CHAMP. GAMES START TODAY

Chicago Cubs And Philadelphia in Memorable Struggle

Record Breaking Crowd of Enthusiastic Fans Gather in City of Brotherly Love to See Opening Game.

Philadelphia, Oct. 17.—The weather today is clear and pleasant for the first World's Series baseball games. The temperature at 8 a. m. was 59 degrees with indications of still warmer weather this afternoon.

Philadelphia, Pa., Oct. 17.—When old Sol pushed his head above the horizon this morning there was revealed a double line of enthusiastic baseball fans, who completely surrounded Shibe Park, where this afternoon the first game between the Chicago National League champions and the premier team of the American League, will be played for the World's championship. The line began to form at sundown last night. The rosters brought camp stools, chairs and also carried their breakfasts and lunches. The line grew so rapidly that the police department for some reason decided not to let the crowd congregate through the night and broke up the assemblage. The more determined of the rosters went into the public park across the street from the ball ground and waited. Before dawn the line formed at the bleacher gates and the park campers joined them. At 7 a. m. the double formation stretched from the corner of 12th and Lehigh Avenue east on Lehigh to 21st North on that thoroughfare, then went to 22nd and down to the place where it formed. This double human cordon quickly grew into a third line and at 8 a. m. the crowd started to jam about the gates and the police stepped in and brought about order.

When the two teams meet at 2 o'clock this afternoon, the largest crowd that ever saw a baseball game in Philadelphia will no doubt be on hand. Every reserved seat in the grandstand was sold a week ago and the comparatively few tickets that fell into the hands of the speculators brought fancy prices. In fact no speculator wanted to sell any tickets until today when the demand would be greater.

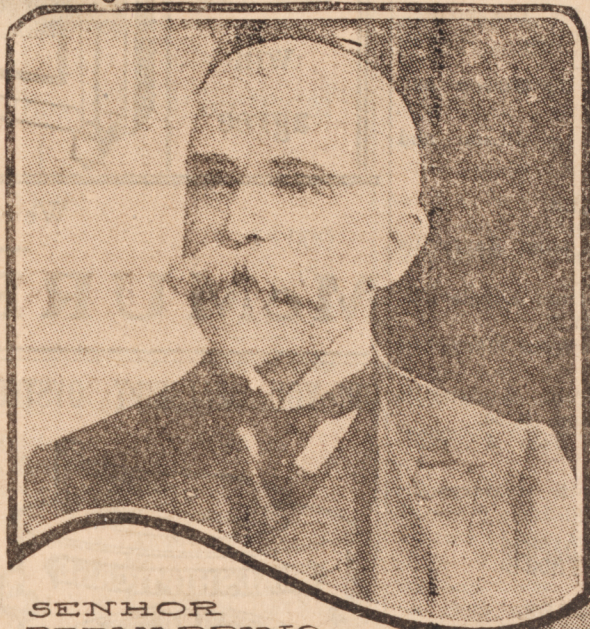

Almost perfect weather prevailed. There was a little wind and the air was much warmer than normal for this time of year. As to the teams both are ready. Manager Chances' men appeared about the corridors of Aldine Hotel early and reported that they were feeling fine. They were all particularly pleased with the weather and looked for a warm contest this afternoon.

The opposing teams and their followers profess utmost confidence in the result of both the opening games of the series. While the National League Club has the prestige of former victories in world championship events and are favorites at 10 to 8, in the little betting that prevails, most of the smaller bets are at even money and it is probable that when the game is begun even money will rule.

TEAMS IN GOOD FORM.
It is declared that the teams are about the finest ever developed in their respective leagues. The "Cubs" are made up of practically the same players that won the two world championships for Chicago from Detroit in 1907 and 1908. The "Athletics" on the other hand, have only six players, Pitchers Bender and Plank, First Baseman Davis and Outfielders Murphy, Hartzell and Lord, of the team which was defeated by the New York Nationals in the world's series of 1905. The other players are young men who have joined the team since that time.

There was disappointment because each team will go into the game minus one of its stars. Evers, an important part of Manager Chance's baseball machinery, who broke a leg in Cincinnati, will be replaced by Zimmerman, a baseman of no mean ability. Who will take centre fielder Oldring's place on the Philadelphia team is still a secret. Oldring, who is a .300 point clean-up batsman, a fleet fielder and a star "inside" man on the base paths, twisted an ankle last week. Probably never in the history of world's series games is there a mystery as to that of the "Athletic" batting order of a team so much of

PROMINENT FIGURES IN THE PORTUGUESE REVOLUTION

SENHOR BERNARDINO MACHADO, MINISTER OF FOREIGN AFFAIRS FROM L'ILLUSTRATION ITALIANA.

RESTELLI, LONG SEARCHED FOR ITALIAN, A SUICIDE

Boston, Oct. 16.—The body of Louis G. Restelli, the Italian who murdered his mother and Henry E. Hardwick, in Quincy July 29, was found in Merrymount quarry at Quincy on Friday.

The Merrymount quarry, where the body was found, was owned formerly by Andrew Ericson. It is at the end of Carroll's lane, about half a mile away from the office of the Hardwick Bros. The fact that Restelli, laden with two bundles, was seen going in the direction of the quarry the day before the tragedies, led the police to drag the quarry.

The body when found had a bullet hole in the neck. A belt around the waist contained two .38-calibre revolvers and a dirk-knife. The wrists were handcuffed, and to each wrist was attached a ten-pound bush hammer. It is supposed that the articles for weighing the body were taken to the quarry by Restelli in the bundles which he was seen to have the day before the murders.

Restelli's disappearance completely baffled the police of Quincy and all New England and New York State, where the search was carried on continuously for several weeks after his awful crime, and now the explanation is at hand.

One feature of the hunt which caused no end of annoyance to the police of many places, and especially those of Quincy, was the fact that hardly an hour passed for two weeks after the shooting but that someone reported having seen the Italian somewhere in New England or New York state, and he was even reported as far away as Cape Breton, where the self-constituted "detective" who claimed to have tracked Restelli was later found with his throat cut.

COMMISSIONER COOMBS SAID TO HAVE RESIGNED

St. John, Oct. 17.—(Special)—A special cable to the Times from London gives currency to a rumor that Commissioner Coombs, head of the Salvation Army in Canada, has tendered his resignation.

MRS. JULIA WARD HOWE ENDS HER LIFE WORK

Middleton, R. I., Oct. 17.—Mrs. Julia Ward Howe, the celebrated writer, died at her summer home here today.

Only one man knows and that is Connie Mack. He declared today that he would not announce who will pitch, catch or who will play left and centre fields. The best guess is that Bender and Thomas will be battery, Strunk and Hartzel, Lord McGinnis are the candidates for the outfield.

NO WORD TODAY FROM WELLMAN'S BIG AIRSHIP

Boston, Oct. 17.—Walter Wellman's airship America had not communicated with the shore as far as known up to 8 a. m. today, since sending his last re-assuring message at 12.45 p. m. yesterday. Following he trans-Atlantic steamer line, the great dirigible balloon would pass about three or four hundred miles from the New England shore heading for Sable, Island N. S. It was expected at the wireless station there would be no communication with the America today.

New York, Oct. 17.—Wireless stations along the coast so far as heard from at 8.30a. m. today, had not heard from Walter Wellman's dirigible balloon America in its attempted flight across the Atlantic. Shortly after noon yesterday the balloon passed out of wireless touch with the Marconi station at Siasconset and since then no word has come from the air navigators, who in the absence of other information is assumed to be continuing his northward course on the Atlantic steamer line with the British Isles as his destination.

HAYS BANQUET AT ST. JOHN ON TUESDAY EVENING

St. John, 17.—(Special)—Great preparations are being made here for the banquet in honor of Charles M. Hays, President of the Grand Trunk Pacific Railway to be held at the Union Club here on Thursday evening under the auspices of the Board of Trade. The following is the official list of the invited guests:

Lieut. Governor Tweedie; Hon. Wm. Pugsley, Minister of Public Works; Hon. George F. Graham, Minister of Railways; Hon. W. S. Fielding, Minister of Finance; Louis Coste, C. E.; Premier Hazen; Dr. Daniel, M. P.; Chief Justice Barker, Senator Ellis, Messrs. H. A. Woods, John W. Loude, and William Wainwright of the G. T. P. Company.

CLAIMANTS FOR MIDDLEWEIGHT CHAMPIONSHIP

Chicago, Oct. 17.—The death of Stanley Ketchell, the pugilist, at Springfield, Mo., Saturday, has precipitated the middleweight championship situation into more or less of a moule.

Four claimants to the title stand out prominently and of these three had faced the former champion of the ring, while the fourth would have had the opportunity before long had not Ketchell died.

This last is Eddie McGoorty, of Oshkosh, Wis. The others are former champion Billy Papke, of Australia, Frank Klaus, of Pittsburg, and Hugo Kelly, of Chicago.

Papke can claim distinction by the fact that he was one of the very few that ever beat Ketchell. Papke knocked him out in the 12th round of a bout in Los Angeles two years ago. This is the one decisive beating the past champion suffered in his career, although he was doomed for the count in his battle with Jack Johnson at Colma, Calif., a year ago. One of the claimants for the championship will probably be eliminated when Klaus and McGoorty meet in their bout at Milwaukee which was scheduled for last Friday night but postponed on account of McGoorty's condition.

St. John, Oct. 17.—(Special)—The City Water Board at a meeting today passed a resolution recommending the council to lease the Mispic Pulp Mill to Stetson, Cutler and Company, for a term of three years at \$2,500 per year or to sell the property outright to them for the sum of \$30,000.

The Organizing Committee of the Daughters of the Empire held a conference this morning with Lady Tilley.

5000 REFUGEES FROM PORTUGAL NOW IN SPAIN

Madrid, Oct. 17.—It is estimated that 5,000 members of the Portuguese religious orders, expelled from their own country, have taken refuge in Spain, where they are now being distributed among the convents and the monasteries in various parts of the country. It is believed that this will render very difficult the expulsion from Spanish territory of those not of Spanish origin.

The accounts of attacks upon religious institutions in Portugal have greatly alarmed the Spanish orders in the various provinces and it is reported that they are strengthening the convents and monasteries with iron doors and shutters and are laying in stores of arms and ammunition.

A parade of republicans was held yesterday in celebration of the Republic of Portugal. The procession passed through the principal thoroughfares of the city. Perfect order was maintained.

STOCK PRICES REMAIN FIRM; CANADIAN PACIFIC AT 197

New York, Oct. 17.—Wall Street.—The opening dealings in stocks were active and broadly distributed. Gains were the rule but they were restricted to small fractions, except in a few instances, and there was a sprinkling of declines where realizations made their effects shown. Rock Island was advanced 1/8, the preferred, Reading and St. Louis Steel and American Smelting, National Lead and Distillers Security large fractions.

MANY LIVES MAY HAVE BEEN LOST IN CUBAN CYCLONE

Havana, Oct. 17.—The cyclone that struck the island yesterday is increasing. Its velocity is appalling. Beyond doubt it is far more serious than the hurricane of 1906, which cost many lives and damage to the amount of millions of dollars. The customs warehouses are flooded and the roof of the main building has been blown away.

The National Observatory reports that the disturbance is only beginning and will last probably for 34 hours.

Wire communication with the interior is cut off and the situation outside this city is in doubt. The town of Batabano in this province, is said to be many feet under water. A large number of lives have been lost, according to reports.

A report from Regla, across the harbor, says that many persons have been killed there. It is rumored that a great number of sailors and longshoremen have been drowned in the harbor.

It is probable that the most fatalities and the greatest monetary damage has occurred in Pinar del Rio, where the destruction of Thurs- (Continued on page eight)

KOREAN PEOPLE ARE SATISFIED

Have Accepted Annexation by Japan With Complacency

Few Disturbances Since Order Went Into Effect—Are Now Enjoying Real Government.

Seoul, Korea, Oct. 17.—The Korean people apparently have accepted annexation by Japan with complacency. The new order has been greeted by the Korean, not with apprehension, but with relief.

The reason is not to seek. Korea had reached the crest of misgovernment. Ten millions of peasants and poor were practically the slaves of less than a half million nobles or people of the upper classes. The latter lived luxuriously, spending money with a lavish hand and caring nothing for their country or the people, except as payers of the taxes.

Until the entry of Prince Ito as resident general and the suzerainty of Japan, there was no relief for the serfs. But three years of the practical application of real government gave to the mass of Koreans a taste of freedom which comes from government properly directed and seemingly they are satisfied that the future holds out much more for them than the past. Since annexation order went into effect, there have been few disturbances. At no time have the so-called insurgents been able to gather together more than 150 of their number for a demonstration. On several occasions, small bands, numbering from 10 to 60 men, have shown some opposition to the governing authorities, but no protest of a general nature has been made in any part of the country.

Lieut. General Viscount Terahsi, resident general of Korea, accompanied by his suite, left here yesterday for Tokio. Conditions throughout the country are reported to be normal. Before his departure, the resident general, in an interview, gave assurance that every foreign interest would be amply protected.

Missionaries and others in a position to judge, state that the condition in Korea is vastly improved. The onus are inclined to be critical because they have not been consulted by the resident general. Up to the present they have not been officially informed by the government concerning certain changes and consequently there has been some confusion and uncertainty as to how they should act where various of their countrymen are concerned.

Forty-six Koreans have been created peers by the Japanese government. Four refused to accept the honor, and one is reported to have committed suicide because a peerage was offered to him.

THE CAYMAN ISLANDS DEVASTATED

Kingston, Ja., Oct. 17.—Fears are entertained here that the Cayman Islands have been devastated by the storms which passed over the West Indies during the last sixty hours. The steamer Prince Eitel Frederick, which arrived here yesterday, reported that for twenty-four hours after leaving Havana the wind blew at the rate of 60 miles an hour. The storm came from the northeast and must have swept over the Cayman Islands which have suffered greatly in previous cyclones.

SIX PERSONS KILLED IN ELECTION RIOTS

Point Au Pitro, Guadeloupe, Oct. 17.—Six persons were killed and eighteen others wounded during election riots in the Petitburg district of Basseterre, the capital, yesterday. The men wounded are gendarmes. The fighting followed an attempt to prevent attempted frauds in the voting for municipal officers. Much excitement prevails throughout the island.

Mr. Thos. Robison, M. P. P., of Harvey, is in the city.
