**PAL MOORE AND MURPHY GAVE**  
GOOD EXHIBITION

Ten Rounds at New York Resulted in Draw—Murphy Was in Good Condition

New York, Sept. 7.—In a cleverly boxed and fast bout of ten rounds between Pal Moore and Tommy Murphy at the National sporting club tonight the lads fought so evenly that it was hard to choose between them. Each had an advantage in five rounds. On the points scored it was an even session, and the decision of the crowd was a draw.

No finer exhibition of boxing has been seen in this city for many a day than Moore and Murphy gave it was artistic in the extreme. Swings, hooks and uppercuts were blocked many times. When ever Moore landed a blow it was invariably counted by Murphy.

Pal had an early lead, but the fast pace began to wear him down and the veteran Murphy began to score in the last half. Moore's blows to the stomach, followed by punches to the jaw, staggered Tommy several times, but Murphy's ring generalship saved him.

Murphy played more for Moore's face than his body. He nearly closed Pal's right eye with hard straight punches. Pal slightly cut Tommy's nose and right eye.

POOR RACING AT  
CHARTER OAK

Dudie Archdale Won Trotting Handicap --Sir R. and June the Other Winners

Hartford, Sept. 8.—The Grand Circuit horses furnished a rather unsatisfactory exhibition for President Taft, who honored the Connecticut fair with his presence at Charter Oak park this afternoon.

The program looked up to providing much better sport. The handicap was a gift for Dudie Archdale after two uninteresting trial heats. Sir R won from Branham Baughman without an effort and first money in the third event was taken by June without the semblance of a contest.

Taken as a whole it was about as poor a day's racing as the present season has had and it was well that the fair management had the nation's chief executive to please the largest crowd ever seen at Charter Oak outside of a holiday.

The trial heats in the handicap were useless, as Chester Lasell and John Dodge were the only drivers who forced their horses. In the round for fast record horses Joan won as she liked Dudie Archdale getting away poorly and Lily Burke making a break.

Creighton and Joe Bowers had a race for first place in the trial for the slower horses, the stallion from the half-mile tracks being the stronger at the finish.

The main race went to Dudie Archdale, who trotted her 6100 feet at the rate of 2.06½ a sterling performance. Geers got the high-bodied black mare away fast and she was soon lapped on Charlie Mitchell. Murphy kept his pupil marching, but in the stretch the Memphis trotter stepped away from him, winning in 2.26½ with some thing to spare.

Sir R., the pacer from the Murphy "all-winning" stable who forced Vernon McKinney to go in 2.02 at Cleveland was not headed in the event for sidewheelers. Cox tried several ways to get to the wire first with Branham Baughman but none of them was of avail.

The first heat he left it to a brush but a quarter in 29½ seconds was easy for Sir R. The next trip Branham was moved along at the half-mile post, but a half in 1.01½ did not bother the Poughkeepsie gelding.

From the wire Cox tried the next time with a quarter in 29½, the half in 1.01½ and a mile in 2.05½ was the result, but Sir R. was always in front.

Murphy was apparently the only driver who desired to finish first in the 2.13 trot, as three better than 2.12 horses were going easy behind him in 2.17½ the first heat and in the next two neither Baden nor Annie Koh, was under a drive, while Murphy was busy with June a daughter of Bellini.

The mile-track horses will close their brief campaign in New England tomorrow with the pacing handicap the only scheduled event. The summary:

## SOMETHING ABOUT POTATOES

The record show that in the year 1861 under the old reciprocity treaty New Brunswick produced 4,041,339 bushels of potatoes, while last year according to the St. John Standard of August 18th, the potato crop of the province was estimated at from 650,000 to 750,000 bushels. In other words New Brunswick fifty years ago with a population one hundred thousand less than it has today, and with primitive transportation facilities, RAISED AND MARKED OVER SIX TIMES AS MANY POTATOES AS IT DID IN THE YEAR OF OUR LORD 1910. The explanation is found in the fact that the great markets of the United States were then open to the farmers of New Brunswick while they were closed in 1911. Could any stronger argument be advanced in favor of reciprocity let the farmers of York think the matter over for themselves. Let them ask Mr. Crockett and his campaigners for an explanation of this great falling off in potato production.
