## A FINE ORCHARD

Mr. J. W. Clark of Maugeville is undoubtedly one of the most successful fruit growers in the province. Last spring he set out four hundred apple trees, and he now has sixteen hundred altogether, the majority of which are bearing. He expects to gather at least one thousand barrels of apples next fall.

## THE DUST NUISANCE

Just why the watering cart should not have been out on Queen Street this morning to lay the dust is not apparent. The high wind raised dust in great clouds and blew it into the places of business. The pavement has the faculty of losing moisture in a short time. Some effort should be made to keep the dust down.

## THE MARKET.

Genuine spring weather prevailed today, and the number of visitors in the city from the country districts was larger than usual. Prices in the market kept up to about the same level as last week. Eggs brought from 15 to 18 cents, butter 23 and 24 cents, veal 8 and 10 cents, country hams 16 cents, potatoes 50 cents, pork 11 and 12 cents.

## BUSINESS CHANGE

Mr. Harry Day will take over the meat market and provision business which has been conducted on York Street by Mr. Isaac Kilburn. The latter has been confined to his home by illness for six weeks and at the present time shows little improvement. Mr. Kilburn has been engaged in active business in Fredericton for about ten years. Mr. Day will assume charge of the business Monday.

## BURNED BY EXPLODING SHELL

Frank Abrahams a young Assyrian boy living in St. Mary's, had his face burned and his eyes injured by an explosion of powder this morning at about eleven o'clock. The boy foolishly touched a lighted match to a loaded shell and his injuries resulted. He was taken at once to Dr. Weaver's office, where his burns were dressed. Dr. Weaver expects that the lad's sight will not be permanently injured.

## NEW BRUNSWICK BEEF.

St. Andrews Beach: New Brunswick is all right. And New Brunswick beef is all right, when the farmer has a heart big enough to breed his stock. The other day a householder who had been living on Western beef, bought a roast of a carcass brought into town by Mr. Robert Hawthorn, Wa-weig, and he told the Beacon that he had never tasted sweeter meat and never enjoyed a roast more. The taint, so often discoverable upon the Western article, was completely absent. It was a pity that more of our farmers would not undertake to raise beef for market.

FREDERICTON MOURNS  
FOR KING EDWARD

Bells Told Last Night, Flags at Half Mast Today—City Council Meeting This Afternoon.

Fredericton is mourning the death of the Sovereign. The news of the King's death was received at the telegraph offices early last night. The Mail bulletined the news at once, the regular edition of this paper having contained the information that the Sovereign's death was expected shortly.

The sad tidings spread quickly. Dean Street, ordered the bell of Christ Church Cathedral to be tolled, and, by order of the Mayor, the bell of the City Hall was also tolled. The tolling of the bells of other churches in the city also marked the receipt of the news.

Today flags are flying at half mast from every staff. The Royal Standard is displayed on the staff of the Officers' Square, and also over the Armory. Owing to the fact that the day is Saturday, the draping of public and private buildings has not been general. On Monday such draping will in all probability be done.

Tomorrow the death of the Sovereign will be referred to in all churches and in some special sermons on the sad event will be preached. The bells of Christ Church Cathedral will be muffled and during the day the chiming will ring dirges.

The City Council will meet in committee at four o'clock this afternoon to consider the action to be taken to show the regret and grief felt by the city on account of King Edward's death. It is likely that arrangements will be made for the draping of the council chamber and of the entrance to the City Hall. It is also probable that a telegram of condolence will be despatched to Earl Grey at Ottawa to be forwarded to London.

Mr. J. J. Howe Dickson, clerk of the Executive Council, was summoned to St. John by Premier Hazen, and left this morning. His Honor the Lieutenant Governor is at present in St. John and it is expected that he will issue proclamation shortly in connection with the demise of the King.

According to statute, all commissions issued during the reign of Edward VII continue in force under George V. It will be necessary however, that all holding such commissions take the oath of allegiance to the new sovereign. The executive council will very likely take the oath here.

As soon as it is known when the funeral of the late King will take place, arrangements will be made for a joint memorial service in which St. Paul's Presbyterian Church, the Meth-

WHAT WILL BE DONE  
WITH JOHN McEVROY?

Man Supposed to be of Unsound Mind Dumped Here with Wife By Town of Amherst.

The civic authorities are puzzled over the presence of John McEvoy and his wife in this city and are wondering what will be done with them. It is quite likely that unless some occupation can be found for the two outside the city they will be sent back to Amherst, whence they came yesterday.

The man had been working in Amherst with the Robb Engineering Co. The town authorities alleged that he was of unsound mind and yesterday placed him and his wife on the train with tickets for Fredericton. This city was chosen as their destination because McEvoy had said he had been born here and had left this city when fourteen years of age.

On the way to this city the man did some damage to railway property and the local police were asked to be at the C. P. R. station last night when the train came in. The man and his wife were accompanied to this city by a railway employee named Grass, who had been told by the railway authorities to see that McEvoy did no further damage to property of the railway.

When taken to the police station McEvoy made a protest, but spent the night in a cell. His wife was sent to Long's Hotel.

This morning Mr. John Doherty of the Springhill Hotel, was communicated with, and said that he wished to employ the man and woman. Up to late hour this afternoon, Mr. Doherty had not appeared at the police station and it is not known whether or not he will take the couple.

McEvoy appears to be about forty years of age and is an able looking man. His wife is younger. The man's wife is younger.

odist Church and the George Street and Brunswick Street Baptist churches will take part.

Many of the older inhabitants of the city have a distinct recollection of his late majesty at the time of his visit to the city in 1860. At that time the late James Beek was mayor. Mr. John H. Reid was an alderman at the time and is the only surviving member of the City Council which welcomed him as Prince of Wales to this city. Messrs. Sterling Brannen and Malcolm Ross are the only surviving members of the Fredericton Free Masons' Band which took part in the receptions to the Prince at both St. John and Fredericton.
