STOMACH DISTRESS, INDIGESTION AND HEARTBURN VANISH

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Get from your Pharmacist a 50-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion.

Nervous Prostration Makes You Weak Helpless and Miserable.

Wherever there are sickly people who are troubled with deranged nerves they will find that Milburn's Heart and Nerve Pills will restore the equilibrium of these deranged centres, and bring back the shattered nervous system to a perfect condition.

They do this by their restorative influence on every organ and tissue of the body, and their extraordinary curative power manifests itself immediately they are taken.

Mrs. G. D. Ward, Huntsville, Ont., writes: "I take pleasure in sending you my testimonial in praise of your Milburn's Heart and Nerve Pills. I suffered terribly with nervous prostration, and became so bad I was not able to attend to my household duties, and now I can truthfully say that I owe my life to them. Three boxes stopped my trouble."

IMPORTANT CHANGE IN FIRE INSURANCE CIRCLES

That fine old company—THE ACADIA FIRE INSURANCE COMPANY of Halifax, N. S.,—who have been represented in New Brunswick for the past five or six years by Messrs. Wm. Thomson & Co., as General Agents, at St. John, N. B., are about severing their connection with the above firm, and are establishing direct throughout the Province of New Brunswick, on the non-tariff basis, and not being connected with the Board of Underwriters, are prepared to accept business throughout the Province at non-tariff rates.

This strong, independent company has been in operation for over 48 years, having been established in the year 1862, and bears the highest reputation throughout the whole of Canada for prompt and honorable dealing to all its claimants, and during its entire history has never contested or disputed an honest claim. That the business of this Company has been very profitable is evidenced by its exceptionally low loss and general expense ratio throughout its entire career, which stands for the permanency and stability of the Company. That the "Acadia Fire" is today in the front rank, and one of the strongest of Canadian fire companies, is shown by their annual statement for the year ending 1909, which shows that the assets of this sound Company exceeds three-quarters of a million dollars, and after making full provision for all liabilities, including the reserve for unearned premiums of \$100,567.53 they have a reserve account of \$614,863.85 which is equal to over 71 per cent. of their capital paid-up of \$300,000, and their surplus to policy holders is \$614,863.81, it will be seen that the property owners who avail themselves of the "Acadia's" policies secure the highest grade of protection at the lowest possible cost.

Mr. Edwin K. McKay, inspector of the "Acadia Fire" has been in town the past few days, and has appointed Mr. W. S. Hooper representative of the said Company for the City of Fredericton, and who is now in a position to issue policies on desirable risks at a minimum cost commensurate with absolute security.

The position of a representative of a strong and reliable fire insurance company in his community is unique, inasmuch as he has large amounts on call immediately available, in the event of a conflagration, as was evidenced by the recent Campbellton conflagration, when something like \$2,500,000 in round figures was paid by the Insurance Companies to the property owners of that town. His duty is not simply to canvas a risk; in fact his duty or obligation only commences when he issues a policy as he is obliged to guard the assured's interests and see that the insurance is placed in a reliable Company, and as well to guard the Company's interests by issuing policies only to reliable parties. Mr. Hooper, we have no doubt, will fill the position with credit to all concerned.

Such a medicine is Baby's Own Tablets. No other medicine for little ones has received such praise from thousands of thankful mothers. These Tablets never fail to relieve the little ones from any of the many little ills that afflict them. Mrs. Thos. I always recommend them to my friends as they are a grand remedy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville Ont."

SCHOOL TEACHERS MAY BE UNIONIZED

St. Louis, Nov. 18.—A plan to unionize the school teachers of the United States is the aim of a resolution now before the American Federation of Labor in session here.

Theo. O'Connor, a representative of the "Longshoremen's" Union is also representing the teachers of Buffalo, N. Y., who have perfected a union, succeeded in having it recognized and in advancing salaries. The resolution would place the federation on record as calling for higher standard of wages for the teachers and pledge its support to them.

HOW TO CURE STOMACH TROUBLE

A Great Suffer From Indigestion Tells
How She Was Cured.

Stomach trouble is a general name for all forms of indigestion, whether great pain after eating, belching of wind heavy feeling in the stomach, nausea, or the sharp pain that often make you think you have heart trouble. There are two things noticeable in indigestion. One is that doctors always find indigestion a prominent symptom in a bloodless run-down state. The other that sufferers usually find relief when a tonic is taken that restores the general health. Without a doubt stomach trouble is simply stomach weakness, and the cure is to make the stomach strong enough to digest food without trouble. Any other treatment is patchwork and cannot cure. As the processes of digestion are controlled by the blood and nerves, the stomach that is too weak to digest food needs tonic to give it strength. And in all the world there is no better tonic than Dr. Williams' Pink Pills. They actually make new, rich blood, tone the nerves and so strengthen the stomach and all the bodily functions. We submit the following as proof that Dr. Williams' Pink Pills will cure even the most obstinate cases of stomach trouble. Mrs. John Graf, Fort Saskatchewan, Alta., says: "For years I suffered great torture from indigestion. I took many different medicines but instead of benefiting me I was growing worse all the time, till my stomach got so bad I could neither eat nor drink without pain. Even cold water would cause me suffering. Nor did I get any relief when the stomach was empty, as I still suffered from a horrid burning pain. I went to Edmonton and consulted one of the best doctors there but he told me that he could do nothing for me, that all I could do was to diet. For some time I took only hot water and a small piece of brown bread for my meals, but even that did not help me and I got so weak and run down that I despaired of ever being well again. I bought a so-called electric belt and wore it for six months but it was simply money wasted. Then one day a friend asked me why I did not try Dr. Williams' Pink Pills. I did not know they were intended to cure indigestion, but being assured that they were decided to try them. I soon found the Pills helping me, but my condition was so bad when I began using them that I continued using the Pills for about five months before I felt that I was completely cured. Then I could eat any kind of food, and although more than two years have passed since my cure, I have not since had the least sign of the trouble. I can most heartily recommend Dr. Williams' Pink Pills to any one suffering from this terrible trouble.

like illness, it is often necessary quickly to raise the temperature of a room. For instance, in those hours between midnight and dawn, when the day temperature has been allowed to drop, if you are called upon to get up, the room is chilly and cold. It takes a long time to start up a furnace or fire and raise the temperature by ordinary means.

You can instantly heat a room to any desired temperature with a

PERFECTION
SMOKELESS
OIL HEATER

Absolutely smokeless and odorless

It quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. Has automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be cleaned in an instant. It has a cool handle and a damper top.

An indicator always shows the amount of oil in the font. It has a filler-cap which does not need to be screwed down; it is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in Japan or nickel. It is strong, durable and well made, built for service, yet light and ornamental.
