BATTLE OF BALLOTS IN THE UNITED STATES

Keen Interest Being Taken in the Result of Today's Contest—Both of the Great Parties Confident of Victory—Snowfall in New York no Determent to Voters.

New York, Nov. 8.—More than a million and a half voters who will register their choice for all the state and congressional offices in New York State, today travelled to the polls over roads white with snow. Snow was falling this morning in every part of the state except the northern counties. Watertown alone reported clear weather and good roads. The storm of last night had ceased in Washington, Franklin, Hamilton, St. Lawrence and Saratoga counties, but many towns in this district sent word of bad roads and threatening weather indicated for later in the day.

Early news from up-state indicated a tight vote. The western part of the state, and the "Southern Tier" of counties were buried under a blanket of snow, that at Jamestown reaching a foot in depth. In some places as the sun rose high the snow changed to a drizzling rain more discouraging to a reluctant voter than snow. In New York City the day opened with a light fall of snow that soon changed to rain and toward eleven o'clock ceased, although the skies were still lowering. The early voting was light except in Harlem and the lower part of the Bronx, where 25 per cent. of the electors had marked their ballots by nine o'clock.

SNOW IN NEW YORK

New York, Nov. 8.—First visitors to the polls in this city today went through a fall of snow that melted on sidewalks and pavements almost as fast as it fell. The sparse snow fall was seemingly no deterrent to the early voter, however, and reports from various parts of town in the first hours were that voting was as brisk as it usually is.

Unsettled weather was predicted for the day but the frequent comment by workers of both parties was that if the later hours brought no worse conditions than the early, the influence of the weather upon the early turnout of voters would be largely a negligible quantity.

Measures taken to guard the polls were on the usual comprehensive scale and watchers of all parties were out in force to detect illegal voting. Little trouble of any sort was reported in the first hours.

IN PENNSYLVANIA

Philadelphia, Nov. 8.—Election day opened with a sprinkle of rain, some snow and hail in different parts of the state. The morning was raw and cloudy but the weather cleared as the day progressed. The polls opened at 7 a. m. throughout the state and will close at 7 p. m. The voting in the first few hours while brisk was not as heavy as it has been in several other important elections. The three-cornered fight for governor has all parties stirred up, however, and a heavy vote was expected. Because of the campaign nearly all the polling places are guarded by watchers.

GOMEZ RECOMMENDS TARIFF REVISION

Havana, Nov. 8.—President Gomez, in his annual message recommends a general revision of the tariff and especially looking to the protection of Cuban manufacturers of paper, soap, bottles, shoes and textiles. He takes occasion to point out the health of the island was never better. Postmaster General Nodarez has tendered his resignation because of the report that the president intends to appoint Brigadier Riva as secretary of government which is equivalent to secretary of war, carrying as it does control of all the armed forces. This precipitates a cabinet crisis, the result of which is awaited with interest.

Montreal, Nov. 8.—Lake Manitoba arrived at Quebec eight thirty a. m. today.

Mr. W. H. Harrison of St. John is in the city to attend the Supreme Court.

IN MASSACHUSETTS

Boston, Nov. 8.—The weather throughout the state was clear and cold for election. In some of the smaller towns the polls closed shortly after noon, and the announcement of the result from these places was eagerly awaited.

Concord, N. H., Throughout New Hampshire voters began flocking to the polls early to cast their votes for governor, two representatives in congress and the members of the legislature. Both parties early claimed victory.

Providence, R. I., Nov. 8.—Clear, snappy autumn weather brought out an unusually large morning vote in Rhode Island.

GREAT INTEREST IN OHIO

Columbus, Ohio, Nov. 8.—An unusually large early vote shows great interest in the election. The weather is cloudy. Negroes are voting the social ticket. The polls opened at 5.30 a. m. and will close at 5.30 p. m. This was due more to a cold drizzling rain that fell in different parts of the state more than to any thing else.

In Trenton the voting has been light except in the precincts where there is normally a heavy Republican vote. In these there seems to be considerable outing in favor of Woodrow Wilson, the Democratic candidate for governor. A big vote is being polled in South Jersey for Vivian M. Lewis.

Owing to the abolition of practically all the voting machines in the state it is expected that the returns tonight will be late.

Portland, Ore., Nov. 8.—With rain falling in several parts of Oregon the chances are that in spite of the deep interest aroused in the election of governor and the fight brought on by the attempt of the prohibition element to have Oregon put on the "dry" column, not more than seventy per cent of the registered vote will be polled.

A PRIZE FIGHT.

Chicago, Nov. 8.—A gathering advertised as a political rally last night turned out to be a prize fight. The fight got well under way in a barn at the corner of West 39th St. and South Paulina St. before the police raided the place and arrested 300 men, including the principals and a prominent politician.

A ring had been roped in a stable. Men scheduled to fight to a finish had taken their corners and excited spectators were crowded about the improvised ring.

A dozen patrol wagons were soon at the door and the men arrested were loaded in and taken to the police station.

Trenton, N. J., Nov. 8.—The great battle for governor of New Jersey opened at 6 a. m. today and will continue until 7 o'clock tonight, the hour for closing the polls throughout the state. The early morning vote, according to advices received, has not been as heavy as expected.

CANADIAN CRUISER RAINBOW

Victoria, B. C. Nov. 7.—Canadian cruiser Rainbow steamed into Esquimalt harbor at 10.10 this morning.

Commander Stewart had been instructed by wireless, and five minutes later dropped her anchor two cables off the coaling wharf. A salute of twenty-one guns from the cruiser was answered by a similar one from Shearwater.

As the Rainbow's first gun boomed out she broke out a line of bunting from stem to stern and ran the ensign to the masthead.

A large number of citizens had assembled to witness the arrival, and the most favorable comments were heard regarding Canada's first Pacific vessel, which is a very trim one indeed. She shows little trace of her long voyage.

This afternoon a welcome is being extended on behalf of the Canadian government by Hon. Wm. Templeman G. J. Desbarats, deputy minister of naval affairs, who is here, announces the formal transfer of the naval

department of Esquimalt from the admiralty to Canada on Wednesday, when he exchanged papers with Commander Vivian, H. M. S. Egaria senior officer on the station.

A recruiting office for seamen will be opened immediately and already a large number of boys are anxious to join the navy. George Phillips, formerly admiralty agent at Esquimalt, will be retained as chief stores officer. Commander Stewart of the Rainbow, will be in full charge of all departments at Esquimalt.

TWO SCHOONERS ASHORE NEAR PORTSMOUTH, N. H.

Portsmouth, N. H., Nov. 8.—Two vessels went ashore near here during the night and one of them, an unknown schooner is expected to be a total loss. The unknown craft struck on Duck Island and because of high wind and heavy sea of today it was thought that the prospects of floating her were slight.

The lumber laden schooner Geo. Collins for Boston, ran ashore while trying to enter Portsmouth Harbor. It was believed that she would be pulled into deep water at high tide.

St. John, N. B., Nov. 8.—(Special)—Rev. I. N. Parker, one of the best known and most highly esteemed Methodist clergymen of the Maritime Provinces, died at the General Public Hospital here this morning. He was taken ill a week ago while on his way to Boston, and was admitted to the hospital for treatment. He was suffering from anaemia and in spite of all that could be done for him he continued to grow worse. The announcement of his death was not a surprise. He was a native of Nova Scotia and had been fifty years in the Christian ministry. He held pastorates in Hillsborough, Keswick, Gagetown, Sussex and other places in New Brunswick. He was seventy-three years of age and is survived by a widow, and two daughters by his first wife, and a son and daughter by his present wife. The body will be taken to Chatham for burial.

ANOTHER STREET CAR STRIKE FOR PHILADELPHIA

Philadelphia, Nov. 8.—Philadelphia is threatened with another street car strike. The two meetings of the motormen and conductors of the Philadelphia Rapid Transit Company, the second of which broke up early this morning, voted to go on strike at a certain hour today to be named by the men's executive committee, unless arbitrators agree on one of the points still at issue between the carmen and the company. The men, it is declared, wanted to go on strike immediately, but a strike was halted by the leaders.

The point upon which the two arbitrators are deadlocked is the interpretation to be placed upon the term "loyal men."

When the last strike was settled, the company reserved the right to give the preference in runs to men who had remained "loyal" to the company. The union claims that this means men who were with the company prior to the strike and who remained in its employ during the strike. The contention now is that the company insists upon recognizing as "loyal" men employees who were taken on during the strike. This, the men assert, means that the strike breakers are given the preference in assignments of runs over men, who have been in the company's service for years.

CRIPPEN STORY IS A CANARD

No Truth in Report That Belle Elmore is in Hiding Near Chicago

American Friend of Missing Woman Declares That Crippen's Guilt was Fully Established.

Chicago, Nov. 8.—Bruce Miller, of East Chicago, friend of Belle Elmore, the actress, whose husband, Dr. Hawley H. Crippen, is under sentence of death in London for murdering her, takes no stock in the story that the woman is alive.

Miller appeared as a witness in the Crippen trial to disprove the accusation that he was unduly friendly with Mrs. Crippen.

"It's a canard, pure and simple," said Miller last night. "Crippen has cast insinuations that I might know the whereabouts of his wife, and I went to London to prove that I had not seen the Roman for more than six years. She had two of my pictures in her room, but there was no attempt to conceal her friendship for both me and Mrs. Miller."

While the evidence was only circumstantial, it was conclusive, and no fair-minded individual who heard the testimony could have the slightest doubt about the identity of the slain woman. I am sure that we are the only people she knew in this vicinity and it is certain that she would not have without visiting us.

"No, there is nothing in it. Some other woman must be impersonating the slain actress. If Attorney Tobin of Philadelphia, thinks he has her located, it would be an easy matter to have me identify her. But she is dead, you may rest assured of that."

"The story of her being here would have more weight if I had not gone on to explain my friendship with Mrs. Crippen. See, we met as theatrical people. Crippen, in his defence declared that instead of being dead, she was in America. I went over on the same ship with Theresa Hunt, her sister. With Inspector Dew, I went to the Crippen residence and identified my pictures. I told him everything the same as I testified. There was nothing to conceal. She is not alive. Crippen's guilt was fully established."

Washington, Nov. 8.—No action is contemplated by the state department in regard to the reports that Belle Elmore Crippen is still alive and in this country. Even if the affidavits reported to have been forwarded to Washington are presented at the state department, it is declared that they would be returned to the English embassy or to the English consul at Philadelphia, as the case is considered solely within the jurisdiction of the criminal courts of England.

U. N. B. CLASS OF '10 PLEDGES FUND FOR ATHLETIC PURPOSES

The U. N. B. Class of 1910 at a meeting held at Washington's Restaurant last night decided to devote the amount pledged by the class on graduation, to college athletics. The athletic association of the University is to decide concerning the disposal of the fund, but the class of 1910 strongly urges that the money be devoted to securing the services of a physical instructor. The suggestion is also made that the class of 1911 and subsequent classes follow the example of 1910 in order that a sufficiently large fund be provided for the purpose of improving athletic conditions at the University.

The members of the class of 1910 on graduation pledged to subscribe five dollars each to a class fund to be devoted to the advancement of the college in some way. The class had a membership of thirty-six and the fund will amount to \$180 each year. It will be continued for three years.

Those in attendance at the class meeting last night were, G. P. Burckhill, Chas. J. Jones, G. Fred Baird, A. R. Babbitt, John L. Feeney, M. R. C. Smith, John T. Gibson and G. S. Grimmer.

The failure of the U. N. B. football team this year has brought forcibly to the attention of graduates

THE STRIKE SITUATION

Sympathetic Movement in New York Appears to Be Growing

2,300 Chauffeurs Have Joined the Ranks of the Strikers—Quietness Prevails Today.

New York, N. Y., Nov. 8.—Although today was expected to mark time in the strike of express company drivers and helpers, owing to the apparent disposition of the labor leaders to postpone consideration of the general strike question until after election, unexpected interest was injected into the sympathetic movement in aid of the strikers today by announcement that 1,000 additional taxicab chauffeurs had joined the strike. This made, according to Secretary Forster of the International Brotherhood of Teamsters, a total of 2,300 chauffeurs on strike, despite the fact that 900 "taxicabbers" employed for the most part by smaller companies, which had made agreements with their men, went back to work today. A general agreement among the express companies was announced, under which it was expected that few attempts would be made to move express traffic today, owing to the withdrawal of so many policemen from the streets to duty at the polls. Guards at the Grand Central terminals comprised special detachments of central office detectives, who had been assigned when the regular patrolmen were withdrawn for election service. They had little so do this forenoon as there were no signs of activity about the express headquarters.

CONSIDERATE MOOSE

Last week there was an Indian wedding at St. Ann's Church, French Village, the contracting parties being Miss Paul and Mr. Brooks. Just as the ceremony was completed a large bull moose was observed swimming across the river making straight for the Indian reserve. He arrived just in time for the wedding feast in which he played a prominent part after being knocked over by an Indian workman.
