

## SUMMER FEED FOR COWS

Every dairyman is called upon to provide summer feed in some measure for his cows. It matters not how a man may be situated, there comes a time in late summer or autumn when the enclosure in which the cows are held will fail to keep them bountifully fed. The droughts of summer make their appearance and check the growth of the natural grasses, or the cooler temperature of approaching autumn appears with similar results, and no one has the power to stay the effects of their approach. It is, however, in the hands of the diligent farmer to provide against such a shortage by growing crops especially adapted to meet such a deficiency.

There are two ways of meeting this necessity. The one is to grow crops to cut from the field when wanted and the other is to store in the silo to draw from when needed. People are learning the value of the silo. It is now pretty well understood that material may be safely stored in a silo and kept for a length of time to be fed when needed. The length of time such material may be kept has been definitely fixed but it has been learned that the limit of time has not yet been settled. Hence properly preserved silage may be depended upon to keep over to a time of need. This is a great thing in its favor. Further experiments are needed to settle that particular point, and no doubt they will be forthcoming.

Corn is now the best material known to grow for filling the silo. It can be grown in large bounty and kept till needed. Also it is a valuable feed and is readily taken by all domestic animals. These facts make it a valuable product on any farm provided with the silo.

## CATCHER LOSES FINGER

Toronto, May 6.—Catcher Charley  
Tonneman of the Toronto Club went  
to St. Michael's Hospital to have his  
injured finger examined. He was  
placed under anaesthetics and it was  
found that it would be necessary to  
amputate the finger at the middle  
joint.

The injured finger is the third on  
the right hand. It was hurt two  
weeks ago Saturday, at Lynn, Mass.  
in an exhibition game, a foul tip  
tearing off the nail. The plucky catcher  
worked through the game with the  
finger bleeding freely and it was  
thought it became poisoned at that  
time. To make matters worse a felon  
developed and the finger was operat-  
ed on at Baltimore, the bone be-  
ing scraped.

## BASEBALL NOTES.

Cy Morgan has won a game at  
last, the Senators falling easy prey  
to the Athletics.

Good ball teams often find it dif-  
ficult to get away at the opening of  
the season. Two years ago Detroit  
lost the first 11 games before start-  
ing after the championship.

Billy Parsons, the old New Eng-  
land baseball and polo manager, is  
now promoting roller skating in  
Rome, not far from the old Coliseum.

Joe Cantillon is going along nicely  
at Minneapolis with major league  
cast-offs. Among the once-ran play-  
ers Joseph has in line is Jesse Tan-  
nehill, Cravath, Altrock, Tom Hugh-  
es and Babe Ferris, once with the  
Boston Americans, also Clymer, Al-  
tizer and Jimmie Williams.

DORAN SAYS HE CAN  
GET FAST HOCKEY TEAM

Montreal, May 6.—Mr. P. Doran,  
owner of the Wanderer Hockey team,  
the holders of the Stanley Cup, when  
spoken to today in regard to the se-  
curity which it is stated he will have  
to put up if he wants to get the  
trophy, stated that he could claim  
the much wanted mug when he want-  
ed to, as his team had won it, and  
he was entitled to it. "I will get  
the cup when I want it, and am wil-  
ling to put up the security is requir-  
ed, but I propose to see first if a se-  
curity has been put up by the win-  
ners in the past years," said Mr.  
Doran.

When Mr. Doran was asked if he  
expected to have a hockey team next  
year, he stated that he was in the  
hockey game for good now, and that  
he will not sell the franchise to any-  
body. "If the old Wanderer crowd  
take some of the players and start  
up a new team, it will not harm me  
in the least as I am certain that I  
can get the pick of the hockey players  
if I pay the price, just as Renfrew  
price. Have no fear," said Mr. Dor-  
an, "I own the Wanderers and I will  
be in the game next year stronger  
than ever and with a first-class team  
to defend the Stanley Cup."

## BIG DISTANCE RACE TODAY

Toronto, May 6.—The draw was  
made for position and numbers for  
the twenty mile Canadian Derby  
which will be held at the Hanlan's  
Point Stadium tomorrow afternoon.  
The draw resulted as follows: No. 1,  
Gustave Ljungstrom; No. 2, Fred  
Meadows; No. 3, Henri St. Yves; No.  
4, Hans Holmer; No. 5, John D.  
Marsh; No. 6, Fred Simpson; No. 7,  
Percy Sellen; No. 8, Frank Nebrich;  
No. 9, Thur Johansen; No. 10, Abbie  
Wood; No. 11, Tom Crooks; No. 12,  
Tom Coley; No. 13, Acoose; No. 14,  
Red Hawk; No. 15, H. Tyndall.

This gives a field of fifteen of the  
classiest professional runners in the  
world. All will be here tomorrow, fit  
and ready for the race.

No fan should be permitted to in-  
sult ball players on the field any  
more than an audience should be al-  
lowed to abuse a circus performance.  
It's up to the police to see that vis-  
iting players are protected from the  
man looking for glory by personal  
abuse of men hustling on the ball  
field.

Middletown, Conn., will have a  
team in organized baseball this year  
for the first time since 1872, when  
the Mansfields of that town, turned  
out such players as Jim O'Rourke,  
Tim Tipper, Mike Dorgan, John Clapp  
the writer, and others who have  
helped to make baseball history.

Wednesday will be a big day in Mid-  
dletown with some of the old boys  
back for the send-off.

## ENGLISH RUGBY FOR MONTREAL

Montreal is going in for English  
Rugby, the brand that is played here  
A Montreal paper recently had the  
following:—

"At a well attended meeting held  
last night at the M.A.A.A. Club  
House for the formation of an Eng-  
lish Rugby Club, the following  
gentlemen were elected as a working  
committee:—C. F. Blackham, P. Mac-  
Kenzie, A. S. Leupold, J. B. Peck,  
J. H. Richardson.

"Grounds for the club are now be-  
ing located, and it is hoped that by  
next fall things will be in full swing  
All the members of the club have  
played for first-class Canadian and  
British rugby teams and they, there-  
fore, feel confident that the public  
will soon be won over to one of the  
fastest, most manly, and splendid of  
British outdoor games.

"The new club will in future prob-  
ably be known as 'The Montreal  
English Rugby Club.'"

## ABOUT THE BOXERS.

Kid Gorman has been matched to  
box Kid Shea at Augusta, Me., next  
Tuesday night.

Jimmy Gardner was offered a  
chance to box Stanley Ketchell at

matchmaker William Pierce yesterday  
that he has retired from the ring,  
and is going to be manager of a  
West End Hotel.—Boston Globe.

Mrs. Tommy Burns and Tommy's  
manager, Keating, have arrived at  
Victoria, B. C., from Australia. They  
stated that Burns is going to leave  
Australia next Monday for America,  
to meet Langford.

Young McDonough of Manchester,  
N. H., has been matched to box Joe  
Hyland in Freeport, L. I., May 17.

Sam Langford and Jim Johnson

May 20.

been matched to box in Milwaukee  
next week.

boxer, has accepted an offer to box  
Frankie Conly in Los Angeles the  
latter part of this month.

Jack ("Twin") Sullivan will prob-  
ably box Stanley Ketchell in New  
York May 24. Ketchell will also  
meet Jim Savage in Tom O'Rourke's  
club in New York May 27.

O'NEILL NEW BRITISH  
10 MILE CHAMPION

Sergeant in Connaught Rangers--Ran  
Great Race Against Scott Former  
Champion--Uses Low Stride.

The wonderful performance of Sergt  
J. O'Neill of the Connaught Rangers  
in winning the 10-mile championship  
in 52.41 2-5, under such remarkable  
circumstances, is being discussed. A.  
B. George, the well-known runner  
says:

Scott challenged O'Neil when a fur-  
long from home and rapidly set up  
a lead of 15, 16, 18 yards. It now  
looked 1,000 to 1 on Scott, particu-  
larly as O'Neil appeared to resign  
himself to defeat. He is made of bet-  
ter stuff, however, than to give up  
without a struggle for he suddenly  
put on a spurt which electrified the  
on-lookers. O'Neil caught Scott 20  
yards from home and won by a short  
three yards. A finer exhibition of  
pluck than that shown by O'Neil had  
seldom been seen, and he is the sort  
to gain a Victoria Cross if circum-  
stances ever put the chance in his  
way. Old athletes, who know what it  
means to come again at the end of  
a long distance race, were over-  
wrought with excitement, and several  
groups might be noted talking over  
the incidents of the race and still  
trembling with emotion for an hour  
after the end.

O'Neil is a quiet unassuming man  
of 25 years of age. He started to run  
while in India five years ago, and on  
returning to Ireland he won the 4  
miles Irish championship. O'Neil car-  
ries his arms and body in just the  
same style as his famous fellow-  
countryman, Tommy Connell did,  
but his stride is not so high as the  
Kildare boy's was, which is all the  
better for O'Neil,—a low, close to  
the ground, stride, being best for  
distance work.

This latter remark is not borne  
out if applied to Cameron.

CORONER'S JURY SETS  
OWEN MORAN FREE

San Francisco, May 6.—Death from  
accidental causes was the verdict  
returned yesterday by the coroner's  
jury in the case of Tommy McCarthy  
the boxer, who died last Friday night  
after a fight with Owen Moran, the  
English lightweight champion.

The chief witness today was Mor-  
an, who declared that in the 16th  
round, which terminated the fight  
he went after his opponent hard with  
the idea of knocking him out. He  
asserted that the fight was not fixed  
to go 15 rounds, but that he did not  
extend himself until the final round,  
which resulted in McCarthy's death.

## MISCELLANEOUS.

The English association football  
season has now closed. Aston Villa  
heads the league, while Manchester  
city leads in the Second Division.

The All-American Rugby team will  
leave Vancouver for the Antipodes,  
May 30th. The team will be compos-  
ed of 24 men from the Stanford Uni-  
versity and the Universities of Cali-  
fornia and Nevada. Twelve games  
will be played, beginning at Bris-  
bane, Australia, June 11, and ending  
at Auckland, N. Z., July 30th.

ANOTHER OCEAN PORT  
FOR CANADA

Montreal, May 5.—Another effort  
to establish a port on the forbidding  
Gaspé coast is to be made this sum-  
mer. The desirability of such a  
work is evident. It would mean  
something like a three-day ocean trip  
from land to land. Some years ago  
a determined effort was made to de-  
velop the port of Paspébiac; but the  
effort failed.

The present project is to create a  
port at the town of Gaspé. G. B. K.  
Carpenter, managing director of the  
New Canada Company which has she  
project in hand, says that in a  
month's time the Atlantic, Quebec &  
Western railway will be completed as  
far as Pabos while by July traffic  
will be opened up as far as Grand  
river, leaving only 50 miles to be  
completed to the basin of Gaspé. The  
section just completed from Port  
Daniel to Pabos comprises a 20-  
mile section almost hewn out of solid  
rock as well as seven steel bridges  
and a tunnel 600 feet long.

In view of the proposals for mak-  
ing Gaspé a deep sea port, Mr. Dus-  
seault of Quebec has been awarded  
the contract for constructing the  
Gaspé landing pier which will be 300  
feet in length and give a depth of 40  
feet of water all the year round. The  
cost of the pier will be \$200,000. The  
promoters are figuring on Gaspé serv-  
ing as an ocean port for at least five  
months in every year.
