## CAMERON LOST FIRST PROFESSIONAL RACE TO WOODS

Montreal Man Ran Clever Ten-Mile Race Winning by Ten Yards—Amherst Disappointed.

Amherst N.S., Sept. 24.—Amherst is in mourning tonight; its peerless winner, Fred S. Cameron, went down to defeat in his first professional race against Abbie Wood, of Montreal.

The race was witnessed by fully 2,000 people, many of whom came from adjoining towns and from the country side. The race was uneventful throughout. Wood had the pole but before the lap was finished Cameron took the lead and the first two miles and a half was reeled off in quick order.

Wood then forged to the front and Cameron allowed him to set the pace until five miles were reached. Wood took his time, running at a leisurely gait, the five miles being run in 27.18. For the last five miles Cameron led with Wood close on his heels. Lap after lap was run off in this order. In only one instance did Cameron make one of his spurts and Wood responded freely. The runners were so evenly matched that the spectators saw that both were depending on the finish spirit.

In the final Cameron led for three-quarters of the lap when Wood put on a burst of speed, never equalled on the Ramblers' grounds, and breast ed the lap about ten yards ahead of the Amherst champion.

That Cameron's supporters were disappointed in putting it mildly but although he has been defeated they have still faith in him. They realize that Wood is probably the best man in Canada, but they claim that his wide experience in running enabled him to out-general Cameron and that the latter made a mistake in allowing the Montreal man to set the pace in the earlier portion of the race.

Both men finished fresh and were in condition to go another ten miles. Another race between the two rivals will take place on the Ramblers' ground within a fortnight and a third race has been arranged to be held in Montreal in the near future. Wood is a fine type of athlete and has made a host of friends here. The time for the race was 55.42. On the same track last fall Cameron defeated Fowler in 54.46.

### MORE PRACTICE NEEDED BY CITY RUGBY TEAM

The senior football players who turned out fairly well when the practices, seemed to weary of well-doing during the latter part of last week when there was really no practice. If Fredericton is to have a senior Rugby team, the men will have to get out and work. A good start has been made but it will have to be kept up. Good material has been found already and it is expected that more will turn up later. Fred Baird formerly of the U. N. B., was in town on Saturday and Sunday and it is possible that he will be here for some weeks, completing work in connection with the Valley Survey. He will be available for the back-division and should be a tower of strength.

### MEETING THIS WEEK.

It is likely that a meeting of the senior city football men will be held this week for the purpose of electing a captain and manager. Organization will have to be completed as soon as possible.

### McCANN MAY NOT COME.

It is now rumored that Dave McCann, of the Ottawa City team, will not come to U. N. B. this year. Efforts have been made to hold him in Ottawa, it is said, and have taken the form of an increase in salary.

### BASEBALL NOTES

Mike Mitchell and Bescher, the Cincinnati players who were booked for Fletcher's big series after the regular season, say they will have nothing further to do with Mr. Fletcher.

Jack Dunn says that Baltimore will soon have a new ball park with grandstand for the accommodation of 15,000 people. The change is necessitated by the cutting of a street through the old Oriole park, now the property of Edward Hanlon.

Twenty thousand dollars a season should be money enough to run any class B league club in the country. Year after year the minor leagues keep increasing their expenses, failing to appreciate that the only way a ball league has a chance to make a financial success is by having a close ace with at least four clubs having a look up to the middle of August.

Last week, for perhaps the first time in his life, Umpire Tim Hurst called a game on account of darkness.

## AMERICAN FOOTBALL UNDER NEW RULES

New York, Sept. 24.—More than the usual interest ordinarily attending the opening of a football season attached to the playing today of the first gridiron game of the year by representative college elevens. The new rules framed by the experts after much deliberation to remove objections to it as a college sport were to have their first real try out. How the rules would work in practice, whether the dangerous features of the game had been minimized as much as had been claimed and what kind of spectacle the new game would provide, were the questions. Followers of the sport and the general public expecting to be answered at least in a measure by the playing of today's contest. Pennsylvania was the only one of the eastern colleges with a game on its schedule. It was scheduled to play Ursinus at Philadelphia. Other games were between Carlisle and Villanova at Harrisburg, Syracuse vs. St. Bonaventure at Syracuse, Bates vs. Exeter, Bowdoin vs. Port McKinley at Brunswick, Me., Minnesota vs. Lawrence at Minneapolis.

### LEST WE FORGET!

The humorist who at sundry times plunges into sport in the columns of the Sackville Tribune has again become real funny. He says that if the sporting writer of the "Mail" will follow the Tribune carefully he will avoid a good many mistakes that he might otherwise make. The Tribune man evidently does not place a high value on the opinion of the Mail in matters athletic. Too bad! So much had been hoped of the Tribune's good opinion.

However speaking of making mistakes does the Tribune man remember that a couple of winters ago his paper came out with the startling announcement that the Algonquin A.A.A. of St. John was endeavoring to entice one of Sackville's snow-white amateur hockey players to Winterport to play for a sham amateur team which was being formed there. The Simon-pure exposed to temptation was that staunch amateur Rolliu Norman who has just completed a foot-ball-hockey course at Mt. Allison University. The Tribune's terrible exposure raised a big laugh at the time and even now the remembrance provokes a few giggles. The Tribune man evidently forgot the incident in a hurry for it was never again mentioned by the Sackville paper.

So much for mistakes. The Tribune says that the Mail declared Mt. A. to be the college most likely to win the International Collegiate Football Championship. Now the Mail's sporting writer does not object to the Tribune's inference that he is a "Molly-cod" the Tribune man evidently being a "red blood" writer of the Jack London type—but does object to being misquoted. The Mail said that Mt. Allison's chances were considered to be the best in some years, that and nothing more.

Bob Deady, manager of Al Kaufman, has passed up the offer of promoter McIntosh to give Kaufman \$10,000 for three bouts in England.

Deady says Kaufman can make more money in this country boxing easier than meeting the men McIntosh wants him to go against in England.

with the score a tie and but eight innings played. It may be that the veteran holder of the stopwatch and baseball indicator is finding his lamps growing dim, making it difficult to see the sharp drives that go skipping close to the foul lines. Timothy never was accused of losing his nerve.

Manager Frank Chance of the Chicago Cubs says there is no truth in the story that he has sent Jimmie Callahan or any other player to size up the work of the Athletics. "I have found this a losing game. I sent Kling and Tinker to size up the White Sox and they gave us a good beating. Ty Cobb was sent to size up the Cubs and we gave the Tigers a good trouncing. As both teams will enter the world's series with new signals nothing could be gained by this sizing up business."
