### What Reciprocity Really Means for the FARMER

When both the Eastern and Western Ontario Dairyman's Association at the annual convention held last winter voted in favor of reciprocity, they had practical experience to guide them as to what the effect would be.

The experience was picked up in a rather unusual, interesting and amusing way.

By a mistake in the Payne-Aldrich tariff in 1908 the duty on cream appeared in the tariff at the low rate of 5 cents per gallon.

When Congress passed the tariff, however, it fixed the duty on cream at 5 cents per pound, that was what was intended. Somebody blundered and the result was that instead of a very pretty restrictive duty Canadian dairymen had practically a free market for cream in the United States.

That was how they came to know exactly what reciprocity would mean in cream and from that they began to calculate the advantages as regards other things.

Here is the actual result so far as cream is concerned: In 1910 Canadian farmers sent \$1,660,000 worth to the United States markets and this brought them 25 per cent. more than they could have obtained for their milk at the local cheese factories.

This in round figures was a clearer gain of \$400,000. In addition to that they had the skim milk for feeding purposes on the farms.

These are official figures which prove beyond dispute the case as regards cream. One may judge from the following table showing the exports with the duties imposed in 1910 what the advantage will be in a score of commodities when these are swept away:

Shipment and Rate of Duty.	Value	Total of Duties Collected
Horses—\$30.00 on each horse valued at \$150 or less 25 per cent. on a horse worth more than \$150.00.	453,186	\$ 121,140
Sheep—\$1.50 each for sheep; 75 cents each for lambs.	569,679	103,519
Cattle—27½ per cent.	642,674	
Poultry—Live 3c. per lb.; Dressed 5c. per lb.	111,241	38,990
Wheat and Flour—25c. per bush.	2,455,585	135,273
Oats—15c. per bush.	534,692	141,972
Flax Seed and Linseed—25c. per bush.	1,256,436	353,158
Peas—25c. per bush.	347,208	58,140
Barley—30c. per bush.	66,608	44,278
Potatoes—25c. per bush.	345,903	169,658
Vegetables—25 per cent.	338,804	160,570
Hay—\$4.00 per ton.	673,220	386,025
Apples—75c. per barrel.	32,810	10,903
Butter—6c. per lb.	199,854	58,802
Cheese—6c. per lb.	623,995	9,801
Cream—3c. per gallon.	1,660,000	36,588
Eggs—5c. per dozen.	11,551	1,786
Lumber and Lumber products—\$1.25 per 1,000 feet.	23,927,619	1,219,970
Fish—1c. per lb.	4,627,051	511,482

Total duties paid on above products in 1910, \$3,562,058  
This is a partial list only of goods sent to the United States in 1910.

With the \$3,562,058 tax knocked off it hardly needs a mathematician to understand how the Canadian farmer will come out under the new arrangement.—Montreal Herald.

#### BROKE HER WRIST.

Mrs. P. G. Ryan, widow of the late Hon. P. G. Ryan, had the misfortune to fall while getting out of a motor-car a few days ago and break her wrist. Her many friends will be glad to know that she is making good progress towards recovery.

#### ENCOURAGING REPORTS.

The reports from Sunbury County today are most encouraging to friends of reciprocity. From all sections comes the word that Col. McLean is gaining ground and his majority at several polling places will be larger than last election. In Mauderville three former prominent Conservatives, Messrs. Thomas Edward Bridges, John Rush and Jas. P. Harding are working on the reciprocity committee.

#### BROUGHT FROM ST. JOHN.

Mr. George W. Maston of Woodstock, arrived here from St. John by C.P.R. this morning, accompanied by his wife, who has been ill at the General Public Hospital, St. John, and was being taken to the Carleton County Hospital at Woodstock. The lady was so ill that she had to be taken from the train on a stretcher. The train was about half an hour late and the Woodstock train did not wait to make connections, so that when Mr. Maston arrived he found that he would have to remain in the city until late this afternoon. Several people about the depot, including Dr. Atherton, who were waiting to go to St. John, assisted Mr. Maston and the trained nurse to have Mrs. Maston conveyed to a nearby hotel and made as comfortable as possible.

#### BIJOU.

The Bijou will be closed till Friday. It will open under new management with everything up-to-date. New machine, aluminium curtain and other improvements.

**Electric Restorer for Men**  
Phosphono restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness arrested. Phosphono will make you a new man. Price \$3 a box or two for \$5. Mailed to any address. The Red Bull Drug

#### JOHN GIBSON LAID

#### TO REST YESTERDAY

The funeral of the late John Gibson which took place at Marysville, Sunday afternoon was the most largely attended that has taken place in this section in some years. Friends of the deceased not only from Fredericton, Marysville and vicinity but also from St. John and other places gathered to pay the last tribute of respect to one whose life was a monument to industry and fair dealing. Those who followed the body to the grave were so numerous that many were unable to enter the Methodist cemetery at Marysville where interment was made. Many beautiful floral tributes were borne witness to the esteem in which the deceased was held.

The funeral service was conducted by Rev. J. H. MacDonald, D. D., of the Brunswick Street Baptist Church, Fredericton, and Rev. J. C. Berrie of the Marysville Methodist Church. Hymns were sung by a quartette from this city.

The pall-bearers were—James Inch, Alfred Rowley, J. J. Weddall, Patrick Farrell, Robert F. Randolph, George Foster.

The mourners were as follows—W. A. Gibson, Arthur M. Gibson, Fred H. Gibson, Robt. Gibson, Harry Gibson, Alex. Gibson, Sr., Alex. Gibson, Jr., James Gibson, W. Temple Day, Claude Clayton, M. Clayton, John Bliss, J. T. G. Hatt, Dr. E. B. Fisher, R. L. Young, Harry Gibson, Joseph Robinson, J. G. Adams, A. G. Bailey, R. T. McDiarmid, Duncan Robinson, J. R. McConnell, C. H. Hatt, F. S. Williams, Frank Merritt, John Boyd, R. Treadwell Smith, J. Willard Smith, St. John; E. A. Schofield, St. John; S. W. Morris, St. John; Mr. Atkinson, St. John; Fred Gibson; William Gibson, employees of John Gibson & Son.

#### AT THE UNIQUE.

A splendid week's opening at the Unique today, as follows: "The Prodigate," Selig; "The Jealous Husband," Biograph; "It Happened in the West," Western drama, and Miss Livingstone, character singer and dancer.

### Worth Remembering

Reciprocity will mean Cheaper Agricultural Implements for the Hardworking Farmers of York Co.

### TOM LONGBOAT COMES BACK HARD

(Canadian Press)

Toronto, Aug. 28.—Tom Longboat ran one of the best races of his career on Saturday night, when he won the twelve mile professional race from Abbie Wood by one foot in one hour, two minutes and 2-5 seconds with Alfie Shrub half a lap behind and Hefferon a lap away. The last pair never had a chance to finish as the crowd swarmed over the fence and carried the Indian around on their shoulders.

Shrub started out like a sprinter, but the bunch hung onto him and at six miles had him trailing with Wood leading. The Indian cut loose in the bell lap with Wood alongside. They reached the last lap like a team but the Indian lasted the longer although both were all in at the finish.

#### GET POWER

The Supply Comes from Food

If we get power from food why not strive to get all the power we can. That is only possible by use of skillfully selected food that exactly fits the requirements of the body.

Poor fuel makes a poor fire and a poor fire is not a good steam producer.

"From not knowing how to select the right food to fit my needs, I suffered grievously for a long time from stomach troubles," writes a lady from a little town in Missouri.

"It seemed as if I would never be able to find out the sort of food that was best for me. Hardly anything that I could eat would stay on my stomach. Every attempt gave me heartburn and filled my stomach with gas. I got thinner and thinner until I literally became a living skeleton and in time was compelled to keep my bed.

"A few months ago I was persuaded to try Grape-Nuts food, and it had such good effect from the very beginning that I have kept up its use ever since. I was surprised at the ease with which I digested it. It proved to be just what I needed.

"All my unpleasant symptoms, the heartburn, the inflated feeling which gave me so much pain disappeared. My weight gradually increased from 98 to 116 pounds, my figure rounded out, my strength came back, and I am now able to do my housework and enjoy it. Grape-Nuts food did it." Name given by Canadian Post-Union Co., Windsor, Ontario.

A ten days' trial will show anyone some facts about food.

Read the little book, "The Road to Wellville" in pkgs. "There's a reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

#### ST. STEPHEN ACCEPTS N/A ATHON CHALLENGE

The challenge issued by the St. John Marathons for a series of provincial championship games with any team in the province that could see its way clear to deposit nothing less than \$250 as a side bet, has been accepted by the St. Stephen Thistles. The Thistles not only have accepted the challenge, but they have gone the Marathons one better, raising the amount of the side bet to \$500. The managers of both teams were in communication yesterday with the result that a series of seven games has been arranged for. The first game will take place in St. John this afternoon, and other dates arranged are as follows: Aug. 30, Sept. 8 and Sept. 9. The remaining dates will be arranged later.
