## No Sign of Reaction in Lisbon In Favor of The Old Regime

The Monarchial Party Generally Regarded as Dead—News-  
papers Hostile to Republicans Have Disappeared—Plans  
For a Simultaneous Uprising in Spain were Frustrated—  
Sympathizers at Barcelona Charged by Mounted Police—  
Why Admiral Reis Committed Suicide.

Toulon, Oct. 8.—The armed cruiser  
Leongambetta is preparing to sail  
for Lisbon.

SPAIN WAS TO HAVE JOINED IN  
UPRISING.

Paris, Oct. 8.—Despatches received  
from Madrid quote Dr. Ezquerdo,  
the republican leader, in confirmation  
of the statement that a definite plan  
existed for simultaneous revolution-  
ary movements in Spain and Portu-  
gal. Dr. Ezquerdo has just returned  
from Lisbon where he conferred with  
Dr. Bombarda and other Portuguese  
republicans in regard to the plan,  
decided on October 13, the anniver-  
sary of Farrer's death, as the date  
for the uprising. But Bombarda's  
assassination precipitated the attack  
on the Portuguese throne. The blow  
thus suddenly and successfully annul-  
led the Portuguese republicans' com-  
rades completely by surprise.

The Spanish republicans are loud  
in their resentment against the gov-  
ernment's severe attitude towards  
them. They are venting their wrath  
in the press.

The chief newspaper accuses the  
government of fearing to make a  
comparison between the situation in  
Spain and that in Portugal. It adds  
pointedly that, "In Portugal also  
the army was believed to be loyal."  
The newspaper also prints a cartoon  
showing Alfonso and the royal fam-  
ily packing their trunks preparatory  
to taking a train. It is understood  
that the newspaper will be prosecut-  
ed.

WHY HE SUICIDED.

Lisbon, Oct. 8.—Admiral Candido  
Reis, who committed suicide on his  
flagship shortly after the uprising  
began, in the belief that the revolu-  
tion had been unsuccessful, had taken  
a place in the minds of the populace  
alongside the other so-called "mar-  
tyr of the revolution," Dr. Bombar-  
da, whose assassination was the oc-  
casion for an outburst, which led up  
directly to the events of the past few  
days.

Admiral Reis took the initiative in  
precipitating the revolutionary move-  
ment among the vessels of the fleet,  
which lay anchored off Lisbon. He  
had agreed with the other republican  
naval leaders that a salute of 31  
guns should be the signal on each  
boat, apprising the others that the  
uprising was successful. In the con-  
fusion which attended the outbreak  
on the cruisers, only three guns  
were fired. Admiral Reis, hearing  
these three guns, jumped to the con-  
clusion that the whole movement had  
failed. In despair, he drew his re-  
volver and fired a shot through his  
head, dying at once.

Toulon, Oct. 8.—It is understood  
that the Russian steamer Admiral  
Makarov, which was under instruc-  
tions to sail at once for Cronstadt,  
has to go to Lisbon to watch the  
course of events and to co-operate  
with the other foreign warships for  
the protection of the interests of for-  
eigners.

CONDITIONS BECOMING NORMAL.

Lisbon, Oct. 8.—Quiet continues to  
reign in this city, and thus far there  
has been no sign of any reaction in  
favor of the old regime. The mon-  
archial party is generally regarded  
as dead, particularly since the radi-  
cals, under the leadership of Dr.  
Jose Wara Alpoim, have thrown in  
their lot heartily with the republi-  
cans. Of all the monarchial leaders,  
only three, including General Pimen-  
to and Ayres Ornellas, are said to  
have taken any active share in  
attempting to suppress the revolu-  
tionary movement.

The complete disappearance of the  
monarchial party is reflected in the  
discontinuance of the seven news-  
papers which represent the entire mon-  
archial. It is not yet indicated what  
action the government will take  
against the leaders of the opposition.  
London, Oct. 8.—Senhor Costa, Min-  
ister of Justice in the new Portuguese  
government has sent the following de-  
spatch to the Times.

"The Provisional Government has  
just received the final adhesions of  
the military divisions stationed in the  
Provinces." Perfect order and satis-

faction prevails everywhere. The  
banks are showing restored confidence.  
The customs and other government  
departments resumed business today  
and all activities necessary to the  
discharge of the nations obligations  
are in progress." At a council we  
were able to consider the revolution-  
ary period definitely ended and an  
era of progressive government and  
moral regeneration beginning. "We  
already are receiving the warm con-  
gratulations of foreign people on the  
heroic and marvellously correct at-  
titude of the revolutionary forces and  
their generosity towards the van-  
quished."

TROUBLE AT BARCELONA

Barcelona, Oct. 8.—An attempted  
demonstration of sympathy with the  
Portuguese republic which took place  
before the Portuguese Consulate here  
last night, was interrupted by mount-  
ed police who charged the crowd. A  
regiment of dragoons which was  
about to leave for the manoeuvres  
was sent back to the barracks and  
most elaborate military precautions  
have been taken to preserve order.  
Every flag or decoration in windows  
which might be considered an emblem  
of celebration over the victory of the  
Portuguese republicans had been  
ordered down by the police. The news-  
paper La Publicidad which acclaimed  
the Portuguese Republic has been  
seized by the authorities. The re-  
publicans are protesting against the  
repressive measures of the govern-  
ment and the severity of the censor-  
ship. The coal miners at Teruel have  
declared a general strike.

ROYAL FAMILY IN EXILE

Paris, Oct. 8.—A despatch to the  
Petit Parisiens from Lisbon says  
that the provisional government has  
issued a decree of exile against the  
Portuguese Royal Family.

HIGH IDEALS AIMED AT

Paris, Oct. 8.—Theophile Braga, the  
provisional president of Portugal, in  
an interview with the Matin's Lisbon  
correspondent, emphasized what he  
calls the "Philosophical" source of  
the revolution. The men who have  
been spreading the doctrines of re-  
publicanism he says, are professors,  
mathematicians, writers and men of  
learning.

The result, he thinks, is first of all  
a victory for the cause of education  
an effort to restore the Portuguese  
people to the intellectual rank lost for  
so long a time.

"It is our aim," he said, "to show  
the Portuguese as a race of the elite  
both physically and intellectually. It  
is our greatest honor by an ad-  
mirable revolution to demonstrate to  
the world that the Portuguese are  
worthy of their ancestors."

However, General Pinto, who is a  
former minister of war, has been  
arrested, and several officials includ-  
ing Vascon Ellos Porto, have been  
directed to report themselves at once  
to headquarters. The date for the  
re-assembling of the National Assem-  
bly has not yet been fixed.

WILL NOT SEIZE KING'S PRIV-  
ATE PROPERTY

Bordeaux, Oct. 8.—Addices from Lis-  
bon say that the new republican gov-  
ernment has declared its intention  
not to seize the private property of  
King Manuel. There has been specu-  
lation over this matter. The repub-

lican leaders said several weeks ago  
in outlining their so-called pro-  
gramme that if the revolt was a  
success, they would favor the seizure  
of the King's property and the pay-  
ment of an annual pension to the  
king. The royal fortune is very large  
both in personal property and in  
houses and lands.

The king, however, pays taxes up-  
on all his property like any Portu-  
guese citizen.

FOOD FAMINE THREATENED

London, Oct. 8.—Despatches from  
Lisbon say that owing to the scar-  
city of food there the military gov-  
ernor has issued an edict ordering all  
provision dealers to open their shops  
at once, on the event of refusal mili-  
tary forces will be used to compel  
obedience.

A correspondent who visited the  
headquarters from which the revolu-  
tion was directed found admirable  
arrangements which enabled the re-  
volutionists to put up such an excel-  
lent fight in contrast with the mun-  
icipal guard who had nothing to eat  
during the thirty hours of the com-  
bat. The most admirable point in  
the revolutionary movement he says,  
is the perfect order which reigns in  
Lisbon. This, he thinks, is due main-  
ly to the excellent measures taken as  
soon as the fighting was over to dis-  
arm the volunteer troops. All armed  
citizens were paraded past their lead-  
ers as soon as victory was assured  
and handed over their arms which  
were taken away to a storehouse.

Paris, Oct. 8.—Direct communica-  
tion with Lisbon was opened today  
from the Portuguese capital that the  
provisional government was taking  
the necessary steps to facilitate the  
transmission of despatches from the  
foreign diplomatic corps to their  
governments.

The republican ministry expresses  
the desire to do its utmost to awak-  
en confidence among foreign gov-  
ernments.

RELIGIOUS BODIES MUST GO

Lisbon, Oct. 8.—Provisional Presi-  
dent Theophile Braga and his asso-  
ciates every day feeling more sure  
in their newly assumed authority are  
drawing tighter the reins of govern-  
ment and began actively today, to  
put into practice the principles for  
which they have stood and have  
they have stood and which they have  
promised will be the bulwarks of the  
new republic. It is apparent that no  
time is to be lost not only because  
of the necessity of meeting popular  
expectations at home, but as well for  
the recognition of which is anxiously  
the moral effect upon other nations,  
sought.

The first step was the publication  
this morning of an official decree or-  
dering all religious bodies in Portu-  
gal to leave the country within 24  
hours. The government has promised  
the separation of church and state  
and the suppression of the religious  
orders. Almost at the moment that  
the decree appeared Marquis de Pom-  
bal was placed under arrest, charged  
with having sheltered members of re-  
ligious bodies and having concealed  
arms in his house. Troops were sta-  
tioned in the vicinity of the religious  
establishments to prevent attacks up-  
on them by the mobs. Dr. Costave,  
the Minister of Justice, also issued a  
decree ordering the release of all

## TWO HUNDRED MILE AUTO RACE AT PHILADELPHIA THIS AFTERNOON

Philadelphia, Pa., Oct. 8.—Raw  
northwest wind chilled the thousands  
of spectators who gathered along the  
eight-mile course in Fairmount Park  
today to witness the big 200-mile au-  
tomobile road race of the Quaker  
City Motor Club, scheduled to start  
at noon. Because of the heavy roads  
from yesterday's rain, there was some  
doubt as to whether the race would  
be run or postponed until the first  
clear day. But as the rain held up

and the roads were not in a danger-  
ous condition, the committee in  
charge decided to start the race.

Some of the best drivers in the  
country entered, among them being  
five of the nine drivers who finished  
in the Vanderbilt event last Satur-  
day. Elaborate arrangements have  
been made by the police department  
for protecting the spectators and con-  
testants.

Thirty-two cars are entered and  
the prize amount to \$1,000.

## CHINESE OPIUM DEN RAIDED IN CHICAGO

Chicago, Oct. 8.—Three Chinamen  
were arrested and \$1,000 worth of  
opium was confiscated in Chicago's  
Chinatown last night. Twelve gov-  
ernment officers from the Internal  
Revenue and the United States Mar-  
shall's Office took part in the raids.  
Some of the places raided were  
crowded with Chinese gamblers when  
the government officers rushed in  
after knocking down "lock outs" who  
were at the front doors. The Chi-  
nemen fled into the streets.

## LITTLE CHANGE TODAY IN STOCK PRICES

New York, Oct. 8.—Wall Street —  
Prices of stocks were scarcely stirred  
by the opening orders. A sluggish  
up and down movement within a  
range of less than a half was the ex-  
treme except for Westinghouse Elec-  
tric which declined  $\frac{1}{2}$ .

New York, Oct. 8.—Noon—Money  
on call nominal, no loans. Time  
loans firm but dull. Sixty days  $\frac{1}{2}$   
per cent., and 90 days  $\frac{1}{2}$  to  $\frac{1}{2}$ . Six  
months  $\frac{1}{2}$  to  $\frac{1}{2}$ .

## CIVIL WAR HEROINE LEFT BIG FORTUNE FOR WORTHY CAUSE

Chicago, Oct. 8.—Mrs. Mary Loomis  
a Chicago society woman and a  
heroine of the civil war, died yes-

in New York sixty years ago, com-  
ing to Chicago immediately after the  
wedding. At the outbreak of the  
Civil War she accompanied her hus-  
band to the front on the Union side,  
and became head of the company of  
red cross nurses. Col. Loomis died  
ten years ago. He had no children  
and the death of Mrs. Loomis re-  
moves the last member of his fam-  
ily.

law, and Mrs. Rockwell with a five  
days old baby were hurled through  
windows. Mrs. Gordon was killed  
and the others may die of their in-  
juries. Mrs. Gordon had gone to the  
upper part of the house and struck  
a match to locate a leak in a gas  
pipe.

## DR. REYNOLDS OF LEPREUX BURNED TO DEATH IN BED

St. John, Oct. 8. (Special)—Dr. H.  
B. Reynolds of Lepreau was burned  
to death in bed early this morning.

He was seventy-eight years of age  
and widely known in that section of  
the country.  
Full particulars of the sad affair are  
not to hand but from what can be  
learned it seems that he was smoking  
in bed and allowed the matches to ig-  
nite the bed clothing. When discov-  
ered he was beyond earthly aid.  
The deceased was a son of the late  
Mr. W. K. Reynolds, who built the  
Suspension bridge over the St. John  
Falls, and the late Mr. W. K. Rey-  
nolds, the well-known journalist, was  
his brother.

## POLICE ON TRAIL OF DYNAMITERS

Man Who Purchased  
the Explosive  
Has Many  
Aliases

Was at a Sanitarium Last Week and is  
Now Thought to be in San  
Francisco.

San Francisco, Oct. 8.—Evidence  
which local detectives regard as of  
the most convincing character came  
to light yesterday showing that a  
man answering almost perfectly the  
description of one of the Los Ange-  
les Times suspects was a guest from  
last Tuesday until Thursday after-  
noon at Burkes Sanitarium near  
Santa Rosa. Not only the man's  
description but his peculiar conduct  
and the suddenness of his disappear-  
ance are considered by the investi-  
gators as strongly confirming the  
belief that he was none other than  
the fugitive variously known as J.  
B. Brice, Bryson, F. A. Perry and  
K. B. Leonard who is thought to  
have been the ringleader of the trio  
that purchased the 500 pounds of dy-  
namite at Giant's Calif.

That the suspect is within a short  
distance of San Francisco and that  
he has no definite hiding place is  
the conviction of the detectives and  
they exhort themselves as confid-  
ent of his early apprehension.

## TWENTY-FOUR BODIES HAVE BEEN RECOVERED

ed. Two of the bodies found today  
were identified, one as that of Patrick  
Donahue, a private in the marine  
corps of Limerick, Ireland, and the  
other is that of Henry Sherman  
Rally, a ship's cook, third class, of  
Ansonia, Conn.

New York, Oct. 8.—During the  
morning four more bodies were re-  
covered, making a total of 28 bodies
