphatic Protest on the Part of the People Against High Protection and Attendant Evils--Democrats Made Gains all Along the Lines--Hearst Jubilant Over the Result--President Taft Back at Washington but Declines to Talk--Republicans Carry California.

The sweep of the political tidal wave which rolled over the United States is further emphasized by additional returns and revival figures at hand today.

The Democratic majority in the House of Representatives will be at least forty-two and possibly more, as compared with the present Republican majority of forty-three.

Added to the reversal in the lower branch of congress, the morning returns showed the Republican majority of 16 in the United States Senate rapidly approaching the vanishing point, although the Republicans are now reasonably assured of 48 senators or one more than the necessary majority, with a number of states in doubt.

The most notable changes from those presented last night are summed up as follows:

In Ohio a Democratic legislature has been elected, a Democratic successor to Senator Dick, Republican and the plurality of Governor Harmon is increased to 60,000.

Iowa is still uncertain with both sides claiming the governorship. The Pennsylvania Legislature is safely Republican and will elect a Republican successor to Senator Oliver.

Washington has a Republican legislature which appears to insure the election of Miles Poindexter to the Senate.

The Utah legislature which elects an U. S. Senator is also Republican while that of Montana is in doubt. Indications point to the election of Republican candidate for Governor of California, Hiram W. Johnston by a heavy plurality.

Incomplete returns from Oregon indicate the election of the Democrat candidate for Governor, Oswald West by a small plurality.

The Missouri legislature which appears to be safely Democratic.

Aside from these main developments today, the results already announced remain practically unchanged. The plurality of John A. Dix, Democrat, elected governor of New York, approximate 65,000. Mr. Dix carried the entire Democratic state ticket with him to victory.

The plurality of Woodrow Wilson, Democrat, in New Jersey, is now placed at 30,000 and of Judge Baldwin, Democrat, in Connecticut at 3,500.

MR. HEARST'S VIEWS

New York, Nov. 9.—Wm. R. Hearst issued this statement early this morning: "The voters of the country have repudiated the Republican party and undoubtedly the Republican party has amply merited the rebuke it has received."

The voters have turned to the Democratic party and the serious question now to be determined is whether the Democratic party will deserve the confidence of the citizens and will they do more to remedy the conditions of which the people complain than the Republican party has done. For my part, I sincerely hope that the Democratic party will fully realize the expectations of its supporters and fully respond to the requirements of the citizens.

I supported the Democratic party in many states. But in this state I was exceedingly anxious to see Mr. Hooper elected, as I believed him to be the most genuine Democrat in the field for governor.

As for Mr. Roosevelt, he came home from his parade abroad just in time to give the tottering edifice one final push and to be buried in its ruins.

I am not disposed to mourn for Mr. Roosevelt. As a matter of fact, I am thoroughly delighted that the United States, like Portugal, has decided to be a republic and depose and eject this royal pretender."

THE MINORITY LEADER

Bowling Green, Nov. 9.—Champ Clark, minority leader in the House of Representatives when advised that the Democrats would control the next House of Representatives said:

"The landslide is attributable directly to the tariff and the fight on the rules in the House. The rules split the Republican party and the tariff bill coming so soon after caused dissatisfaction throughout the country. I am an avowed candidate for Speaker of the House and I hope to be elected."

Yesterday's election is a sure end to the objectionable House Rules."

A BIG MAJORITY

Columbus, Ohio, Nov. 9.—With 11 assembly districts in doubt, returns received this morning indicate that the Democrats will have 59 seats in the House and 17 in the Senate. This total of 86 is nine more than the number required to elect a United States Senator to succeed Charles Dick.

BEVERIDGE RE-ELECTED

Indianapolis, Ind., Nov. 9.—That late returns from yesterday's election changed the drift so that Republicans were assured of a small majority in the legislature and that United States Senator Beveridge would be elected, was the claim of Chairman Lee of the Republican State Committee at five o'clock this morning.

Senator Beveridge said he believed he had defeated John W. Kern, Democrat, by a small majority.

DEMOCRATS ON TOP

Albany, N. Y., Nov. 9.—On July 2, next when Governor Horace White hands over the reins of governor to John A. Dix, New York will have what it has not had since the election of Roswell P. Flower in 1891, a Democratic governor. The new executive chosen by the voters at yesterday's election will have a legislature safely Democratic in both branches and Democratic associates in the various elective state offices. One of the first and most important duties of the next legislature will be to elect a successor to U. S. Senator Chauncey M. Depew, whose terms expires on March 3 next. Walter B. Parker, ex-chief justice of the Court of Appeals, who stumped the state in behalf of the Democratic ticket, Edward M. Sheppard, Thomas Osborne, chairman of the Democratic League and John B. Stanchfield, are among the names suggested here today as possible candidates for the coveted honor.

According to returns at present available the senate will have thirty Democrats, twenty Republican and one Independent and Republican, twenty-six votes being necessary to control. The last senate had thirty-five Republicans and sixteen Democrats.

Seventy-six members are needed to control the Assembly. The Democrats elected eighty-seven and the Republicans sixty-three. The last Assembly numbered ninety-four Republicans sixty-three. The last Assembly numbered ninety-four Republicans, fifty-four Democrats, one United Citizen's League member and one elected by the Independence League.

Thomas F. Conway as lieutenant governor, will preside over the senate with indications pointing to the election of Senator Thomas F. Grady for many years minority leader, as leader of the Democratic majority.

Senator Harry W. Hill, chairman of the Finance Committee, and Senator George A. Davies, chairman of the Judiciary Committee, both failed of re-election in Buffalo, while Senator Frederick M. Davenport, who was one of the foremost advocates of direct nominations in the upper house, was defeated for re-election.

The assembly will choose a new speaker to succeed James W. Wadsworth, Jr., Daniel D. Frisbie, the Democratic leader, and former Lieut. Governor Lewis S. Chandler probably will be candidates, while Edwin A. Merritt of St. Lawrence, is likely to find himself the choice of the minority as leader, he having led the Republicans when they were in the majority. Mr. Dix, as governor, will be called upon to fill up vacancies in the state service, the aggregate salaries of which amount to about \$200,000 annually.

TAFT IS SILENT

Washington, Nov. 9.—President Taft arrived at 8.45 a. m. from Cincinnati, where he voted yesterday, and went direct to the White House. It was announced that he has no statement to make regarding the results of yesterday's election.

A DEMOCRATIC SWEEP

Cleveland, Ohio, Nov. 9.—The Democrats yesterday swept Ohio and in

addition to electing Judson S. Harmon for the second term as governor, have undoubtedly elected the remainder of their state ticket and a majority of the legislature. In consequence Senator Charles Dick, Republican, will be succeeded in 1911 by a Democrat. Harmon's plurality over Warren G. Harding, Republican, is still in doubt this morning, but sufficient returns are in to show that it is the largest vote ever given by Ohio to a Democrat.

The latest estimates give Harmon a margin of 60,000 over Harding. The next Ohio congressional delegation will contain thirteen and possibly fourteen Democrats out of 21.

WELCOMES THE CHANGE

Syracuse, N. Y. Nov. 9.—Chancellor James R. Day today commented on election results as follows: "I am resigned to the defeat of Mr. Stimson because I believe it is the beginning of the end of the famous demagogic slander of our country which has paralyzed business and humiliated us before the civilized world for the last half dozen years. The people have declared that the old Nationalism is good enough for them. It is not Democratic victory. Tens of thousands of Republicans have turned to the Democratic party for refuge from the deluge of revolutionary insurgency championed by Roosevelt which threatened the old foundations of our glorious republic."

Salt Lake City, Utah Nov. 9.—Utah has re-elected Jos. Howell, Republican to congress and rejected state wide prohibition as demanded by the Democratic platform.

CALIFORNIA REPUBLICAN

San Francisco Nov. 9.—The Republicans won a decisive victory all along the line in California. Indications point to a heavy plurality for Hiram W. Johnston, the Republican gubernatorial candidate over Theodore Bell, Democrat.

The Panama Pacific Exposition Tax and the San Francisco Fair bond amendment were ratified by a heavy vote. The Republicans made gains in both branches of the legislature.

Portland, Ore., Nov. 9.—Although hardly 10 per cent. of the vote in Oregon has been counted, Oswald West, Democrat and former railroad commissioner is believed to have been elected Governor over Jay Bowerman, Republican, by a plurality of from 3,500 to 5,000.

The indications are that Oregon has gone "wet."

Columbus, O., Nov. 9.—The Democrats are now claiming the election of the whole state Democratic from Governor Harmon down, with the possible exception of Attorney General Denman.

TRIUMPH OF DEMOCRACY

Thomson, N. Y., Nov. 9.—"The will of the people has been heard. The triumph of Democracy will transmute and bring peace."

That was what Governor-elect Dix said he believed would be the result of the great Democratic landslide, just before he left this morning for a rest in the Adirondacks. Governor-elect Dix had no definite plans for the next two weeks. He does not exactly know when he will go to Albany. He admitted before he whirled away in his automobile for Saratoga Springs, where he took the train bound mountainward, that perhaps he would stay in the woods ten days or more, perhaps only a week.

FOSS' PLURALITY 32,937

Boston, Mass., Nov. 9.—Revised returns for Governor from the entire state are:

Eugene H. Foss, Democrat, 230,148.

Eben S. Draper, Republican, 187,161.

Foss plurality, 32,937.

The next legislature will stand as follows:

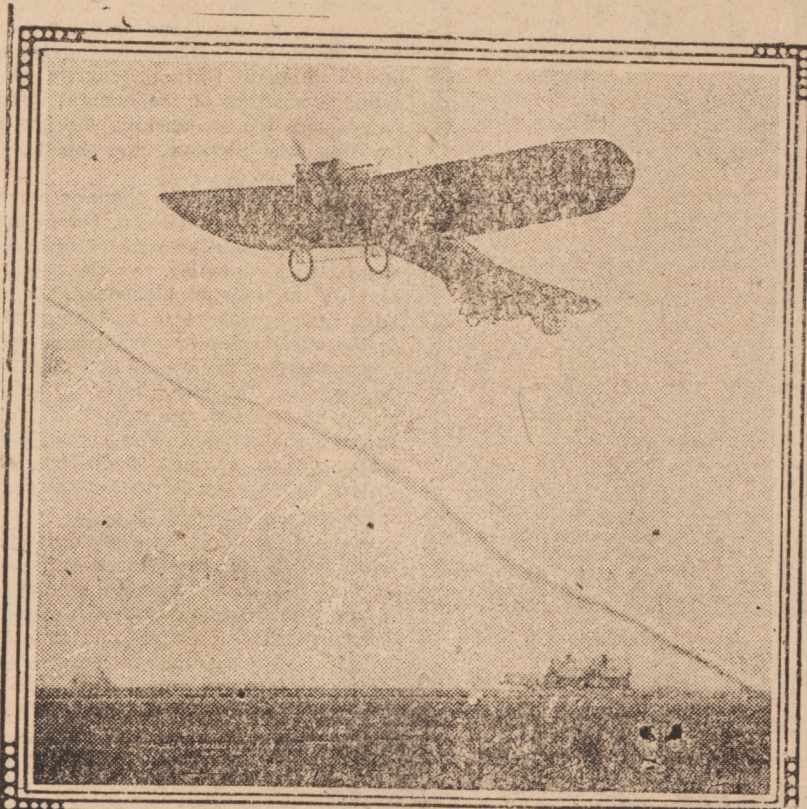

Senate: Republicans, 25; Democrats 15.

House: Republicans, 128; Democrats, 111; Socialist, 1.

In joint session, the Republicans will have 153 to 126 votes for the Democrat to re-elect Senator Lodge.

ALBERTA LEGISLATURE SUMMONED TO MEET

Edmonton, Alta., Nov. 9.—Things are beginning to assume an animated appearance at the Legislative buildings, in preparation for the opening of the session next Thursday afternoon. The address in reply to the speech from the throne, will be moved by Charles Stewart, of Sedgewick and will be seconded by A. J. McArthur, the newly-elected member for Gleichen. The first business of the session will be the presentation to the House of a report of the Royal Commission on the Alberta and Great Waterway Railway, which will be tabled by Premier Sifton immediately after the Lieutenant-Governor retires from the Legislative Chamber.

The Conservatives of the province will hold a convention in Edmonton, at which it is expected a leader for the party will be chosen. It is said that R. H. Bennett has announced that he will retire from politics after this session, and will not accept the leadership under any circumstances.

AROOSTOOK POTATOES STORED AT ST. JOHN

St. John, Nov. 9.—(Special)—Thirty thousand barrels of Aroostook County potatoes are now in St. John being stored for shipment to the Cuban market. There is also a large quantity of New Brunswick potatoes either here or on the way here. Many of the latter will no doubt be shipped to the west where they bring \$1.25 per barrel, besides freight charges.

FALLING OFF IN STOCKS AS RESULT OF ELECTIONS

New York, Nov. 9.—Wall Street—The uncertain fluctuation in stocks on Monday after an advance carried nearly to the election period, gave place today to acute weakness under the burden of realizing sales.

Reading and So. Pacific were forced 2 points below Monday closing, Union Pacific 1 1/2 and U. S. Steel 1 1/2. These speculative leaders determined the course of the whole market and losses of one or more were common. Bonds were irregular.

New York, Nov. 9.—Wall Street—The expected after election advances were shown by the opening prices of stocks but they were most conspicuous in the less active specialties. The market leaders were affected by realizing sales 2,000 shares of Union Pacific selling at 177 and 177 1/2 compared with 177 1/2 at Monday's closing and 7,000 shares of U. S. Steel at 81 1/2 and 81 1/2 compared with 81 1/2 on Monday. Southern Pacific opened down a point and Amal. Copper, Chesapeake and Ohio, Virginia Carolina Chemical and American Woolen large fractions. The dealings were not in large volume and they diminished after the opening orders were executed.

CEMENT ISSUES IN BIG DEMAND

Montreal, Nov. 9.—The Cement issues have been the object of a good deal of speculative and investment interest during the past few days and brokers report increasing inquiries from the public.

Buying orders are coming from many sources, and no concerted movement is perceptible. Stock brokers say that the preferred shares constitute an excellent investment, whereas the common is fully worth the present price, when all facts and figures are considered.

Mr. Frank P. Jones, general manager of the Canada Cement Company stated this morning that the business was proceeding satisfactorily and that the volume for the present year would exceed that of the past by from ten to fifteen percent. There was nothing to incite speculation in the stock as far as he could discover. He agreed, however, that the purchase of cement preferred for investment was not an unwise move.

EDMONTON SWEPT BY A BLIZZARD

Edmundston, Nov. 8.—(Special)—A blizzard swept over this city last night, bringing winter two weeks earlier than last year, which has put a stop to construction work on the railways in this vicinity. During the past season about four hundred miles of new road has been completed.

LEMONT-SEGEE WEDDING TOOK PLACE THIS AFTERNOON

The wedding of Mr. James M. Lemont, and Miss Annie Segge took place this afternoon at the residence of the bride's mother, Mrs. George N. Segge, George street. Only the immediate relatives and friends of the bride and groom were present. Rev. Neil McLaughlin performed the ceremony. The bride was becomingly gowned in a dark blue travelling suit and wore a tan colored hat.

The happy couple were the recipients of many beautiful and costly presents. The Epworth League of the Methodist church, of which both bride and groom are members, presented them with a silver scallop dish. The Sunday school of the same church presented the bride and groom with a handsome cabinet of silver. From the employees of Lemont & Sons of which firm the groom is secretary-treasurer, they received a cut glass bowl.

Mr. and Mrs. Lemont will leave by C. P. R. this evening on a wedding tour, which will include the principal American and Canadian cities.

MONEY ON CALL

New York, Nov. 9.—Money on call at 1 1/2 per cent. Prime mercantile paper 5/8 to 6 per cent. Exchanges \$444,343,544. Balances \$14,343,122.

Mr. John A. Bowes, of St. John, is among the visitors to the city today.

ELECTION RUMOR DENIED

Hazen Government Has no Intention of Taking Plunge at Present

At Least This was the Statement Made to a Reporter at St. John Today.

St. John, Nov. 9.—(Special)—It is stated by members of the local government who arrived from Fredericton this morning that the government has no intention of calling on the election as has been rumored. The government is meeting this morning as a Provincial Hospital Commission. An inquiry into the condition of the market building here will be commenced this morning. The first snowfall of the season occurred here this morning.

THREE CHILDREN PERISH BY FIRE

Buchanan, Sask., Nov. 8.—Word has reached here of the death by suffocation of three children of A. Todd during the absence of their parents.

The fire started in the wood box and when the mother came in from milking she found her six-months-old baby dead under the bed in the main room, where it had been carried by a child only three or four years old, the eldest of the family. The second child died five hours later, and the distracted mother ran to two or three neighboring houses imploring someone to go for a doctor.

Word reached town the following day and a doctor went out, but was unable to save the life of the eldest child.

POWER FROM COAL FAR CHEAPER PLAN

Brockville, Ont., Nov. 9.—At the regular meeting of the town council, last night, there was read considerable correspondence which passed between the Mayor and the Hydro Electric Commission relative to supplying power to Brockville, Prescott and Morrisburg.

For 1,000 horse power for Brockville the Commission quoted \$49.34; for 2,000 horse power, \$32.46, and for 3,000 horse power, \$27.83.

The council briefly discussed the proposition, and was not long arriving at the decision that the prices were almost prohibitive, being dearer than the power at present generated from coal.

AMUSEMENT BYLAW REMAINS UNALTERED

The City Council met last night and considered in committee the by-law providing for the licensing of moving-picture shows, skating rinks and other places of amusement. Only important changes were made in the by-law and the license fees remain as before. An attempt was made to have the license fee for moving-picture shows reduced, but the majority was in favor of letting the fee stand. A vote was taken on the sub-section relating to the licensing of skating rinks and the section was allowed to stand by the vote of five to four. Ald. Calder was the only alderman not present at the meeting. There was some discussion concerning the habit of small boys of congregating about the entrances of moving-picture shows and steps will be taken to abate the nuisance.

OUR INTERESTS SAFEGUARDED

Hon. Mr. Fielding Proving His Mettle as a Skilful Fencer

At the Reciprocity Negotiations Now Going on at Ottawa—Canadian Delegates Make no Promises.

Ottawa, Nov. 9.—The Hon. W. S. Fielding is proving his mettle as a skilful fencer during these important days of reciprocity negotiations with the United States, and the Hon. Wm. Paterson has gone back to the Billy Paterson of boyhood days, if one may take the liberty of saying so, for never was youth so spry and agile in dodging the eventful question whose answer must be nailed down tight. "Yes" or "No." Not that Messrs. Fielding and Paterson are evading the issue. Far from it. Rather they are politely listening to the arguments of three gentlemen from the United States who would buy wares in Canada, and bidding their time. Not as yet have they stated whether the wares are for sale or what the current price will be.

It is futile to surmise, except in a general way, what is going on behind those closed doors of the Senate Chamber, where the delegates from the States are sitting with Messrs. Fielding and Paterson. It is not so absurd to forecast the result. For the twinkle of an eye or a smiling silence has often written history. Mr. Fielding was quite genial this morning in his own crisp way, and Mr. Paterson had a twinkle all his own. The American representatives are so suavely polite that it would almost seem sacrilegious to ask a pointed question. Genial, twinkling, suave polite, as they may be, not a tongue will wag until the conference has ended.

Up to the present, Messrs. Hoyt, Pepper and Foster have been doing some wonderful spellbinding upon the advisability of having reciprocity in natural products. They are most desirous of being able to return to President Taft with something better than merely reporting progress. They are pressing for promises—not considerations, but promises—of reciprocity.

Messrs. Fielding and Paterson are not making promises, and so far they do not feel that they have been shown anything startling enough in the shape of an argument to force them to do so.

And they still have one very strong card left which has not yet been played. It is this, and from without those Senate doors it would appear to be very important: The appointment of a permanent Canadian tariff commission or committee to go thoroughly into the American proposals before submitting a definite reply.
