## WILL GO ON ROUTE

The Steamer Hampstead which has been off her regular route for some time will go on again on Wednesday.

## Y. M. C. A. JANITOR.

The Y. M. C. A. desires a janitor for the building, York Street. Application should be made to the General Secretary. See advt.

## WILL RETURN TOMORROW

Ald. W. G. Clark and wife who have been on a trip to the Pacific coast are expected to return tomorrow at noon.

## TAXING COSTS

Messrs. J. R. Campbell, H. D. Forbes, W. A. Ewing and J. R. Sinclair of St. John are in the city today for the purpose of taxing costs in a number of St. John cases.

## LOTS OF FUN.

At the Bijou—"The Two Maids," (an "Imp") comedy, the funniest thing that has ever happened. "The Two Sisters," (an American Pathé), a delightful story. Pat has some good songs for today.—d.

## THE GEM

The programme tonight is going to be one of the finest. A great Indian Drama. A Fresh Start, showing how a child touched its father's heart. Also, a Sister's Sacrifice, Imp.

## MEMBERSHIP CAMPAIGN

The Y. M. C. A. has begun to compile a directory of the boys of the city between the ages of twelve and seventeen. A campaign to get more boys into the association will be begun. The Boys' Gymnasium classes begin tonight.

## FOOTBALL NOTES

The uniforms for the Fredericton City football team arrived today and are on exhibition in the window of the Broadway store. Efforts are being made to have Moncton play Fredericton here on Friday next. Frank McGibbon who has been playing with the Fredericton team will enter U.N.B. for a course in civil engineering.

## OBTAINING INFORMATION

The Water Committee is obtaining quotations upon pipe and obtaining other information in connection with the proposed extension of the service on the Woodstock Road. It is said that pipe cannot be brought to the site in less time than three weeks. The committee is expected to meet again shortly.

## SUCCESSFUL SPORTSMEN

Messrs. Frank D. Cassidy and Harry Lee of New York who were hunting on the Miramichi with Henry Braithwaite returned home today each having got his moose. Messrs H. C. Hopewell and Nathan Tufts of Boston passed through the city on their way home after a successful hunting trip.

## BICYCLE IMMERSED

A bicycle belonging to Special Policeman Gunter, received a bath Saturday night, being thrown from the dump in the rear of the City Hall into the river. Mr. Charles Williams, while in a boat on the river Sunday observed the bicycle in the water and fished it up. It is supposed that the bicycle was taken from the City Hall where it had been left by the owner, by persons unknown.

DREDGE BEACON BAR  
REMOVING OLD PIERS

The dredge Beacon Bar, which arrived here from St. John on Saturday night, in tow of the tug Lord Roberts, began this morning to remove the piers of the old highway bridge, which have been blocking the channel at the draw of the present highway bridge for some time. The dredge met with some difficulty when an attempt was made to tear apart the crib-work of the piers. After some hours' work, the crib was broken and the logs composing it taken out by means of lines. The cables of the New Brunswick Telephone Company, which connect the city with St. Marys and other places, were drawn out of the way and it is thought that the work can be done without breaking them. It is likely that an arrangement will be made whereby passengers can be taken across the river in a tug while the draw is opened to enable the dredge to work. The hours between which the draw is to be opened and traffic interrupted will be 4.30 p. m. and a. m.

Mr. Archie Fraser, of Cabano, P. Q., spent Sunday in the city.

DONALD FRASER  
AND SONS TO HAVE  
TOBIQUE STUD-FARM

Clydesdale Mares Recently Imported by Them of Best Breeding—Other Importations to Follow.

The three fine Clydesdale mares recently imported by Mr. Archibald Fraser and now at Plaster Rock are among the choicest stock ever brought into New Brunswick. It is understood that further importations will be made by Messrs. Fraser who will establish a stud-farm on the Tobique at Plaster Rock, a locality which is very well suited for the purpose.

## LADY ROSS

The "Scottish Farmer" of October 1st, has the following concerning the mares which were exported from Glasgow.

"One was the famous Lady Ross, (23769) which Mr. Fraser bought from Mr. James Greig, Cairdum, Brechin. This mare was bred in Ayrshire by Mr. M. Young, Byres, Coynton, and has been a noted winner at the August show. His sire was the Royal Carriack horse Royal Ross (11178) and her dam was by the big Keir-bred horse, Ethiopia (5750). She was first at the August show, and at the Mearns show at Fettercairn this year. She has won prizes at the Aberdeen and August shows since she was a yearling and this year her colt foal by Militades was second in the open class at the August and first at Fettercairn."

## ROSALIE

Mr. Fraser also purchased from Mr. Greig the six-year-old mare Rosalie, (23770), a six-year-old mare got by the noted prize horse Lord Fauntleroy (10370), and out of a mare by the Glasgow prize horse Gallant Pot-eath (3638). Rosalie has been shown frequently in Scotland and has won numerous prizes. She was second this year to Lady Ross in the shows mentioned and has a filly that also figured in the prize lists.

The third Clydesdale imported by Mr. Fraser is a three-year-old filly by the champion horse Everlasting, (11331) and out of a mare by Prince of Carradian (\$151) a celebrated champion.

Both Lady Ross and Rosalie are safe in foal to Up to Time (10475). The stud-farm at Plaster Rock will be owned by Messrs. Donald Fraser and Sons. It is hoped that every success will attend the new farm.

MISS MARION P. CROCKET  
DIED SUNDAY MORNING

Miss Marion Proctor Crocket, eldest daughter of Dr. William Crocket, former Chief Superintendent of Education, died at the home of her parents here at an early hour Sunday morning, having been an invalid for some years. She is survived by her parents and seven brothers, J. H. Crocket, Dr. W. C. and O. S. Crocket M. P., of this city, C. S. O. Crocket of Campbellton, Dr. A. P. Crocket of St. John, Allan Crocket in California and Octavus Crocket of Quebec, and two sisters, Mrs. H. Harper Smith of Quebec and Miss Decema Crocket at home.

The funeral will take place at 2.30 o'clock Tuesday afternoon from her late residence, George Street, Rev. Dr. Smith will conduct the service. Interment will be made at the Rural Cemetery.

## MANY LIVES LOST

(Continued from page one)

The cyclone that returned late yesterday continued through the night and raged this forenoon with increased fury. The gale was stronger than at any time since Thursday morning. A heavy loss of life and great property damage is reported. Miami, Fla., Oct. 17.—Weather bulletins were posted here this morning announcing the approach of a hurricane and all vessels along the coast have been warned to prepare for severe weather. No trains have arrived here over the Florida Coast Railroad, being held up at West Jupiter on account of serious washouts. Other trains have been sent from Miami and Jacksonville. Continuous rains have fallen for three days and the entire country is flooded.

Havana, Oct. 17.—All traffic in the city and in the harbor was suspended today.

Scores of lighters or other small craft has been swamped or wrecked against the bulkheads.

The sea before noon had swept the custom houses for a distance of a half mile and carried off merchandise valued at many hundreds of thousands of dollars.

It is impossible to observe definitely what was occurring on the harbor owing to the high waves and flying spume which obscured the view like a fog. It is certain that a number of sailing craft are dragging their anchors and are in imminent danger of being blown out to sea.

PENNIAC MAN  
SHOT IN THE HIP  
BY HIS BROTHER

Serious Accident Befell Myles Saunders While Out Partridge Hunting this Afternoon.

A serious gunning accident is reported from Penniac this afternoon, the victim being Miles Saunders, son of Mr. Burpee Saunders, the well-known guide of that place. It seems that Mr. Saunders and his brother David, who resides at Marysville, were out partridge hunting at the time. A shot-gun, which David carried was in some manner accidentally discharged. Miles, who was only six feet away, received a portion of the charge of bird shot in the lower part of his hip. The wound, although a serious and painful one, is not necessarily fatal so far as can be learned. The injured man was brought out to the settlement a distance of two miles, and Dr. McNally was summoned from the city by telephone to render surgical aid.

## MANY BODIES RECOVERED

Starkville, Colo., Oct. 17.—All of the fifty-six bodies of miners entombed in the mine of the Colorado Fuel and Iron Company by an explosion Oct. 8, have been recovered. Twenty-seven were buried yesterday, seven of the bodies being taken to the cemetery in hearses. The others were transported on a big van.

Many of the dead were not identified. Mine owners say they will have the mine working by November 1.

## COLLEGE HAPPENINGS

The first football game with an outside team will be played at the College Field on Thursday, October 20th when the Moncton team will line up against U. N. B.

Foster Howe of Sussex who completed one year at Acadia arrived on Saturday to take a course in civil engineering at the U.N.B. He is well known as an athlete and will be a source of strength for the football team as well as for next year's track team.

The University Monthly is offering to students at the University two prizes of five dollars each for literary articles, one to be handed in before January 25th and the other before May.

"Howard time" means but the one thing. The man who carries a HOWARD absorbs a new standard of punctuality and accuracy. Unconsciously he begins to live up to his watch. The HOWARD is the chosen time-piece of men who think in seconds. Let us show you this distinctive watch—\$40 to \$150; price fixed by printed ticket.

McLELLAN-SMITH  
COMPANY WILL REBUILD  
MILL AT BURTON

Fire Early Sunday Morning Wiped Out Property—Loss Estimated at \$8000—Insurance \$4000.

The McLellan-Smith Lumber Company's mill at Burton, which was totally destroyed by fire early Sunday morning, will be rebuilt as soon as possible.

Mr. R. W. McLellan, of this city, a prominent member of the company, stated today that the company would at once take steps to rebuild the mill, the intention being to have it ready for operation next spring. The site of the old mill will be used for the new. It is thought that the furnace and boiler of the burned structure are in condition to be used in a new mill.

The fire was first observed about five o'clock Sunday morning by a man who was going down the river in a motor boat. At that time the flames had such a hold on the building that it was impossible to save it. Mr. Gilbert Smith, manager of the mill, who resided near, was notified of the fire but nothing could then be done to stay the progress of the flames.

The loss is estimated at \$8,000. The insurance amounts to about half that amount. Besides the mill, 25,000 feet of manufactured lumber, a black-smith shop, a saw which was lying at the wharf and a quantity of mill wood was burned. The fire made a clean sweep, and everything that could be burned was consumed. The origin of the fire is unknown.

## OPERA HOUSE.

Craighall Sherry, the talented humorist with Jessie MacLachlan, is considered to be one of the most versatile entertainers on the concert stage today. An exchange says: His recital from the "Bonnie Brier Bush" was without exception, the finest thing we have ever listened to. It was so intensely sympathetic and withal natural that that grandest character in Scottish fiction, Dr. McClure, seemed to live once more. Miss MacLachlan and her company are at the Opera House on Friday, Oct. 21st. Reserved seats are now on sale.—d.

## RAID AT MARYSVILLE

Scot Act Inspector McFarlane and Special Policeman Gunter made a Scott Act raid at Marysville Saturday but discovered no liquor.

"Our Boys!" "Our Boys!"  
Anxious Parents Cry.  
Thinking of Their Record,  
Bye and bye.

So much depends on Father and Mother, you know.

Early training makes a great difference.

They are going to school now, and are in the formative period.

They will want decent, serviceable Clothes, and we are able from our Large Stock to fit them out at very reasonable prices.

If parents will look after the Boys' Morals, we will look after their "Clothes."

Overcoats, Suits, Separate Pants, Sweaters, Underwear, Top Shirts, Night Gowns  
Hats, Caps, Gloves, Stockings, Braces, Collars, etc. etc.

LET US ATTEND

FRED. B. EDGECOMBE CO., Limited.

Headquarters for Boy's Clothing.

No more paint for me!  
I've now covered every roof  
on my place with Amalite.

To buy a roofing that requires painting is inviting trouble. Painted roofings are as out of date as the harvester machinery of thirty years ago.

The roofing of to-day needs no painting. That's one of its great features.

If you are still using the "old rubber kind," the kind that requires painting every year or two to keep it tight, we want to tell you about Amalite; why it needs no painting; why it wears longer than the "smooth surfaced" roofings, and why it costs less.

First—Its chief ingredient is Coal Tar Pitch—not a "secret compound" but a well known, long tested material, recognized by engineers as the greatest waterproofing material known. Two layers of this material are used in every sheet of Amalite.

Second—We use two layers of the best grade of wool felt to hold the pitch in place. This wool felt

gives tensile strength to the roofing, and is the best material known for that purpose.

Third—On top of these four layers is a real mineral surface. This surface requires absolutely no painting, and adds materially to the life of the roofing. It is fire retardant. It is permanent.

We want to send you a sample so that you can see what a solid, substantial waterproof roofing Amalite really is.

Write us to-day!
