## TRURO EXPRESS ROBBERY NOW ENDED BURGESS ACQUITTED

Truro, N. S., June 16—Developments in the famous Canadian Express Company robbery at Truro a year ago, when nearly \$10,000 was stolen at the I. C. R. station in broad daylight, took an unexpected turn this evening when the jury returned a verdict of "not guilty" in favor of William J. Burgess, the clerk in the express office at the time and who was accused of participation in the crime.

Burgess' brother has been convicted. The chief evidence was from Wilbur L. Rutledge, who was arrested and brought to Nova Scotia from British Columbia. The trial has been in progress for four days.

W. B. A. Ritchie presented the case for the defence in a three-hours speech. He showed that the only direct evidence against the accused was the testimony of Wilbur L. Rutledge, who he spoke of as a forger of checks, and a bad man generally, and he argued that it would not be right to convict a young man of good reputation upon the story of a self-confessed criminal. The circumstantial evidence against Burgess, he said did not warrant a conviction.

Humphrey Mellish presented the case for the crown. Judge Graham then summed up, charging rather against the prisoner. The jury went to their room at 5.30 o'clock and returned at 7.30 to say that they could not agree. At this stage eight were for acquittal and four for conviction. The judge ordered them back to their room and in half an hour they returned and rendered an unanimous verdict of not guilty.

The brother of Burgess was convicted on evidence from Rutledge.

## SEVEN HUNDRED HOME-SEEKERS LEAVE FOR WEST

Toronto, June 16.—Seventeen coaches, carrying seven hundred homeseekers, left the Union Station for the west on two special C. P. R. trains yesterday. The first train left at two o'clock in the afternoon. It consisted of eleven cars, carrying four hundred and fifty passengers. The second train was made up of five coaches, with two hundred travellers on board, and pulled out at 10.45 last night. An extra coach went out on the regular Winnipeg train with fifty passengers. The total number of homeseekers who have left Toronto this season is twenty-six hundred, which is one thousand in excess of the number last year. The men who have gone have been above the average, practically all of them being English-speaking, and being drawn from farms in this Province. The number of women and children would average about one-third of the total number.

## SHIP ON FIRE AT SEA

New York, N. Y., June 17.—As the steamer Mauritania, which arrived to day from Liverpool and Queenstown, was approaching the harbor at 9.30 o'clock last night, her officers sighted a burning vessel about twenty miles east of the Fire Island light-ship. The vessel was apparently a lumber laden schooner and was a blaze fore and aft. The Mauritania slowed down on approaching the burning craft, but it soon became evident that there was no one on board. After making sure that no boats from the burning craft were hovering in the vicinity the Mauritania proceeded and soon left the blazing vessel astern.

## LUMBER ORDER MAY BE RELAXED

United States Treasury Official at Present Investigating its Operative Effects.

Ottawa, June 17.—F. M. Halstead, law clerk of the customs branch of the United States Treasury Department, is here today on a mission that means much to the Canadian lumber trade. Mr. Halstead has been commissioned by the United States government to enquire into the operative effects of a recent order of the Treasury department calling upon all shippers of lumber to give most specific details of shipments going across the border. They are called upon to state the size and dimensions and the number of pieces in each carload shipped.

It has been represented to the United States government, not only by the shippers, but by the importers as well, that the regulation involves undue hardship and annoyance which is not calculated to decrease the price of the commodity.

Upon the investigation which the official will make will likely depend whether or not the order will be relaxed. Mr. Halstead called on the United States Consul-General this morning, and afterwards visited a number of lumbering concerns of the city.

## AN EXPENSIVE REVENGE

Toronto, June 16.—An Etobicoke farmer named F. E. McPearson, was fined \$5 and \$26 costs by Mr. John Ramsden, J. P., yesterday, for shooting a valuable fox-hound owned by Mr. John Fleming, proprietor of the Lambton Hotel. McPearson is said to be a dog-hater, and to the Magistrate he admitted having killed a number of dogs at different times. He said he killed Fleming's dog because it had chased two of his sows and a sheep on the previous day.

Twenty dollars of the costs will be paid to Mr. Fleming as compensation.

## UNDER LAURIER RULE TOO!

Toronto News: Mr. Field's article in The Monetary Times concerning Canada's extraordinary borrowings from Great Britain has, naturally, attracted attention on both sides of the Atlantic. It is nothing short of remarkable that the Mother Country has lent us upwards of \$600,000,000 in the last five years. The Dominion is an attractive field for investment, and the capitalists of London recognize the fact. There is no doubt also something in the circumstance that this country is part of the Empire. We get more free advertising in England for that reason that we otherwise would. For our part we must maintain our credit at the world's capital. To that end we should offer nothing but sound securities in Great Britain.

## PERSONAL.

Mr. F. R. Taylor, of St. John, arrived in the city this morning.  
Mr. John W. Gilmour, of Oromocto, is at the Queen.
