## Desperado Besieged in Home Puts up Murderous Fight

**Troops Being Hurried to Scene Where Sheriffs Posse has Already Failed to Capture Their Man, After Having Five of Their Number Killed or Wounded.**

Ocala Ga June 27—Barricaded in his home near here, W. H. Bostwick who last night killed two officers and seriously wounded three others was successfully resisting the officers and sheriff's posses today. His threats to kill anyone who ventured in range of the bullets, compelled respect and the deputies were inclined to await the arrival of the militia which have been called out by Governor Brown. With Bostwick in the house were six of his children all small and some of them girls. Four officers were sent last night to arrest Bostwick and opened fire upon them as soon as they neared his home. Steve Davis the chief police and deputy sheriff Thefield were instantly killed. Chie McInnes was fatally wounded and deputy T. C. Bass was shot and seriously hurt.

The information came today that the troops from Fitzgerald would reach Irwinville just as quickly as they could be rushed, there on a special train. From there they were under orders to march rapidly to the scene of action. Threats were made by the posse to burn Bostwick out of his house but when it was seen that nothing could be accomplished in that way the deputies began firing. It is not known whether any of the bul-

lets found a human mark. It is known that one of the little girls in the house is ill. The posse made careful plans to save the children if their fire drives Bostwick out. It is stated that several months ago Bostwick shot his brother-in-law, G. C. Fields, and was arrested charged with assault with intent to murder. He was put under a peace bond, but his bonds man recently told the sheriff that he wanted to be released from responsibility and on Friday a deputy went to Bostwick's house to arrest him but Bostwick told him he would never submit to arrest that he would die first.

A large number of citizens have left Ocala for the scene of the shooting and all are well armed.

Atlanta, Ga., June 27—After learning that sheriff McInnes was believed to be fatally injured adjutant general Scott at 2 o'clock this morning decided to order the Albany Guard to proceed on a special train to the scene of Sunday's battle between officers and W. H. Bostwick. It is feared that trouble between the two political factions in that county may result from the shooting.

Captain C. W. Saye of the Albany Guards was ordered to supply each of his men with 25 rounds of ammunition.

## ROOSEVELT MAKING STRENUOUS EFFORTS TO SAVE NEW YORK

Oyster Bay, N.Y., June 25—Col. Roosevelt may never make another political speech in his life, but he is going to roll up his sleeves and plunge into the thick of the political fight this fall for the control of New York state. He persists in his refusal to talk politics for publication but he will devote every effort to save the Republican party from the defeat which he thinks menaces it in this state, and will not shrink the responsibilities which have been placed on his shoulders by those who look to him as the one man who can command the situation.

### A MEAN ONE

The Finance Committee of the Torrey Evangelistic Campaign should endeavor to locate the fellow who placed the bogus dollar on the collection plate at one of the meetings and place him on exhibition.

### HIS WORSHIP HUFFED

His Worship, Mayor Thomas refused to attend the High School closing exercises and present a medal because the notice was too short. There is nothing like standing on one's dignity.

Mr. William Gaynor, of this city, and now with the C. P. R. at McAdam, is in town spending a few days.

## ITALIAN SO BADLY WOUNDED THAT PROBABLY WON'T RECOVER

**Assailant Captured at Welsford Station, and Returned to St. John, Shows Police Where he Hid the Revolver with Which He Did the Shooting.**

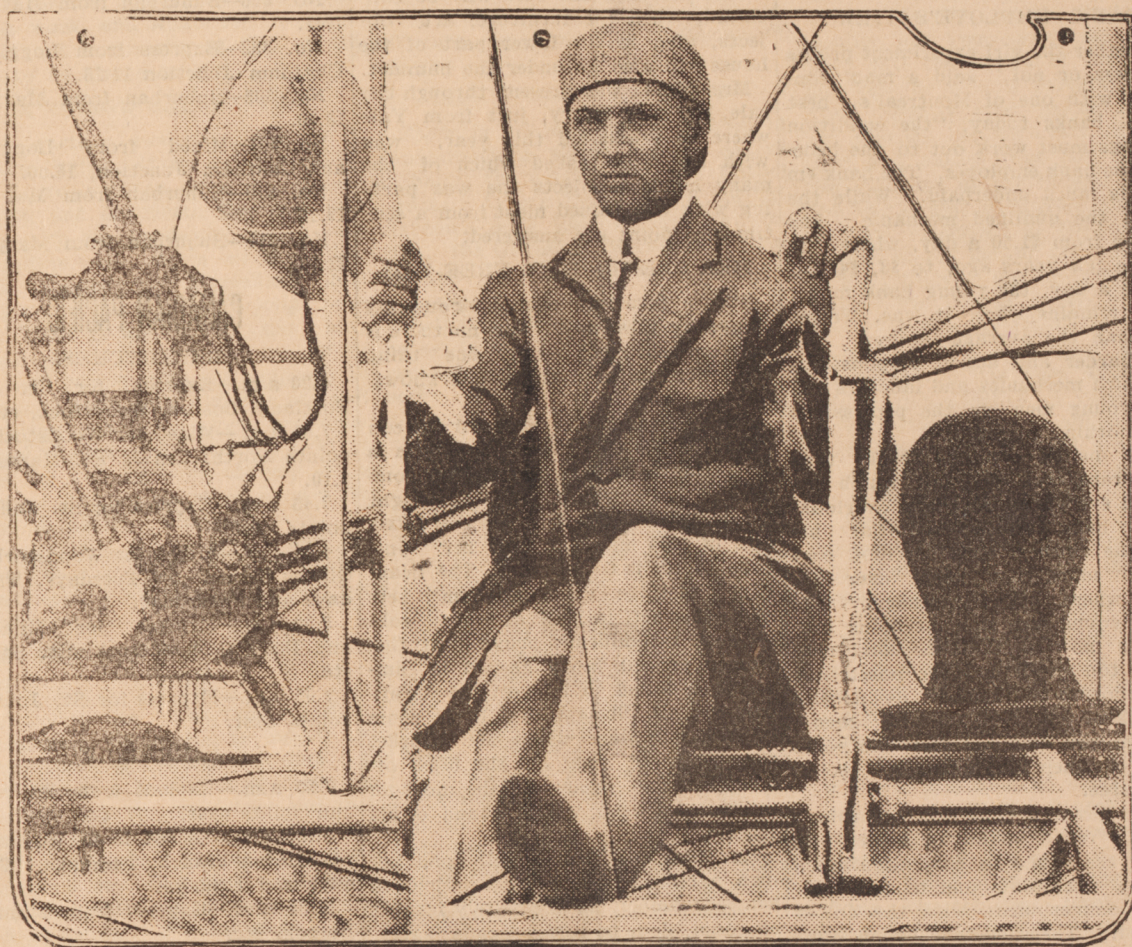

St. John, June 27.—It has been proven by examination at the hospital today that Seracusa, the Italian who was found badly wounded yesterday in his home on North Street, met his injuries by a bullet wound. Traces of lead on the shattered bonds of the skull make this certain. Andy Rose, the man who was quarrelling with Seracusa and afterwards disappeared, was captured this morning by Detective Killan at Welsford. He had walked to Welsford and then, apparently tired out, was awaiting a train. The sum of \$50 was found on him, also the watch and chain belonging to the

injured man. The police don't admit that he made any statement after being brought to this city. The prisoner took Detective Killan and Policeman Goslin out the Marsh Road and showed them a revolver he had thrown under a culvert, about two miles from the city.

He is charged with shooting, with intent to kill, and robbery.

The row between the man arose over a girl named Jones, sister of Joseph Jones, who, with Policeman Rankine, found the injured man yesterday. Seracusa is not expected to recover.

## BROOKINS, BIRD BOY, WHO BROKE SKY RECORD

WALTER S. BROOKINS, BOY AVIATOR, STARTING ON HIS RECORD BREAKING TRIP TO THE SKY. HE REACHED A HEIGHT OF 4384 FEET, WHICH WAS 219 FEET HIGHER THAN PAULHAN MADE AT LOS ANGELES.

Indianapolis, June 25—Walter S. Brookins, the youngest of the Wright "stable" of aviators, bids fair to be the star of the bunch. He is but 22 years of age, the youngest professional aviator in the world, and his experience has been brief, yet he had skill and nerve enough to break two world's records in one day. He took away Paulhan's laurels for altitude

at the big aviation meet in this city, and incidentally made a world's record for quickness in climbing the airy stair to the higher altitudes. He is a quiet, unassuming boy, yet he has much to be proud of. He actually succeeded in exciting Wilbur Wright, the imperturbable. When he had climbed the sky till sound of his engine was but a fairy tattoo

and his plane looked like a creamy-feathered hawk soaring, close to the clouds, Wilbur began to give evidence of being alive. He and Orville gave vent to ejaculations of pleasure, just like ordinary flesh and blood human beings.

When the machine came down the brothers were the first to grasp the hand of the blushing aviator.

## BANDITS HOLD UP TRAIN AND ROB EVERY PASSENGER

Ogden, Utah., June 27.—Oregon short line passenger train No. 1 was held up at Five Points at 1:30 o'clock and every passenger on the train robbed of his valuables.

The robbers boarded the train at Ogden and held up the passengers as soon as the train left the city limits. The brakeman was shot at twice but escaped injury. A woman was badly beaten and an unknown man, a foreigner was also severely beaten.

The bandits, three in number, struck down everyone who offered the slightest resistance. The express messenger was compelled to give up his keys and the express car was searched. One of the robbers remarked that they knew there was no money in the car but they would search anyhow.

They said they had seen the money go out on the first section, but they were unable to board it. Sheriff Wilson and posse is in pursuit.

St. John, N. B., June 27.—As soon as the matter between the C. P. R. and its trainmen is determined one way or the other, it is said by Intercolonial Railway employees, they too, will demand the standard wages.

### PREACHED AT ST JOHN.

Telegraph: Rev. Frank Baird, of Sussex, preached in St. Andrew's church at both services yesterday. In the evening his subject was "Trust in the Lord and Do Good." During his discourse he criticized the action of those whose business, it is to promote prize fights and deplored the fact that a ring battle was planned for the natal day of a great nation. The preacher also expressed the opinion that newspapers should not feature prize fight reports.

## DR. WILLIAM P. DOLE DEAD AT ST. JOHN

Dr. William P. Dole, one of the best known educationalists, died at his home in St. John on Saturday evening after a lingering illness. He was a native of St. John and was eighty-six years of age. He graduated from the U. N. B., then King's College, in 1849, winning the Douglas gold medal, subsequently studying law and was admitted to the bar in 1852. He was afterwards principal of the St. John Grammar school and also taught a private school. He was a man of fine literary taste and frequently contributed to Magazines and the public press. A few years ago he delivered the alumni oration at the U. N. B. encenia.

Mr. Wm. D. Gunter and Mrs. Gunter, accompanied by Mr. F. Smith, arrived in the city yesterday afternoon from Campbellton. They made the trip in their new automobile, and averaged about 18 miles per hour. Mr. Gunter says the rains have made the roads very muddy.

## Reno Now the Mecca of Sporting Men From all Sides

**Crowds Pouring Into Town From all Corners of the Earth in Anticipation of Monday's Great Event—Johnson's Condition Gives Satisfaction to His Backers.**

Reno, Nev. June 27.—Neither heat or dust which are plentiful here seem to be troubling either Jack Johnson of Jim Jeffries who a week from today are to meet in conflict that has rivetted world wide attention and is luring their eager patrons from the four corners of the earth. Jeffries camp being on a car line drew much larger crowds than Johnson quarters and from early morning till dusk the people thronged the gray shadowed lawns and resorts of Moana Springs.

Within the main building of the resort roulette wheels clicked endlessly and the little white balls were watched with straining eyes by women as well as by men. Out at Johnson's camp the main attraction of the day was the boxing bouts in which the negro engaged with Kauffman. Here the carnival spirit which characterized Moana Springs was lacking. Here the visitors were mostly men, expert critics and ring followers are anxious to get a "line" on the condition of the champion.

Johnson's second work out here was not nearly so impressive as the one of the day before. Though it was not the champion's fault. His sparring partners were responsible for the rather tame nature of the proceedings and the spectators were convinced that had Johnson been called upon to extend himself, would have shown

all the cleverness and speed required. All agree that the thin air has produced no apparent effect on Johnson's breathing. He looked fit as a fiddle as he stepped off the platform and returned to his quarters. The champion plans, to box daily until Saturday when he will taper off his training with light exercise and gather his forces for the great battle. Promoter Rickard is endeavoring to take a much needed rest from his feverish activity of the last 10 days. He is concerning himself principally with the sale of tickets and the buildings of the arena. Reno is rapidly filling up with the vanguard of the fight crowd. Every train puts down its quota of visitors and the number of women arrivals is expected to increase steadily from now on until the 4th. The Main invasion it is expected will begin about Friday. Among the new comers are not a few adventurous youths from the coast who have managed to elude vigilant trainmen while riding on the bumpers and blind baggage. On one of the overland trains from San Francisco yesterday twenty of these knights of the road were captured by railroad detectives at Summit near the snow sheds. In the lot was a lame boy who had dragged himself with his crutch and a bundle of magazines to a sequestered seat on the innermost section of a car truck. He too was bound for Reno.

## ITALY WILL DEMAND EXTRADITION OF COMO MURDERER

Rome, June 27.—The foreign office today decided to follow the provisions of the Italian American Extradition Conventions and to ask for the extradition of Porter Charlton, leaving it with the American authorities to accept or refuse the request.

With this decision, the Lake Como murder case enters the realm of diplomacy and the outcome of the exchanges between Rome and Washington will be followed with an interest quite outside that attaching to the murder of Mrs. Charlton.

As soon as it was known here that the confessed slayer was under arrest in the United States, the ministry of justice recognized the unusual situation in which the Italian authorities were placed and forthwith referred the whole matter to the foreign office.

Hon. W. C. H. Grimmer is in the city on departmental business. He is a guest at the Barker.

## CHINATOWN ONCE AGAIN THE SCENE OF DEADLY STRUGGLE

**Two Dead, One in Hospital and Seven in Jail is the Result of Renewal of Hostilities Between the Four Brothers and the On Long Tongs Yesterday.**

New York, N. Y., June 27.—Two Chinamen are dead today, a third is badly wounded in a hospital and seven Orientals are under arrest as the result of a renewal yesterday of hostilities in the never dying Tong war in Chinatown.

Shuff, a Long Island laundryman, was the first victim to succumb to the wounds he received when a fusillade of shots broke loose while the four brothers, one of the parties to the repressible conflict, were celebrating yesterday in Poll Street. The On Long Tongs, their rivals, sore over the murder recently of their number, was gathered in force in Mott Street nearby, and are alleged to have raided the arriving banqueters. The second victim was Sen Jing in front of whose store at Mott and Peels streets, the heaviest shooting

occurred. Jing died this morning. Chu Pan, the third man to be struck by the flying bullets, is expected to recover. He is under guard in the hospital. The outbreak was entirely unexpected but the police rushed in time to confine the trouble to the immediate locality and they believe that among the men they grabbed in the melee they will be able to find some guilty participants.

The two dead men were members of the Four Brothers, and the recent killing of Chong Fook Yuen of the On Long Tong is said to be considered by fellow Tong members to have been adequately revenged. Immediately after the shooting a big force of police was thrown into Chinatown which was closed to outsiders and today the district is being strongly guarded to prevent a renewal of the warfare.
