To keep house without **GOLD DUST** is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—**GOLD DUST** is worth its weight in gold. ## AERONANTS WERE BLOWN MILES OUT OF THEIR COURSE

Started at St. Louis and Landed in Forests of Northern Quebec.

Montreal, Oct. 23.—Aeronauts from the German and Swiss balloons, Germania Helvetia, that started from St. Louis, Mo., Monday last in the Gordon Bennett race, arrived in Montreal Saturday.

August Blankertz, of Dusseldorf, Germany, who accompanied Captain Hugo Vonober Cronin in the Germania, tells a thrilling story of being lost for thirty-two hours in the almost impenetrable forests north of the Transcontinental Railway at Cococoo Cache, Que.

Hunger, cold and fatigue had brought them to the verge of insanity before they reached a railway construction camp, having taken nearly two days to walk a distance that their balloon had covered in less than fifteen minutes. So desperate did their position become that the aeronauts were on the verge of suicide.

The trip from St. Louis had been the longest they had ever participated in, though the actual voyage was uneventful, but the subsequent experience could never be forgotten.

Mrs. Blankertz came to New York meeting her husband at the Canadian Northern station Saturday and she helped to shield him from the crowd of reporters anxious for an interview.

Mr. Blankertz looked haggard, and as though he had not slept for days. Rushing to a cab he called out that he could be seen at the Windsor Hotel, Sunday. Hardly the same man would be recognized in the sprightly gentleman with a military bearing that met a reporter at the Windsor today and gave a graphic account of his experience.

## MAJOR BRUNO OF MONTREAL WON AT HILLS GROVE

Came Within Half-Second of Track Record—Cox Won 2.17 in Straight Heats.

Hillsgrove, R. I., Oct. 24.—Major Bruno, a Montreal horse, had the speed to shake off the fleet field in the free for all pace today and won the race although Major Mallow, the favorite, made the black gelding stop the last heat in 2.09½, which is within a half second of the track record established in the first heat of this race Saturday.

Driver Hudson was presented with a handsome silver cup by Fred Mansfield, proprietor of a Providence hotel, which was offered by him before the starting of the race Saturday.

C. E. Pitman of Trenton, N. J., piloted his bay mare, Dawson Dillon under the wire in the seventh and final heat of the 2.16 pace, beating out Rodney by a great drive in the stretch.

Walter Cox, of Manchester, N. H., won the 2.17 trot in straight heats with his Oxford Boy Jr., with little trouble. The race was for the place with the The Shoplifter and Billy Actel fighting every inch of the way.

Wild Heats, owned by Low Martin of Kingston, Ont., took the 2.25 pace in straight heats.

John O., entered by G. R. Russell of Lake George, N. Y., appeared to have little trouble in taking down the big purse in the 2.25 trot, although some thought Fred D. was not being urged to the limit.

## COLLEGE CRIPPLERS GETTING BACK INTO THE GAME

Kuhring Played Good Game at Quarter in Practice Yesterday—Thanksgiving Day Game.

The U. N. B. Rugby squad was out for a good hard practice yesterday afternoon. Kuhring was out again, after a long time spent nursing his game leg. He and Machum performed behind the scrim at quarter and filled in well. Jewett, who was on the hospital list Saturday, was out again but the other cripples were either not in evidence or viewed the practice from the touch-lines. "Cap" Deedes limped about with the aid of a cane and gave the forwards a little emphatic advice. He will be on deck again at the end of the week. Vavasseur was also among the spectators.

## THANKSGIVING DAY GAMES.

The St. John Algonquins are expected to play U. N. B. here on Thanksgiving Day. The Indians have been keeping very quiet but should have a pretty strong team to put on the field against the College.

## CHATHAM MAY COME.

The Fredericton team has asked Chatham to come over for a game on Saturday, but no reply has yet been had. Chatham wants to come on Thanksgiving Day, but it is doubtful if there would be a big enough gate to warrant a double-header.

St. John High School is due to give Fredericton High School a return game here on Saturday. The local team has been getting in some hard practice lately and expects to even matters.

## A SAILOR'S SWEETHEART.

"A Sailor's Sweetheart," which will be presented at the Opera House Thursday and Friday nights, Nov. 3 and 4, under the direction of Mr. Bird, assisted by 50 Fredericton girls and boys, is a strong comedy drama, in four acts. It has a theme that is soul stirring—comedy that is clean, crisp wit and pathos in which noble sentiments are spoken. The specialties which will be introduced between the acts are all new and up to date. The seat sale opens Friday morning, Oct. 28th at 10 o'clock, at Ryan's drug store. The entertainment is under the auspices of the Ministering Circle of the King's Daughters.

## COLORADO E. WILL NOT BE ON TRACK NEXT SEASON

George Estabrook Expects Him to go Inside Two-Minute Mark as 5-Year-Old.

Colorado E, 2.04½, is not going to the auction mart, as George Estabrook has decided to retain his marvelous trotter until he reaches maturity, believing that in his 5-year-old form the son of The Bondsman will gain a place inside the two-minute list.

The holder of the 3-year-old record will not be seen in public next season, but in 1912 he will sport the purple and gold of the Denver turfman again. The remainder of this fall he will spend in a paddock on the farm of Henry "Sheriff" Bosworth, in the bluegrass country, going to Denver early, in the winter with the rest of the Estabrook horses. Next spring he will come east for a limited season in the stud going into training late in the summer.

## CANADIAN HORSES

One of the really remarkable features of the season now drawing to a close is the showing made by the youngsters sired by Kentucky Todd, 2.08½, bred by Miss Katherine L. Wilks at her farm in Galt, Ont. Last winter Miss Wilks sent five yearlings by the black son of Todd to Clem Beachey for work over the Lexington track. One had a touch of distemper and was not trained, another proved a big growthy fellow and was turned out, the other three were given records—Princess Todd, 2.29½, out of Grace Bingen, by Bingen; L. Todd, 2.29½, out of Katherine L, 2.12½, and The Baronet, 2.28½, out of Princess Helena, by Baron Wilkes.

How much training the clever Kentuckian gave these youngsters is not known, but they show little signs of hard work, and surprised everyone by their size and ruggedness. Princess Todd, Beachey considers the most wonderful yearling ever on the Lexington track, and he says it would have been only fun for her to have captured the record for her age. One forenoon before the races he marched her a quarter in 32 seconds with an eighth in 15½.

These are the first foals of Kentucky Todd, who is only 6 years of age, so Miss Wilks naturally feels that in her former futurity winner she has one of the great young sires. The yearlings and weanlings by this horse are stout of limb and body, clearly outbreeding himself in conformation, but transmitting his wonderful speed.

## TRIBUNE SAYS GOOD RUGBY WAS IMPOSSIBLE

The point of view sometimes makes big difference. The accounts of the Moncton—Mt. Allison game, as given by The Sackville Tribune and The Moncton Times, are an illustration. The Tribune says:

"In what was advertised as a football match but proved a contest with football practically left out, the Moncton pigskin chasers defeated the Mount Allison fifteen on Saturday in the Railway City. The score was 5 to 3.

The field was in a condition which made good football impossible, having been flooded by the tide in the morning before the game. Moreover, the style of football played by the Moncton boys was not the kind that is played by most teams in the provinces—brute strength and weight counting a good deal more than science. However, the fact remains that each side scored a try and the Moncton try was converted, while the Mt. A. try went unconverted, so there you are.

"The Moncton team will play here on Thursday afternoon."

The Times says:

"The first local football match of the season was played Saturday afternoon on the M. A. A. grounds, before a crowd of fans numbering in the vicinity of 400. The field was not in the best of condition, being somewhat wet in places, but the weather was ideal. The locals were somewhat stronger on Saturday against Mount Allison than when they took the field against U. N. B. in Fredericton last Thursday, when they were over the line for 19 to 0. Consequently, there is a different story to relate with the game on Saturday. It was a general thing to hear the fans say before the game, 'Well, how much will Mount Allison beat Moncton?' etc. But it did not turn out as they thought for the home team played a far better game than Mount Allison, although the score was close, being 5 to 3 in favor of the locals. Some good playing was seen on both sides, and the game was clean all the way through."

**A House on Your Hands**

Did you ever figure out how small a percentage of our population pass your house where they could see a "To Let" sign, or how large a percentage read our paper? Good tenants are not the kind that have time to waste in going around looking for signs. They look in our Want Ads.

If you have a house on your hands, a "House to Let" will bring them to you.
