CAMPBELLTON RENEWS HOPE

Minister of Public Works says Public Buildings will be Re-built

TOWNSPEOPLE ASK FOR GRANT OF \$126,000

Minister will Confer with Lieut. Governor and Premier this Evening as to Plans for Future.

Campbellton, N. B., July 29.—Hon. Wm. Pugsley, minister of Public Works, accompanied by His Honor, Judge McLachy, G. G. McKenzie and F. B. Lackhall, left here by the Ocean Limited this morning for Newcastle. Here they will join with the Lieutenant Governor and Premier Hazen, and on their return from Newcastle to Campbellton the united forces will discuss the devices best calculated to relieve the fire stricken town from its present critical position. The Minister will go right through to Ottawa this evening and the Premier and Lieutenant Governor are expected to remain over until tomorrow morning.

At the conference which will be held while the train is speeding on its way the delegates of the town will ask the Local and Dominion Government officials to make them a grant of \$126,000, the money to be used for immediate civic requirements and to grant them as well, the interest on their bonded indebtedness for fifteen years.

The assurance given by the Minister of Public Works that the I. C. R. shops and public buildings will be immediately rebuilt has instilled new life into the fire stricken people, and they are beginning now to see their way out of the darkness. The future prosperity of the town however, depends almost entirely on the outcome of today's meeting between the government officials, and officials and officials and representatives of the town.

WOMAN'S SUFFRAGE MEETS NEW FOES

Noted Englishmen, Including Lord Curzon and Kipling, Organize to Oppose

London, July 29.—The women's suffrage question has entered on a new phase. Since the House of Commons politely buried the "pacification bill" ten days ago, Mrs. Pankhurst and other militants have been planning a fresh campaign on an even more formidable scale than that which frightened the politicians into voting a second reading of the female suffrage measure, which Premier Asquith opposed and Messrs. Lloyd-George and Haldane supported. But they will encounter an active organized opposition. There was published on Thursday an appeal from a newly constituted body called the Anti-Woman Suffrage League, which is quite remarkable on account of the list of signatories—Lord Lansdowne, Lord Chamberlain, Lord Curzon, Lord Roberts, Lord James of Hereford, Sir James Clarke, Rudyard Kipling, Frederick Harrison, Professor Dorey, and the Dukes of Argyll and Norfolk, are only a few out of the many equally representative names found in it.

At least \$500,000 is to be raised, and an active campaign against the extension of the suffrage to women is to be prosecuted.

The signatories declare that they are opposed to female suffrage in the interests of both women and the State, and believe that their views are shared by the great majority of both sexes in the United Kingdom.

With the advent of the National Anti-Woman Suffrage League and the Suffragists girding up their loins, a new and real battle over the question of woman suffrage is beginning in England.

Mr. H. B. Manzer of Hampton is spending a few days in the city. He arrived by auto. His car is being cared for at the Fredericton Garage King street.

CATHOLIC COLLEGE AT CHATHAM

The New Institution will Probably be Brought into Existence by Sept.

BASILIAN MONKS TAKE IT IN HAND

There is Some Likelihood Also that it May be Affiliated With the U. N. B.

Newcastle, N.B. July 29.—The project of a Roman Catholic College at Chatham has proved a reality. The North Shore Leader today contains an official announcement that the new institution will be open about Sept. 1st or thereabouts. The new college which will prove a prominent factor in the educational system of the province, will be established by Basilian Fathers. The Leader says a cablegram to His Lordship Bishop Barry at Chatham conveyed the pleasing intelligence. Some had feared that the big project might not prove a reality but a cablegram from Europe announced the acceptance of the mission. The preliminary plans are now well advanced. It is said the Basilian Fathers are now operating in Germany and six or seven members of the distinguished order will arrive at Chatham shortly. A Board of directors which has already been named will have a meeting shortly to perfect organization plans.

There is a proposition that the college may affiliate with the university of N.B. At all events the new institution will inaugurate its existence with a very large number of students. Indeed several of the clergy have been approached by parents anxious to send their children. St. Michael's college, the seat of the new institution is a large building and one of the finest for the purpose in the province. An announcement may be expected shortly of the faculty for the new institution. It is hinted by those in a position to know that some of the foremost educationists will be attached to the staff.

BAN JOHNSON WILL HOLD INVESTIGATION

Chicago, July 29.—President B. B. Johnson of the American League will have an interview tomorrow with Manager Hugh Duffy of the Chicago Americans regarding the sign tipping story which emanated from the New York grounds.

"I still am convinced there is nothing to this yarn about the signals," insisted President Johnson yesterday. "But the charges said to have been whispered around the league must be proved. I am for clean baseball, first last and all the time, and the persons who have set up such claims must prove their assertions. I have asked manager Duffy of the Chicago Americans to appear in the league headquarters, Saturday, and if at the conclusion of the interview I feel warranted in further pursuing any investigation I shall summon Ed. Walsh, the pitcher into conference."

With a grin at Sir Wilfrid's "sunny ways," LeDevoir, Mr. Bourassa's paper, remarks that "The first thing Laurier will do on arriving at the gates of heaven will be to put up an honorable compromise between God and the devil."

Well, if it can be done, Sir Wilfrid is the man to do it.

JOHNSON OFF TO EUROPE

Chicago, July 29.—Jack Johnson the heavy-weight pugilist will return to Chicago on Tuesday next and remain only long enough to pack his belongings and then will leave this country for over a year. The champion will sail for London one week from Monday where he is scheduled to open a theatrical tour which runs for forty weeks and which includes every country in Europe. He will not engage in a single fight during his tour.

CHURCH AND STATE IN SPAIN ON BRINK OF RUPTURE

Madrid, July 29.—Numerous reports are received following the publication of the news that a rupture between the Spanish government and the Vatican appears imminent. At San Sebastian, Don Jaime, the pretender, has issued a manifesto in which he says that he will lead the Carlists in the battle which he intimates may be coming soon. It is expected that Premier Canalejas will ask King Alfonso to set the stamp of His Majesty's approval upon the course that the premier has adopted.

PRETENDER'S MANIFESTO

San Sebastian, Spain, July 29.—Don Jaime of Bourbon, the Carlisle Pretender to the Spanish throne today issued a manifesto to the Carlisle in parliament congratulating them upon their loyalty to the Pope and their defense of the church and declaring:

"I think the day is not far distant when my followers must rally to our flag. I will lead the battle."

ROCHESTER TROUBLED WITH SEWERAGE MATTERS

Albany, July 28.—Plans for the disposal of the sewerage of the city of Rochester which provided for a discharge into Lake Ontario were returned to the city officials by State Health Commissioner Porter without approval. They were submitted to the state department for approval as required by law and a public hearing was held in Rochester where considerable opposition was expressed. They were then submitted by Commissioner Porter to three sanitary engineers.

The pollution of the Genesee River has touched a point where it becomes necessary for Rochester to make disposal of its sewerage.

Commissioner Porter holds that the plans do not provide for a sufficient treatment of the sewerage and has indicated that when a more complete system of disposal is provided for the plans will be approved.

ECHO OF AN ARMY SCANDAL IN U. S.

Manila, July 29.—Lieut. Col. Robt. F. Ames, who was court martialled following an investigation of the suicide at his home of Lieut. Clarence M. Janney, was released from arrest today and resumed command of the twelfth infantry U. S. A.

The findings of the court have not been published here, but it is understood that the accused was reduced twelve numbers.

Mrs. Janney, widow of the suicide and who was a witness at the court martial, has sailed for Hong Kong, en route for her home in San Francisco. Ames was charged with conduct unbecoming an officer and to the prejudice of military discipline. He was arrested on orders from Washington following the receipt there of the report of the board of inquiry which investigated the death of Lieut. Janney who shot himself after a quarrel with his wife while

SCHOONER ENCOUNTERS HERD OF 5000 WALRUS

Seattle Washington, July 29.—The gasoline trading schooner Helen Johnson encountered on June 5, a herd of 5,000 walrus swimming in the sea near Diomed Islands in Behring Straits. The animals covered an area of several acres of water and the schooner after trying to sail through the herd, drew to one side. A photographer was on the Johnson and the incident was recorded scientifically. This is said to be the largest herd ever seen and seems to discredit reports of the impending extinction of walrus through hunting for its ivory tusks.

The two were dinner guests of Ames. The quarrel was said to have started over the discovery by Janney that his wife had given Ames a champagne cooler that had belonged to her husband.

SHORT CHANGE ARTIST TRIES GAME AT ST. JOHN, BUT FAILS

St. John, N. B., July 29.—One of the ticket sellers yesterday at Howe's Circus attempted to perform a unique piece of sleight of hand work on John Neilson of South Wharf, and was for a time successful in securing \$25. Neilson went into the big show and decided that he would have a reserved seat. On going to the man selling the tickets he was asked if he would not like small bills in exchange for some of a larger denomination. Obligingly he took from his pocket four ten dollar notes and handed them to the ticket seller, who had promised him a free seat if he would exchange the money. In return for the forty dollars Neilson received six five dollar notes and nine ones. He informed the ticket seller of his mistake and that personage took back the money counted it, begged pardon profusely and tendered Mr. Neilson two half-dollar pieces to make amends, he then rolled up the bills and giving them to their owner the latter put them away. Mr. Neilson, when he got out of sight counted the roll and found that there were five of the five dollar notes missing. Detective Killen was informed and was not long in having the money restored.

JURY FINDS MONON PRESIDENT KILLED HIMSELF

Chicago, July 29.—The coroners jury empaneled to enquire into the death of Ira Griffin Rawn, late president of the Monon Railway, returned its verdict at 3 o'clock this morning. It found that he died from a shot fired from his own weapon by his own hand. The verdict is as follows: "We, the jurors sworn on oath to enquire into the death of Ira G. Rawn, at his home in Winnetka on July 20, find that he came to his death at 1.20 o'clock on the morning of July 20, from shock and hemorrhage caused by a bullet from his own revolver fired by his own hand, but whether this was accidental or with suicidal intent this jury is unable to determine, except that the location of the wound and the type of revolver render the accident theory less probable."

AMERICA'S GREED

Mexico City, July 29.—"Greed not humanitarianism" said J. S. Garcia the Argentine Charge D'affairs in Mexico City last night, "was the motive of the United States in the intervention in Cuba. Greed was her motive in the Philippines and in Panama and it is the same motive by which she is inspired in her policy with Nicaragua now."

COMPROMISE LOOKS HOPEFUL

Leaders Have Settled Many of the Differences Existing Between the Parties

SMALL FEARS OF ANY FUTURE RUPTURE

Premier Asquith Says it is Desirable that Negotiations Should be Continued.

London, July 29.—The conference of the conferees of the two dominant parties who are trying to compose the constitutional differences of the House of Lords and the House of Commons already have succeeded in bringing several gulfs that have separated them and a statement made by premier Asquith in the lower chamber today indicates that the outlook for a compromise is more hopeful than anticipated. Unless a rupture occurs during the recess little further of an official character is likely to be heard regarding the negotiations until parliament re-assembles on Nov. 15.

Mr. Asquith after stating that the conferees in the course of twelve meetings had surveyed the field of controversy carefully said: "The result is that our discussions made such progress although we have not so far reached an agreement as to render it in the opinion of all of us not only desirable but necessary that they should continue. In fact I may go further. We would think it wrong at this stage to break them off." The premier added that if further deliberation showed no prospects of an agreement that could be announced in parliament at the present session the conference would be closed.

UNDERWRITERS MEET AT CHARLOTTETOWN

Charlottetown, P. E. I., July 29.—The address by E. R. Machum of St. John, president of the Life Underwriters Association of Canada, was the chief feature of last night's session of the Maritime Life Underwriters' Convention, which opened here yesterday.

He maintained that the Association had justified its existence by preventing drastic legislation and securing what is now the best insurance act in the world, amply safeguarding the public and the insurance interests. The Association has still work to do in the struggle between federal and provincial authorities over the question of justification providing better facilities for education of field men and securing transportation and hotel privileges now given commercial men.

He held that the Association had advanced the standing of insurance and restored public confidence in the security of life insurance. He said federal jurisdiction should prevail in insurance and if the provinces win the test case now before the courts, the Association should see that the provincial laws were made uniform.

JEALOUSY LEADS TO MURDER

Toledo, July 29.—George Coyle this morning shot and killed Mrs. Ed. Heffinger, wounded Mrs. Dora Stroul Wilson and then turned the gun on himself. He may die. Jealousy was the cause.

Mr. C. L. Foss of Sparkle is in the city.
