AthleticsSTRENGTHENED U. N. B. TEAM  
BATTLES WITH ACADIA TODAY

McGibbon Will Play Left Inside-Half With Kinghorn at Left Outside--Barry Full-Back--Acadia XV Lighter Than Usual--Great Game Expected.

This afternoon the fate of the King-Richardson trophy is practically being decided at College Field in the annual U. N. B.—Acadia fixture. If Acadia should win and there are many who think she will she will have a grip on the silverware that will be hard to loosen. Should U. N. B. win and that is not impossible the chances are very good for a three cornered tie or for Mt. Allison holding the mug for the present season. Neither team has made any predictions concerning the result but both are out to win. The condition of the field after the heavy rain will favor Acadia.

## ACADIA TEAM

The Acadia team arrived here Saturday night and registered at Windsor Hall. Owing to the Digby boat being delayed the visiting team failed to make connections with the Montreal express at St. John but came up on the Boston express waited at Fredericton Junction and reached this city on the late train. The Garnet and Blue team is light as Acadia teams go, the forwards averaging little more than 165 pounds but is in good shape. The heaviest man in the bunch is said to be about 185. Porter the vice-captain who plays on the half-line weighs 183. Robinson the captain is an old P.N.S. player and is well known here while Eric MacDonald one of the stars of the back division learned his football at Fredericton High School.

## U. N. B. CHANGES.

There have been expected changes in the U. N. B. team which should make it the strongest that has gone on the field for the Red and Black this year. The strength has been added to the half-line. Capt. Kinghorn

has gone back to his old position at left outside half. Frank McGibbon has been brought up from full-back to left inside-half where he should show up well. Barry the new full-back has done very good work in that position in practice. Parker is a new man on the forward line and although light has played well in the loose. Behind the scrimmage U.N.B. is still weak but may last through the game.

PRINCETON AND  
HARVARD BEST OF  
AMERICAN TEAMS

Boston, Mass., Nov. 6.—The football season will close in the next two weeks, with several championship games on the schedule for Saturday. The different teams passed through the semi-finals yesterday and of the eastern colleges Princeton must be placed at the head.

The Tigers have rolled up a total of 98 points and their goal line has not been crossed.

In the game with Lafayette though, the orange and black was held to a field goal. Although Harvard was scored upon by Cornell yesterday, the power of the crimson is so manifest that good judges place the Cambridge eleven close to Princeton. The navy which has not yet had the sensation of being scored upon, is given third place. Dartmouth is fourth and the army fifth.

Football this season is far more of a sport than ever, not only through the pleasure it gives to thousands of spectators, by the opening up of the game, but also because of the noticeable lack of serious injuries and the fact that the game is no longer restricted to players in the very pink of condition. To show the possibilities of the game for those in condition, a picked team from the Harvard law school will meet the Carlisle Indians on Nov. 16, in the stadium. A game of this sort was not even thought of under the old rules. The Harvard law eleven will be made up of players from Harvard, Yale, Princeton, Pennsylvania, Cornell and Lehigh.

## AMERICAN FOOTBALL RESULTS

Jimmy Walsh and Monte Attell, his old rival, are booked to meet in Kansas City Nov. 23.

Harry Lewis will meet Johnny Waltz in New York next Wednesday night.

JIM BARRY WILL  
MEET PORKY FLYNN  
WEEK FROM TUESDAY

Boston, Mass., Nov. 5.—Jim Barry is certainly getting every chance to make good. In spite of his poor showing against Porky Flynn he has been matched to meet Joe Jeannette at the Boston Armory Club a week from next Tuesday.

Also it is said that Charley White, of New York, will referee the contest between Barry and Jeannette, and it wouldn't be surprising if it was so, for three times before the Armory Club has named White to referee because out of town boxers demanded him.

TORONTO VARSITY WINS  
CHAMPIONSHIP AGAIN

Toronto, Nov. 6.—Rugby football games Saturday:

Inter-provincial—At Hamilton: Tigers, 23; Montreal, 6.  
At Ottawa—Ottawa, 23; Argonauts of Toronto, 20.

Intercollegiate—At Rosedale: Toronto, 20; Queens, 9.  
At Montreal—McGill, 20; Ottawa College, 0.

Intermediate—Toronto, second, 16; Royal Military College, 8. Played in Varsity oval.

In Ontario Union junior game, Parkdale against Capitals, the latter team objected to the referee's decision in the last quarter, and left the field, and the game was awarded to Parkdale. Score when the game was broken up was 8 to 6 in Parkdale's favor.

Ontario Union, senior—Dundas, 12; St. Michael's College, 6. Played on St. Michael's ground.

Parkdale seniors defeated in the game with T. A. A. C.  
Toronto University's win over Queen's gives that team the Intercollegiate Championship for the third consecutive season.

## SONOMA GIRL RETIRED

Sonoma Girl, the famous brown trotting mare, has been retired from the turf by her owner, Miss Lotta Crabtree, of Boston, Mass. The mare is now in the West under the care of "Dick" McMahon, and her last race, it is expected, will be at Phoenix.

It is understood that with her retirement from the turf, Sonoma Girl will pass from the ownership of Miss Crabtree to a leading stock farm.

DREYFUSS SAYS  
WAGNER WILL GO  
IF NECESSARY

Pirates Want Winning Team Next Year  
Holmes May Get the Hook.

Pittsburg, Nov. 5.—"If manager Clarke sees fit to dispose of Hans Wagner he has my permission. I will make no objection. We want and must have a winning club."

This was one of the remarks made today by Pres. Dreyfuss of the Pittsburg team. His statements all tended to verify the report that Wagner will probably not be with the Pirates next year.

"I really cannot say whether Wagner will be with us the coming season or not," continued Dreyfuss with deliberation. "We are going to do everything in our power to have a winning club next season and will let nothing stand in the way. I notice in a baseball publication that Wagner will likely suffer a great cut in salary if he plays with Pittsburg next year. The fact is that nothing has been yet said to Wagner or anyone else about salary, contracts or anything of the kind."

"There is no question that Wagner failed to play his game last season, but this was true too of others of our players. The case of Wagner is in the hands of Clarke, the same as all other players. If Clarke wants to get an entire new team he can have it."

"The public knows as well as the club owners that Pittsburg lost the pennant last season because certain players did not play the ball they were capable of, and were paid for playing. We have some bad actors on the team and the only advice I gave to manager Clarke was to get rid of them all."

## PUNTS AND DROPS

"Cap" Deedes has ceased to be a "four-flusher" and a "bully". He is merely the "unfortunate" now. Looks as if someone was recasting his phrases. Doesn't it?

"Tiny" Doe made a few remarks to Binney from the touch-line during the Mt. A.—U. N. B. game at Sackville. "Tiny," however, did not go so far as to attempt to sing those parodies of popular airs which Binney inspired that would be too cruel.

A local sporting critic says there is nothing in the theory that lack of co-operation on the part of students and team leaders had anything to do with U. N. B.'s weakness this season and follows the statement up with the remark that lack of competition for places on the team is the cause. It is a healthy brand of co-operation under which men who would make first class Rugby material sit on a grandstand watching indifferent material being tried out.

Acadia's president, Dr. Cullen is a keen Rugby man. The Acadia men say he is on the campus at every practice giving the players tips. The doctor doesn't believe in games too close together either. That is why Acadia does not play here against Fredericton City tomorrow.

Herb. Paisley is a first class coach but some of his methods are open to criticism. On Wednesday according to report he stood on the touch-line and singled one of the Mount A. forwards for some very personal remarks.

McGibbon and MacDonald who learned their football on the same team are slated to mark one another today. They should know how to do it.

Acadia wants to get at Dal. this year but there is no chance. The Acadia men say that the Halifax league fixtures were cancelled on Friday night on account of the unfortunate accident to McLellan.

Capt. Kinghorn is being valiantly defended as a hard-working leader. No one ever said he was not. Capt. Kinghorn is not to be blamed for U. N. B.'s poor showing up to the present time. That is the result of wide-spread apathy on the part of those who should make the team.

Horton Academy and the Halifax Wanderers' second team played a draw game at Wolfville Saturday.

R. W. McLellan of Halifax who was injured in a game between Dalhousie and Wanderers some days ago shows no improvement and his death is expected.

There is going to be some class to U. N. B. rooting today if everything goes well. Some special songs will be sung and the coeds will be out in force.

Billy Allen, the champion feather-weight of Canada, is now under the management of Tom O'Rourke.

The directors of the Armory A. A. declare that Charley White is not going to be the permanent referee at the club. As Jim Barry would not box Jeannette unless someone other than Maffitt Flaherty was referee, the club acceded to his request that White be the third man in the ring in his bouts.—Boston Herald.

## REV. DR. SMITH

(Continued from page three)

are leaving the Roman Catholic Church. They are not becoming Protestants, but non-Catholics, sometimes agnostics and infidels. This is inevitable but only temporary. Man cannot permanently remain away from God. I have no ambition to see our Roman Catholic friends becoming Protestants. There is no reason why, if they had their freedom, they should not serve God as Catholics in their own churches. What the outcome may be is uncertain. The Papacy in its present form is doomed. It is not now a question of Protestants versus Roman Catholics but the Roman Catholic people versus the Papacy.

## UNIVERSAL LOSS

The large numbers leaving the Roman Catholic Church should lead the Papacy to heart searching. The present Pope after surveying the Catholic world in consultation with the leaders of his Church sent out an encyclical in which he said: "The present most afflicted condition of mankind did exceedingly frighten us. For who does not know that now, more than in all past ages, the society of men is stricken by a most grave and deep disease, which, growing daily graver and eating it utterly away, hurries it to ruin. It must needs be that he who ponders on these things will fear lest this perversity of men's minds may be, as it were, a foretaste and a beginning of the evils that are to be looked for in the last days." Such pessimism and profound dejection on the part of the pope must have some real basis of fact.

Careful study has recently been given to the serious defection in the ranks of the Papacy. The fact is that since the middle of the last century the Papacy has lost nearly a third of its dominion. Recent statistics assign on an average only 250,000,000 followers to the Papacy out of 550,000,000 Christians of the world. Benham's Dictionary of Religions gives 220,000,000. The condition of the Latin world is astonishing. The most careful study of the religious condition of France discovers only 6,000,000 professed followers of the Papacy.

Italy shows a loss of 6,000,000, Spain and Portugal 4,000,000 and Spanish America about 8,000,000. It is usually thought that the Roman Catholic Church is making great headway in the United States. Prominent Roman Catholic leaders estimate the loss during the nineteenth century at from 10,000,000 to 20,000,000. Independent observers place it at about 15,000,000. The stream of immigration during the last hundred years amounted to almost 10,000,000 Roman Catholics.

If these and their children remained faithful there should be from this source alone 23,000,000. Today there are only about 10,000,000 all told. England has been the centre of a most aggressive missionary work and yet there must have been a leakage of almost 2,000,000. When the British flag was first unfurled on the heights of Quebec, almost the entire population of Canada was Roman Catholic. Today Canada is 54 per cent. Protestant and 41 per cent. Roman Catholic. On account of the serious defection in Europe and Latin countries, it is evident from the attitude of the Papacy that Canada has been selected as the final refuge of the Vatican. Whilst we gladly accord the widest freedom to all religious convictions, we at the same time deny to the Papacy the right to interfere with the integrity of our free institutions.

## PROTESTANT UNITY.

The claim of the Papacy that Protestantism is a temporary and frail structure, the result of a moment of heated dissent, is sheer nonsense. The unity of Protestantism is vastly more solid than that of Roman Catholicity. The Edinburgh Missionary Conference is worth studying in this connection. The missions of the Papacy do not begin to compare with Protestant missions in extent, aggressiveness and world outlook. The claim that Protestantism is committing race suicide is not according to fact. France, until recently the favorite daughter of the Papacy, has the lowest birth rate in the world. The birth rate in Protestant Ireland is higher than in Papal Ireland, higher in Protestant Scotland than Catholic Belgium, higher in Protestant Prussia than Catholic Austria. Roman Catholicism is fighting the onward march of the human spirit and going down to defeat.

## OBLIGATION

As we Protestants do not boast of any special endowments of grace or ability. We believe our principles and institutions are nearer the mind of the Master, and that with all our imperfections the highway of progress runs through the gates of democracy. Had it not been for this heroic position taken by England and her friends the history of this century would have been written by the Jesuits instead of the friends of liberty.

In view of present conditions there is a supreme obligation resting upon every man whether Roman Catholic or Protestant who believes in the freedom of the individual and the State. Let me say more particularly that every Orangeman should be the living embodiment of those principles Your life, to have value, must

not only commemorate the valiant deeds of your ancestors but you yourselves must stand for the principles which cost them their lives. We should honor all men Roman Catholic and Protestant alike with that honor which seeks their highest welfare. We should hate only that which is evil whether in Roman Catholic or Protestant. We should love all men with that love which maintains truth and rejects error. We should find our inspiration not in the errors of the Papacy but in the truth of our Christ(an) faith. Let your purity of life, your zeal for truth, your good works and your sympathy for all who sorrow or suffer be so manifest that the world may know you daily walk with the Master.

Liberty! What a word! Stand fast in the liberty wherewith Christ hath made you free, free from sin, free from the enslaving power of ritual, free from the bondage of a dead past and established in truth, living in love, march forward with a courage which will lie, but never be traitor to our risen and exalted Lord.

Al Kaufman has again turned down an offer from promoter McIntosh to box Langford in England. Kaufman says he has two important matches in this country.

Hartland, Nov. 4.—This morning, James Saunders, a well known farmer of Lower Windsor, was found dead at the foot of the stairs leading to the cellar, his neck having been dislocated by the fall.
