The Gem Theatre at the corner of Brunswick and Carleton streets is putting on a first class programme, and is crowded at each performance. Mr. Jack Knight is performing on the drums and traps. Company's steamer, but the owner and manager, Messrs. Beall and Dewey, remained in the city. ARTHUR V. BRANSCOMBE ESTATE

The estate of the late Arthur V. Branscombe was probated recently at St. John. A LINK BETWEEN EAST AND WEST

A remarkable example of the advantages of making reliable goods is to be found in the demand which comes from the great Canadian West for the pure wool tweeds made by the Hewsons of Nova Scotia. So many people have gone West from Eastern homes where the name "Hewson" stands for all that is best in cloth and knitted goods, that the call comes back for the good strong, comfortable woollens that the boys used to wear "at home."

HAD POOR SUCCESS

Mr. A. R. Dugmore and wife of Newfoundland, New Jersey, returned last evening from a fishing trip to the headwaters of the Keswick. They did not find the fishing in that section half as good as it was represented to them by parties in St. John and decided to make a change. This evening they leave by the I. C. O. R. train for Tabusintae where they will try their luck. Mr. Dugmore is celebrated as a magazine writer and photographer of live game, and it is to be hoped that he will get some real sport before he leaves the province.

"BROWN OF HARVARD."

"Brown of Harvard," the recent noted American college dramatic success made famous by Henry Woodruff, will be the opening selection for Kirk Brown's three days engagement at the City Opera House, starting Thursday evening. Mr. Brown's advent in this city at this time can be appreciated in more ways than one, principally in that Fredericton theatre-goers have not had the opportunity of seeing strictly high-class dramatic performances in several years. The plays that Mr. Brown will offer are not alone a great attraction, in themselves, but with the four of them that are to be presented will come also the vast array of expensive stage equipment that has made Mr. Brown's name a by-word amongst the appreciative theatre-goers of St. John and Halifax. In the leading roles of the entire four plays, Mr. Brown will be seen in four of his greatest characters. "Classmates" is the Friday evening play, "Under the Red Robe" Saturday matinee, and the high-class melodrama, "The Man Who Dared" Saturday evening. The advance sale of seats is now open at Ryan's Drug Store.

Mr. John Kilburn Says with Little Rain His Lumber will Come Out—Black River Jam Broken.

Mr. John Kilburn, who has been on the St. John headwaters looking after his stream driving operations returning home last evening and brings encouraging news about the drives.

When Mr. Kilburn left Connors yesterday morning it was raining and there seemed to be good prospects of his lumber getting into the corporation limits. Mr. Kilburn, Mr. John A. Morrison and Mr. F. Choinard have about twelve million feet hung up twenty-two miles from the corporation limits. The St. John Lumber Company have a crew of one hundred and sixty men on this drive and a slight rise of water would assist materially in bringing it out.

Mr. Kilburn reports that the big jam of logs abandoned several weeks ago within five miles of the corporation limits, has been got out in safety. It contains about fourteen million feet, belonging to the St. John Lumber Company and Messrs. Kilburn and Morrison.

Mr. Cunliff brought a big drive out of the Allegash last week and has sent his crew back for another. Woodstock, N. B.—It rained all night. Showery and cold now. River at standstill.

ON MIRAMICHI

On the Miramichi conditions have been much improved. It is said however, that adverse conditions have made the driving operations on that river so far this season cost three times as much under ordinary circumstances.

THREE NEW BRUNSWICKERS ON B. C. COMMISSION

Victoria Daily Colonist Gives Brief Sketch of Career of Dr. C. C. Jones of This City.

The Victoria Daily Colonist, under date May 29, has a lengthy article on the commission appointed by the British Columbia government to select a site for the provincial university. Accompanying the article is a fine cut of the members and another showing them being taken around the city by the members of the Victoria committee. There are appreciative sketches of the men composing the commission.

CHANCELLOR JONES

Following is the notice of Chancellor Jones, of the U.N.B. "Chancellor Cecil C. Jones, Ph. D., L.L.D., of the University of New Brunswick, was born in Westmorland county in 1872. His education was obtained at the university of which he is now chancellor, and at Harvard, these universities conferring upon him the degrees of M.A., while he is also an L.L.D. of Toronto. Adopting the teaching profession, Chancellor Jones was for some years conspicuously identified with the public school life of his province, and also for eight years with the work of Acadia University becoming chancellor of the University of New Brunswick in 1906. He is a member of the Provincial Board of Education of New Brunswick, and was appointed a member of the conservation commission in 1909."
