They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without **GOLD DUST** is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—**GOLD DUST** is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

### OUTCRY AGAINST FOOTBALL RAISED BY THOSE IGNORANT

**Fatalities Have Occurred in Other Games in Maritime Provinces but Abolition of Games Has Not Been Demanded—Unfortunate Accident in Halifax Has Caused Resumption of Protest**

Mr. H. F. S. Paisley in the Sackville Tribune has a very interesting article on the senseless outcry against football by arm-chair critics who would not know the game if they saw it. Every follower of the game will agree with Mr. Paisley in the majority of points made by him.

The Tribune's article is as follows: "A young man died in Halifax last week as a result of an injury received on the football field. The occurrence was a most regrettable one and widespread sympathy goes out to the bereaved relatives."

"Of course the fatality has caused an outcry against football. That was to be expected. But the fact to be pointed out is that much of the criticism directed at the game of English Rugby football is entirely without justification. Much of it is made by people who have never even seen the game played. Much of it comes from persons who may have seen games but have really had little experience with the sport."

"A great deal of the criticism which comes from people unfamiliar with the game is due to the publication of reports of accidents taking place in football games in the United States where annually quite a number of players are killed and others are injured. Some people read these reports and then cry out: 'What a brutal game this football is. It should be prohibited in New Brunswick.'"

#### DENSE IGNORANCE

"And these people are absolutely ignorant of the fact that the style of game played in the United States is entirely different from that played in the Maritime Provinces. They do not know that from the nature of the rules the United States game must be rough and more or less brutal while the English Rugby game played in these provinces is not brutal and not dangerously rough. While they do not know these things they will shout against football generally."

"To hear people crying out against football in these provinces as brutal while they say nothing of hockey and other games would be amusing were it not so foolish. The writer has been through the mill more or less in both hockey and football and he has no hesitation in expressing the opinion that football is almost a parlor game in comparison with hockey. Yet how often do you hear hockey cried down as a sport which should be abolished? Two cases come readily to mind in which men have been killed in Maritime Province hockey. It is quite true that in neither case did the injured man die on the ice and in the case of one young man it was not known until after his death that the game played had affected him but it is equally true that death in each case was directly due to hockey. Every follower of sport in the Maritime Provinces can call to mind other cases similar to these, though perhaps not as serious."

#### BASEBALL INJURIES

"Baseball is not generally regarded as a brutal game yet in the United States, under the same rules as are followed in Canada, men are killed and injured every year in this sport. Sport followers can call to mind instances of broken legs and arms in Maritime Province baseball; but there is no outcry against brutal baseball though men are killed in the game every year."

#### ACCIDENTS UNAVOIDABLE

"Accidents are unavoidable in many sports. There is not a branch of athletics in which men have not been seriously hurt; and others will be hurt in the future for, as the Halifax Recorder points out in referring to the Halifax accident, such things are 'unavoidable happenings which are possibilities in any game where strength skill and activity are requisite.' There will be injured ankles and legs and arms and bruised bodies just as long as football is played and there will be people around just as long as people sail the seas but because there are accidental drownings it is not deemed necessary to forbid ocean navigation and because there are football accidents occasionally gives no ground in these provinces at least for clamor against the game. If we mistake not there was a man killed in English Rugby in these provinces some fifteen or twenty years ago. Two deaths in twenty years is not a direful record, regrettable indeed though even such a record may be."

#### MORE KNOWLEDGE NEEDED

"A little more knowledge of the subject of which they speak would

be desirable on the part of most of the persons who criticize football and write letters to newspapers about it. There is not a football player in senior football in the provinces but sincerely regrets the death of Billy McLellan. He was a good fellow and a good sportsman. He was a sportsman to the last and after he was hurt was careful to make a clear statement that his injury was purely accidental and not due to any unfairness or roughness on the part of an opponent. But while they regret the accident and sympathize with the bereaved, football players know that the occurrence was simply one of those mishaps which may come in almost any branch of sport."

(Note—One of the fatalities which Mr. Paisley refers to is evidently one which occurred at Marysville some years ago. Local followers of baseball will remember that about fifteen years ago a member of a Houlton baseball team received fatal injuries at Scully's Grove while attempting to slide home. He collided with the catcher and received internal injuries.)

### ACADIA ALSO HAS HER LITTLE TALE OF WOE

A Wolfville despatch says: Acadia's line up will probably be: Full back, Reid. Quarters, Wetber and Black. Half backs, Richmond, MacDonald, Andrews, Porter and Morrison. Forwards, Fitch, Brooks, Spurr, Spencer, Eaton, Pineo and perhaps Robinson. Spares, Pattillo and Logan. Norman Ralston, of Dalhousie University, will referee. The despatch also says that Kaiser

### McKEAN AND MOORE MAY BE OFF MOUNT A. TEAM TOMORROW

**Story of Injuries to Garnet and Gold Players is Revived—No Prophecies.**

Mount A. is making no predictions concerning the outcome of the deciding game of the Intercollegiate Rugby League which will take place at Wolfville tomorrow.

The Sackville Tribune which may be called Mt. Allison's official organ is very non-committal. It has the following:—

The 'big' intercollegiate football game of the year takes place at Wolfville on Wednesday afternoon with the Mount Allison and Acadia teams doing battle. The Mount A. boys will leave for the Nova Scotia town on Tuesday with Mr. R. P. Hartley, '11 of Woodstock handling arrangements as manager of the team.

"It is probable that the local collegians will send the following team into the game:—

Full, Trappell; halves, Grant, Milford, McDougall, Godfrey; quarters, Dickinson, Buckley, McKean; forwards, Lawrence, Parker, Cochrane, (capt.) White, Woodman, Peacock, Moore. It is not improbable however that McKean and Moore will have to be replaced by other players as neither has been in good shape of late. If McKean does not play it is likely that Thompson will take his place and in the event of Moore not going into the game Glendinning will hold the position made vacant. The referee of the game has not yet been chosen.

Speaking to the Tribune in reference to the game Mr. Bert Cochrane the Mount A. captain, said: "All we know about the game, or at all events think we know about it, is that it ought to be a hard battle from start to finish." So there you are. The Mount A. boys are about as communicative in regard to the contest as a clam with its shell padlocked would be.

is under doctor's orders not to play and Capt. Robinson has a weak ankle, which was injured in the game here with U. N. B.

### RECIPROCITY CONFERENCE

(Continued from page five)  
tives until a year from December, the declaration at the polls in favor of the low tariff party has created at Washington a situation which is entirely different from that which existed when Messrs. Hoyt and Pepper started on their mission.

It is certain that President Taft, who is in favor of reciprocity, would not object to a little time elapsing, that the new situation may have time to make itself felt upon Congress and the business community of the United States.

The delay should improve Canada's position.

When the conference meets at Washington, President Taft and Secretary of State Knox will personally participate in it with Hon. Mr. Fielding and Hon. Mr. Paterson.

Hon. Mr. Fielding is going to take a holiday before Christmas, so that he may be in the best possible health for the final negotiations.

Sydney, Nov. 11.—Cape Breton last night protested against reciprocity in coal with the United States, when, at a large public meeting resolutions expressing the opinion that removal of the coal duties would be ruinous to this country, were unanimously adopted. Mayor Gunn, of Sydney, presided at the meeting, and the mayors of five other Cape Breton towns, M. J. Butler, general manager of the Dominion Coal Company, respecting the coal operators, and a delegation, comprising representatives of the lodges of the provincial association, were present. All the speakers agreed that the present time was a crisis in the affairs of Cape Breton and that with American coal making the inroads into the Canadian markets that it is now doing, it would be nothing short of ruin for Nova Scotia if the protection of the federal tariff was removed.

"Reciprocity in coal would have been a disaster in 1897, but now it would be nothing short of a national calamity," said ex-Mayor Crowe, of Sydney.

### SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

ANY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta, the applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption, may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.
