**THE MISSES YOUNG****ABSOLUTELY CURES  
STOMACH TROUBLE  
AND INDIGESTION**

The question as to how long you are going to continue a sufferer from indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapiesin.

If your Stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should take a little Diapiesin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach and besides, what you eat will not ferment and poison your breath with houseous odors. All these symptoms resulting from a sour out-of-order stomach and dyspepsia are generally relieved in five minutes lieved in five minutes after taking a little Diapiesin.

Go to your druggist and get a 50-cent case of Pape's Diapiesin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel that life is worth living —6.

**POLITICAL LAWYERS  
AS EDITORS**

(St. Andrew's Beacon)

The Courier editor does not seem to entertain a very high opinion of clergymen as newspaper men. He remarks that "a clergyman in the editor's chair is ever an anomaly. He may be ever so wise as to the things of heaven, but in the practical and therefore, everyday things of life, he is not of the earth earthy." Which being interpreted means that his conscience will not permit him to write and do things that an editor—who happens to be a lawyer, for example,—can do with impunity. No wonder the Courier does not take to clerical editors. Now if all the men who have been pitch-furled into the newspaper profession, the self-seeking political lawyer and schemer is probably the worst. He is of the earth earthy from the very beginning. He is grovelling in the earth or slugging mud all the time. He brings no lofty ideals to the profession, nothing to elevate, nothing to inspire. Being without conscience, his pen is at the disposal of every scheme for his own advancement or the advancement of his political party, whether such scheme is for the public benefit or not. He is eminently "practical." He knows nothing of the ethics of journalism, and doesn't want to know. His professional training is in another direction entirely—in trying to save criminals from well-deserved punishment. Min trying to save pledge-breaking politicians from the consequence of their broken pledges. With him the end justifies the means. It is because of such "earthy" editors in the newspaper profession that clergymen find newspaper life distasteful. If it had more clergymen in the editorial chairs of the country and fewer political lawyers and paid special pleaders, both the profession and the country would be better for it.

SPORTING HORIZON**

Philadelphia, Pa., Feb. 9.—There is a new light weight champion upon the pugilistic horizon today and his name is Knockout Brown of New York. Negotiations for a finish fight will soon be under way and it will necessarily take place in the west. Tex Rickards and Jack Gleason are here and will attempt to land the fight.

Throat  
COULD NOT SLEEP AT NIGHT**

Dr. Wood's Norway Pine Syrup is rich in the lung-healing virtues of the Norway pine tree. It is a pleasant, safe and effectual medicine that may be confidentially relied upon as a specific for Coughs, Colds, Bronchitis, Hoarseness, Sore Throat, Quinsy, and all Throat and Lung Troubles.

It will stop that tickling in the throat which causes the dry cough that keeps you awake at night.

Mrs. J. A. Smith, Marshville, Ont., writes:—"I had a very bad cough and that distressing tickling sensation in my throat. It was so bad I could not sleep at night and my lungs were so sore I had to give up work."

"Our doctor gave me medicine but it did me no good, so I got a bottle of Dr. Norway's Pine Syrup, and by the time I had used two bottles I was entirely cured. I am always recommending it to my friends."

Do not be humbugged into buying the so-called Norway Pine Syrups but be sure and insist on "Dr. Wood's." It is put up in a yellow wrapper; three pine trees the trade mark; the price 25c.

**THE FISHERMAN**

(By Eden Philpotts)

He was a lad of high degree,  
She was a farmer's daughter;  
He came to fish the silver ley,  
Or did he come to court her?  
"Pray angle where you will"  
quoth she;  
"The little trout may swim to three;  
"But never think that you'll catch me."

Yet where was that fair maiden born  
But felt her heart beat higher  
To see a lording look forlorn  
And beg to come anigh her?

"Stray nearer if you must," quoth she,  
"Since 'tis an act of charity;  
"But never try to speak to me."

The woodland ways are sweet and green

Under the summer weather  
And through the dingle, through the dene,

Go boy and girl together.  
"You held my hand, because," quoth she,

"The stepping-stones were slippery;  
"But now I'm over let it be."

A heart that burns, a breast that sighs,

Red lips with promise laden;  
eyes—  
A pleading voice and bright brown

Alas, my pretty maiden!

"Can such a king of men," quoth she,  
"Mate with a humble girl like me?"

"Then I will trust my soul to thee!"

She sits amid the yellow sheaves

That little farmer's daughter,  
Or counts the scarlet cherry leaves

Fall on the shining water,  
"Come, hide my tear-worn heart,

for he  
"Hath broken and forgotten me."

The price of unwashed wool was 18 cents in 1910 and 17 cents in 1909, and of washed wool 24 cents for each year.

The average value of occupied farm land in the Dominion was \$38.45 per acre or 15 cents less than for the previous year. It was highest in British Columbia, where the cost of clearing is heavy and the land is largely occupied for fruit growing, the average being \$74 per acre, or 56 cents per acre more than in the previous year. Ontario comes next with \$48 per acre, which is \$2.22 less than in 1909.

Farm help for the summer season shows an average of \$35.15 per month for males and \$20.70 for females, counting board, as compared with \$35.69 and \$19.08 respectively in the previous year. Males have an average of \$347.10 and females \$209.69 per year counting board, as against \$336.29 and \$206.08 respectively for 1909. The highest prices per month in summer are paid in Saskatchewan, Alberta and British Columbia, where they are \$40 and over for males and \$25 and over for females, counting board. The average rate of board per month ranges from \$8 for males and \$6 for females in Prince Edward Island, to \$20 and \$17 respectively per month in British Columbia.

The rates of wages and board are quoted for the farm where males are employed on the land and females in the house. They are averages computed from a large number of returns by farmers to the Census Office.
