WALTER J. TRAVIS

GILMAN P. TIFFANY

New York, June 7.—Record breaking golf featured the thirty-six holes qualifying play which gave a send-off to the annual championship tournament of the Metropolitan Golf Association over the links of the Morris County Golf Club. It was Gilman P. Tiffany, the sturdy, hard hitting Powelton golfer, who for the time being pushed the big four of the metropolitan district into the background with as dashing a display of driving, approaching and putting as has been witnessed in competition for a medal over a metropolitan golf course in a long while.

Mr. Tiffany's rounds were 73 and 71 making a total for the thirty-six holes of 144 which ties the score

that won the medal play award for Jerome D. Travers, Montclair, when the former national champion made his 1906 clean up in both medal and match playing at St. Andrews Slipping out in the afternoon in company with W. J. Travis before the tropical downpour had changed the greens to dead slow, Tiffany strung together his 71. He reached the turn in 36, two strokes ahead of his partner, and came home in 35, while the Garden City amateur was using up 41 strokes for a total of 70. Travis lost strokes at each of the twelfth, thirteenth and fifteenth. At the twelfth Tiffany had a wonderful two, made possible by a tremendous drive that carried the ball to the green, 253 yards distant.

INTERSCHOLASTIC TRACK  
MEET ON WEDNESDAY

Rothsay has Very Strong Team --- St. John, Moncton and Sussex also to be Represented.

St. John, June 7.—Rothsay will send a snappy bunch of young athletes to compete in the interscholastic sports to be held here on the Every Day Club grounds, Wednesday. It will undoubtedly be the strongest team of youngsters that ever represented the blue and white, and should make the local school hustle some to retain the trophy. The meet gives every promise of being the best interscholastic event held here in years. Besides the St. John High School and Rothsay, Moncton and Sussex will be represented. A medal will be awarded to the winner of each event and the silver cup donated by the Rothsay Boys' Association is again offered for competition. Regardless of the fact that the meet is termed 'interscholastic' with school boys as participants, and carries with it the smack of juvenility, the events in previous years have been run off in mighty fast time—time that compares favorably with that of Maritime intercollegiate events, and this season's will undoubtedly prove no exception.

There will be ten events in Wednesday's sports, viz: 100 yard dash, 200 yard dash, 440 yards dash, one mile run, broad jump, high jump, hammer throw, pole vault, hurdles and shot put.

Track athletics are at a low ebb in Fredericton High School this year and it is not likely that the Yellow and Black will be represented at all.

## QUEENSBURY RIFLE CLUB

The first match of the Queensbury Civilian Rifle Association was held on the range at Granite Hill, Saturday June 4th with most of the members in attendance also a large number of spectators among whom were Mr. N. W. Brown of Southampton, also Mr. and Mrs. Geo. Burden of Pokiok. The weather was unfavorable as a heavy wind was blowing, but a fairly good score was made by all. The opening shot was fired by Capt. A. S. Hazel just to show the boys where to place them. The next match will be held on Saturday June 18th opening at 1 p.m.

JOHNSON QUARRELS  
WITH GEORGE LITTLE

Trouble Between Negro and Ex-Manager Expected to Cause Complications--Little's Threats.

San Francisco, Cal., June 7.—The discharge of George Little and the hiring of Billy Nolan as his manager by Jack Johnson has caused the public to wonder what new surprise the champion has in store. Little refuses to be discharged. "Some times," said Little, "a blind hog roots around and finds an acorn. Well, I am not going to let loose on this." Little says he has an iron clad contract with the negro champion that runs until May, 1911, by which he is to receive 25 per cent. of all profits that accrue from the pugilist's ring activities. Furthermore, he asserts that it was he who furnished the fight deposit money put up by Johnson and he declares he will stop the big battle if he is not recognized as the negro's manager.

About the contract Johnson says: "You can't tie up a free man. That contract drawn up in Chicago and binding a fighter, is not legal and I told Little so when I signed it. I will not have Little around and he won't bother me, that's all there is to it."

But Johnson's followers are worried, it appears, and they voice the fear that the feud between the two has only begun and that serious complications may result.

No one seems to attach any significance to Little's declaration that he will try to halt the actual contest. Johnson's selection of Nolan to look after his interests is commended by the negro's followers, who regard the man who developed Battling Nelson as one of the ablest managers in the fight game.

San Francisco, June 6.—After retaining an attorney today, George Little said that he would immediately begin legal action to recover his position as manager of Jack Johnson.

Little said the trouble between him and Johnson began when Little wrote for the mother and sister of the champion to come to the training camp to do the cooking. According to Little's story, Johnson objected so strongly to this action that a fierce battle ensued. This trouble culminated in the row that led to the ousting of Little and the hiring of Sig Hart.

Little said that besides the \$10,000 forfeit money, he says he provided for Johnson, the champion owes him \$15,000 paid out on debts contracted by his charge.

That part of this has gone to pay the expenses of Johnson's brother, Charles, who is said to be dying in a Chicago hospital, is Little's contention. This payment, according to Little, was resented by Johnson, who was not inclined to authorize it.

COCHATO COLT IN  
LEAMAN STABLES, HALIFAX

The Leaman Stables, of Halifax, are the proud possessors of two valuable colts, one foaled on Thursday and the other on Friday. The former is from Jessie Rampart, and sired by Baring by Bigara. Jessie Rampart is a sister to Frank Power 2:25 and was sired by Rampart, dam Lucy G. (dam of C.P.R. 2:26) by Gay Boy. The other colt is from Lassie, the dam of Simmassie, 2:08 and was sired by Cochato, 2:11, at 3 years. Cochato was recently sold for \$30,800. His sire, Todd, was also sold for \$30,000 and his grandsire, Bingen, brought \$50,000.

Mr. R. H. Edwards and the Leaman Stable are doing much for the breeding interests of the country and they richly deserve success.

## DIAMOND DUST

The New York Highlanders have a find in Russell Ford.

Pat Donohue is still holding out against the idea of going to Toronto.

Lake seems to be the winning pitcher for St. Louis. He's a New York Highlander castoff.

Pres. Ebbett has promised his players a bonus of 15 percent on their salaries if they make as good as fourth.

That was a tough game Ray Collins lost at St. Louis Sunday. Collins had to win his only game this season by shutting out his opponents.

Josh Devore, the only manured outfielder in captivity, has ordered one of Fred Clarke's new patent caps with sun glasses attached. The cap is worn high on the forehead when the glasses are not needed, and all necessary to adjust the glasses is a pull at the peak of the cap, which can be done even after a fielder starts for the ball. The Pirate manager is quite an inventor. Clarke has just had the cap patented and is beginning to manufacture them.

PATIENT KNEW BETTER  
THAN HIS DOCTOR

Man Declared He was Going to Die, and Did so, Despite His Physicians Assertions That He Would not do so for Some Months.

Montreal, June 6.—An experience which comes to few physicians befell a member of the profession in this city the other night. He had been in attendance for some months upon a patient who was suffering from thickening of the arteries. The disease was so far advanced that a fatal termination was inevitable, but there was every reason to think that the sufferer would live for at least three or four months.

A few days ago the doctor was called to the house by the statement that his patient was extremely restless and could not be kept quiet. He called and found the gentleman dressed and walking around the room in an 'exceedingly excitable frame of mind, declaring that he was going to die that night.

The doctor examined him and found that, by every test to which he could subject his patient, he was in as good condition as he had been for several weeks. He assured him of this fact and asked him to lie down. The patient objected, saying, "What is the use of my lying down, I am going to die tonight, and it is only a question of waiting for my time to come."

He kept walking up and down the room in a condition of very evident excitability, every few minutes pulling out his watch and remarking how slowly the time was passing. His manner and actions could be compared to nothing so much as those which a nervous person will manifest when waiting to take a train.

The doctor did everything in his power to induce the man to go to bed, assuring him that he was in his normal condition and would certainly live for several months. To all this the patient insistently replied there was no use in lying down or in going to bed, as he was going to die that night, and was merely waiting for the time to arrive.

At last, when the doctor had to leave to meet another engagement, he persuaded the patient to agree to take a sleeping draught. He prepared this and handed it to the patient who was standing up at the time. As the man reached to take the medicine from the doctor's hand he gave a gasp and fell back dead.

HUGE RUSSIAN  
EGG SHIPMENTS  
TO GREAT BRITAIN

Statistics published in the journal of the Russo-British Chamber of Commerce give the remarkable figure concerning the export of eggs from Russia to England. Riga has the largest export trade, and nearly two-thirds of this trade is with England. Of the enormous quality of 23,472,658 "great hundreds" ("a great hundred" being 120) of eggs exported from Russia in 1909, 9,858,333 great hundreds were shipped from Riga. Of these the United Kingdom took 6,044,448 great hundreds.

In 1909 the export of eggs from Riga amounted to nearly three-fourths of the total export from Russia to England, or over one-third of the total import of eggs into England.

Borders in stenciling add much to the attractiveness of these portieres. When patching wall paper don't forget to preface operations by putting the new piece of paper in the sunshine to fade till it matches that on the wall.

To prevent matting from becoming yellow on the floor, wash off occasionally with a large coarse cloth which has been dipped in strong solution of salt water. This will not only prevent it from becoming yellow, but will give the various colors a fresh and new look.

## BASKETBALL RULES ALTERED

Coaching from the side line and unnecessary roughness came in for a coring at the annual meeting of the collegiate basketball committee, held in New York recently.

Four personal fouls will disqualify a player from games in next season's play, instead of five fouls as heretofore. Altogether, the lines against rough play were more tightly drawn by the rule-makers and game officials will be so instructed.

Youngstown, O., famed the world over as a "fixer" of ballplayers, has rendered his last service to diamond athletes according to his own announcement. He does not give any reason, but it is believed that his poor health of the past several months compelled him to make this decision. Tommy Leach, the Cleveland boy who was recently injured was notified that the bonesetter could not render him the service required, as was also Tim Jordan, the former Brooklyn first baseman, now with Toronto.
