# City Council Decides to Guarantee Interest on Loan

Palmer Company's Petition Considered--Decided Not to Grant Loan in Order to Avoid Making Precedent--Interest on \$10,000 at Five Per Cent. Guaranteed For Ten Years.

The City Council last evening decided to offer the John Palmer Company, Limited, to guarantee the payment of the interest on a loan of ten thousand dollars at five per cent. for ten years. It was suggested that a plebiscite be held on the matter, but the objection was made that the company wanted to know as soon as would take some time to hold a plebiscite and delay might mean that the factory would close or be removed elsewhere. Ald. Hooper declined to vote for the payment of the interest on the loan, stating that it was not what the company wanted and that he had been informed on good authority that the factory would cease operations on October 1st unless the loan was obtained from the city.

The subject was thoroughly discussed before action was taken and the decision to guarantee the interest on a loan rather than lend the money was made in order to establish no precedent of loaning money to manufacturing companies.

Those present were His Worship Mayor Thomas, Ald. Osborne, Ald. Calder, Ald. Mitchell, Ald. Walker, Ald. Jewett, Ald. Hooper, Ald. Harrison, and Ald. Weddall.

His Worship the Mayor and all the aldermen but Ald. Clark, who is out of the city, were present.

## PETITION READ.

His Worship read the petition of the company and the aldermen looked at the names signed to the citizens' petition in favor of giving a loan to the company. It was generally conceded that the names were very representative.

Ald. Weddall, who was present for the first time after his return from the Pacific Coast, was asked for his opinion. He stated that if it was a matter of giving the loan or losing the industry he would not hesitate to give the loan.

Ald. Walker said there was another side of the question. An extension of the water service to Morrison's Mills had been asked. That would cost ten thousand. A similar extension to Bailey's bridge, entailing a like expenditure, had been asked for. An expenditure of ten thousand for fire protection in the city proper was also necessary. That meant \$30,000 in the next few years. Here was another ten thousand. Could the city's credit stand it?

Ald. Hooper remarked that the city had not yet decided to make the expenditures mentioned.

Ald. Harrison said that no one wanted to lose the Palmer industry.

Ald. Osborne thought that the industry was too good a one to be closed down. He thought even if the Bank of New Brunswick did close the business, some other company would take it up.

## FAVORED PLEBISCITE.

Ald. Walker regretted that a full meeting of the board could not be held.

Ald. Harrison stated that both Ald. Clark and Ald. Vanwart were in favor of a plebiscite.

Ald. Hooper said he had been told that there would be no time to hold a plebiscite. A member of the company had told him that if the Council did not decide to vote for the loan the factory would close on October 1st.

## PLEBISCITE NOT WANTED.

Ald. Mitchell said that a member of the company had told him that a plebiscite was not wanted. Many citizens who were heavy tax-payers were opposed to a loan, but who were in favor of tax-exemption and other concessions. These were men with names signed to the petition who really were opposed to the granting of the loan.

Ald. Hooper.—They want us to disregard the petition after signing it. That's a queer combination.

Ald. Mitchell thought that if the Council should decide on the loan, there would be strong opposition from certain large tax-payers to the passage of the necessary legislation.

Ald. Hooper.—Sufficient unto the day is the evil thereof.

Ald. Jewett did not think that much weight should be attached to the petition favoring the loan.

Ald. Osborne said that the trend was against the bonusing of industries.

Ald. Calder could not see that there was any precedent for the loan.

## GUARANTEE SUGGESTED.

Ald. Walker suggested that the city guarantee the interest on the ten thousand dollars to be borrowed, the company to borrow the money where possible, and agreeing to begin to pay back the loan within five years.

Ald. Harrison said he was agreeable to that.

Ald. Calder said he also favored the proposal because under it no precedent for the granting of a loan would be established.

On motion it was decided that the concessions offered formerly together with a guarantee of the interest on a loan of ten thousand dollars for ten years at five per cent., be offered the company.

## ALD. HOOPER DECLINES TO VOTE

Ald. Harrison seconded by Ald. Osborne, made the motion. Ald. Hooper declined to vote on the matter, saying that he had been informed by a director that unless the concessions asked for were granted the factory would be closed. He felt doubtful concerning the matter.

A special committee composed of the Mayor, Ald. Calder, Ald. Weddall and Ald. Osborne, was appointed to draft the offer.

## BERMUDA'S GOVERNOR COMING TO CANADA

New York, Sept. 20.—Lieutenant General Frederick Walter Kitchener, Governor of Bermuda, and a brother of Field Marshal Lord Kitchener, has arrived here on board the Bermudian of the Bermuda line, from Hamilton, Bermuda. He was accompanied by his family. He will proceed to Canada, where he will spend a vacation of a month.

## THE FIRST HUNTING FATALITY OF THE SEASON

Syracuse N.Y., Sept. 21.—Clifford Judd, well known in St. Lawrence County, yesterday afternoon shot and killed his brother-in-law Theron Plumb, mistaking him for a deer. The tragedy occurred in a wild brushy region, near Horseshoe, St. Lawrence County.

After the hunters had separated, Judd heard a noise in the brush. He fired three shots. Upon discovering his mistake, he was overcome and today is in a serious condition as a result of the shooting.

## TAXI-DRIVERS GO ON STRIKE

Pittsburg, Pa., Sept. 21.—All Pittsburg's taxicabs were tied up at midnight because of a strike of the chauffeurs, who declare they will not return to work until the employers agree to pay for the gasoline. The organization is affiliated with the American Federation of Labor. The drivers have been working on a basis of twenty per cent of gross receipts and paying for gasoline. The men assert that the more gasoline used the more money the companies make. They claim they have to pay a dollar a week for rental of a uniform, and that with the loss of uncollectable fares they do not realize more than \$1.50 per day.

## A COBOURG SHOOTING

Cobourg, Sept. 20.—A shooting fray took place here Saturday morning about noon, when Tony Toris fired four shots at a fellow-countryman named Crescenzo Anitone. One of the shots went through Anitone's hand, and one inflicted a severe wound in the neck which may prove fatal. The other two shots went wide. Toris tried to make his escape, but was caught by Chief Ruse near the town limit, who went after him in an automobile.

## DEATH AFTER A SCRATCH

Morris Quatzam, an eleven-year-old Windsor boy, fell off his bicycle and scratched his wrist. He thought nothing of the injury, but blood poison set in and he is dead.

Such incidents as these—by no means infrequent—ought to make people realize the danger that may lie even in the smallest flesh wound.

Take a simple illustration. When a knife, a rusty needle, a splinter of dirty wood, a barbed wire fence, or a thorn, scratches the hand, the latter is inoculated with germs, of which the air about us is full. Directly these germs are introduced through the breach in the skin, a battle royal ensues between them, and certain organisms in our blood.

The way to avoid serious results is to cleanse the wound and apply Zam-Buk. Zam-Buk is a powerful, yet painless germ-killer, and when applied to the broken skin is absorbed into the tissue, instantly destroying the germs that spread disease and inflammation.

As soon as applied to a sore or a cut Zam-Buk stops the pain and smarting. That is why it is so popular with children.

The flesh thus soothed and purified the wound is made perfectly healthy and all poison and cause of festering removed. Having done this Zam-Buk then proceeds to heal the wound or sore, and new healthy tissue is built up in a quick, painless and perfect manner.

Zam-Buk must not be confused with ordinary ointments. Zam-Buk is a unique preparation, possessing antiseptic, soothing and healing qualities that are not to be found together in any other preparation. It is not only a unique healing balm, but it is also a skin food for all skin diseases and injuries—cuts, bruises, burns, eczema, chafing, ulcers, ringworm, etc., it is without equal. It is also used widely for piles for which it may be regarded as a specific. All druggists and stores sell at 50 cents a box or post free from Zam-Buk Co., Toronto for price. Harmful imitations should be always refused.

## ALPINE FLIERS AWAIT GOOD WEATHER

Brig, Switzerland, Sept. 21.—Although clear weather was reported from the other side of the Alps today a fog that made high flying impossible continued here.

George Chavez, the Peruvian, and Weyman, the American aviators, declare that they will wait favorable weather before again attempting to cross the Alps over the Simplon Pass to Milan Italy.

## THE ARCH-BISHOP OF YORK IS DEAD

London, Sept. 20.—The most Rev. William Dalrymple McLagan, late Arch-bishop of York is dead here from pneumonia. He was born in Edinburgh in 1826. He served in the Indian Army in 1846-52, retiring as lieutenant. He was ordained deacon in 1856. He held the office of Arch-bishop of York from 1891 to 1909.

## LEGION OF HONOR FOR FRENCH AVIA

Paris, Sept. 20.—General Brun minister of war, announces that the aeronauts who took part in the army manoeuvres will receive special compensation for their services. Those on the active list will be promoted while the reservists label and brevet will be given the legion of honor.

## CLAMS OF THE "GARDEN VARIETY" WON'T GO

Boston, Mass., Sept. 20.—Ten thousand cans of clams, styled "little necks" and canned in Maine, were seized in a Boston wholesale house today by Deputy U. S. Marshal Ruhl, it being alleged that they were labelled in violation of the pure food law. It is claimed they were not little necks, but clams of the common variety.

## U. S. PLANS NEW TORPEDO STATION

Seattle, Wn., Sept. 20.—The United States government has purchased sixty acres of land at Kriport, on Liberty Bay, as the site of a torpedo station, on the pattern of the one at Newport, R. I. The land is about 15 miles from the Puget Sound Navy Yard.

elling public has recognized the service as the best in Western Canada, and the trains arrive at both terminals on time. The distance between these two points is 792 miles, making it the shortest line, and the distance is covered in thirty hours and fifteen minutes, which is five hours and forty-five minutes quicker than by any other route. The roadbed is in splendid condition and with the heavy

80 lb. steel and the favorable gradients the trains run smoothly making it a pleasure to travel. When it is found desirable to do so there will be no difficulty in materially reducing the present time of these trains.

Another feature is the excellent dining car service which is operated on these trains and which has already become known as the best in Western Canada.
